> > FROM "THE TIMES."

Editors Times : — The veterinary department in your valuable paper is always read by me with great in-terest and I value the information received from it a hundred fold more than the small amount paid for the paper. One year ago you published a letter from Dr. John Bates, rela-ting the wonderful success he had had in curing spavins and splints with Kendall's Spavin Cure, and his allusion to using it now in his practice for several human aliments on account of the success he has al-ways had with it. The above state-ments from so prominent a Physicments from so prominent a Physic-ian gave me great faith in its effi-cacy, and as I had been afflicted for years with rheumatism and hip-joint iameness so bad that I could hardly walk at times, I procured a bottle and as it has completely cured me I wish to proclaim it to all the world The first Term of the (University
