

WILLIAM J. BRYAN FOR PRESIDENT

Gov. Folk of Missouri Declares
He Will be Democratic Nom-
inee in 1908.

SENTIMENT STRONG FOR HIM.

State Convention at Jefferson Was
Dominated by it and Noth-
ing Else.

Jefferson City, Mo., June 5.—The
Democratic state convention today
nominated Rube Oglesby of Warrens,
burg for Railroad and Warehouse
commissioner and Howard A. Cass of
Jefferson City for superintendent of
public schools.

The convention was noteworthy for
its Bryan sentiment. Every mention
of the Nebraskan's name brought ap-
plause and the platform adopted con-
taining the following plank:

"It has been demonstrated to the
satisfaction of every patriot, intelligent
and fair-minded American that
William J. Bryan was defeated for the
presidency when he was the candidate
of the Democratic party, by the cor-
rupt use of an enormous slush fund,
aggregating millions of dollars, con-
tributed by great corporations and by
those interested in special industries
enjoying special privileges under the
law. The charges made by Democratic
leaders and the Democratic press that
this was true, which charges were at
the time indignantly denied with a
great show of force, are now substan-
tially proven to be true."

"We declare that it is alike due to
Mr. Bryan himself and to the integrity
of our institutions that he should be
elected to the highest office of chief
magistrate of the nation at the election
to be held in 1908, in which position he
was deprived by methods calculated in-
discrict and put to shame the entire
American electorate, and we pledge to
him our support and aid that his nomi-
nation and election be attained. We
unhesitatingly declare that a fair and
honest election, free from coercion or
the corrupt use of money, at which the
American people may be given what it
is their right to have, an untrammelled
opportunity to express their sovereign
will at the ballot box, is an important
issue in American politics today."

Gov. Folk responded and was cheered
when he entered the hall and mounted the
rostrum. He declared that Bryan
would be nominated for president in
1908, and would be elected. He said
the principles which Bryan had advo-
cated in 1896 were then considered an-
archistic, but are now considered the
sense of patriotism. He concluded by
speaking on law enforcement in Mis-
souri.

Former Gov. Francis was invited to
address the convention. He said in
part:

"I wish to ask this convention to
send its congratulations to the national
Democracy on the disappearance of our
differences. There are no differences
between us now. In 1896 what is
known as the conservative element of
our party stated that it was allowed to
make the platform and name the can-
didate. Right liberally did the radical
faction concede the honor to the
conservative element. You see the
result. Now, another campaign is ap-
proaching. Those of us who belong
to what has been the conservative
faction would not be magnanimous,
we would not be worthy Democrats, if
we did not say to you that we will
support your candidate and your plat-
form this time. The differences that
have divided the Democracy exist no
longer."

Gov. Francis described Bryan as a
"sincere lover of humanity and a patri-
otic citizen of the United States." He
eulogized both Bryan and Cleveland
and profuse cheering.

Former State Senator David Ball in
a speech pronounced William J. Bryan
the greatest private citizen in the
world. "When I see Grover Cleveland
in the rear end of the train in the great
state of Missouri talking for Bryan, I
will take back everything I ever said
against him," he declared.

Former Gov. Dickey was the next
speaker. He urged the convention to
stand by Gov. Folk and everything he
had done as governor, "whether you
like it, gentlemen, or not," he said. He
spoke of Bryan as the next president.

Mayor James A. Reed of Kansas City
addressed the convention briefly.

STANFORD ESTATE SUIT.

It is Treated Lightly by Attorneys for
EXECUTORS.

San Francisco, June 5.—The suit filed
yesterday by Ambrose Cunningham
Stanford against the Stanford estate
is treated lightly by the attorneys for
the executors. Mountford S. Wilson de-
clares that the claim of Asa Stanford's
supposed widow possesses no merit
whatever, and will be fought without
the possibility of a compromise or set-
tlement of a dollar.

"This woman's claim," said Mr. Wil-
son today, "in the judgment of the ex-
ecutors and their attorneys, Wilson &
Wilson and Judge Samuel E. Leib, is
entirely without merit. It was presented
to the executors and rejected before
she arrived on this coast. The allegations
charging my dead brother, Russell
Wilson, and Mrs. Stanford with
conspiracy are entirely untrue. There was
no conspiracy and nothing was concealed.
Indeed, the statement that \$36,000
which she was held in trust for
Asa Stanford is utterly ridiculous. Not
one dollar will be forthcoming on such
a claim and the suit will be contested
to the very end."

