PATENTS

obtained for new inventions, or for improvements on old ones, for medical or other compounds, trade-marks and labels. Caveats, Assignments, Interferences, Appeals, Suits for Infringements, and all cases arising under the Patent Laws, promptly attended to—inventions that have been REJECTED by the Patent Office may still, in most cases, be patented by us. Being opposite the U. S. Patent Department, and engaged in Patent business exclusively, we can make closer searches, and secure Patents more promptly, and with broader claims, than those who are remote from Washington. INVENTORS send us a model or sketch of your device; we make examinations and advise as to patentability free of charge. All correspondence strictly confidential. Prices low, and NO CHARGE UNLESS PATENT IS SECURED.

We refer in Washington, to Hon. Postmaster General D. M. Key, Rev. F. D. Power, The German-American National Bank, to officials in the U. S. Patent office, and to Senators and Representatives in Congress; and especially to our clients in every State in the Union and in Canada. Address

SAVE YOUR HAIR

TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

SOLD EVERYWHERE.

CHEAP DISINFECTANT!

Last Night's Dispatches.

EASTERN.

The Champion Walkers — O'Leary Breaks Down—Intense Excitement.

NEW YORK, 12.—The betting during the afternoon varied little from the limits of 7 to 1 against O'Leary, 100 to 30 against Harriman, 100 to 50 against Rowell, and 100 to 10 against Ennis. About 3.30 an undercurrent of excitement seemed to prevade those whom the public denominates "the insiders," and it was soon known that O'Leary, contrary to expectation and to the terrible disappointment of all his friends and backers, was utterly broken down. His physicians ordered him from the track and he was immediately taken home. So great a change as a few minutes produced in the noted pedestrian, one of the physicians remarked, he never saw. His stomach, head, feet, mouth and tongue and entire body seemed to have given way. It is very doubtful whether O'Leary will ever walk again in a pedestrian match. In and around the garden the scene was one of intense excitement. Of course the general public knew little of the actual condition of the pedestrian, and several gentlemen who had taken long odds against him were particularly downcast at the sudden collapse of both their champion and their hopes. Rowell's heels are blistered badly to-day. He has eased them in his walking whenever he could. The excitement will be intense this evening, and Harrman stock is rapidly rising. The doctors say that the rumors of O'Leary having been unper the influence of stimulents of late and that his break-down is attributed to that are untrue, and that his failure to keep the track was simply because he was "played out." O'Leary's condition, when he left the track, was such as to excite liveliest fears of his physician, and the utmost that professional skill and gentle care can do will be necessary to bring him round. The excitement in and round the garden is momentarily increasing.

The score at 8 p. m. stood: Rowell, 266; Harriman, 257; Ennis, 241.

O'Leary left the track at 3 hours, 31 minutes, 10 seconds, in his 216th mile. He returned at 5 hours, 35 minutes, 3 seconds, and walked 1 lap and retired from the contest at 5 hours, 37 minutes, having walked 215 miles, 6 laps and 110 yards. As he left the track he remarked to the scorers "I'm off." He was immediately driven to the Metropolitan Hotel.

A Panic.

A panic occurred at Gilmore's Garden at 8 25 p.m. A section of the temporary boxes, about forty feet long and twenty deep, on the southwest corner of the garden fell in, being over crowded. Nearly a dozen persons were injured, one manj fatally. Several women were in the crowd.

The Fitzjohn Porter Case.

The board of inquiry in the Fitzjohn Porter case, which consists of Generals Schofield, Terry and Getty, held their final session, yesterday, in this city. The proceedings consisted in the submission of some documentary evidence, all of which was admitted after objections. The evidence consisted of one dispatch and part of another in the handwriting of McDowell, which has been recently discovered, some extracts from reports by Pope, and some confederate reports from the archives of the war department. Schofield announced that the public sessions of the board were closed. The report will be made up and sent to the President, next week, and the result of the investigation, so far as the board is concerned, will be known from Washington.

Willful Murder.

ATLANTA, Ga., 12.—The coroner's jury has rendered a verdict of the killing of Alston by Cox, willful and premeditated murder. Cox is in jail to await his trial.

Disastrous Ice Gorge.

