C. R. Savage is at I. B. Perrine's Blue Ladies' room photographing the local fruit orchards and displays of fruit arranged by Mr. Perrine. Two barns near the property of Tom McQuinn and J. K. Shaw at 229 east Seventh South street were destroyed by fire early this morning causing a loss of about \$200. WITHOUT WARNING. Death Came Suddenly on the Anniversary of His Birth.

Flavius J. Moody, well known in some of the mining districts of Utah and Colorado died suddenly yesterday afternoon on the anniversary of his sixty-third birthday, at the residence of Lindsay R. Rogers, 79 E. 2nd st., of rheumatism of the heart. When he got up in the morning he was apparently in his usual good health and spent the early part of the day down town in company with I. J. Starbuck, making arrangements to develop some mining properties, shortly after noon Mr. Moody complained of not feeling well and went back to the Rogers residence, where he had his wife visiting. He continued to grow worse, but no fear was entertained as he had had several similar attacks before and suffered no ill effects. He was conscious up to the last and passed away at 3:15.

Mr. Moody lived for 12 years in Ogden and was well known in Salt Lake. He was born in Muncie, Ind., on Sept. 17, 1841. When a young man he went to Appleton City, Mo., where he engaged in raising blooded horses and cattle. He afterwards came to Ogden, where he engaged in the real estate and livestock business and during the real estate boom made a good deal of money. In 1890 he bought the shoe business at Carlisle, N. M., where he remained until last June, when he came to Salt Lake, making his home with the Rogers family.

Moody was also interested in mining in the Telluride district, Colorado and Ophir district, Utah. He leaves a wife and two sons. One of the sons, D. E. Moody, is connected with the Rio Grande system in this city, and R. G. Moody, the other son, is an assayer for a mining company in eastern Oregon. It is expected the deceased will be buried at 10 o'clock tomorrow at the interment will take place in Mountain View cemetery, Ogden. Funeral services will be held in the Congregational church in Ogden. He was a member of the A. O. U. W. in good standing when he died.

In Praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"Allow me to tell you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. John Hamlett, of Engle Pass, Texas. "I suffered one week with bowel troubles, and was in a most miserable condition, getting no relief when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind." For sale by all druggists.

21 Years a Dyspeptic. R. H. Foster, 218 S. 2nd St. Salt Lake City, writes: "I have been bothered with dyspepsia or indigestion for 21 years; tried many doctors without relief; recently I got a bottle of Herbine. One bottle cured me. I am now tapering off on the second. I have recommended it to my friends, and it is curing them, too." See at Z. C. M. I. Drug Dept.

PEOPLE INDIGNANT. Wroth Over Decision of Commissioner Richards of General Land Office.

(Special to the "News.") Wallace, Ida., Sept. 18.—Commissioner of the general land office, W. A. Richards, has rendered a decision in the case of the Northern Pacific Railroad company against the classification of lands in Shoshone county, awarding to the railroad 27 townships, covering an area of over 200 square miles, lying to the south of Wallace and embracing a number of Couer d'Alene claims of value.

The decision is a compromise of ex-Gov. Black of Utah, Col. H. W. Richardson of Idaho, and Senator Davis of Idaho, passed upon the charter of the ground in 1899, 1900 and 1901. The hearing of the case was held at Coeur d'Alene last December. The people of this section are indignant over the decision of Richards and declare that United States District Attorney Ogden made no effort to defend their rights, the citizens advised by the Northern Pacific going unchallenged. In all, 325,000 acres are affected and all mining claim rights are invalidated by the decision of the commissioner is reversed.

Tired Mothers. It's hard work to take care of children and a good cook, sweep, wash, and mend besides.

It makes a chop of the home—a chop, too, where sixteen hours make a day and yet there is much working over time.

Hood's Sarsaparilla helps tired mothers in many ways—it refreshes the blood, improves the appetite, and assures restful sleep.

A DASTARDLY DEED. Unknown Persons Attempt to Blow Up A Butte Street Car, Wrecking It.

