O. F. DUE,

Florist, Seedsman and Landscape Gardener, two blocks north of the Valley House.

A GREAT variety of garden seeds. The greatest variety and stock of flower seeds and ornamental grasses in the City. About 125 different kinds of flower seeds and 30 different kinds of ornamental grasses. A great variety of house and bedding plants, such as Roses, Monthly and Hardy, Honeysuckles, Double Pinks and about 100 different kinds of Geraniums and Fuschias. Thirty-five different kinds of Dahlias in roots and plants, Gladiolus and Tuberoses. The best Pansies in the City, Daisies, Echeverins and Tempervrins, a great variety Chrysanthemums, about 50 beautiful kinds and many other beautiful kinds of cut flowers from green-house and garden. Hand Boquets, Table Boquets, Crosses, Anchors, Wreaths for Funerals, and Flower Baskets, etc.

At the last Territorial Fair, in 1878, I was awarded one bronze medal, one diploma and six prizes for the best Cut Flowers, Flowering Plants, Variegated Plants, Stocks, Roses, Hand Boquets, Table Boquets and Flower Baskets. I will also take contracts on Landscape Gardening, &c.

SAVE YOUR HAIR | TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

EASTERN.

Wrecked.

NEW YORK, 21.—A Belgium dispatch says: The Nova Scotian ship *Saint Bernard*, Captain Burns, which left New York on the 17th of June for Antwerp, has been lost on the banks off that coast. Captain Burns, the pilot, and five men were drowned. The survivors have landed here.

Russian Emigrants.

Arrived the steamer *Mosel* from Bremen. It brings over 600 steerage passengers, mostly Russians, who alone represent a capital of over $400,000. Among them are 60 families having 213 children. They are a remarkably fine-looking party.

The Canal Scheme Progressing.

The following dispatch from London is published: The deposit of 750,000 francs required to be made in London under the Columbian concession to the Isthmus Canal Company before the work can be formally proceeded with, was definitely paid here to day to a banker appointed by the United States of Columbia to receive it.

Referring to the above dispatch the *Herald* says: It is natural enough that the South and Central American governments should adopt this course with the projectors. They have granted so many concessions for railways and canals and mines and other grand enterprises and never heard any more of them, never saw either railroads or canals, that now they require the projector to put up some cash before he can regard his concession as valid, at least this assures them that he is a man of substance, and it may improve their finances, but we are not sure that it will make the completion of the great scheme a certainty.

A Bold Swindler.

A number of Yonkers' citizens have been victimized by a sharper calling himself Richard or William McGrath, late of San Francisco. One of his modes of making a false reputation as a basis for operations is new and strikingly bold. He had his "banker" (a confederate, no doubt) at San Francisco telegraphed in respect to his financial ability to have his check honored for $3,000. The wires replied that the money was "there" and that McGrath was "good for $100,000." Information flew far and wide, and McGrath had little or no difficulty in securing credit. He hired two large stores and began to fit them up in style for a "jobbing grocery business." After borrowing all the money possible of Yonkers' tradesmen and cashing a number of checks intrusted to him he disappeared. The victims feel so cheap over the matter that they are keeping the amount of their several transactions with McGrath a jealously guarded secret.

The Exodus a Malady.

NEW ORLEANS, 21.—The *Times* says: We speak deliberately, and after full and due deliberation when we say that in our judgment the negro exodus was not originated by, and has not been influenced in any appreciable degree by political or self-styled humanitarian emissaries from the Northern States. The Kansas fever is an indigenous production; its antidote, as is nature's plan, is to be found at home. If our people can be brought to understand the malady, the cure will be comparatively speedy and quite effective. The excitement among colored laborers has indeed become a craze, mania and epidemic.

Wheat Market.

CHICAGO, 21.—It is stated by one of the firm which has been managing the Chicago part of the wheat clique, that Keene has to-day delivered the last of his cash grain in this city, a parcel of 250,000 bushels having been turned over to-day. Notwithstanding the fact that this was given out at an early hour this morning, the market price for wheat mounted steadily up until it sold at 98½ or nearly ten cents above Saturday's lowest price. The prime cause of this was the extraordinary dispatch from Liverpool which quoted a stronger market there than has been reported for some months.

An Anxious Bride Drowns Herself.

DECATUR, Ill., 21.—Mrs. Rhinehart, in attempting to rescue her daughter, Miss Honiker, from the Sangamon River, went down with her, and both were drowned. Miss Honiker plunged into the stream after having waited at the Catholic Church for a young man who was to have married her to-day.

