

BOBBS ON THE WATER WAGON.

Fitzsimmons Comes to Town With 'is 'Wole Bloomin' Menagaire And a Negro Valet.

HE TAKES A WEAK LEMONADE

And Tells of His 365 Battles in The Ring and How Match With Schreck Was Made.

"I'll have a lemonade, rather weak don't you know. What will you have, Penny? Do you know that I've not had a glass of beer or smoked a cigar for a year?"

The above represents, in part, what Bob Fitzsimmons said to the "News" sporting editor at the Kenyon hotel at noon today. Fitz also said: "The halitudo is too bloomin' high, but I will be half right in a few days."

Fitz arrived over the Denver & Rio Grande this morning. He was accompanied by a colored valet, a pet French poodle dog named "Bob," and his pet lion "Renator Reynolds." The lion is at the depot in charge of a keeper, and the lion is certainly a gentle beast.

In speaking of his match with Schreck, set for July 4, Fitz said: "Billy Hogan and Schreck came to me and said they wanted to talk to me. I thought Schreck wanted to be my sparring partner as I advertised for one. Pretty soon Hogan stated that his man would fight me, either winner take all, or 75 and 25 per cent. I thought Schreck was too small for a sparring partner, but in a contest it is a different matter. So the match was made and here I am."

A rather personal question was then put to Fitz. "How old are you?" "Well, I'll tell you," Fitz replied, "I will be 43 years old next Sunday, if I live that long. My age has been stated at from 36 to 44, but no mother ought to know, and according to her Bible, I will be 43 next Sunday; that's my birthday."

Fitz said his wife could not accompany him as she leaves shortly for Paris where she will spend the next 12 months completing her musical education.

The noted pugilist stated that he had only seen Schreck once or twice and had never seen him fight. He said he was confident of beating Schreck, and that his hands were in the same shape and he was apparently as strong as ever.

As to training quarters, nothing definite has been decided upon. At 1:30 this afternoon, accompanied by partner, Hugh Hagan, he left for Laguna, with the idea of locating quarters there. If they do not suit him he will go to Ogden canyon.

Fitzsimmons stated that he has had 365 battles in the ring and lost but two of them, both to Jeffries.

"I have never fought over 150 pounds in my life, and right now I only weigh an ounce over 155. I only weighed 154 when I beat Corbett at Carson City for the heavyweight championship of the world. My trainer in this contest will be Hugo Kelley, or rather he will be my sparring partner. I will be my own trainer. Kelly will be here in a couple of days."

The sporting editor of the "News" received the following from Billy Hogan, manager of Mike Schreck, from Chicago this afternoon:

Mike Schreck and I accompanied by Johnny Hagan as sparring partner will leave for Salt Lake City on June 3, and start training right away for the Fitz fight.

MORE PLAYERS COMING.

Hard Hitter from Texas is Signed—Two More Sent For.

A hard hitting Texas leaguer named Edmonson, who has an average of 240 in 125 games, from Houston, Tex., has been signed by the Salt Lake club and will join the team at Boise.

Two other good men, whose names the local magnates refuse to divulge at this time, have been sent for, and will join the team at Boise as soon as the Oregon Short Line can get them there.

Edmonson is an outfielder and also a catcher. Sure has been released by Kelly.

WHOLE SCHOOL INVITED.

Pupils of Lowell Institution Go to Saltair as Guests of Management.

The pupils of Lowell schools, as the guests of Manager Langford of Saltair, season and railroad, will go out to the noted resort in a body on Monday. The entire school, 82 strong, will invade Saltair on the 9 o'clock train and remain out at the beach just as long as they like. The teachers will accompany them and there will be games, picnic, sports and other features.

It appears that Mr. Langford has three children who attend the school. Yesterday they thought that it would be a very nice thing to invite their classmates to go to Saltair. No sooner said the idea struck them than they went to their father with their petition. "Why invite only your classmates?" he said to have remarked, "why not make it the whole school?"

The sequel was that this morning Mr. Langford called upon Principal Bradford with 52 tickets and stated that he would be pleased to entertain the teachers and pupils at Saltair on Monday and if Mr. Langford said his way was clear to accepting the invitation the 9 o'clock train would be placed at their disposal.

MINTYRE MUSIC.

There will be an evening of McIntyre music in the Twenty-first ward tomorrow under the auspices of the ward Mutual Improvement Association. Prof. McIntyre will conduct the music as usual, and the singing of his compositions is to be made an event. Meeting begins at 8 o'clock.

AGAIN AFTER THE JUVENILE CORPUS.

Petition for Writ of Habeas Corpus Filed in Behalf of Herbert Larson.

CONSTITUTIONALITY OF LAW.

Same Question Raised as in the Case of Bonnie Booth, Who Was Recently Released.

