

## WORST PROBABLY OVER IN RUSSIA.

Success of Campaign Against  
Violent Revolutionists Leads  
Government to Believe So.

### GRADUALLY RESTORING ORDER

Socialists Stoutly Maintain that  
Present Lull is Only a Truce—Czar  
Increases Personal Escort.

St. Petersburg, Jan. 9.—The success which thus far has attended the campaign against the violent revolutionists has plainly encouraged the government to believe that the worst is over for the winter. Except in the Baltic provinces, the Caucasus and the Don region, where the prevailing anarchy is likely to continue indefinitely, some semblance of order is being gradually restored in the empire.

The Socialists and revolutionists stoutly maintain that the present lull is only a truce over the holidays, and from mysterious hiding places the leaders continue issuing orders to refuse all compromise with imperialism, to boycott the national assembly and to prepare for a great armed insurrection. The government, however, professes confidence that the revolutionists will not quickly recover the loss of strength and prestige which they have suffered.

Disorders on a small scale and acts of terrorism are expected to continue, and something in the nature of a general demonstration is anticipated, Jan. 22, but a great uprising in the immediate future is regarded in government circles as impossible. The next real crisis is not expected until the national assembly meets or the spring sets the peasants in motion.

The members of the government declare that the abortive attempt at an armed insurrection performed a service to the country in revealing to the liberals of all shades of opinion the necessity for fighting the violent program of the "reds," and that henceforth, no matter how much the liberals oppose the policy of the government, they will be found arrayed against the "reds."

How far these calculations of the government, based on divisions among its enemies, will stand the test of events, remains to be seen, as many times heretofore they have been readily shattered. The Constitutional Democrats today are holding a convention at Torjoki, Finland, to discuss their future plans, and representatives of the law and order party, which claim over 200,000 members, met today in St. Petersburg. This party favors a broad regime of freedom based on the participation of all citizens, irrespective of creed or race, in a certain degree of local government, but it opposes the federative principle, which this party claims, if carried beyond a certain point might threaten the integrity of the empire.

The personal escort of the emperor has been increased by a squadron of Cossacks composed of picked men, chosen from the entire Cossack force throughout the empire.

Col. Prince Padjarian has been appointed chief of the palace guard at Tsarskoe-Selo.

### LELAND W. PRIOR COMMITTS SUICIDE.

### INTERESTING FACTS

For Nearly Every Man, Woman  
Or Child.

A short time ago we published an article recommending to our readers the famous Stuart's Dyspepsia Tablets, and the claim then made regarding the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were cautious about trying new remedies advertised in the newspapers and were finally induced to give Stuart's Dyspepsia Tablets a trial were surprised and delighted at the results. In many cases a single package costing but 25 cents at any drug store made a complete cure and in every instance the most beneficial results were reported. From a hundred or more received, we have space to publish only a few of the latest out from our readers who receive so many complimentary letters that we shall publish each week a fresh list of genuine, unsolicited testimonials and never publish the same one twice.

From James Y. McMinister, La Crosse, Wis.: Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried and I was so grateful for the great relief that I gave away several boxes to my friends who have also had the same benefits.

From Jacob Jacobson, Port Murray, New Jersey: I have taken Stuart's Dyspepsia Tablets with the best results. I had dyspepsia for 5 years, and I had taken a great deal of medicine, but the Tablets seem to take right a hold and I feel good. I am a farmer and time harrier, and I have recommended to everyone who has any trouble with his stomach to use these Tablets.

From Mrs. M. K. West, Preston, Minn.: I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I was suffering from indigestion and she had the same good results.

From Mrs. Agnes K. Halston, Cadillac, Mich.: I have been taking Stuart's Dyspepsia Tablets and I am very much benefited, and feel very grateful for the great relief that I have received in so short a time.

Stuart's Dyspepsia Tablets are a certain cure for all forms of indigestion. They are not claimed to be a cure-all, but are prepared for stomach troubles only, and stomach, heartburn, bloating or wind on stomach and similar disorders.

All this morning, according to the attaches of the hotel, he paced restlessly up and down the lobby. He appeared to be worrying about something. Shortly after noon N. B. Hasbrouck, of the firm, called to see Prior. They had a long talk. They sat in Prior's room, and Hasbrouck evidently made efforts to rouse Prior from his nervousness.