Miles on the War Path.

CHICAGO, 21.—The *Tribune's* Bismarck special says: Gen. Miles is in the neighborhood of Bear Paw Mountains, where he expects to find a large body of Sioux. The General's fighting force does not exceed 600 men. The wood choppers along the river say that he will be cleaned out if he strikes the main body of Sitting Bull's followers. Old officers on the frontier, who fought the Indians before Miles entered the army, say he will be caught. One of them who is known throughout the United States, said that Miles' ambition to be a brigadier would lead him into a fight against his judgment; that his white scouts, such as "Yellowstone Kelley" and a company commander of the Fifth Infantry, would bring on an engagement whenever an opportunity presented itself. They feel that this is Miles' chance to make a ten-strike and they are only doing their duty. The Fifth has the same confidence in Miles as the Seventh had in Custer.

St. Paul, Minn., 21.—An official who arrived at headquarters here from Fort Benton to-day, gives the particulars of Miles' start. He left Benton a week ago Monday with 800 men. He left a guard at Fort Peck, and four companies at Muschell, and started north with the rest. He should have reached the point where Sitting Bull was reported to be hunting buffalo by the last of the week, and unless the Indians have retreated a collision has doubtless already taken place. On the journey down the river the official learned that there was considerable activity among straggling hostiles, who were apparently concentrating toward Sitting Bull's bands.

Extensive Strike.

ST. LOUIS, 21.—Between 200 and 300 railroad laborers, employed as warehousemen and freight handlers, at the yards in East St. Louis, struck to-day for an increase of wages. They have been receiving a dollar a day, and demand a dollar and a quarter. The forces of the Indianapolis and St. Louis and Carlo short lines stopped work entirely. The forces on some other roads stopped, and then resumed until to-morrow, when they threaten to join the strike, unless their demands are acceded to. Thus far there are no symptoms of trouble in other departments of railroad labor. The strikers claim to have assurances that they will be backed by other railroad men if the strike continues.

YELLOW FEVER.

Its Spread, and the Efforts Made to Check It.

MEMPHIS, 21.—Twenty-one additional cases were reported to the board of health this afternoon, which makes a total of 86 reported for the day. This large increase is the accumulation of several days, and most of the persons have been ill from three to five days.

Among those reported this afternoon are Fred. Bartloff, S. S. More, Miss E. Lockhard and two children, Eva Woodrick and the Wehrum family. One death occurred this afternoon—F. Lorenzo, at the city hospital. The majority of the sick are progressing favorably. Tom Kernan remains in a critical condition.

The steamer *Coahoma*, which departed, had 300 persons aboard, who were sent out of Memphis by the city authorities. A large number also left per the Louisville and Nashville Railroad. The city begins to present a deserted appearance. Many of the most prominent retail merchants have followed the example of wholesalers, and closed their places of business.

Captain Sinckler, of the steamer *Coahoma*, engaged the services of Drs. Willett and Brown, who left on the steamer, and will remain aboard until her rate arrival at St. Louis.

Nearly every town along the lines of the Louisville & Nashville and Memphis & Charleston railroads has quarantined against Memphis.

Owing to this state of affairs, the banks here request their correspondents abroad not to send bills for collection to them on any point outside of the city.

John C. Bierman died to-night at 9 o'clock. He leaves a wife and two children.

New Orleans, 21.—Five suspicious cases of fever have recently occurred near Mississippi city. The health authorities to-day sent medical experts by special train to investigate the matter. Dr. Chappin, in a telegram to Dr. Hodney, president of the Galveston board of health, makes the following statement of the result: Drs. W. A. Smythe and C. B. White, of this city, have just returned from visiting the reported suspicious cases of fever in Mississippi city, on the lake shore, and declare the five cases under observation to be malarial fever.

New Orleans is entirely free from the yellow fever; there were only eighty-three deaths last week from all diseases.

New York, 21.—The brig *L. F. Munson*, from Cardenas, saw a brig flying a signal of distress, and ran to her and found her to be the brig *Akabar*, from Havana for New York, with the captain and three men sick with yellow fever, one man having died the day previous, and her former captain having died in Havana.

Two seamen suffering from yellow fever were admitted to the hospital yesterday. One, C. F. Colby, died to-day.

