

aire to promote friendly feeling and permanent harmony throughout the land by securing a national government pledged to these objects and principles, are cordially invited to send for each State four delegates-at-large, for each congressional district two delegates, and for each representative-at-large two delegates;

The call is signed by all the members of the committee.

Chandler offered the following, which was unanimously adopted:

**Resolved,** That this committee views with regret and indignation recent attempts to suppress human rights, destroy free suffrage and the honest counting of ballots in various States, by methods of war, inhumanity and anti-civilization. Against the prevalence of such methods the republican party stands irrevocably pledged; and we extend our sympathies to all sufferers by such inhumanities, and pledge our earnest, unconditional co-operation, and the right hand of fellowship to all men, all organizations, whatever they may have been their past political relations, who now unreservedly commit themselves to organized efforts to secure free suffrage and the protection of the property of all citizens, without regard to race, color, political opinions or votes.

The committee at 11 o'clock adjourned to meet at the Grand Pacific Hotel, Chicago the 31st of May 1884.

A joint meeting of the National and Executive Committee of the Union League was held in this city to-day, to consider and decide upon a policy of the league for overthrowing Bourbonism as soon as possible in the Southern States. The subject to which all the speakers devoted the most attention is the necessity of affording protection to the colored people of the South. Gov. Pierre point referred with strong disapprobation to the timidity or indifference of Congress in passing over the enormous crimes which have been committed in the South against a free vote. If colored men there are to be protected, white men must protect them.

Representative Houck said in the Southern States where the leaders of the Bourbon party believed in fraud and force, there would never be another fair election until the North convinced them that they could not control the Government.

O'Hare, (colored) North Carolina, expressed the opinion that the colored people of the South should protect themselves and advance their interest by working in combination.

Representative Boutelle said, "I believe it the imperative duty of the Republican party to encourage any body who will join hands with us to break down any attempt to prevent a free ballot."

The committee appointed to decide upon a line of policy, reported the following:

We believe to overthrow Bourbonism and misrule in the South it will be necessary to secure the support of Southern white men, who will act in co-operation with the colored voters, and protect them in voting and secure a fair count. We recommend the appointment of a committee of nine, the president and secretary to be ex-officio chairman and secretary, to take into consideration the ways and means to overthrow Bourbonism and misrule, and as soon as practicable issue an address to the public, setting forth emphatically the condition at the present time, and appeal to the patriotism of the South to save itself from utter misrule and ruin, and the North to make a liberal sacrifice in behalf of the objects in view, this committee to act in co-operation with and subordinate to the executive committee of the League, which is requested to assist the committee in the advancement of these objects.

**Report adopted.** The committee will at once take steps to perfect a plan of work for the League.

Washington, 12.—The Postmaster General has directed postmasters to exchange for the public as application is made, three and six cent denomination postage stamps and stamped envelopes for other denominations. Stamped envelopes to be exchanged for the full current rate; stamped envelopes bearing printed cards and special requests will not be exchanged; also, stamped envelopes bearing printed addresses. Stamps and envelopes issued prior to 1861 will not be exchanged.

Following is the text of the joint resolution introduced by Representative Townsend in regard to the action of Germany concerning American hog products:

**WHEREAS,** The government of the German Empire has seen fit to prohibit the importation of Ameri-

can hog products upon the unproven assumption, that they are deleterious to public health; and,

**Whereas,** Said government of the German Empire, has declined an invitation to send its own experts to this country for the purpose of examining the quality and means of marketing our hog products; and

**Whereas,** It appears from its proceedings that said government has, or claimed to have, full authority to prohibit the importation of any foreign goods by it believed injurious to health, without the assent of the Reichstag; therefore, be it

**Resolved,** That the President be and is hereby authorized during the recess of Congress, to prohibit the importation of any goods which, upon the advice of experts he shall hold to be injurious to health from those countries which, upon the same ground, prohibit the importation of American produce.

In the case of the Pueblo of San Jose, Cal., in which the United States and the city of San Jose claimed title to 250 acres of land within the city limits, the Commissioner of the General Land Office decided in favor of the city.