CANNED MEAT SALES SMALL.

London, June 5.—The sales of canned
provisions today were infinitesimal. All
the dealers had the same tale, namely,
that for the last week their sales had
dropped until today, when the official
confirmation of the packing house dis-
crepancy was published, many of the
large provision stores did not sell a
single tin of meat or pound of sausages,
the boycott affects British colonial as
well as American supplies.

DESTRUCTIVE WIND STORM.

Oklahoma City, June 5.—Two fatalities
three scores of farm residences, in-
cluding stock barns, warehouses, as
well as the incoming crops, were re-
ported entirely destroyed by the
heavy wind and hail which swept over
the southern portion of Oklahoma and
Indian Territory last night. More than
sixty families have been rendered des-
titute, and the citizens of Chickasha,
the largest near-by town, assembled
in a mass meeting this evening, and
appointed committees to solicit funds
to tide the unfortunate planters over
the present season. The damage in
dollars will run into six figures, as
practically all the big cotton acreage
of this section was devastated.

MRS. LE DOUX'S TRIAL.

Stockton, Cal., June 5.—The trial of
Mrs. Emma Le Doux for the alleged
murder of A. N. McVicar, was begun
in department 2 of the superior court
at 10 o'clock this morning with Judge
W. B. Nutter presiding.

SQUARE DEAL FOR MEXICAN LABORERS

Fight of Revolutionary Junta Has

ALSO OVERTHROW OF DIAZ.

Say Many Exiles Have Followed the
Yankee Invasion of
Mexico.

St. Louis, June 5.—Members of the
Junta of the Mexican Liberals, who say
they believe they are persons accused
by United States Ambassador Thompson
of having incited the strike at the
Greene Consolidated copper mines at
Canaan, Mexico, were found today at
345 Lafayette avenue, where they are
publishing a paper called Regeneracion
Antonio L. Villareal, secretary of the
Junta, is in charge of the headquarters.

"We did not know that any one in
St. Louis knew where we were," said
Villareal. "Still, we are not afraid.
They say we have tried to make a revolu-
tion. This is not true. We have
simply been printing the truth about
the conditions at the Greene mines at
Canaan. We have been calling atten-
tion to the fact that the mining com-
pany pays American workmen \$5 a day
and pays Mexicans only \$2.50 a day. We
are established and intend to stay
here until perfect conditions of health
are established."

The secret of the power of Dr. Wil-
liams' Pink Pills in cases of debility,
such as Mrs. Gagner's lies in the fact
that they make new blood, and every
organ and even every tiny nerve in the
body feels the stir of a new tide of
strength. The effect is not a brief stim-
ulation, but a steady building up of
wasted tissue, and a constant supply
of fresh vital energy wherever it is
needed until perfect conditions of health
are established.

If you want good health you must
have good blood. Bad blood is the root
of all common diseases, like anemia,
rheumatism, scatica, neuritis, St. Vitus' dance, nervousness, indigestion,
debility, general weakness, paralysis,
locomotor ataxia and the special ailments
that only women folk know.

Dr. Williams' Pink Pills are sold
by all druggists or will be sent, post-
paid, on receipt of price, 50 cents per
box, six boxes for \$2.50, by the Dr.

Mrs. Le Doux with the wilful murder of

that McVicar came to his death by
his own hand, either by design or ac-
cident.

GRAND JURY INVESTIGATE DENVER ELECTION FRAUDS

Denver, June 5.—Judge John J. Mullins
in the criminal division of the
district court this afternoon granted
the petition of the Honest Election
League praying for the calling of a
grand jury to investigate the alleged
frauds perpetrated by Denver public
utility corporations in the interests of
certain franchises at the election held
on May 15 last.