In killing himself, Prior evidently stood in front of a mirror. One shot is still in his head. The other went clear through the temples and broke a picture on an opposite wall. Prior fell in his tracks.

George B. Denison, brother of the senior member of the firm, said he could not understand Mr. Prior's desire to end his life.

Mr. Prior was about 45 years of age, married, and had two children. Mr. Prior was president of the Cleveland Stock exchange. He was also a member of the New York Stock exchange, and a member of the Chicago Stock exchange and the Chicago Board of Trade.

Prominent Montana Sheep Men Under Indictment for It.

Helena, Mont., Jan. 9.—N. B. Smith, W. W. Smith, W. J. Walsh, the former two members of the Smith Sheep company, one of the largest concerns in the state, were in the United States court today and pleaded not guilty to indictments returned by the recent grand jury, charging them with unlawfully fencing the public domain. This leaves 10 more of the secret indictments yet to be made public.

STATEHOOD PROPOSITION STILL VERY UNCERTAIN.

Washington, Jan. 9.—Speaker Cannon's efforts to win the insurgents over to the Hamilton joint statehood bill have met with little success, apparently, and the joint statehood proposition is still shrouded in uncertainty. The insurgents claim they have more than 50 votes, the number which, coupled with the solid Democratic vote, will force a consideration of amendments to the Hamilton bill.

Two or three Republicans are reported to have been won over to the administration measure through Speaker

Cannon, but the weakening in the opposition is so slight that no further changes are brought about the Hamilton bill will not be taken before the House.

All sorts of compromises have been suggested by the insurgents, but have met with no favor at the hands of supporters of joint statehood. The final compromise offered by the insurgents was the inclusion of the "cave" which would provide that the people of New Mexico and Arizona should decide by popular vote whether they would accept joint statehood.

### AN AGED NEGRO KILLED.

Harrison, Tenn., Jan. 9.—Peter Hornsby, the old colored man who had his skull broken with a heavy bill of wood in the hands of George Gaston, also colored, while in a fight some two weeks ago, died from the wound yesterday. Gaston, who at the time of the tragedy was charged with felonious assault and placed in jail, had secured bonds and was released from prison, but since Hornsby's death Gaston has been re-arrested on the charge of murder and recommitted to jail at Kingston. Gaston claims that his action in striking Hornsby with the cudgel, which was a wagon brake lever five feet long by four inches in diameter, and which each was trying to use on the other, was in self-defense, and that he had no other opinion that he will be acquitted when tried.

### A FUGITIVE SURRENDERS.

Spokane, Wash., Jan. 9.—Leon L. Vial, alias Lee Brady, has given himself up to the police, confessing he is a fugitive from justice from Roseburg, Or. Vial says he accidentally shot Margaret Timbleton while quarrelling with a man; the woman being painfully but not dangerously wounded. He forfeited \$5,000 bail and fled.

For eight months he has been in Spokane, in constant fear of arrest. At last he gave up.

These men are supposed to take the place of James W. Alexander, Chauncey M. Depew, James H. Hyde and Richard A. McCurdy, W. H. McIntyre, D. O. Mills, F. P. Olcott and Elihu Root also retired from the directorate of the National Bank of Commerce.

### JAPAN RECOGNIZES SERVICES.

New York, Jan. 9.—Japan is to make grants aggregating \$75,000,000 in bonds in recognition of the services rendered during the war with Russia. This agreement was made today by Korocho Takahashi, special financial commissioner of the Japanese government.

The grants are contained in a new issue of bonds estimated at \$250,000,000, designed to assist in meeting the expenses of the war with Russia. Of the remainder of the issue, which is to be made entirely at home, \$100,000,000 will be raised in the market and \$150,000,000 to be taken up by the government's savings deposits bureau.

### SUBPOENAS FOR MORE WITNESSES IN SMOOT CASE

Washington, Jan. 9.—Chairman Burrows of the senate committee on privileges and elections today issued subpoenas for a number of witnesses to testify in the case of Senator Smoot of Utah. The names of the witnesses will not be made public until after the subpoenas are served. Most of them are in Utah.

