

LODGE CASE IS DISMISSED.

Compromise Effected and Matter
Settled Out of Court.

AN AMICABLE ADJUSTMENT

It is Agreed and Stipulated that De-
fendants Return Notes, Stocks,
Etc., to Plaintiffs.

"It is hereby stipulated and agreed by and between plaintiffs and defendants in the above entitled action that the clerk of said court is hereby ordered to deliver to plaintiffs all notes, stock and certificates herein, and it is hereby agreed that said court and clerk of said court may dismiss said case as amicably adjusted and settled."

Upon the filing of the above stipulation in the district court today, Judge Hall ordered that the case of J. A. Williamson, Nathan Beck and Warren Foster, trustees of Ridgeley lodge No. 9, I. O. O. F., against A. L. Simond, S. Ewing, John Maginnetti, H. Brincher, F. G. Carthey, J. C. Tretlaway and H. S. Scott be dismissed. Thus compromise in the sensational lodge suit has been effected and the matter settled out of court. The exact terms of the settlement will probably remain a secret in the hearts of the attorneys and parties to the action. In the complaint the defendants are charged with having misappropriated \$1,697.50 of the funds and property of Ridgeley lodge No. 9, of which they were members; \$1,150 of which was in cash and notes and the balance in dues and 24 1/2 shares of stock in the Odd Fellows' Building association. According to the stipulation given above, these notes, stock and certificates are to be delivered to the plaintiffs, which goes to show conclusively that the terms of settlement must be a complete return by defendants of all funds and property misappropriated by them. One of the defendants stated this morning that the matter was amicably settled, and that the defendants would be reinstated in the lodge and it would continue to flourish just the same as though no unpleasantness had ever arisen.

Decree of Foreclosure.

Judge Hall today rendered a decree of foreclosure of mortgage in favor of plaintiff in the case of John M. Rinehart vs. Charlotte R. Monnelly et al. The amount of the judgment is \$1,500.00, costs and attorney's fees. The property foreclosed is lot 29 and the north half of lot 21, block 2, Bellevue Park addition.

Probate Matters.

Judge Hall today appointed M. S. Woolley administrator of the estate of William Longmore, deceased, and fixed his bond at \$45,000. The estate consists of real and personal property valued at about \$30,000. The court ordered a settlement of the final account and a decree of distribution in the estate of Phoebe C. Ryan, deceased. The estate consists of \$72.71 in cash, which is to be distributed among six heirs, each receiving \$12.78. John J. Daly and William M. Bradley, executors of the estate of Dr. Allan Fowler, deceased, were given permission by Judge Hall to expend the sum of \$2,500 for erecting a monument over the grave of decedent and for other improvements for the burial lot.

Supreme Court Cases.

The following cases were argued and submitted before the supreme court today: Charles Hirschhorn et al vs. the Neiden-Judson Drug Co., appellants; and D. A. Palmquist vs. the Mine and Smelter Supply Co., appellants.

Judgment for Plaintiffs.

In the case of Donald McDonald and Harry Cohn, doing business as Carroll & Carroll, against J. W. Sauer, a second south street saloon man, Judge Hall today rendered judgment in favor of plaintiffs, who were awarded costs. The action was brought to recover the above amount alleged to be due for merchandise sold to defendants.

TRIED TO ESCAPE

Soldier William Wilds' Little Scheme
Failed to Work.

William Wilds, one of the soldiers sentenced by Judge Diehl yesterday afternoon to 20 days in the city jail, made a bold attempt to escape imprisonment when court adjourned, but the scheme failed for the watchfulness of Officer Joe Burt.

In coming down stairs, Wilds mingled with those who were discharged and went with them into the desk sergeant's room, where they were given back the property taken from them when arrested. Wilds succeeded in getting his things and was quickly stuffing them into his pockets when Officer Burt noticed him. Burt ran quickly up stairs to make sure of his man and returned just in time to prevent the soldier from walking out of the station. He was searched again and thrown back into jail where he will have to remain until his sentence is completed.

THE LUNAR ECLIPSE.

It Was Witnessed by Tens of Thousands of Salt Lake.

Moon gazing was the order of the hour last night. Go where you would there were crowds looking up into the heavens, watching with deepest interest the phenomena of a total eclipse of the orb of night. All over the city there were parties formed for the purpose of watching the various phases of the eclipse, and it was long after midnight before many of them broke up. Many were the learned expressions heard on the streets, and a traveler from another city would have thought he had found a city whose every inhabitant was an astronomer. The student class was out in force and the mysterious of umbra and penumbra were discussed from every standpoint. And such a night it was to study the phenomena. There was not a cloud in the sky, and when fair luna appeared it was in an atmosphere that was perfect. Conditions left nothing to be desired. The eclipse came according to schedule time, entering the penumbra state at 8:17, and reaching totality at 10:19, when the shadow gradually re-

DEATH OF ORSON SPIERS.