LOCK HAVEN, 12.—The ice gorge four miles west of Lock Haven gave way last night, carrying everything before it until it reached the Queen Run railroad bridge, which withstood the shock, the ice passing and reaching here at 11 o'clock. The water rose four feet and carried the ice far up the banks along the city front. It is feared the boom piers have sustained much damage. The damage at Queen Run and Farrandsville is very heavy. Log houses were demolished and another house carried some distance and lodged against the mountain, the occupants barely escaping. This morning the Philadelphia and Erie Railroad Company sent 500 men to the scene to clear the track.

The Skeleton Identified.

MIDDLETOWN, N. Y., 12.—The skeleton of the man that was found recently in the abandoned lead mine at Ellenville, Ulster County, which was being reopened, has been identified as the remains of a telegraph operator named David Smith, who disappeared mysteriously from that village in February, 1876. Smith, then aged 22, was supposed by his family to have left on account of a love affair. His mother, residing at Accord, Ulster County, has identified the clothing. Neither watch nor money were found with the remains though Smith carried both. The general opinion at Ellenville is that Smith was murdered. Rumor charges the crime to a dead man whose home was near the mine, where the body was found. Just before his disappearance Smith, at a dance, had trouble with this man whose name was Joseph Fleicker and who was of violent temper and cruel to his family. Three years ago Fleicker became insane and before being confined frequently visited the old mine and pointing to it he would say: "There he goes! There he goes."

Police Officer Murdered.

ROCK ISLAND, Ills., 12.—Officer Jos. Rosenfield, of the police force, while patrolling his beat at two o'clock this morning, was set upon by four desperadoes, Mike and Pat Heeney, Bill Murray and Mike Burns, and murdered outright. His body was found after daylight, terribly bruised, with marks of boots, rocks and clubs upon it. Three of the men are arrested.

Another Defaulter.

DERBY LINE, Vt., 12.—A. G. Woodward, Secretary and Treasurer of the Stanstead and Sherbrooke Mutual Fire Insurance Co., is reported behind in his accounts some $125,000. He has been suspended from office.

Sad Accident.

NORWICH, 12.—Mrs. John Taylor and two sons, Willie, aged 10, and Johnnie, aged 5, were drowned in the Niantic Ice Co's pond, at Niantic, to-day. The children went for a pail of water and fell in. Mrs. Taylor, hearing their cries, ran to their assistance, and was also drowned.

Wrestling Match.

BOSTON, 12. — Three thousand persons assembled at the Boston Theatre, this afternoon, to witness the collar and elbow wrestling match for $500 and the championship of the world, best three in five, in harness and jacket, alternately, between Col. J. H. McLaughlin and John McMahon. McLaughlin gained the first fall by a grapevine lock after an hour and five minutes of splendid scientific work by both men. McMahon won the second toss by a hiplock in 55 minutes. The referee decided the third bout in favor of McLaughlin, but soon after reversed his decision, and declared the match a draw, as the men would not have time to finish, it being then nearly time for the regular theatrical performance.

Purchase of Silver.

WASHINGTON, 12.—Bids for the sale of silver were opened, to-day, at the treasury department, and the secretary purchased 200,000 ounces for delivery at San Francisco.

Redemption of Bonds.

The Secretary of the Treasury has issued a call for the redemption of $10,000,000 5.20 bonds. The treasury department will probably change the rate of commission proposed to be allowed on the sale of $10 refunding certificates from one-fourth to one-eighth per cent, as it appears that no greater allowance can be made out of the half per cent. allowed by law for paying the expenses of engraving, printing, transporting and converting certificates into four per cent. bonds. The commission offered in the circular will be allowed, however, upon subscriptions made prior to this date.

U. S. Supreme Court.

Justices Bradley and Strong, not being able, through sickness, to take their places on the bench of the United States Supreme Court, to-day, the argument in the assigned case of the Central Pacific Railroad Company *vs.* Gallatin was postponed.

FOREIGN.

GREAT BRITAIN.

Wages Reduction.

LONDON, 12.—The mill owners of Blackburn, Darwen, Accrington and a number of smaller towns met at Blackburn to-day, and with only one dissenting voice decided to advise the central committee of the North and Northeast Lancashire Association to declare a 10 per cent. reduction in wages. It was announced that the Preston and Barnsley masters had passed similar resolutions.