A dispatch from the National Board of Health at Memphis to this city, says: Since 9 o'clock yesterday morning nineteen cases of yellow fever have been reported and seven deaths occurred. The fever is spreading.

St. Louis, 21.—The Health Commissioner sent notices to agents of all transportation lines southward to-day, that no Memphis freight must be brought to this city. He has larger powers than last year. He can now take sick persons and transport them from any place in the city to another place, if, in his opinion, the health of the city demands it. Six new wards have been built at the quarantine, which is on a high bluff fourteen miles south of the city. Accommodations have been provided for a colony of several hundred persons.

The quarantine enforced to-day against Memphis is very strict, and designed to render the city secure against yellow fever, which, on account of the fever starting so early, with the prospect of a long, hot summer, is liable to get a foothold here.

Washington, July 21. — At the request of Representative Cassey Young, of Memphis district, the Secretary of War will forward to Memphis 1,500 tents and rations for 10,000 people for twenty days, to be used in aid of sufferers from yellow fever.

Representative Cassey and other prominent gentlemen representing Southern States, are contemplating the organization of a Yellow Fever Relief Committee in this city. Their idea is, in the event of another epidemic, to receive in Washington such donations as may be offered, and to distribute the same to the best advantage throughout the infected districts. A formal meeting to consider the proposition will be held to-morrow evening.

Louisville, 21. — Governor McCreery has called a meeting of the State Board of Health, to be held in Frankfort, next Thursday. The meeting is to consider matters pertaining to the possible invasion of Kentucky by yellow fever. The quarantine here against Memphis is not a rigid one. Healthy persons, baggage, etc., if not infected, will be allowed to pass, after inspection.

Nashville, 21.—The following has been sent to all towns in West Tennessee: The State Board of Health, now in session, has declared quarantine against Memphis for the whole State, and it is now being enforced. Additional rules will be put into operation to-morrow.

Evansville, Ind.—Quarantine has been established against all boats ascending the Ohio River from Cairo.

Cairo, Ill.—The steamer *St. Genevieve* had nearly 400 passengers from Memphis. No sickness. The boat anchored below the city, and received supplies by a tug. At a special meeting of the council today, the board of health was authorized to employ sufficient help to strictly carry out quarantine regulations.

Suicide.

WASHINGTON, D. C., 21.—The body of a man in a badly decomposed condition, with suspenders tied around his neck and attached at the other end to a sapling, was found to-day in Flagden's Woods, north of this city. An inquest was held and the jury returned a verdict of suicide by hanging. The man is thought from marks upon his clothing and the stamp of a California firm upon his boots to be Wm. H. Meade, formerly of Baltimore and late of California. Meade arrived here from that State on his way to Baltimore, July 13th, and after telegraphing his brother in the latter city, suddenly disappeared. His brother came here to find him but failed.

A Martyr for the Truth.

ATLANTA, Georgia, 21.—Joseph Standing, a "Mormon" preacher, was shot and killed by a mob of 10 men, in Catoosa County, to-day.

LOVELY COMPLEXIONS

POSSIBLE TO ALL.

What Nature denies to many Art secures to all. Hagan's Magnolia Balm dispels every blemish, overcomes Redness, Freckles, Sallowness, Roughness, Tan, Eruptions and Blotches, and removes all evidences of heat and excitement. The Magnolia Balm imparts the most delicate and natural complexional tints—no detection being possible to the closest observation.

Under these circumstances a faulty complexion is little short of a crime. Magnolia Balm sold everywhere. Costs only 75 cents, with full directions.

LABORATORY AND OFFICE,
No. 4, State Street, Boston, Sept. 9, 1873.

GEORGE SIMMONDS, Esq.—Sir, The sample marked "Nabob Whisky," received from you, has been analyzed with the following results:

It is of correct alcoholic strength and free from added flavoring oils, acids, metals, or other deleterious substances. The whisky is pure, of superior quality, and suitable for medicinal purposes.

Respectfully,
S. DANA HAYES,
State Assayer for Massachusetts.

ST. LOUIS, September 20, 1878.

G. SIMMONDS, Esq.—I have been using your Nabob Whisky for some time, and have no hesitation in saying it is, without exception, the purest article I have used either medicinally or for family purposes. To many of my patients who have been suffering from indigestion and nervous affections, I have prescribed Nabob Whisky for their use, and I take pleasure in saying to you the effect has been most satisfactory. Please send me by express six cases, and oblige Yours, very truly,
