

FRED GEORGE IS PAROLED AT LAST.

Judge McMaster Secures Freedom
For the Paroled
Prisoner.

DUKE'S CASE IS CONTINUED.

Liberty Was Also Given to N. P.
Proyer—Applications of All
Others Were Denied.

The board granted the applications for pardon of Frederick George and N. P. Proyer. The application of Harry T. Duke for parole was continued another month. All the others before the board were denied.

The regular monthly meeting of the state board of pardons was held today, the members present were Governor Wells, Chief Justice Haskin, Justice Harsh and Attorney-General Breiden. Six applications for pardon were considered, two for commutation of sentence and four for parole. The most important application considered was that of Fred George, who was sentenced to life imprisonment on Nov. 3, 1895, for murder in the second degree. Pat Coghlan was also convicted of the crime in which George was implicated and was executed, having been found guilty of murder in the first degree. The application in behalf of George was presented to the board today by Judge Alexander McMaster, who has been interested in the matter for several years and has worked hard in behalf of the boy. In the petitions supporting the pardon it was stated that George, at the time of the crime, was only 16 years of age and was led into the affray by Coghlan and took no active part in the homicide. The crime for which the two were convicted was the murder of two men in Rich county.

The other applicants for pardon are: N. P. Proyer, convicted of assault with a deadly weapon; J. S. Harmon, burglary; C. A. Larson, rape; W. H. Burton, Jr., grand larceny; Fred Crismon, petit larceny; for commutation: J. H. Riddle, grand larceny and burglary; Frank Hayden, assault with a deadly weapon. For parole: J. Leo Willis, grand larceny; Harry T. Duke, embezzlement; E. P. Johnson and Joseph Davis.

QUICKLY DIVORCED.

Husband and Wife Legally Set Apart
In Less Than Twenty Minutes.

A good record was made this morning in the district court in which a suit for divorce was filed, and the defendant entered a plea of guilty to the charges made by the plaintiff. The case was heard by Judge D. H. Dyer, and the divorce was granted in less than twenty minutes. The plaintiff in the case is May Leisner, and she alleges that her husband, James A. Carl, had for more than five years past neglected to provide for her. They were married on Jan. 1, 1894, and have two children, of whom the plaintiff was awarded the custody.

BAD BOYS IN COURT.

George Larson Will Probably Be Sent
To the Reform School.

George and Francis Larson, the two boys arrested several days ago on the charge of burglarizing a small candy and fruit stand on Ninth street, were given a hearing before Judge Diehl this morning. The examination was conducted behind closed doors, and at the conclusion of it, George Larson was held to the district court to show cause why he should not be sent to the State Industrial school at Ogden. His brother Francis was discharged.

BACK FROM MEXICO.

Mrs. Woodruff and Mr. Woodruff Visit
Apostle A. O. McEwan.

Mrs. Emma S. Woodruff and her son-in-law, William McEwan, returned early this morning from Old Mexico, where they went about 10 days ago for the purpose of rendering all necessary assistance to Apostle A. O. Woodruff in his affliction. They met Elder Woodruff at Ciudad Juarez a week ago, at which time he was thought to be suffering from a mild case of typhoid fever. A day or two later, however, it developed into smallpox and he was immediately taken in hand by Dr. Galacher of El Paso, who, through the kindly offices of Dr. Race, city physician of El Paso, had the patient removed to that city, where he was placed in the detention hospital and given every possible attention. The result is that he is now getting along nicely and his speedy recovery is earnestly looked for.

With Elder Woodruff is Elder Alonzo Taylor of Colonia Juarez, who is also similarly afflicted, the two having contracted it, it is thought, while in attendance upon the late Mrs. Woodruff. The latter's baby, a child six months old, has been brought home, and is now hearty and strong. The journey to Mexico had a depressing effect on Mrs. Woodruff and since her return she has been placed under the care of a physician. The other three children of Elder Woodruff are at Colonia Juarez.

BABY'S SUDDEN DEATH.

End Comes Without Warning to Little
Burbidge Child.

The many friends of Capt. and Mrs. John B. Burbidge, will learn with sincere regret, of the death of their little eighteen-month-old daughter, Cleo D. Burbidge, which occurred this morning shortly before 11 o'clock. The little patient girl had been suffering from a slight attack of whooping cough for several days, but the attending physician saw no dangerous symptoms, whatever, and there seemed to be no occasion whatever for alarm. This morning the baby seemed much better, and Mrs. Burbidge took her out into the warm sunshine. Suddenly the child's condition became worse, and the physician and Captain Burbidge were hastily summoned. The little one's lungs became congested and could not perform their proper functions, and at

Two words. Schilling's Best; and one more—that is moneyback—stand for the best in trade: best goods and best dealing.

Your grocer's moneyback.

the time stated, she passed away. The time for the funeral has not been decided upon, but will be announced later.

