

MARTHA MABELLE DUNPHY'S TRIAL

Boston Woman Charged With Stealing Eight Thousand Dollars Worth of Jewelry.

CASE IS VERY SENSATIONAL

Defense Claims Jeweler Was Madly in Love With Defendant and Gave Her the Jewels.

Chicago, Feb. 1.—The trial of Mrs. Martha Mabelle Dunphy, wife of a Boston physician, on a charge of larceny, was begun in Judge Clifford's court today.

Charles E. Giles, also of Boston, who charges Mrs. Dunphy with having stolen \$8,000 worth of jewelry and securities from his trunk at a hotel here, testified that defendant last April borrowed from him \$1,000, and that in August he gave her \$1,500 more, taking as security an assignment on her father's estate in California. Giles said Mrs. Dunphy had told him she expected to inherit a large sum of money from the estate. Giles testified, Mrs. Dunphy left Boston on Sept. 3, supposedly for California to arrange for the settlement of the estate. Giles said that he left Boston Sept. 12 for Chicago. In this city he received a telegram from Mrs. Dunphy on Sept. 15, asking him to meet her there. He left for Missouri and stayed with Mrs. Dunphy's relatives. The morning after his arrival, Giles testified, Mrs. Dunphy told him the estate was not ready to be sold and warned him not to say anything to her relatives. "We spent three days there auto-driving," Giles testified. "I started to get ready to go back, Mrs. Dunphy informed me I would have to take her with me as she was without funds," said Giles.

After visiting several cities, Giles said, they came to Chicago together. "While on the train," continued the witness, "I made arrangements to have our trunks delivered at the Great Northern hotel. Upon our arrival in the city, however, we were unable to secure any accommodations at that hotel and were compelled to go to the Transit house at the Boardwalk. The next day I was informed that there was a room at the Great Northern, and we went there. Three days later we prepared to continue our journey to Boston, and after helping to pack our trunks I left Mrs. Dunphy in the room and went to see a friend."

"What was the condition of your room when you returned?" Giles testified. "I found the place in confusion. My trunk had been broken open. The clothing it contained was strewn over the floor and the valuables were gone." The witness then told of the subsequent search for Mrs. Dunphy, and of his next seeing her on Oct. 20, when she was brought into the Boston courthouse for identification.

Atty. E. J. Baber for the defense, in outlining his argument before the jury, said: "We shall prove that Mrs. Dunphy went to Giles office in answer to an advertisement for the purpose of making a small loan. From that day Giles became madly infatuated with her and pressed his attentions upon her. We will show that the jewelry which Mrs. Dunphy is alleged to have stolen was given by her to Giles as security for the loans, and that on meeting her obligations they were returned by Giles in Dubuque, Iowa."

"Giles repeatedly asked Mrs. Dunphy to give up her husband and marry him, and one time threatened her with a revolver."

CRUM'S NOMINATION.

Causes Party Lines to be Drawn in Senate for First Time in Years.

Washington, Feb. 2.—For the first time in several years, absolute party lines were drawn in the senate when, yesterday, an executive session was ordered to consider the nomination of Dr. William D. Crum to be collector of customs at Charleston, S. C.

All of the Republicans on the floor voted to close the doors while the Democrats voted to proceed with legislative business.

When the case was called up Senator Tillman asked that it go over until today. In resuming the fight party lines again will be drawn.

Senator Tillman objected to consideration yesterday in order that he might obtain protests from business or

organizations in South Carolina against the continuation of Dr. Crum in the customs service.

Republican senators are understood to have voted up for Crum in order that Mr. Taft may be relieved of the embarrassment of inheriting a dispute with the senate. Many of the Democrats believe if they can prevent the confirmation of the negro collector at the present session, Mr. Taft would not send his nomination to the senate.

Logan, The famous old sawn-colored shawl is one of Mr. Logan's fondest possessions. This wrap, fringed and softly striped, has touched no shoulders since Lincoln wore it. Among the other relics are the last line which Lincoln penned, a signature to a photograph just before he entered the carriage which drove him to his death, and a cane carved from a piece of the ribbing of the Merrimack.

Adler was 35 years old and leaves a widow and two children. That he made careful preparations for death was indicated by the fact that he had his insurance policies extended until Feb. 1, in a letter which he left to his wife and children he said:

"You will be better off without me. You will find the notice of the extension of my policies in my pocket."

He carried insurance amounting to \$7,000.

SOCIETY LEADERS AT SUFFRAGE MEETING

New York, Feb. 2.—Prof. Charles Zublin was the chief speaker at a mass meeting in Cooper Union last night at which society and organized labor united in the interest of woman suffrage. Miss Anne Morgan, daughter of J. Pierpont Morgan, Mrs. O. H. P. Belmont and Mrs. J. Borden Hartman were among the prominent women who sat on the platform with local officers of the Central Federated union. John Mitchell, former president of the United Mine Workers of America was also present.

Prof. Zublin said in part: "Suffrage is not a question of superiority or lack of it. It is the question of personality and that of the woman is as sacred as that of men. The sexes are complementary to each other; when one lacks the other has, and we cannot make social progress without both. Women cannot spend all their time usefully in the practice of maternity."

Hundreds of pairs of shoes and stockings froze to the wearers, in the almost zero temperature, before they reached home. S.S.S. CURES RHEUMATISM

This is just a short talk on Rheumatism, pointing out its causes and some of the reasons why so many fail to find a cure for this painful, and often far-reaching trouble.

No other disease is more persistent and discouraging than Rheumatism. Those persons in whose blood this painful ailment has taken root, often grow disheartened, and sometimes conclude there is no permanent cure. Patiently they have blistered and rubbed their aching joints and muscles with liniments, oils, etc., and faithfully taken potash and other mineral salts, only to find when the treatment is left off the disease returns, and usually with increased severity.

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually regarded as of no importance. Nothing applied externally can ever reach this trouble, while potash and like mineral medicines really add to the acidity of the blood, and this vital fluid, therefore, continually grows more acid, sour and weaker.

Rheumatism can never be cured until the blood is purified and built up. S. S. S. thoroughly cleanses and renovates the circulation by neutralizing the acids and expelling the foreign matter from the system. It strengthens and invigorates the blood so that instead of a weak, sour mass, constantly depositing acid and corrosive matter in the muscles, joints and bones, the entire body is nourished by rich, healthful blood, which completely and permanently cures Rheumatism. S. S. S. contains no potash, alkali, or any other harmful mineral, but is made entirely of blood-purifying and healing roots, herbs and barks which enrich and freshen the circulation while curing Rheumatism. Book on Rheumatism and any medical advice furnished free to all who write.

COULD NOT WALK FOR MONTHS.

Victoria, Texas. In 1902 I had a severe attack of Rheumatism and my entire system was set on fire. For months I was not able to walk. I tried other remedies without benefit and then commenced taking S. S. S. I took it for a while and saw that it was healing me, and continued to use it until I was entirely cured of the Rheumatism. I was confined to an invalid chair for eight months, but I have been absolutely free from pain since S. S. S. cured me. S. H. BORING.

REPEATED FAILURES, THEN RELIEF.

Mr. Wm. L. Hill, of Winston, N. C., at one time traveling salesman, and well known in North and South Carolina and Virginia, says: "Two years ago my blood was in a wretched condition, and in addition to other bodily ailments I suffered severely from Rheumatism. After repeated failures to secure relief from the use of other remedies I began S. S. S., and it acted like a charm. The rheumatic pains left and my general health was built up as well. I have the highest opinion of S. S. S., for it is the only medicine that did me any good."