Well Known Resident of This City
Succumbs to Paralysis.

Orson Spiers, a brother of Bishop Spiers of the Tenth ward, and a highly respected resident of this city, died at the residence of his son-in-law, Harry Goddard, 725 east Third South street, at 9:30 this morning, after a lingering illness from paralysis. He was first stricken with the disease which took him off March 25, 1900, the anniversary of his wife's death from the same cause. Since that time he has been a constant sufferer. Last Monday evening a party of friends gathered to do him honor on his 63rd birthday and at that time he was feeling much better. The next day, however, the attack which terminated fatally came on.

Orson Spiers was born October 13, 1837, at Beaver, Beaver county, Pa., and leaves five children, Mrs. Alice Goddard, Mrs. Beale Browning, Mrs. Cora Jensen, and Orson and Owen Spiers. He came to Utah with his parents in the year 1848 and has resided in the Tenth ward ever since.

REV. MOOREHEAD DEAD.

Death Ensues After Serious Illness at
One of the Hospitals.

The Rev. L. N. Moorehead, who recently came to the city to succeed Dr. Albright, as pastor of the First Methodist church, died at his home, 316 South Third East street, last night. Mr. Moorehead had been more or less unwell since coming to the city. Two weeks ago he was taken with a fever, which he never recovered from. The deceased came to Salt Lake from Williamsburg, Pa., but had also lived in Kansas and Colorado, where he was one of the best known ministers in the Methodist church. Since coming to the city he won the highest regard of his congregation, who are deeply grieved at his death.

The deceased was 59 years of age, and leaves a widow and two children. The funeral has not been set, but the interment will be at Mt. Olivet cemetery.

SHOT IN THE HEAD.

Driver Unpleasantly Surprised While
Coming to the City This Morning.

While coming to the city this morning, David M. Guest, a driver for the International Milling company, was made a target of by a careless or evil designing person. With a shotgun, Mr. Guest was residing at Mill Creek, Kan., was accompanied by Karl Kowallis. They were driving quietly along just north of Horne's store on State and Eleventh South street, when suddenly a shot was fired from the left side of his head just in front of his ear. A second later he saw a bird shot fall from the seat to the bottom of the car. Guest felt a stinging sensation on the left side of his head just in front of his ear. A second later he saw a bird shot fall from the seat to the bottom of the car. Guest felt a stinging sensation on the left side of his head just in front of his ear. A second later he saw a bird shot fall from the seat to the bottom of the car.

'PISTOL' AFTER TROUBLE.

Former Antagonist of "Sunshine"
Lands in Jail.

That erstwhile flat artist, Professor Pistol, lost control of his tongue last night and it gathered trouble for him. In an upper room on east Second South street, above the Mayor's office he and another colored friend, Thomas Wolfe, engaged in a warm altercation. They descended to the sidewalk to fight it out, and Professor Pistol was engaged in telling his opponent the manner in which he was going to put him to sleep when Officer Randolph happened by. As Pistol seemed the more belligerent of the two the officer arrested him and took Wolfe along as a witness. Pistol admitted to Desk Sergeant Pratt that he "bused da nigger," but he is a self-suspected geman, I is," said he. "An I day suppose to stand for the 'broun' 'broun' dat man Wood was broun' in."

JUST COMMON SENSE.

Chaired the Whole Thing.

"I used coffee all my life until two years ago, when I was forced to forsake it," writes a lady from Memphis, Tenn. "My health became so wretched that life was almost a burden. I suffered almost continuously with nervous headache, dyspepsia and excruciating pains in my back. My heart action was very feeble, and I suffered intensely from a feeling of suffocation or oppression. Was extremely emaciated and debilitated, and so nervous that the slightest exertion or excitement would produce very distressing symptoms. My physician pronounced my trouble nervous prostration, and could give me no slight relief."

A friend urged me to stop drinking coffee and try Postum Food Coffee and note the result. My first trial was not satisfactory, owing to the indifference of the cook, but the next time, she followed directions carefully, and I found it decidedly good. After using it about two months, I awoke to the fact that my back symptoms had almost totally disappeared, and that my health was better than it had been for six years. I had no headache; my heart troubled me only at rare intervals; could eat with perfect enjoyment; gained flesh, and was generally much stronger than formerly. I had discontinued medical treatment when I began to use Postum, and common sense advised me in the conviction that Postum alone was the curative agent in my case. My children are quite fond of it, and I take comfort in the thought that in Postum they obtain both food and drink and run no risk of injury to their digestive organs. No one has healthier children than I, and that alone is sufficient to prove its value." Name given by Postum Co., Battle Creek, Mich.