CITY HEALTH REPORT.

Four Cases of Smallpox in Quarantine—Births and Deaths.

The report of the board of health for the week ending June 18 shows 35 births, 23 males and 12 females. The death report for the same period numbers 10, of which 7 were males and 3 females. One body was shipped here for burial. Three cases of scarlet fever were reported during the week; three were discharged, leaving one in quarantine. Two cases of smallpox were reported, both coming from Ogden, and being sent to the quarantine hospital. Two cases detained from last week at the quarantine hospital, 2 in the city left from last week and 3 cases were discharged, leaving 4 in quarantine. There was one case of typhoid fever and one of tuberculosis. There is no whoopingcough.

EASTERN BANKER HERE.

Given Dinner at Alta Club by Frank Knox Last Evening.

Cashier H. M. Kilborn of the National City Bank of New York City, and wife, Director Velt of the Standard Oil company and wife, and Dr. Ashe a prominent New York physician and wife, are at the Knutsford, en route west to the coast. They are traveling in their private car, and making the trip with comparative leisure the better to study the country passed through. These visitors are old time friends of President Frank Knox of the National Bank of the Republic who has been showing them every courtesy possible. Mr. Knox entertained them handsomely at the Alta club last evening, and has lost no opportunity to show the natural resources and industrial attractions of the state. The travelers resume their way tomorrow evening. The National City bank has a capital and surplus of over \$40,000,000, and deposits amounting to over \$200,000,000.

COME A' THEGITHER.

Caledonians and Scottish Croiries' excursion to Laegon Wednesday, June 22. Sports, games, dancing. Tickets 25c round trip.

UTAH TERRA COTTA.

Material Will Be Made by a Local Company in the Near Future.

The Utah Fire Clay company, which incorporated recently, will begin operations as soon as the location of a site for manufacturing operations is decided upon. The company will invest some \$40,000 in a plant, and a feature of its operations will be the making of terra cotta. This material is becoming a general factor in the east, and it is believed that its introduction here is merely a matter of time. The use of terra cotta for elevation purposes does away with cut stone, as the blocks are made in the press to any required shape and pattern.

STRIKE TROUBLES DRAG.

Those of Telephone Company Slowly
Heading to a Settlement.

There was a conference this morning at the offices of the Bell Telephone company, between Vice President M. J. Sullivan of the Electrical Workers' Union, and General Manager D. S. Murray of the company. The cases of both sides were thoroughly gone over, and Mr. Sullivan later issued a call for a strikers' meeting this evening, when he hopes that the difficulty will be permanently and satisfactorily settled. Mr. Sullivan has made an excellent impression here; it is known that he is against strikes on general principles, and it is believed that he will cast his influence and authority towards calling off this strike. In the meantime the linemen have lost their week's wages, aggregating \$2,000.

HONOLULU DELEGATE.

J. D. Easton Here En Route to Democratic National Convention.

An interesting personage in the city today is J. D. Easton, who is not only the head of the delegation from Honolulu to the Democratic national convention, but who holds the proxies of the other five delegates and will be the sole representative of the Hawaiian Islands in the big St. Louis gathering. Mr. Easton has not lived in Honolulu all his life. His home was in Jefferson City, Mo., where he is staying to see until the time of the convention. He states that the delegation he represents is instructed, and he will not say at present who is his favorite candidate for president.

Eruptions

Dry, moist, scaly, tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

The thing to do is to take

Hood's Sarsaparilla and Pills

Which thoroughly cleanse the blood, expelling all humors and building up the whole system. They cure Hood's Sarsaparilla permanently cured J. O. Hines, Franks, Ill., of eczema, from which he had suffered for some time; and Miss Alvina Weller, Box 212, Algona, Wis., of pimples on her face and back and chafed skin on her body, by which she had been greatly troubled. There are more testimonials in favor of Hood's than can be published. Hood's Sarsaparilla promises to cure and keeps the promise.

EFFECTS WILL BE FAR-REACHING

State Institute One of the Most
Successful Ever Held in
This City.

SHOULD BE AN ANNUAL AFFAIR.

Consensus of Opinion of Those Who
Were Present During the Session
—Miss Newlin's Talk.

The State Normal Institute closed last night after a two weeks' session, which was perhaps the most successful gathering of the kind ever held in this state. The attendance throughout was between 300 and 400 teachers, among them a large number of city and county superintendents, and some few instructors from Colorado and Idaho. That the work of the institute will have far-reaching effects and be of vast benefit to not only teachers but pupils also, is already conceded by those who followed its deliberations. Yesterday's meeting was very largely attended and was addressed by State Supt. Nelson and a number of county superintendents. Prof. Nelson discussed the results of the institute and the splendid prospects for the future, and expressed himself as being heartily in favor of making it an annual affair, and one which should receive state support. He believed that attendance at such gatherings should be made compulsory. In his remarks Supt. Nelson was strongly supported by those who followed him. Principal Egerton of Provo offered a resolution expressing in strong terms the appreciation felt by the teachers for the work of the institute, and recommending that hereafter it be made an annual affair, and that the teachers pledge their support to this end. Then followed a paper by Principal McKnight on "The Bible in Literature," in which he pointed out its beauty and simplicity of language and classed it as one of the literary gems of the age.

