

At the termination of the proceedings the president of the starting called out "God save the king and queen," and the whole distinguished company heartily took up the cry.

Grouped around the king's throne during the ceremony was the Crown Prince and Crown Princess Christiana of Denmark, Prince Harold of Denmark and Prince Henry of Prussia, while about the queen's throne were the Prince and Princess of Wales, Princess Victoria of England, and Grand Duke Michael of Russia.

## NEWS ANNOUNCED.

The completion of the crowning of King Haakon was communicated by two army signallers, wiggling across the city from the cathedral to the hill batteries. The first gun announcing the tidings boomed forth instantly, and then there was a roar of guns from the ships and land batteries, and the bells of all the city churches began ringing. The sounds carried the tidings over the city and harbor and the reports were carried up and down the fjord.

## RETURN TO PALACE.

On their return to the palace the king and queen received the congratulations of a deputation from the storting and the members of the government. Later, the vast throng outside the palace broke out into hearty cheers in response to their majesties' appearance at a window, still wearing their coronation robes.

## RAILROAD RATE CONFERENCE.

Washington, June 22.—What is regarded as only a temporary halt has overtaken the railroad rate conference agreement. At the meeting today two of three points left open for further discussion from last night were settled. This leaves the agreement complete with the exception of a dispute over the question of whether pipe lines shall be declared "common carriers" and as forbidden to own the commodity they transport. The house conferees are contending for a modification of this "commodity" amendment by changing the words "common carriers" to "railroads" and without agreeing on this question, the conference broke up.

The disputed points for discussion today included the sleeping car question. It was agreed today that sleeping cars should be included in the bill as common carriers and subject to regulation as such. The second disputed point was as to the five days' notice to be given before issuing an injunction enforcing an order of the commission. The senate amendment requiring this notice was accepted by the conferees. It was also agreed that an exception should be made for lumber in commodity amendment.

The conference report on the bill has been drawn with the omission of the one disputed point and it is the firm belief of those interested in the negotiations that this will be settled before the day is over, that the report may be offered in the house, printed in the record tomorrow and called up and agreed to on that day.

A report is in circulation to the effect that the Rio Grande railroad will repair or rather rebuild the portion of the road which was constructed in Salina canyon in the near future. That would mean at least another temporary boom for the town. From those who know it is learned that the roadbed is about all washed away and the cost of repairing will be about as heavy as the original expense.—Salina Call.

The Southern Pacific has leased nine floors in the Flood building, corner of Market and Rowell streets, San Francisco, for a number of years. The city ticket office, formerly at 413 Market street, across from the Palace hotel, also lately located in this building as soon as it is put into shape. The Flood building, while being gutted by the fire, was left standing as solid as a rock as far as walls and concrete floors were concerned. The Merchants' Exchange building, where the headquarters of the Southern Pacific were located prior to the disaster, was badly wrecked.

## CUSTOMER BECAME RAMPANT.

A General Fight Followed and Arrest  
And Prosecution Came Later.  
And End is Not Yet.

Frank Crox was arraigned before Judge Armstrong this morning upon the charge of assault with a deadly weapon with intent to do bodily harm, and pleaded not guilty to the same. Crox is proprietor of a restaurant at Bingham Junction and on May 25 is charged with assaulting E. P. Crans because the latter made a strenuous objection about finding a bed bug in his dessert. The instrument used by Crox in his alleged assault was a club. It seems that Mr. Crans with a companion entered the restaurant several days ago and ordered a meal. Everything went smoothly until the waiter brought Mr. Crans pudding which was covered with some sort of sauce. The latter contained something not mentioned on the bill of fare, namely, a large, fat, and apparently before its untimely death, healthy bed bug. Crans made a kick and trouble ensued.

According to reports which were received here at the time, Crans refused to pay for more than he ordered and Crox made an assault, aided by his wife, until Crans seized a bottle and put one of them out of commission. There was quite a merry time for awhile until officers were summoned. Crans then came to town and swore to a complaint against Crox.

## ANOTHER LUKE CASE.

This Time Collection Agent Has Got  
His Man in the County Jail.

That Justice of the Peace Durrant of Murray is acting as a part of a collection agency of which Francis G. Luke is manager and that an order made by him in a recent case in his court is against public policy and is in the interest of the collection method of Luke and the Merchants' Protective association, are charges made by John J. Haight in his petition for a writ of habeas corpus filed in the district court today.