WORK TO BEGIN AT SALT LAKE BEACH

Plans to be Passed Upon by Com-
mittee Tomorrow.

BIG CIRCULAR EMBANKMENT

Proposition Which Involves Building
Of a Railroad Track on the Loop
Of Reservoir Banks.

It is the intention of the executive committee of Salt Lake beach and the Salt Lake & Los Angeles Railway company to commence active work out at the lake at an early date. As a preliminary step the company has secured three outfit cars from the Oregon Short Line which arrived from Pocatello yesterday. Tomorrow the committee meets and passes finally upon the plans submitted by the engineering firm and Doremus & Kelsey, which has been collecting data, preparing blue prints and otherwise outlining the report of the work which will be necessary for the retention of the water for bathing purposes next season. The scheme embracing the moving of the pavilion bodily into deeper water, the building of a concrete retaining wall, even a wooden bulkhead, have all been abandoned as being too expensive.

The proposition which will be probably passed upon tomorrow involves in outline of some sort of a pier or break in the lake which will be very effective in retaining sufficient water for bathing purposes and at the same time will be very convenient for the operation of trains.

The project embraces the construction of a circular embankment which will surround the resort, with the railroad and the fireworks stand in front of the pavilion as points opposite on the circumference.

In order to effectually construct the embankment a trestle will be built and carloads of dirt dumped from it into the lake until the required height is reached. Then the trestle of the fill facing the lake and liable to the action of the waves in stormy weather will be banked with slag from the smelters as was done in the case of the existing fill that leads to the pavilion. It is proposed, when the embankment is completed, to lay a permanent track on the top and utilize it as a loop for the excursion trains, so that there will be no time lost as heretofore when it was necessary to back each train out to the wye on shore and then do considerable switching.

If this scheme is passed favorably upon week will be instituted at once so that all will be in readiness and water pumped into the big reservoir by the opening day of next spring.

SOMETHING DOING.

Important Meeting in New York Re-
garding Midland.

There is an important meeting scheduled in New York for today that will have a decided bearing on the future operations of the Colorado Midland. Vice President George W. Kramer arrived from Havana, Cuba, last night in order to be present and to have made the report of the executive committee, George J. Gould and other prominent magnates.

Just what is the nature of the meeting is not at this time forthcoming, but it is essentially an important one. All kinds of rumors are prevalent from traffic agreements to the consolidation with other systems.

OMAHA GATEWAY.

Contract With Chicago, Milwaukee &
St. Paul Signed and Delivered.

Chicago, Oct. 17.—Official announcement is made that the contract whereby the Chicago, Milwaukee and St. Paul railroad takes advantage of the opening of the Omaha gateway has been signed and delivered. The contract permits the St. Paul company to make equal use of the gateway with the Chicago & Northwestern, and also to make a direct line to the west end of the Kansas City gateway.

The contract between the two companies is the result of the recent opening of the Denver and Omaha gateways by the Union Pacific management, which was recently announced.

Record Freight Train.

The Oregon Short Line is handling some exceedingly heavy freight trains. Indicative of what is being done a triple header was hauled by the company yesterday, a couple of days ago. There were 32 of the 100,000-pound-capacity steel coal cars on the train, and the total weight of the train was 2,350 tons. The general manager of the railroad, who was being run up to Silver Bow is said to be in the neighborhood of 2,500 tons.

Another Consolidation.

St. Louis, Mo., Oct. 17.—The Louisville & Nashville has acquired, or will soon acquire, control of the Atlanta & Westpoint, from Atlanta to Montgomery, according to a report in St. Louis, and will merge the new acquisition with the Georgia railroad. It is stated that the Atlanta and Westpoint and the Georgia railroad will be operated as one system, the Louisville & Nashville and the Atlantic Coast Line, and the recent acquisitions as another. This will make three big railroad systems in the southeast, including the Southern railway, or Morgan, system. The seaboard Air Line and the Frisco Birmingham line are left independent. It is reported that the Southern Railway will remove its auditor's office from the Washington (D. C.) headquarters to Atlanta, to which point the company's freight offices were recently removed.

SPIKE AND RAIL.

E. L. Smith, western freight agent for the Big Four at Denver, is in Salt Lake today.

General Agent H. O. Wilson of the Oregon Short Line at Butte, came in this morning.