Concluding the session Prof. W. M. Stewart made one of his characteristic enthusiastic talks, urging the teachers to band together for the promotion of education throughout the state.

The summer school of the University of Utah opens on Monday next, at the university.

MISS NEWLIN'S FINE TALK.

The following review of Miss Newlin's excellent talk before the State Institute, on the subject indicated, has been handed in with a request for publication:

Browning's "A Blot on the 'Scutcheon'" is so clear in plot, so direct and simple in its telling, and so sympathetic in its theme that it takes hold of your very heart strings. Charles Dickens once said that he knew of no love like that of Mildred and Mertoun, no passion like it, and no moulding of a splendid thing after its conception like that which he would rather have written this play than any other of modern times.

It is a difficult play to interpret because of its intense emotion, and the tragic drama. Miss Newlin is a talented actress in the very first scene. Miss Newlin did interpret the drama with all its difficulties, making us forget the woman as reader, to see, to feel and to weep with the woman in the play. The characters were all clearly defined, but especially Mildred, and Guendolen—the latter a fine type of woman's noblest friendship and integrity. These two roles stood, as Browning would have them, clear out above the other characters in the drama. No finer compliment could be paid Miss Newlin, the intense, almost breathless, attention and interest that the large audience gave her. When she finished, the audience was silent a moment—then rose and applauded her. These two roles stood, as Browning would have them, clear out above the other characters in the drama. No finer compliment could be paid Miss Newlin, the intense, almost breathless, attention and interest that the large audience gave her. When she finished, the audience was silent a moment—then rose and applauded her.

POLITICAL POINTERERS.

Councilman Arthur F. Barnes denies most emphatically that he is a candidate for the Legislature, or for any other office. He says such a proposition has not and cannot be considered by him. The chances of city councilman keeps him so busy, which coupled with his own affairs, makes further political emoluments and honors out of the question.

Senator Kearns will not go to Chicago to attend the Republican national convention, as announced yesterday. It is understood he has concluded that it would not be the part of good politics, and that remaining at home under the complexity of conditions as they exist with reference to Utah would be more profitable from every view side of the case.

Congressman Howell and wife, and H. Butler, Jr., of Cache Valley left for Chicago yesterday to attend the Republican national convention.

JAMES BATEMAN DEAD.

Pioneer Resident of West Jordan Succumbs to Kidney Troubles.

James M. Bateman, a well known resident of West Jordan, died at 5:35 this morning from kidney troubles, with which he had been afflicted for some time. The deceased was born in Iowa in 1842 and came to Utah in 1880, having lived in West Jordan for the past 25 years. He leaves a wife, five sons and one daughter to mourn his loss. Mr. Bateman was an active church worker and a good citizen and his demise is keenly regretted by the community. The funeral will be held Tuesday, at 2 p. m., from the West Jordan meeting-house.

UNITED MINE WORKERS.

Ask President to Interfere in Colorado.

Butte, Mont., June 18.—District 22, United Mine Workers of America, in session in Livingston, Mont., today after adopting resolutions of sympathy for the striking miners of Colorado, wired an appeal to President Roosevelt to interfere and protect the strikers from the Citizens' Alliance of Cripple Creek and other Colorado cities.

"THE BEST"

of the good ones.

OTHER CHURCHES.

First Unitarian Society—Services at First Unitarian, 140 Second East, at 11 a. m. Rev. W. H. Smith, Jr., pastor. Subject, "The Future of the World." Music by Unitarian quartet. Sunday school and Emerson class at 12:15. Sunday school picnic Wednesday at Liberty park.

DIED.

ARCHIBALD—Thursday, June 17, of heart disease, David, son of William and Kate Archibald, of Parley's Park. Funeral at Sugar Hill meetinghouse, Sunday, the 19th instant, at 2 p. m. Interment city cemetery.

BURBIDGE—At 312 north First street, this city, June 18, 1904, Cleo D., daughter of Capt. John B. Burbidge and Louise Donaldson Burbidge; born Jan. 3, 1890. Notice of funeral later.

ELCOCK—At the Holy Cross hospital, this city, June 17, 1904, of general peritonitis, Thomas Elcock, 31 years of age. Funeral from the Mill Creek ward meetinghouse, Sunday, at 12:30 p. m. Friends invited.

