

POLICY IN THE PHILIPPINES.

Senate Declares Itself Against Permanent Annexation of Isles.

THE RESOLUTION IS PASSED.

McKenny Resolution Adopted by a Vote of 20 to 22, After a Split Ballot.

Washington, Feb. 14.—The unanimous agreement reached by the Senate last Saturday to vote this afternoon on the resolution of Mr. McKenny (Dem., La.), declaring the policy of this government in the Philippines, was not reached. In accordance with that agreement the vote was taken on the resolution at 2:30 today, and it was adopted, 20 to 22. It was noticeable that several Democrats who were present and not pulled refrained from voting.

An amendment offered by Mr. Bacon (Rep., Ark.), that several days be given to the committee on the Philippines, was defeated by a vote of 20 to 22, and Vice President Sherman declared the resolution to be the final one on the subject.

The vote was preceded by three hours of debate. Mr. Bacon took the floor to speak in opposition. He expressed the opinion that while the United States might do it, it would not follow the policy indicated by the resolution. This country was under no obligation to be the expense of establishing a government for the islands. The United States was not in the business of carrying countries, separating their people and they would then, the speaker thought, be thought to have sold the Philippines and leave under the United States the burden of the cost of the islands. He said that if any extension was to be given it should be given in a separate bill, and that it should be given in a separate bill, and that it should be given in a separate bill.

Mr. Landon offered a substitute, resuming the debate on the resolution. He said that the resolution was a declaration of policy, and that it was a declaration of policy, and that it was a declaration of policy.

FATE OF THE NICARAGUA BILL.

Canal Occupies the Time of the Entire Session.

CANNON IS OPPOSED TO IT.

It Remains with House to Decide What Shall be Done Regarding the Big Stick.

Washington, Feb. 14.—The Nicaragua bill was offered in the House this afternoon by Mr. Hepburn, chairman of the committee that reported it, and the leaders on the respective sides are engaged in a desperate struggle, which involves the fate of the measure at this session of Congress.

After Mr. Cannon, chairman of the committee on appropriations, served notice last week that this was no time for the consideration of the canal bill, at this session, the supporters of the measure decided to force it on the early civil bill as a rider, if possible.

As soon as it was offered this afternoon, Mr. Cannon raised four points of order against it, and one of the most interesting parliamentary debates of the session was on.

As a rule, the House leaders are able to hold the members in line, but strong arguments are advanced in support of the pertinency of the amendment, and, finally, the bill has strong friends on both sides, who are ready to accept any expedient to provide for the construction of the canal. The debate on the points of order lasted two hours today and was not concluded.

It seems to be a foregone conclusion that the chairman of the committee of the whole Mr. Hepburn of Illinois, will maintain the point of order, so that the rest will vote upon the question of the pertinency of the amendment.

Should the amendment be adopted, the chair is overruled, there is no doubt that the amendment will be passed by a majority of votes. About twenty points of the bill were disposed of today.

Mr. Wheeler (Dem., Ky.), in the course of his remarks, said that he proposed to vote against the Nicaragua bill, and that he would vote against the Nicaragua bill, and that he would vote against the Nicaragua bill.

We shall try, at any rate—and try hard. Some mothers imagine that there is no use trying to sell suits and overcoats in February, as it is the dull month throughout the year.
