## ANNUAL CONFERENCE.

To the Presidents, Councils and Synods  
of the various Stakes of Zion:

It is thought advisable to hold our  
next Annual Conference in the city of  
Logan, Cache County.

Meetings will commence on Saturday  
April 10th, 1885, at 10 o'clock a. m.

Very respectfully,  
Your Brethren,  
JOHN TAYLOR,  
GEORGE Q. CANNON,

Of the First Presidency of the Church  
of Jesus Christ of Latter-day Saints.

## CONFERENCE AND THE RAIL- ROADS.

As announced last evening, the rail-  
road companies who are in the pool  
lately negotiated, have agreed to re-  
duce rates to two places during the  
ensuing Conference. The objective  
points to which the cheap fares are to  
be given from various parts, are Salt  
Lake City and Logan. The temporary  
reduction of passenger rates to this  
city has been determined in the interest  
of business men who are peculiarly  
disappointed because of the decision  
of the Church Authorities to hold the  
General Conference at Logan in place  
of here. Therefore the movement is  
simply a cheap excursion to draw peo-  
ple from the country to the capital to  
spend their substance in the stores.

The infamous, scandalous and lying  
Salt Lake Tribune speaks on the sub-  
ject after this characteristic fashion:

"The Priesthood and those who have  
any special work to do in the  
Temple, will, of course, go to Logan,  
but the bulk of the people, who are  
to come to the fair, will stop off at Salt  
Lake. The cattle convention, the  
show, the ribbon, and the fair, are  
to be held in this Stake of Zion, and  
these are the substantial things for  
which the country people come to Con-  
ference. There may be possibly be a  
superabundance of the holy spirit on  
the night of April 10th, but the spirit  
of the Latter-day Saint will be found  
here. It is not to be had in the shadow  
of the Logan Temple."

Comment on that slanderous, and  
sacrilegious paragraph is unnecessary.

The Latter-day Saints understand  
that the General Conference is to be  
held at Logan, and while the cheap  
fares to Salt Lake City may be termed,  
as they are, Conference rates, they are  
not rates to enable the people to attend  
Conference, but to come to town to  
spend their money.

## EDITORIAL NOTES.

An expert baseball player tried to  
catch a ball thrown from the top of  
Washington Monument but was unable  
to do it. So great is its velocity  
that it dented the ground like a cannon  
ball. A ball thrown from such a height  
is supposed to exert a force of forty  
pounds on striking the ground.

The Court of Allegany County, Pa.,  
has a woman's hand at it. A ver-  
dict for that court was given in favor  
of Miss Mary Moody, of Allegany, in  
a suit which she recently brought  
against certain gas and fuel companies  
of Pennsylvania, for the loss of her  
hand, by reason of a natural gas ex-  
plosion.

As will be seen by the dispatches a  
new election of directors for the U. P.  
R. R. was held to-day in Boston.  
Bishop John Sharp is continued in the  
office which he has so long and satis-  
factorily filled. There are only three  
changes: Russell Sage, Jay Gould and  
Charles F. Smith, who go out and Messrs.  
Spaulding, Cook and Callaway take  
their places.

A marble portrait statue of a Roman  
lady was recently discovered near the  
Sala Santa, at Rome. It is sculptured  
in spotless Parian marble, of the rarest  
quality. The right hand, which was  
raised, is unfortunately missing, and  
the nose and the tips of both great toes  
have been rubbed, but with these ex-  
ceptions it is perfect, and the surface  
of the marble, unmarred by corrosion,  
is almost as pure as the day on which  
it left the sculptor's studio.

The 21 o'clock system is opposed by  
some persons on the ground that while  
the system has its special uses, the  
fatal objection is that the human eye,  
which can tell twelve marks made  
round a circular space one from the  
other at a glance, cannot do so with  
counting them, cannot do so with  
twenty-four marks, and that in look-  
ing at a clock of which the short hand  
went round only once in the twenty-  
four hours it would be necessary to  
find out what figures the hands stood  
either by reading the figures or count-  
ing from the nearest multiple of six.

The White House covers about one-  
third of an acre, and it has cost, up to  
the present time, about \$2,600,000. It  
is modeled after a castle in Dublin, and  
the architect, who was a South Caro-  
lina man named Hoban, got \$500 for  
drawing the plans. When it was first  
built, away back in the nineties, it cost  
\$50,000, but the British burned out its  
insides, and its cost has since added to  
that sum about \$1,700,000. In all of  
the Presidents since Washington have  
lived, and each has added to its beau-  
ties and its expenses. In John Adams' time  
it was only half furnished, and  
Abigail Adams used to dry her clothes  
in the biggest room. Year by year,  
however, the furnishing has gone on  
until now it is a sort of museum of art  
and beauty.

## THE DECISION IN THE POLY- GAMY CASES.

The decision rendered by the U. S.  
Supreme Court on the 23rd would prob-  
ably be more intelligible to our read-  
ers generally if they were familiar with  
the status of each of the several cases  
involved. That this may be understood  
we here produce the oath taken by each  
of these appellants. The difference be-  
tween the cases of Mildred E. Randall  
and Mary Ann M. Pratt—the decision of  
the lower courts, in which were reversed  
by the recent ruling—and those in  
which the rulings of the Utah Courts  
were sustained, will be apparent on  
reading them.