Supt. Henderson of the Utah division of the Oregon Short Line is expected to return from California this evening.

Traveling Passenger Agent W. B. Townsend of the Rock Island has gone to Grand Junction after 16 passengers going east.

A permanent injunction has been granted by the federal court at Omaha enjoining the Union Pacific strikers from doing picket duty.

M. S. Dean, vice president and general manager of the Butte, Anaconda & Pacific, came in this morning from Butte accompanied by J. S. Hickey and W. B. White.

A LITTLE GIRL GROUND TO DEATH

Run in Front of a West Side Street
Car Last Night.

WAS TERRIBLY MANGLED.

Fatal Warning to Parents Who Per-
mit Their Children to "Catch on
To Passing Vehicles."

At 6 o'clock last evening an accident occurred at the corner of First South and Sixth West streets, in which little 5-year-old Dorothy Averett lost her life by being ground to death beneath the cruel wheels of a passing street car. The little one was the daughter of H. S. Averett, who three years ago moved to 675 west First South street from Grantsville of this state. The child had been playing on the thoroughfare the most of the afternoon in company with her brother, the two amusing themselves by catching on to the back of passing carriages, riding for a short distance on one, and then catching another coming from the opposite direction. She had just dropped from the back of one carriage when Jordaa Bridge car No. 125 was coming down the street. Evidently bewildered by the nearness of the car, she started across the track directly in front of it. So sudden was the movement of the little girl, and so quickly did she appear upon the track from behind the rig, that Motorman R. C. Ferguson, who was running the car found it impossible to stop its progress, and the child was dragged beneath the wheels which nearly severed the little body in passing over it.

The car was loaded with about 40 people who were returning to their homes after their day's work and who were thrown into a state of excitement by the smothered scream of the victim as she disappeared beneath the wheels. Henry Hadley, the conductor of the car, endeavored to stop the car at the end of the track made a vain attempt to catch the little tot before the car struck her, but it all came so quickly that nothing could be done.

The motorman says that he was running at less than his usual rate of speed, as he was slowing up in order to let a passenger off. As soon as he saw the little girl he reversed the car and applied the brake, but as the track was slippery from the leaves which had blown upon it he found it impossible to bring it to a stop inside of 40 feet from the place where the child was struck. He was ordered, and the conductor of the car, was on the rear end and knew nothing of it until he heard the cry of the child beneath. Death was almost instantaneous. As when the body was picked up a moment after the accident there was no sign of life in it. Mrs. Averett, the step-mother of the child, was standing in the door of her home when the accident happened, and she was overcome with horror that she fainted and fell to the ground.

Dr. Wilcox who was called to the scene shortly after took the body to the home of the parents. He said that the child had been completely dismembered. The mother of the little girl died at Grantsville about two years ago, and the body will be taken there to have a funeral. The funeral will be held here before Justice Morris Sommer.

Assistant Supt. Arnold, said today, that he had heard the report of the accident, and had also measured the lifesaving shield on the front end of the car and found that it was only two and one half inches from the ground. He cannot imagine how the child could have got beneath the wheels, which it is the intention of the company to put upon the cars, he said. The child had been completely dismembered. The mother of the little girl died at Grantsville about two years ago, and the body will be taken there to have a funeral. The funeral will be held here before Justice Morris Sommer.

CARLSON'S GOOD WORK.

New Officer Captures Thief and Re-
covers Stolen Money.

Yesterday afternoon, Officer Carlson, one of the newly appointed patrolmen, made an important arrest, capturing a man who stole \$55, got a confession from the fellow and recovered part of the money, and it was all done from a description of the thief received at police headquarters yesterday.

The man captured gave the name of Roy Scott, and he is charged with stealing \$55 from a former companion named J. W. Crumley. The men had been working at a grading camp and it is claimed that Scott broke into Crumley's trunk and took therefrom the money.

When Carlson went on duty yesterday afternoon he was told to look out for Scott. He had a description of the man and kept a look out for him. Carlson was walking down Commercial street when he saw his man nearly half a block away. He immediately placed him under arrest and took him to headquarters. When searched, \$55 of the money was found on him. The man admitted to Carlson that he took the money but said he did not break the trunk open. As the offense was committed in Tooele county, Sheriff John Shields of that place will come for the prisoner tomorrow.

STOLE A HORSE BLANKET.

Michael McGee, a laborer, was convicted in Judge Diehl's court this afternoon on the charge of petit larceny. He stole a horse blanket from a wagon early this morning. Judge Diehl sentenced him to 15 days on the chain gang.