It is understood Representative Willis will introduce in the House if possible, Friday, a bill to extend for two years the bonded period on distilled spirits. A committee representing the whisky interests of the country will then call on Secretary Folger, and upon the ground that legislation is pending ask him to suspend collection upon spirits forced out of bond the 6th of the present month, and await the action of Congress upon the bill to extend the bonded period.

Representative Converse, who introduced a bill yesterday to provide for the restoration of the rates of duty on imported wools, will endeavor to get the bill through the House without the delay of waiting for a report from the committee on ways and means, or having it discussed in committee of the whole; he intends to seek recognition by the Speaker the first day that suspension of the rules is in order, move to suspend the rules and put the bill on its passage. He thinks it will get the requisite two-thirds vote. Converse's object in taking this course is to have the proposition voted upon on its merits and prevent its being handicapped by other tariff amendments as would probably be the case should it go to the committee of the whole.

Representative Budd of California, has prepared a very stringent amendment to the Chinese restriction bill. It forbids the landing here of Chinamen, for their expulsion when smuggled in; requires particular official certificates from the Chinese government of persons entitled to pass through or sojourn in the United States, such certificates to be vided by U. S. Consuls. The Pacific Coast delegation met to-day to agree on such legislation on this subject as they want, with this bill probably as a basis, but through misunderstanding there was not a full attendance, and they adjourned a day.

CHICAGO, 12.—The *Daily News* will publish a Salt Lake, Utah, special containing an interview with a leading citizen. He says: "The Mormons regard the reference to polygamy in the President's message as a menace to their political power; their theocratic control of the Territory; that their interests are too great for them to emigrate; that they recognize the fact that the people of the United States wrongly regard polygamy as the only legal objection to Mormonism, whereas the fact is polygamy is simply an ugly feature, the real trouble being the Mormon priesthood's assumption of the divine right to rule; that they recognize the fact that their whole system is jeopardized if they retain polygamy whereas with that feature abolished, they will likely have an indefinite lease of life for the Mormon theocracy. The new Legislature, though made up of monogamous Mormons, is yet thoroughly a creature of the Church. It is probable, therefore while the Church will keep up a sham show of opposition, it will instruct the Legislature to pass a law making polygamy a crime, and the Territory thus purged of the only wrong known to the general public, will apply for admission as a State, with good prospects of getting in, giving the priesthood proportionally increased power."

CHICAGO, 12.—The presidents and general managers of the Burlington and Northwestern roads held a conference to-day. They refused to talk on the subject, but the general impression is that it has reference

to the future action of these roads in view of the late tripartite agreement by the Union Pacific, Rock Island and St. Paul roads.

It is reported that the consultation of the Burlington and Northwestern officials to-day was upon the details of a second tripartite agreement to include the roads mentioned and the Denver & Rio Grande.

Baltimore, 12.—John W. Garrett is unanimously elected president of the Baltimore and Ohio for the 26th consecutive term.

Denver, 12.—The tripartite agreement is the chief subject of conversation in railroad circles to-day. Commissioner Daniels saw no cause for alarm as far as the Colorado pool is concerned, it having been in existence seven years, and so thoroughly established as not to be seriously affected by outside quarrels. Representatives of eastern roads and officials of the Colorado pool roads, with one or two exceptions, are not inclined to believe that the terms of the contract are such as to be necessarily fatal to the Iowa pool, and regard the affair as a street movement; yet nearly all agree that in case the Iowa pool breaks, a dissolution of the Colorado pool is only a matter of time.

Omaha, 12.—The *Republican* of this city has information that the Northwestern road is making arrangements to enter Omaha from the north via the Missouri Valley. The Chicago, Burlington & Quincy also promise to enter from the south. The pool war has precipitated this action, which had been contemplated before. It is thought that other pool lines will be forced to make Omaha their terminal point.

GALVESTON, 12.—*News'* Tyler special: The passenger train on the Texas & St. Louis Railway was wrecked last night near Gilmer and a number of people badly hurt. The only name learned is F. D. Grice, drummer. Three freight trains were wrecked on the same road last night.

Rockford, Ills., 12.—Last night David Koster discovered Jas. Lake, betrayer of the sanctity of his home, in *flagrante delicto*, and put four balls into him. Lake cannot live. With a fifth shot Koster accidentally wounded himself.