OBLEAD—In this city, June 17, 1904, at 8:30 a. m., John Frederick Oblead, aged 62 years. Funeral will be held Monday, at 10 a. m., from the Ninth ward meetinghouse. Friends are invited. The remains may be viewed at the family residence, 351 south Fourth East street, from 9:30 to 5:30 a. m. the day of the funeral.

HALLANDER—In this city, June 18, 1904, of general debility, Mary, wife of John H. Hallander, aged 51 years. Deceased came to Salt Lake City in 1881. Funeral services will be held tomorrow (Sunday) at 2 p. m., at the residence of her daughter, Mrs. Burt G. Fox, 131 west Third South St.

LUKE—In this city, June 18, 1904, of pneumonia, Annie G. Luke, in the 64th year of her age. Funeral from Second ward meetinghouse, 1231 N. W. m. Sunday. Millennium Star, please copy.

BATEMAN—At his home in West Jordan, Salt Lake county, June 18, 1904, of kidney troubles, James M. Bateman, a native of Iowa, aged 62 years. Funeral from West Jordan meetinghouse, Tuesday, at 2 p. m. Friends are invited.

GETTING READY FOR EXTENSION.

A Scene of Activity on Sanpete
Valley Branch of Rio
Grande.

HEAVY STEEL IS GOING DOWN.

Ninety-five Miles of New Track is
Now Laid—General Rail-
road News.

Work on laying heavy steel on the Sanpete branch is being pushed in a fashion that would indicate that the line is to be extended from Marysville, at least to the famous iron deposits in the vicinity of Cedar City, at an early date. Yesterday the steel gang was working below Richfield with the result that there now remain only 25 miles to be covered, 35 miles of the branch being now laid with heavy rails.

The substitution of heavy steel for the light metals below Manti which has been going on for some time indicates that the Rio Grande has in view the handling of heavy business with safety and dispatch. Under present conditions the old track was perfectly able to accommodate what business was hauled over the line. Manager Edson, Engineer Yard and other Rio Grande officials returned last evening from an inspection of the work. The Rio Grande surveyors also have completed work on running a line from Marysville to Cedar City, and everything points to there being something done in the direction of the extension and the completion of the Salt Lake cut-off in the near future if the outward and visible signs as read by the layman are any criterion.

SOME PROMOTIONS.

Lineup of Appointments in Motive Power
Department of O. S. L.

The lineup on the changes which follow the resignation of John Reed, chief clerk of the motive power and machinery department, as set forth in last night's "News," are said to be as follows: F. L. Voorhes, division clerk at Ogden, who succeeds Mr. Reed, is in turn succeeded by Geo. E. Wilson of Pocatello, formerly of the auditor's office here and an enthusiastic cricketer, while L. V. Case, senior clerk in the master mechanic's office at Pocatello, is slated to succeed Mr. Wilson.

STARR PERFORMER.

Special Number 5 Inaugurated on the
Heber City Branch.

Our genial friend Starr, conductor on the R. G. W. here, called us up by phone early this week, and tried to tell us some news but we thought at first that he supposed he had the train dispatcher's office and was sending in a report. He began: "I am here, special, arrived at the station in Provo Sunday morning in good condition. Has been carefully gone over by experts and pronounced to be sound. Strange circumstance, but I came with a bad cold, a little hair on the tender head. Fireman reports, however, it made just as much noise as if it had been coal(e)d. Headlights were clear and bright, and they don't give out any more need glasses. Whistle is not clear and shrill, but it makes a good screech, in fact, it wakes up all the sleepers along the road. Some of them are kicking at the conductor, but the freight was a little better than I expected. It weighed twelve—" "Come out of it," we interrupted. He was gone and they have not seen him since. He says he will notify all of them that their places must be cleaned up at once, and if they fail to comply with the ordinance in this matter, he proposes to prosecute them. He is very anxious that the city be cleaned up before the Fourth of July.

RUSHING WORK.

Tracklaying on Uintah Road Now Going
On With a Vim.

L. G. Skilris, the Greek labor agent who has returned from the front, reports that the saved lives in the restricted shape on the Uintah railroad with the result that there are now twenty miles of track laid and steel going down at the rate of a mile a day.

SPIKE AND RAIL.

General Supt. H. S. Kerr of the Sanpete Valley returned to Manti today.

Division Engineer A. L. Jones of the San Pedro left for the front last night.

Yellowstone travel and Idaho business are exceptionally heavy on the Short Line, as much so that previous records bid fair to go glimmering.

The running time of the Overland limited between Cheyenne and the Pacific coast is to be cut down fully three hours according to the Omaha papers. The Oregon Short Line new time card goes into effect at midnight. Under the new schedule a sleeper to St. Louis will be put on at Salt Lake leaving here on No. 2 at 1:30 p. m. Returning west the car comes in on Union Pacific No. 1, arriving in Salt Lake at 4:05.
