### WANTS FRONTIER WATCHED.

Gen. Klotzsch, the Messenger, Thinks the Danger Great And Imminent.

New York, June 18.—A. Marescaux, telegrapher, says that Gen. Klotzsch, prefect of Ketchikan, arrived there Thursday night on a mission from the state to President Loubet, and that after handing it to the president he would proceed to Germany.

Gen. Klotzsch said he did not come to ask the support of France in the pending conflict as Russia has absolute confidence in her own final success. "I have come," he said, "to ask your country, in the name of the engagements which unite us, to watch closely the frontier of China in case of the general rising which is to be apprehended and to let us know of it as early as possible so that we may be ready to meet it."

The general believes the Chinese will rise, and that consequently Russian measures must be taken by Russia, France and Germany.

**NATURALIZATION FRAUDS;**

**Supt. of Elections Deputy Arrested for Them.**

New York, June 18.—Charged with helping a secret service agent and confessing the charge to be true, Conno Ranalli, a deputy in the office of the George W. Morgan, superintendent of elections, has been landed in jail. His arrest grew out of an investigation into naturalization frauds among the Italian workers on the street cleaning department. The prisoner was formerly a foreigner in that department and upon being approached told the secret service agents he had several clients willing to pay \$100 for their positions and immunity from prosecution for procuring false naturalization papers. In the presence of witnesses he is said to have paid the detectives \$200 for two of these clients, the cases against whom were to be dropped. He was immediately arrested and pleaded guilty before Commissioner Shields.

**WORRIED THE LADY.**

Mrs. Smisson Wanted Schutzen Association Enjoined.

New York, June 18.—Contending that the annual shooting festival of the United Schutzen association at Union Hill park, N. J., is a nuisance, Mrs. Sarah Smisson, has applied to Vice Chancellor Emery for an order restraining the association from holding the meeting. Mrs. Smisson's home adjoins the park and she asserted that bullets had frequently hit the buildings, endangering her life.

The vice chancellor said he did not see his way clear to stop the shooting entirely, but would advise an injunction restraining the members of the association from shooting at targets within 75 yards of the fence around the Smisson property.

**BATTLE OF VAFANGOW.**

Russian Military Circles Do Not Regard it as a Defeat.

St. Petersburg, June 17.—Military circles do not view the battle of Vafangow as a defeat and they contend that Gen. Stakelberg, unlike Lieut. Zassaitch, won more than he lost.

Whether Gen. Stakelberg's expedition to the south had an immediate bearing on the situation at Port Arthur it is thought that his presence has caused a diversion which will materially affect the operations in the southern part of the Liao Tung peninsula.

It is thought unlikely that the Japanese had north of Kin Chou such a large force as that which engaged Stakelberg's division, and the numbers seem to indicate that they drew off some of the troops operating against Port Arthur. It is pointed out that the force engaged at Vafangow must recuperate for several days, and it is expected that the fight will materially retard the siege operations against Port Arthur.

The sole regret is that Gen. Stakelberg did not draw the Japanese further north before allowing them to engage him, but experts suspect that certain conditions compelled Stakelberg to fight at Vafangow.

Gen. Stakelberg is praised for the skillful handling of his men in the field. He and his old war comrade, Gen. Kuropatkin, fought side by side taking the field, although almost an invalid.

It is believed that Col. Waters, the military attaché, was present during the battle of Vafangow.

**SANTOS DUMONT.**

Thinks Airship Contest Will Be A Success.

New York, June 18.—Santos Dumont, who has arrived from France on his way to St. Louis to compete for the \$100,000 prize which has been offered by the St. Louis exposition, expresses strong hopes for the success of the contest. The date of his attempt to navigate the air depends, he says, upon how quickly the express companies can send along his airship. Seven days will be required to put the machinery together after its arrival in St. Louis, he says, but he is confident of taking the prize, "but I have a good airship—the best I have been able to devise so far—and I am sure that there are to be four other contestants."

"In this race one does not have to start with the other contestants. I hope to make the three flights necessary during the week of July 4. I shall try to sail near the ground—say from 50 to 75 yards above the earth."

**DANIEL BURR'S REUNION.**

Survivor of the Mexican War Holds One All by Himself.

Chicago, June 18.—A dispatch to the Tribune from Paris, Ill., says:

Daniel G. Burr, aged 84, a survivor of company H, Fourth regiment, recruited at Paris, Ill., June 4, 1846, for the war with Mexico, has held a reunion by himself in the fatigues here. As he had done annually for 40 years, he called the roll of his company from the original roll he had written with a quill pen, and of which he had custody as orderly sergeant of the company. Several times in recent years he has held a reunion by himself, owing to the enforced absence of other survivors.

He spent the day in meditation, eating his picnic dinner alone, and in the evening a friend drove to the grounds and drove him back to town.

**GAMBLING HOUSES RAIDED.**

Ten Thousand Dollars in Money Gathered In.

Chicago, June 18.—Asst. State Atty. Lindley has received two large satchels and five tin boxes at the criminal court yesterday. The satchels, unlike Lieut. Zassaitch, it is said, to nearly \$10,000.

City Custodian Cregier and two policemen guarded the treasure until it had been placed in a vault in the office of the criminal court. The court had impounded the money until the cases in which it figures as evidence have been disposed of. It was seized by the police in raids on handbooks and gambling houses.

## RAISULI'S DEMANDS ARE OUTRAGEOUS.

It is Quite Certain the United States, Under No Circumstances, Will Comply With Them.