Another petition for a writ of habeas corpus in which the constitutionality of the juvenile court law is raised, was filed in the district court today by ATTY. RAY VAN COTT. The petitioner is Josephine Larson, mother of Herbert Larson, 15 years of age, who was committed to the State Industrial school by Judge Willis Brown on May 26, 1905.

The petition relates the points raised in the petition of Bonnie Booth, who was released under a writ of habeas corpus by Judge Armstrong on Wednesday afternoon. They are the unconstitutionality of the law itself, the illegality of Judge Brown to sit as judge of said court, the fact that the complaint did not set out sufficient to constitute a public offense, that the court had no jurisdiction over the said Herbert Larson, and that the said boy was incapable of committing any crime or offense known to the law.

The boy was committed to the Industrial school upon the alleged charges of truancy and incorrigibility.

Supreme Court Affirms Judgment in Damage Suit Against City.

The supreme court today handed down an opinion affirming the judgment of the lower court in the case of John Mackay against the city of Salt Lake City. The action was brought to recover damages for injuries received by plaintiff on Oct. 2, 1902. He was driving home and while crossing the bridge on Redwood road over the canal his horse became frightened at the bridge, which was out of repair, and backed the entire outfit into the canal. The bridge fell on the plaintiff and permanently injured his spine and limbs.

He put in a claim for \$1,500 as damages, which was rejected by the city. He then sued and the jury awarded him judgment in the sum of \$1,800. In its appeal the city claimed that he was precluded from suing for and recovering a larger amount than the claim he filed with the city recorder and that the court erred in not so instructing the jury.

The opinion of the supreme court, which was written by Justice McGarry and concurred in by Chief Justice Hartsch and Justice Straup, holds that the filing of a claim for a certain amount which has been rejected by the city does not preclude the plaintiff from recovering the actual amount of damages sustained though in excess of the amount of the claim filed. It also holds that as the bridge was out of repair for five weeks and the street supervisor had been notified of the same, the city should be held liable for the damages.

B.Y. COLLEGE COMMENCEMENT

Splendid Program and Thoughtful Talks at Logan Yesterday.

DR. TANNER TO GRADUATES.

Inspiring Address by Pres. Francis M. Lyman—Banquet and Spicy Toasts.

Special Correspondence. Logan, June 2.—The commencement exercises of the Brigham Young college were held today in the assembly hall of the main building. In the hall were displayed the national and college colors, and the class banners of the classes that have been graduated since 1902. Plants and flowers were banked along the front of the platform. Side by side on the wall behind the rostrum were hung fine framed portraits of President Brigham Young and President Joseph F. Smith.

The graduates were seated on a specially arranged platform at the right of the speaker. On the left of the platform were seated President Francis M. Lyman, Congressman Howell, Supt. J. M. Tanner, President Joseph Marshall, Prof. C. Jensen, Mayor Robinson, Mr. Margaret P. Young, Don Carlos Young, Oscar B. Young, and other members of the family of the honored founder of the institution.

President Lyman, who presided over the exercises, at 10 a. m. the program opened with a selection, "The Holy City," by the college orchestra. President Joseph Morrill offered prayer.

The college choir sang "Break forth into song," and then Ernest M. Hall, one of the two graduates from the college course, read a well written paper on "Impressions vs. Expression." The thought put forth in the paper was that the man who does things is much more a benefactor of the race than the theorist who only dreams of things. The speaker said that the man who can dream well, but who worships the man who can act, as well. The paper was a thoughtful and able one.

Miss Lillian Oliver rendered a beautiful piano selection.

ADDRESS TO GRADUATES.

The address to the graduates was delivered by Dr. J. M. Tanner. It was an eloquent effort, filled with choice thoughts, and conveying encouragement to the graduates to continue their upward and aspiring progress. "These young people should remember that at the end of life every one will be measured up exactly and absolutely just. The thought put forth in the paper was that the man who does things is much more a benefactor of the race than the theorist who only dreams of things. The speaker said that the man who can dream well, but who worships the man who can act, as well. The paper was a thoughtful and able one.

PLANNED TO ESCAPE.

Abc Majors Once More in Trouble Out at State Prison.

Abc Majors is in trouble again at the state prison. This very smooth gentleman is very persistent, and has, in his purpose to regain his freedom, and when humane and peaceful like, as innocent apparently as the child, he may be relied on as cooking up some scheme of delivery.

This highly esteemed gentleman concluded the other day, that it was about time to take his hat off the peg and seek pasture new, and thereupon started to make a key to fit the bull lock and sundry and various other contrivances of the locksmith that separate him from his much prized liberty.

Majors made the key on the fly, and hid it in the iron piping of which the frame of his bed is made. But one of the "cons," in a neighboring cell, "squealed" to the warden, who immediately made a search and found the key. And now the over-entertaining Majors has been sent back in the third grade, and is locked up in close confinement.

Abc will have to rise right early in the morning, to escape from the Utah state prison.