(Special to the "News.") Butte, Mont., Sept. 18.—That six men were not seriously injured or perhaps instantly killed just outside of the city limits last night, was not the fault of a cowardly person, who placed a quantity of dynamite on the street railway track, about 200 yards east of the North Pacific crossing, badly wrecking car No. 25, which was on its way to the city. The dynamite fortunately no one was injured, the passengers and street car employes escap-

ing with a number of bruises, only after a hair raising experience that they will not forget as long as they live.

Motorman William G. Schmidt detected the burning end of the fuse of the bomb and taking it for a light, turned off the current and applied the brakes. This act undoubtedly saved the lives of all, and had the speed been uncheckered the car would have been directly over the bomb when it went off. When within about 30 feet of the bomb the explosion occurred, throwing all to the floor and covering them with the debris of the car. The floor of the street car was blown out and the windows shattered to fragments. The police have discovered no trace of the miscreants.

NO DANGER HERE. Bell Telephone Lines Would Not Suffer As in Kansas City.

The new telephone line of the Bell company via Park City, Coalville and Echo, will be connected with the Ogden-Evanston lines, by Saturday afternoon, making two independent lines from Salt Lake City into Wyoming.

General Manager Murray in speaking of the Kansas City fire which has for the time destroyed that city's telephone service, said today, that such an accident would be impossible in Salt Lake, as the central office building is entirely fire proof, and could not catch fire in any way. He warned the Kansas City management that there was danger in having a costly switchboard plant in a non-fire proof building, but the local management appeared to know it all, and paid no attention to the advice, and now the company is out \$150,000.

The Bell company has put in an exchange at Shelley, Ida., where 75 subscribers have been secured; and a construction gang was started today to install to establish an exchange there.

GUARD RIFLE TEAM. Adjutant General Burton is Endeavoring to Have One Organized.

Adjt.-Gen. Burton is interesting himself in the proposition to organize a rifle team to represent the national guard of this state. The success of the militia teams down east in the great competition is giving rifle team contests a great boost, and it is noted that the militiamen are doing much better than the regulars. The New York guard team carried off the first honors with a total score of 2,588 out of a possible 3,600.

The New Jersey team, the second, and Massachusetts third. The regulars were way down the list. Lieut. Col. Greenwald said today, that his regiment would hold company and individual competitors. He said that he believed that by spring there will be a lot of fine material to select a state rifle team to compete with national guard rifle teams of other states and the regulars.

THEY DON'T KNOW HIM. Man Arrested in Montana Not What He Would Make Believe.

(Special to the "News.") Butte, Mont., Sept. 18.—Advice received from Senator Shoup of Idaho disclaim any knowledge of F. C. Semick, who is charged with having obtained money under false pretenses.

Another telegram to President J. H. Hill of the Great Northern railroad also brought out the information that the alleged slick man was only known to him as having applied for work, which was not given him. Semick looks to be in a bad way now and will have to stand trial. He is purported to be a mining man from Boise, Ida., and contracted for \$4,000 worth of mining machinery. He is a good fellow, and worth a check for the amount and afterwards attempted to borrow on the paper. When arrested he referred the officers to Senator Shoup and President Hill as to his financial standing.

AN ECHO OF THE PAST. Uncle Sam Wants to Recover from Bondsmen of Ogden's Ex Postmaster.

An action was begun yesterday in the U. S. circuit court against Charles Meighan, former postmaster at Ogden, and his bondsmen, R. C. Brownell, A. I. Stone, Thomas R. Beason, Fred J. Keenan and A. O. Partridge. The suit is brought on the bond of \$20,000 given by the defendants on Dec. 31, 1900, and is to recover \$3,585.77, the amount of the shortage found in Meighan's accounts. Of this amount \$2,240.81 is in the post office revenues and \$1,344.97 in the money order department.

Meighan was convicted of embezzling postal funds and sentenced to serve one year and one day in the penitentiary. With the reduction of the sentence for good behavior his time will expire next month. The action above mentioned is against him and his bondsmen to recover the amount of his shortage. The case will probably be tried in November.