New Orleans, 12.—*Picayune's* Vermillion special: A horrible murder was committed this morning. Lamb, negro, attacked his former wife, a mulatto girl, with a dirk, and stabbed her several times in the breast. Lamb, seeing Mayor Young advancing, attempted to kill himself, but his wounds are not serious. Lynching is threatened.

NEW YORK, 13.—The National Woman's Christian Temperance Mission has issued a call to each State in the Union asking every local society to send delegates to the tenth anniversary of the Woman's Crusade on the 23d of December. Pastors of churches are invited to preach temperance sermons. In the morning a children's meeting will be held, and in the afternoon and evening mass meetings at which collections will be taken up for the National Woman's Christian Temperance Union.

COLUMBUS, O., 13.—Judge Baxter to-day in the United States Court appointed J. E. Martin permanent receiver of the Ohio Central railroad and Coal Company.

NEW YORK, 13.—The ferry boat, *Garden City*, of the East River Co., caught fire and burned at noon to-day, in her berth at the foot of James Street. Several horses were also burned, but all passengers and employees escaped so far as known. The boat was valued at \$100,000, partly insured.

CINCINNATI, Ohio, 13.—The ceremony of conferring the Pallium on Archbishop Elder, successor to the late Archbishop Purcell, took place at the Cathedral to-day.

CHICAGO, 13.—The general managers Hughtitt, of the Northwestern and Clark of the Union Pacific railroads arrived here from New York this morning. Hughtitt stated to representative of the associated press that the Northwestern Company had been informally notified of the existence of a triple alliance between the Union Pacific, Rock Island and St. Paul roads, but the terms of the compact which had been signed had not been outlined in the informal notice, there had also been notice given the Northwestern road that it could enter the new association, but on what terms was not stated. The policy of the Northwestern was, as it had been from the on -t, for peaceful adjustment of any differences on Union Pacific business. His deliberate view was that the

Union Pacific could not afford to enter upon any serious discrimination against its feeders, but in any event the Northwestern expected to be able to protect its interests and would certainly do so.

Clark, of the Union Pacific, and Potter, of the Burlington, had a conference this morning, but the new agreement was not touched upon. The Burlington had not been given notice, and it can join a new alliance. The position of the Wabash with regard to negotiations now being carried forward had not been learned, but an official statement was made that it opposed the tripartite convention, and it is expected to join with the roads, left out of the preliminary negotiations. While nothing definite has taken place with a view to forming a rival alliance, the official view here is that the Burlington, Northwestern and possibly, Wabash will join with the Rio Grande for the Denver and through business to the coast in the event that some accommodation is not reached before January 1st.

WASHINGTON, 13.—The republican Senators were in caucus from ten until twelve discussing the reorganization of the Senate. Mahone was present at the beginning. A motion was carried to proceed to renomination of caucus candidate for Secretary of the Senate. Jones of Nevada nominated Geo. C. Gorham, of California; Miller, of New York, General Anson G. McCook, of N. Y., and Harrison, Major D. M. Ramsdell, of Ind. Eulogistic speeches were made in support of each candidate and a running debate followed in which a majority of senators present took part. Upon informal ballot the vote stood, McCook, 16; Gorham, 15; Ramsdell, 3. The formal ballot which followed immediately resulted, McCook, 19; Gorham, 13; Ramsdell, 3. McCook was declared the nominee of the caucus. Adjourned to reassemble after the adjournment of the Senate.

## Oh, My Back!

That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, cold, rheumatism, dyspepsia, overwork, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as BROWN'S IRON BITTERS, and it does this by commencing at the foundation, and making the blood pure and rich.

Wm. P. Marshall, of Logansport, Indiana, writes: "My wife has for many years been troubled from pain in her back and general debility incident to her sex. She has taken one bottle of Brown's Iron Bitters, and I can truthfully say that she has been so much benefited that she pronounces it the only remedy of many medicines she has tried."

Leading physicians and clergymen use and recommend BROWN'S IRON BITTERS. It has cured others suffering as you are, and it will cure you.