The Szegedin Flood.

An official telegram confirms the reports of the terrible aspect of Szegedin and the destruction of hundreds of houses. It states that the removal of the inhabitants is proceeding without disorder. So far, only four corpses have been found. Dams are being cut in several places to allow the water to run off. No excesses are reported, but precautions have been taken for the protection of property.

A Pesth dispatch says: The latest telegrams announce that the flood, with a terrific roar, is rushing from two sides over Szegedin. The horrors of the situation baffle all description. The town is in fact destroyed. Two-thirds of it lis now submerged, including the citadel and post and telegraph offices, and whole rows of houses are falling. The orphanage and synagogue are destroyed. All the inmates of the former are buried in the ruins. Two manufactories are on fire, and the inhabitants are flying to New Szegedin and more elevated parts of the town. The municipality of Pesth is making every effort to send assistance to Szegedin. Two relief trains have started. Accommodations for fugitives have been provided in the barracks and public buildings at Pesth.

AUSTRIA.

Lord Salisbury's Reply to the Russian Representative.

VIENNA, 12.—Lord Salisbury's reply of the 26th of January to the Russian representation, made January 3d, as to the danger likely to arise if the work of the international commissioners be retarded by disagreements, points out that the Russian delegates on the Dobrudscha boundary commission have been opposed to all their colleagues relative to the Silistria question. The Russian members of the commission for settling the boundaries and constitution of Eastern Roumelia also occupied the same position. Lord Salisbury says he does not cite these facts for the purpose of throwing blame on the Russian delegates, who doubtless had sufficient reasons for their conduct, but only to defend British delegates from the charge of obstruction. The British government is aware that the execution of the treaty is a delicate task, requiring good will and harmony and will continue to impress upon its representatives the necessity of pursuing the conciliatory policy to which Prince Gortschakoff alludes; at the same time government would be wanting in sincerity if it did not point out certain cases in which the Russian agents, disregarding the loyal and enlightened policy the Czar has declared it his wish to pursue, are endangering the execution of the treaty. The conduct of the Russian functionaries in Eastern Roumelia distinctly tends to impress the people that they will be united with Bulgaria, and even shows a disposition to furnish them with means for resisting the establishment of a separate regime. Lord Salisbury cites in proof of these assertions the fact that the government of Eastern Roumelia is subordinate to the governor of Bulgaria and is apparently intended to remain so until the close of the occupation, thus making the transition to a new regime as sudden and abrupt as possible and decidedly tending to encourage resistance to these transactions; also that recruits for the militia are indiscriminately drawn from Bulgaria and Roumelia, while, according to the treaty, the forces of the two provinces should be distinct. The British government cannot believe, considering the sentiments the Emperor has expressed, that these dispositions are in accordance with his will, and considers that they should cease as soon as possible.

Correspondence.

Obituary.

Editors Deseret News:

Owing to the closing remarks of Brother Lorenzo Hatch in your columns of the 25th of February referring to Brother Liston's family in St. George for further particulars of his labors, and by the request of Sister Reeves Liston, now living in St. George, I give you a few items as taken from his genealogy on the High Priests' Quorum records.