### PERDICARIS MAY LOSE HIS LIFE

The Ransom is Ready and the Bandit Has Been Notified To That Effect.

Washington, June 17.—In a cablegram today to the state department Consul Gummere, at Tangier, indicated that the bandit, Raisuli, owing to the subservience of the Moorish officials, had exaggerated his demands to a point where they have become ridiculous.

It is quite certain that this government will not comply with any of the demands that relate to itself and cannot consistently require the sultan to do as Raisuli asks. It is admitted that if the bandit chief means to carry out his threats the captives, Perdicaris and Varley, are in great peril. Even their lives, however, are not regarded as a sufficient stake to warrant this government in establishing the dangerous precedent that would follow the granting of the demands of Raisuli, for, with the strong temptation thus offered to the lawless tribesmen of Morocco, no foreigners there would be safe against kidnapping. All that can now be done is to await the outcome of the present negotiations, hoping that Raisuli will abate his demands and make sure that he learns through a Moorish government that his own life will be demanded by this government if he executes his captives.

Mr. Gummere adds that a second letter had been received from the grand vizier repeating the sultan's regrets at the outrage and stating that orders have been given to grant Raisuli's demands in order to secure the release of the captives.

"This afternoon, to our surprise," he wires, "there appeared two vessels from Casa Blanca from which were landed a force of 400 men. These men form a part of the detachment which has been near Casa Blanca for six months. Their appearance at this time emphasizes the situation, as the troops here had just been disbanded in compliance with the demands of Raisuli."

THE RANSOM IS READY.

Tangier, June 17.—Mohammed el Torres, representative of the sultan of Morocco, has caused the arrest of Sheikh Benin and Sahur, as demanded by Raisuli. The amount of the ransom demanded by the bandit chief for the release of Perdicaris and Varley is now ready. Raisuli's answer is expected at the end of the week.

News has been sent to Raisuli through the sheik of Zazzan that all his demands have been complied with. The authorities hope that the landing of some Moorish troops here yesterday will not upset the arrangements for this is now the only thing which threatens difficulties. As stated in these dispatches yesterday, these troops are of the worst type, and though they were ostensibly sent by the sultan for the protection of Europeans, the residents of the city continue uneasy because the troops have no discipline whatever and endanger life and property.

A British steamer is momentarily expected with the remainder of Raisuli's followers, who were imprisoned at Larache.

The authorities express the hope that Perdicaris and Varley will reach Tangier on Monday next.

### VISIT TO RAISULI.

London, June 18.—The correspondent of the Daily Telegraph at Tangier, under date of June 17, gives the correspondence which passed at the visit to Raisuli of J. W. S. Langemann, commissioner for the Moroccan section of the St. Louis exposition. Mohammed el Torres, representative of the sultan at Tangier, wrote to Raisuli telling him of Commissioner Langemann's visit and advising him to surrender Perdicaris and Varley, promising him the sultan's pardon and assuring him of his personal safety.

Raisuli declined to negotiate on the subject with Langemann because the matter was already in the hands of Mohammed el Torres and the representatives of the nations interested.

Mr. Perdicaris, writing to Commissioner Langemann under date of June 10 says that he spoke to Raisuli on the subject of Mr. Langemann's mission, but that he did not know what the bandit's reply would be. Mr. Perdicaris adds:

"I know that the question of supplies is a serious one up here. Raisuli has more people on his hands than the palace can accommodate of the Daily Mail at Tangier, says:

The correspondent of the Daily Mail at Tangier, says: The ruffianly Moorish troops are still here, despite the strong protests lodged with the authorities by Great Britain and the United States.

"It is stated that the Americans are prepared to occupy the town with 1,000 men unless the sultan withdraws these soldiers."

"Should Mr. Perdicaris be killed it will cast the Moroccan question into the melting pot."

### ASPHALT CO. CASE.

Witnesses Summoned to Appear At Hearing Do Not Appear.

Philadelphia, June 17.—A number of persons who have been summoned to appear at a hearing today before Henry Tamm, receiver of the Asphalt Company of America, failed to appear. The act under which the hearing was called was passed by the New Jersey legislature, and under it the witnesses who failed to appear today may be committed to prison.

The following are understood to have received summons: George D. Widenor, Sidney E. Tyler, William Latta, George W. Elkins of this city, and Gen. Francis V. Greene of New York.

The purpose of investigation was to enable the receiver to secure information concerning the inside history of the Asphalt company in order to aid him in the suits brought in the New Jersey courts to compel an accounting of the various moneys received by the corporation.

## The Doctor Writes of Counterfeiters.

CHAS. H. FLETCHER, New York City. Hyannis, Mass., May 12, 1900.

Dear Mr. Fletcher:—I wish to congratulate you on your numerous victories over counterfeiters and imitators of Castoria, and trust the time is not far distant when these inferior and dangerous mixtures will be entirely suppressed.

You are right when you say in your advertisements that it is "Experience against Experiment."

I feel it to be an outrage, and an imposition upon the parents of little children that my name should be associated with imitations of Castoria, dangerous to the health and life of these little ones who too often fight their battles for life in vain.

Let me again commend you for the high standard you have maintained in the preparation of my prescription, and I confidently believe it is due to this scrupulous integrity you are indebted for the wonderful sale of Castoria to-day, and the steady growth it has had since I gave you the details of its manufacture in my laboratory thirty-three years ago,

Charles H. Fletcher, D.