### BOSS DURHAM DEFEATED.

Philadelphia, Jan. 9.—The Evening Bulletin today publishes the following: "Israel W. Durham, realizing that the disruption of the organization of which he was the undisputed leader is complete, and that the party machine has been captured by the Lincoln Republicans, has released his friends from their obligations to him, and has told them to look for their own interests and to make the best terms possible with the men who are back of the new ward leaders combine."

### VESEVIVUS IN ERUPTION.

Naples, Jan. 9.—There was a sudden eruption of Mount Vesuvius today and the resultant scene of picturesque magnificence was witnessed by thousands of tourists, including many Americans. Three streams of lava reached the lower station of the railway, and caused serious damage. There are indications that the activity of the volcano is increasing.

The eruption is thought to be connected with that of Mount Etna in Sicily which is in a state of activity without precedent since the eruption of 1899.

Mount Etna is now ejecting red ashes which form an immense cone over the crater. These ashes are in striking contrast with the snow which covers the main portion of the volcano.

### MONTANA STORE BURGLARIZED.

Butte, Mont., Jan. 9.—The Centerville branch store of the D. J. Hennessy Mercantile company was held up by two masked robbers tonight and more than \$3,000 secured. Manager Thomas Mullane was marched into the store at the point of two Colts revolvers and compelled to open the safe. He purposely fumbled on the combination several times playing for time when he was told that another move of the kind would mean his death. Mullane then opened the safe and the robbers filled their pockets with the silver and bills. Intended for payment of the miners' checks tomorrow, that being pay day. Watchman Tom McGeever who appeared on the scene was also overthrown by his hands and taken a stand beside Mullane. As the robbers were disappearing in the shadows of the mine dumps McGeever took several shots at the holdups but apparently without effect.

### IMPORTANT RULING REGARDING HAZING.

Annapolis, Md., Jan. 9.—Several legal questions of importance arose today during the second trial of Midshipman Stephen Decatur on charges of hazing before the court-martial in session at the naval academy. The court decided that the act of 1903, which provides dismissal for "encouraging or countenancing hazing," is a mandatory provision of 1847, "which provides the penalty for active participation in hazing." A plea in bar was then entered on the

### A SUDDEN TWINGE

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous uric acid which is the cause of the disease.

"Your 'Golden Medical Discovery' cured me of rheumatism after I had tried a dozen remedies without relief and I came to Colorado hoping to regain my health, but failed to obtain the relief I had hoped for. A gentleman in the house where I lived advised me to use Dr. Pierce's Golden Medical Discovery, and in four months and a half after I began using it, I was well and have had no touch of it for the past seven months."

The scale motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

These tiny, sugar-coated anti-bilious granules regulate and invigorate the Stomach, Liver and Bowels. Do not forget the "pill habit," but cure constipation. One or two pills daily will keep you regular, or four for an acute cathartic. Once tried always in favor. Put up in vials; always fresh and reliable.

only specification against Decatur on the charge of encouraging and countenancing hazing, on the ground that Decatur had already been tried upon substantially the same facts in the former case.

In denying the motion the court ruled that maltreatment of a fourth class man by the infliction of direct physical cruelty was not the kind of hazing, but that any annoyance or molestation, such as the requirement of menial services, making ridiculous and such like were also hazing.

The case is expected to lead to many more convictions. The next midshipman to be tried is John Paul Miller of Lancaster, Ky., also a member of the first class. There are charges under both acts against him, each supported by four specifications. Among the midshipmen of the fourth class whom it is alleged that Miller hazed is Henry G. Cooper, Jr. of Oxford, N. C., the youth who was stricken with paralysis in class room about a month ago, and whose previous hazing was rumored at the time but denied by him.

### WANTS GUARD FOR CHINESE STUDENTS.

San Francisco, Jan. 10.—The Chinese consul has announced that he would request a police guard for the commission of students sent out from China to study the governments of the world and who are expected to arrive in this city Friday next. The consul has said that he knew that no protection would be needed, but that his countrymen were afraid because of the terrible stories which circulate in China, and they would not feel safe without protection.

The commissioners will be formally received on their arrival on the steamer Siberia by J. B. Black, adjutant-general of the city, and Port Stratton and other men of the state. The members of the commission will not stay long in San Francisco. They will be greeted by the Chinese of the city, driven about and probably ban-

quered. They will leave at once for Washington, where they will remain for 40 days, studying the United States form of government. Then they will take passage for Europe, where the principal forms of government there will be studied.