Commodore Perry Liston was the eldest son of George and Elizabeth Liston, maiden name Nottingham. He was born March 31st, 1821, near Portsmouth, in Sciota County, Ohio. His father moved to Muncie, Delaware County, Indiana, in 1832. He first heard the gospel while living with his father, who was a Methodist minister, and opposed him much. In the Spring of 1841, he left his father and traveled westward through Illinois, Missouri and Iowa, up to Big and Little Sioux Rivers, in company with the Pottawatomie Indian agent; returned home May 22nd, 1844. He married Elizabeth Reeves, July 21, 1844, by whom he had eight children, viz. six boys and two girls; moved by way of Pisgah and Garden Grove and settled at Keg Creek; afterwards gathered to Utah and was baptized Dec., 17th 1850, his wife was baptized at the same time. He was ordained a priest, was first counselor to John M. Higbee, who was captain of 92 wagons, arrived in Utah on the 22nd of August, 1852, settled at Pleasant Grove. In 1853 was called on a mission to Cedar City. He was ordained a High Priest by President Brigham Young in May, 1854. He was a member of the High Council of Cedar City, and in the same year was United States deputy marshal under Marshal Heywood. He moved to Beaver City in 1859, while there he labored hard cradling wheat, cutting from four to five acres per day; he cut 82½ acres in 22 days, only resting on Sundays. In the spring of 1860 he helped to settle Minersville, and in 1861 helped to open up the Dixie mission, where he labored hard to support his family, and travelled considerably among the natives of that country on the Rio Virgin and also on the Muddy. In April 7, 1866, was called on a mission to Europe, and traveled in Kent conference, and also in the London and Essex conferences until June 1868, where he had much success. He was then released and returned home to St. George. He helped to haul lumber for the St. George Temple, and was generally ready and willing to do anything he was asked to do and was very spirited in doing it. About two years ago he had a wife and daughter killed by the mules running away and upsetting the wagon on the Black Ridge dugway between Washington and St. George. He then went on his mission to Arizona as related by Brother Hatch, and returned to St. George last fall and was taken down by a spell of sickness and came pretty near dying then, and must have done if it had not been for the uncessing attention and care paid to him by Sister Liston and family for about three months, and from which I think he never recovered. Your brother in the gospel.

WILLIAM FAWCETT,
Acting Bishop, 1st Ward.

MAN'S MISSION ON EARTH.—A thorough medical treatise, indicating how o ailments disabilities may be removed. The experience of 20 years study, observation, and professional practice, showing the agencies that will insure restored manhood, strengthen vitality, and sound conditions of health that have been impaired by overtaxed powers. A statement of obstacles to marriage and of the means by which they can be removed. By mail, 25c., currency or postage stamps. Address Secretary Museum Anatomy and Science, 1,146 Broadway, N.Y.

DIPHTHERIA.

MARSHALL'S HUMBUG OIL, when used freely internally and externally, will positively cure Diphtheria, even in its worst form; thousands can vouch for the truth of this assertion. The raw Oil may be used freely on the tenderest infant, leaving the parts exposed to the air to avoid blistering. For internal use, the Oil must be diluted with water. Four tablespoonfuls of water to one teaspoonful of the Oil—sweeten to taste; bathing the throat and chest freely and often. Dose, one teaspoonful, repeating frequently. The Humbug Oil may be found prepared for internal use, under the name of Marshall's Canker Cure.

Z. C. M. I. General Agent, and for sale by all druggists and dealers in medicines.

A CONQUEROR OF CONSUMPTION!

HALL'S BALSAM

FOR THE LUNGS,

ERADICATES

Coughs, Colds, Pneumonia, Bronchitis, Asthma, Croup, Whooping Cough, and all Diseases of the Breathing Organs.

HALL'S BALSAM

Is the LEADING SPECIFIC for CONSUMPTION.

It soothes and heals the membrane of the lungs, inflamed and poisoned by the disease, and removes the tight sweats and tightness across the chest which accompany it.

CONSUMPTION

is not an incurable malady. It is only necessary to have the right remedy, and HALL'S BALSAM is that remedy.

DON'T DESPAIR OF RELIEF, for this benign specific may cure you, even though professional aid fails.

READ THE FOLLOWING:

Dr. D. D. Wright, of Cincinnati, sends us the subjoined professional indorsement. "I have prescribed Hall's Balsam in a large number of cases and always with success." He adds that "in one case a patient with every appearance of confirmed consumption was restored to his usual health soon after commencing to take the Balsam."

John Kuhn, of Lafayette, Ind., writes: "One year ago I was to all appearance in the last stages of consumption and got so low our doctor said I could not live twenty-four hours." Mr. Kuhn further states that after taking nine bottles of HALL'S BALSAM he is now in perfect health, having used no other medicine."

The above brief extracts are taken from a

MASS OF EVIDENCE

which has been accumulating during a period of TWENTY-NINE YEARS, proving an efficacy of HALL'S BALSAM in all cases where the breathing organs are affected, and showing the estimation in which the remedy is held by the public and medical profession. Sold by all Druggists.

Price $1.00 per bottle,