Haight alleges that on June 11, Justice Durrant issued a citation ordering him to appear in court on June 14 and that said citation was not placed in the hands of a duly authorized officer for service but was served by a private citizen, Haight, therefore refused to obey the order and hence on June 20 the justice had him arrested and brought into court and fined him \$5 for contempt. Haight refused to pay the fine and was ordered committed to the county jail for six days and is now serving his sentence.

It is contended by the petitioner that the citation issued by Justice Durrant was illegal and also that he has no power to imprison a person for contempt for a greater time than one day if at all. He therefore claims that his detention in jail is illegal and asks to be released. Judge Armstrong will hear arguments on the petition this afternoon.

## BURGLARS GET FOUR YEARS.

Frank Harrison and James McCormick were brought before Judge Armstrong this morning and withdrew their former pleas of not guilty to the charge of burglary in the first degree and pleaded guilty and were sentenced to four years each in the state prison. ## FALL PROVED FATAL.

Young Adell Epperson Died This  
Morning as a Result of Injury.

Adell Epperson, the young man who fell from a swing in Liberty park last Sunday, died this morning at the L. D. S. hospital. Since the time of the accident the victim had hovered between life and death, and at no time did there seem a chance that he would recover. He was of a vigorous constitution, and a hard fight ensued before death conquered.

Young Epperson was in a swing with his brother, and the two were about as high in the air as the cables would admit, when he fell and was badly injured internally. Dr. H. A. Anderson was nearby, and he immediately gave young Epperson attention, later having him removed to the hospital.

The funeral will be held tomorrow at 12 o'clock from the funeral chapel of Joseph Wm. Taylor, 21 south West Temple street, and interment will be in the city cemetery.

## BOYS BOUND OVER.

Held to the District Court.

In Judge Diehl's court this morning, two youthful alleged burglars, or robbers, were arraigned on the charge of entering a room occupied by H. S. Williams, and stealing therefrom a quantity of clothing valued at \$20. The young men were represented by Atty. Soren N. Christensen, who waived preliminary hearing after the complainant took the witness stand and identified the stolen clothing. The young men then were ordered held to the district court. In default of \$50 bonds they were taken to the county jail.

## WESTERN MARKET LETTER.

Special Correspondence.

Stockyards, Kansas City, Mo., June 18.—Heavy cattle supplies and the market getting stronger each day, were the features last week. The week closed a shade higher than one of previous week on killing cattle or a quarter higher than Monday, packers taking more than 2500 cattle out of the total supply of 4500. They apparently have a place for large numbers of cattle and the only class injured in the late agitation is canner grades. Stockers and feeders have continued dull and draggy since a week ago, including today, 15 to 25 cents lower than 10 days ago. Dry weather has had a bad influence on this trade, as pastures have suffered first of all, besides the fears that have been aroused for the corn crop. Hains have fallen in the last 12 hours in central and southern Kansas and southern Nebraska, and more is predicted, conditions which are likely to improve the trade in stockers and feeders.

Movement to the country last week was 25 carloads, mainly at 2.50 to 4.00, some feeders up to 4.00, and common cattle around 2.00. Top fed native steers today 5.40, choice fed Colorado and Panhandle steers 4.75 to 5.25, top quarantines 4.40, grass steers 3.25 to 4.00, mainly from Texas as yet. Calf receipts were heavier of the season last week at 5,000 head, 2,000 are here today, a little lower than a week ago but with a 5.50 to 6.00 demand.

Arizona and Texas muttons make up most of the receipts at the sheep barns, supply 2400 last week, 2500 today. The market gained 15 to 35 cents last week and is strong to 10 cents higher today. A few fed western lambs, clipped, have been received lately, medium to common quality at 4.00 to 4.50, not the full strength of the market. Native spring lambs sold today at 1.25 a new record for this season, and a medium class Texas wethers today at 5.40. Sanpete valley wethers, grazed in Arizona, weighing 100 pounds, sold at 5.25 straight for 15 double last week and today, and lambs 90 pounds at 4.45, and 12 doubles of 87 pounds Texas muttons brought 5.85 Friday. A good many goats have sold lately to go to the country at 2.50 to 3.50, demand for them strong.
