hibit. I submit the gentleman should confine his philanthropics to his own state instead of spreading out over the Bouthwest." He declared that there was no pure motive behind the bill; that it was for the purpose of influencing Arizona for joint statehood. Mr. Smith contended that the terriston of the rules, appropriating \$50,-000 for the purchase of certain lands on the island of Batan, P. L. brought Mr. Cooper (Wis.), up in support. He said the government spent about \$1,-000,000 annually in the Phillppines for ceal. He said by the purchase of the ceal lands it would save the gov-ernment about \$400,000 annually. Mr. Smith contended that the terri-torial assembly would prohibit gam-bling at its next session. He said he would ask unanimous consent to amend the bill so as to make it apply to "territory under the jurisdiction of the United States." He said this would include Alaska, the Philippines, Porto Rico, the District of Columbia and all other territories. opposition to the bill was made by Mr. Underwood, Mr. Madden (Ill.), and Mr. Slayden, (Tex.), on the ground that the price asked was too high and also that the government ought not to go into the coal mining basiness. other territories. In replying, Mr. Littlefield exhibit-ed considerable feeling. Speaking of Delegate Smith Mr. Littlefield said:

Mr. Fitzgerald (N. Y.), said that Mr. Fitzgeraid (N. Y.), said that should the bill pass the scheme was to lease the lands to Mr. Scott, presi-dent of the Union Iron works of San Francisco. "But this part of the plan does not appear in the bill," he said. The bill was passed, 121 to 36. The house then adjourned until tomorrow. The memorial re-cites that whereas the evidence taken in theSmoot case shows that the 'Mormon'' hierarchy has broken every covenant between Utah and the general govern-ment; that Joseph F. Smith and his aposties have re-established polygamy and dominate the politics of Utah and adjoining states; that Reed Smoot has broken faith with the government and if not in accord with the polygamous practises of his Church he could not retain his apostleship; that the con-tinuation of Smoot in the senate would more firmity fasten the political control Sebastopol, Feb. 19.—A court-martial here has sentenced 43 of the mutineers of the Russian battleship Kniaz Potem-kine to imprisonment, one of them to fifteen years. The woman fell gasping to the floor, but those in the audience who had not observed her movements prior to her approach to the stage, thought that the shooting was part of a bur-lesque act and made no outcry. A mo-ment later, however, the screams of the performers in the wings brought a realization upon the audience that a real tragedy had been enaoted. When the woman was ploked up by the stage