CAPT. BURBIDGE HOME.

Returns Today With Roy Green the
Messenger Boy.

This morning Capt. J. B. Burbidge returned from Grand Junction, Colo., where he went to get Roy Green, the messenger boy who absconded from the city on Sept. 16, with \$130 belonging to Ada Wilson.

Green was arrested at Grand Junction and held for the Salt Lake officers. He came back without requisition papers and made no trouble whatever for the captain. He admitted stealing the money, but said he thought he would be able to refund the amount and escape trouble. When taken in charge by Capt. Burbidge, the lad had only 10 cents on him. His claim was that he was robbed of most of the money at Denver.

REMAINS SHIPPED TO SCOTFELD

The remains of Thomas Nally were shipped to Scofield this morning for interment. It will be recalled that the deceased deputy sheriff was brutally killed in the head and face and also shot during an attempt to arrest a number of disorderly Slaves in the home of a saloon keeper of Scofield on October 6. He was brought to St. Mark's hospital after the fracture, but it soon became apparent that his injuries were such as would terminate in death.

Many Beverages are so vastly improved by the added richness imparted by the use of Borden's Eagle Brand Condensed Milk. The Eagle Brand is prepared from the milk of herds of well fed, housed, groomed cows of native breeds. Every can is tested and is therefore reliable.

PERSONAL.

Mrs. Loftus Thackwell, a missionary of the Episcopal church of England is at the Knutsford on her way to China, where she will labor for the next few years. She is a lady somewhat past middle age, and a woman of unusual refinement and self reliance. This is not her first trip to the Orient, as she has spent several years in the Flowery Kingdom.

John L. Mills, Jr., of Dayton, Ohio, came in last night from the east and is now at the Kenyon. He says that it is the opinion of most people that his home state will change the order and go Republican in an off year.

Wm. Shuler and wife are guests at the Kenyon, coming in from Ottawa, Ill., last evening.

Sam Weinheimer, as well known a traveling man in his line as James Shields is in his, is at the Kenyon. As a story teller he is inimitable.

DECLINE TO SERVE.

The following judges of election, recently appointed by the county commissioners, today declined to serve and others will have to be appointed in their places: James Hegney, district 24; H. W. Hartley, district 30; John Davis, district 32; and James Cushing, district 67.

BOISE, IDAHO.

BIG APPLE CROP.

Malicious Poisoning of Sheep Causes
Heavy Losses.

Special Correspondence. Boise, Idaho, Oct. 15.—Report comes from Indian Valley, in Washington Co., that sheepmen have sustained heavy losses through malicious poisoning of sheep. W. D. Tindall reports the loss of 600 head; A. M. Ayers, 500; E. V. Curtis, 800; and several others from 100 to 200. The sheep owners do not seem to have any idea who put out the poison. It is understood a very searching investigation is being instituted.

BIG APPLE CROP.

The packing and shipping of apples from the Wilson, Wood and Kiggins orchards are now in progress. E. McCoy, representing Porter & Co. of Chicago, purchasers of the apples, is superintending the packing and shipment of the fruit. An innovation introduced by him was packing in the orchard. The packing gangs with their labor work along close to the rickety. This practice does away with one or two handlings and the fruit is thus less liable to be bruised.

In the Wood orchard, from 15 acres of fruit, 4,500 boxes of first-class apples and 4,500 boxes of second-class apples have been very few worms, thanks to intelligent spraying, and the second class apples are deficient only in size. Those that are wormy or otherwise defective go into the culls. From the Wilson orchard there will be 7,500 to 8,000 boxes of Jonathans and Rome Beauties. In that orchard there are 10,000 boxes of the Ben Davis variety.

The Kiggins orchard will produce about 3,500 boxes of Jonathans and Rome Beauties. It also has a great crop of Ben Davis.

CHURCH NOTICES.

General Relief Society Nurses' Class.

The General Relief society class of nurses will commence the regular course of training the first Monday in November next, Mrs. Emma B. Peay, supervisor, Dr. Margaret C. Roberts, teacher and instructor. The presidents of Relief societies are expected to take a special interest in selecting suitable women from the respective wards to take this course of training, and it is desirable that the bishops lend their assistance in this matter, which is for the benefit of the sick and afflicted brethren as well as sisters. Particulars may be obtained at the officers' meeting of the Relief society during conference week, or from the secretary and treasurer, Mrs. Phoebe V. Beattie, No. 15 North West Temple, Salt Lake City, Utah.

BATHSHEBA W. SMITH.

EMMELENE B. WELLS, Secy.