The court also expressed the belief
that the character of the testimony
which was offered during the hearing
of the petition was sufficient to con-
vince any court that the sheriff and the
coroner of the city and county were
not the proper persons to assist in call-
ing such a jury, and that the district
attorney was not the proper person to
call the jury the matters to be
investigated. The very nature of the
court seemed to think, indicated that a bold conspiracy had
been entered into by the corporation
heads, who were likewise the heads
of the political party with which three
officials were closely interested. Judge
Mullins seemed to be of the opinion
that also the usefulness of the grand
jury would be increased with special
officers for the jury, whose attitude
toward the interests to be investigated
could not be questioned and who would
be absolutely unprejudiced one way or
the other.

Judge Atty. George Steger, Sheriff
Alexander and Coroner Robert P.
Collins are removed from office so far
as the grand jury is concerned, and
other men will be appointed instead.

A. W. Williams chairman of the Re-
publican city central committee, W. T.
Davoren, chairman of the Democratic
central committee, and J. W. Brady,
a clerk of the gas company, who de-
fied the court and refused to testify,
have been declared in contempt of
court and will appear in court to-mor-
row morning to receive sentence.

At the same time the judge will an-
nounce the jurors who will summon
the grand jury.

FATAL BOILER EXPLOSION.

Sterling, Ky., June 5.—The boiler in
the sawmill of the Lyons company near
Frenchburg, blew up today killing
three men and fatally injuring three
others.

MUTUAL SUES GILLETTE.

New York, June 5.—The law depart-
ment of the Mutual Life Insurance
company today began suit against Dr.
Walter R. Gillette, a former vice pres-
ident, who recently returned the remain-
der of the so-called "yellow dog"
fund to the treasury of the company.
Papers are in preparation for the be-
ginning of a similar suit against Hubert
G. Grannis, also a former vice
president. Mr. Grannis was before
the insurance grand jury today.

The suits are for an accounting for
the large funds that passed through
their hands and restitution of such
funds as they cannot show were prop-
erly spent.

MUTUAL RESERVE LIFE.

State Action Taken Against Company
In Washington.

Seattle, June 5.—On the complaint of
State Mine Inspector D. C. Bottling,
Dr. Livingston, surgeon for the Pacific
Coast company at Black Diamond
and other prominent men, Deputy In-
surance Commissioner Schively has
taken measures against the Mutual
Reserve Life Insurance company and
its agents here under the anti-rebate
law of 1905. Bottling, Livingston and
several others were, it is alleged, in-
duced to take "advisory board" poli-
cies through which they were entitled
to a rebate or commission on insurance
premiums paid by their clients, their
aid. This practice is held to be illegal
under the law against rebates and
on Monday a hearing will be had at
Olympia which may result in putting
the company out of business in this
state.

Mr. district attorney, in his opening

session in Denver, to replace the 10
delegates who bolted the organization
were elected. The organization reject-
ed the report of the returning bolters,
among whom was President Frank
O'Connor, of the Butte Miners' union.
The new delegates will leave at once
for Denver.

Health Officers to Make an Immediate
And Thorough Inspection.

Albany, N. Y., June 5.—Commissioner
of the state department of health today
mailed instructions to every local
health officer in the state, directing them
to make an immediate and thorough
inspection of all meat packing establish-
ments or slaughter houses within
their jurisdiction.

"Any such conditions as those com-
mended on by President Roosevelt in
his special message to Congress last
month are intolerable and must not be
allowed to continue if they exist in this state. Particular
attention should be paid to unsanitary con-
ditions by which meats, etc., are handled,
storage of buildings and methods of
handing meats."

at Casa Grande. He had accepted a position
in the company's office only one day
before the riot. Harry McIntosh,
who was believed to have perished in
the fire, is safe and has been heard
from.

Capt. Rynnings went to Phoenix to-day,
having been called upon by Gov.
Kibbey to explain his action in leaving
the territory in command of the volunteers
who went to Cahokia.

BATTLESHIPS STRICKEN OFF.

Berlin, June 5.—The four battleships,
the Kaiser, Deutschland, Preussen and
Friedrich der Grosse, built immediately
after the foundation of the German
empire, have been ordered stricken
from the list of effective vessels of
the German navy. In the course of
18 months seven battleships, four cruisers
and three gunboats have been dropped from
the list of effective.

The court also expressed the belief
that the character of the testimony
which was offered during the hearing
of the petition was sufficient to con-
vince any court that the sheriff and the
coroner of the city and county were
not the proper persons to assist in call-
