## OGDEN STAKE CONFERENCE

Wilford McKendrick Made a Member of Presidency—  
 Other Changes.

### MAKES APPEAL TO MORMONS.

To Aid in Suppression of Vice in Junction City—Industrial School Girls Given Ride—News Briefs.

OGDEN, May 10.—The Ogden tabernacle was crowded to the doors yesterday morning and again in the afternoon during the sessions of the quarterly conference of the Ogden stake.

Elders Hyrum M. Smith and Brigham H. Roberts of Salt Lake with President T. B. Evans, Prof. W. M. McKendrick and A. J. Anderson were the speakers at both sessions of the conference. Elder Smith spoke on "Home Responsibility." Elder Roberts' subject was "Perfection and how to attain it."

Thomas E. McKay, who for a number of years was a member of the presidency of the Ogden stake, was released from his duties as he is now in charge of the Swiss-German mission. The vacancy was filled by the selection of the Wilford M. McKendrick.

A. T. Wright and G. M. Thatcher of the high council were released, and D. D. McKay, O. M. Sanderson and Virgil Stalling were named as members.

Last night a joint session of the Y. M. M. I. A. and Y. L. M. I. A. of the Ogden stake was held at the tabernacle. Guy C. Clark spoke to a large audience on the work of the associations during the approaching summer.

**PHILIPIC AGAINST VICE.**  
 OGDEN, May 10.—Rev. N. S. Elderkin, in the pulpit of the Congregational church last night, renewed his attack upon gambling as he openly expressed his indignation at the appeal to the Mormons to aid in the suppression of the dens of vice which are now wide open in the town. He scored the city council for the easy surrender they made to the liquor interests in increasing the saloons in the city. He said we part:

"I hesitate to reopen the unpleasant subject of city protected vice now that the pleasant days of spring are upon us. But the coming of the thousands of eastern people to the Grand Army encampment makes it imperative that we should renew our efforts to erase police protected gambling from the category of our municipal crimes. Our patience is becoming far from bright. The ease with which the city council can be bowled over is not reassuring. I may illustrate. The council resolved so we were told through the press, to grant no more liquor licenses on the ground that at present we were somewhat overstocked with irrigation enterprises. Then came along a little bit of a fellow—a follower of the racing game—who spoke confidentially and passed around the cigars, and blandly observed that Ogden was suffering from progressive, and eight big strong men fell down before the hurricane of suavity."

"We don't know what to expect. We are not sure what the next step will demand. The danger at this time is that we shall be overrun with smooth ones who will want our eastern visitors to enjoy the season with us and who will be willing to divide with the city—share and share alike—for the privilege of operating some neat little confidence game."

"Our officials apparently cannot resist the approaches of the bediamond gentry. There is little hope that their backbones will undergo any marked stiffening process in the near future. But the strangers from the east will be here before long. In the course of time they will return to the east. Do you want it reported by 40,000 easterners that Ogden is a wide-open town?"

"So I turn to my Mormon friends again. We gentlemen frankly confess that without your aid we cannot carry through any change in existing municipal conditions. United effort is needed. Mormon leadership is absolutely necessary. You have an institution so perfectly organized that in a moment you can hurl 10,000 protests against this hideous injustice of openly tolerated gambling. I am tempted to ask if it isn't just a crisis as this that your organization is worth while?"

You have rights, of course! but only a petty soul harps upon its rights. The city owes you much, but you, too, owe the city much. You have great power. The greatness of your power increases your responsibilities."

"The name of the city is at stake. Protected gambling must be suppressed by August 1."

"I plead with you, Apostle McKay; and you, President Shurtliff; and you, President Evans; and you, President

## Little Soldiers

In your blood are the millions of corpuscles that defend you against attacks of disease.

To make and keep these little soldiers healthy and strong, is simply to make and keep the blood of the right quality and quantity.

"This is just what Hood's Sarsaparilla does—it helps the little soldiers in your blood to fight disease for you."

It cures scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, dyspepsia, general debility, and builds up the whole system.

It effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than 20 different ingredients. It urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Wotherspoon, to set out toward the goal of a city free from this glaring abuse, and I beg of you never to stop until the city has thrown off this halt of its hideous thralldom.

"I need not add that you shall have our earnest help."

### NEW SETTLERS CROWDING INTO ALBERTA COUNTRY

(Special Correspondence.)

RAYMOND, Alberta, Canada, May 4.—Spring work is very much behind, a few days ago there was another fall of snow accompanied by a high wind but the temperature remained mild and very little if any suffering was experienced by range stock. Horses and cattle, especially the latter, have wintered well and are now in good condition. The Knight Sugar Co., has about one thousand head of steers in its yards being prepared for the European market, where the class of beef it turns off brings top prices.

Hundreds of car loads of settlers are coming into the country and on all sides can be seen the smoke of steam plows breaking sod, whenever the weather permits. In the aggregate in this district, there will be 100 per cent more men and in fall wheat acreage before in the farming history of the country.

As an example of how settlers are rushing in, at one point on the main line of the Canadian Pacific and twenty-three cars of settlers' effects were registered, as coming into Saskatchewan and Alberta, and it is estimated that the record for April will be double that. Many of these immigrants are from the States and comprise some of the best farmers of the States, agricultural communities. Experts say the days of cheap wheat are past, and possessing as this country does, as good if not the best wheat land on earth, it seems that the people's prosperity is assured. Prices are climbing and land that three years ago could be had for six dollars is now bringing eighteen and twenty dollars per acre.

Not least among the good things developing here are the horse and cattle interests. E. P. Ellison, manager of the auction company, and Ray Knight are now in England after a couple of car loads of draft horses for breeding purposes.

### NEW OPERA HOUSE OPENED.

RAYMOND, Alberta, May 4.—The new \$20,000 Opera house was opened last week by a local dramatic company in "Arizona." B. S. Young, of the old "Herald," was the star. The play, staged the piece, there being in the cast also the Misses Phyllis and Dorothy Young, as well as Messrs. Mark Y. Clawson as "Denton" and Grant Young, son of Mr. B. S. Young. The play was very creditably presented, and the Opera house was a blaze of beauty with its oval roof and spacious stage. The scenery imported from Minneapolis at a cost of nearly a thousand dollars makes the Opera house the best equipped of any in Alberta.

The stock was all subscribed in this town, and this excellent play house and amusement hall stands as a stable and beautiful monument of the patriotism and wisdom of the people of Raymond.

One name in the cast calls to mind the fact that the young lady's engagement has recently been announced; it is that of Miss Phyllis Young who is to marry Mr. Harding Brewerton, son of Chas. H. Brewerton, and daughter of Thomas Higham, late of the Twenty-first ward, Salt Lake City.
