SPECIAL BUSINESS NOTICES.

The firm of Woods & Keaton, of the Star Bakery, 121 South Street, gives notice of dissolution, which is in another column, and the business is continued by Woods & Co., who sell all kinds of crackers, also family groceries, provisions, etc. They have a bread and cake delivery throughout the city, and invite the attention of customers.

REMEMBER all to be on hand at the great auction sale of dry goods this evening on East Temple Street, (see below) the White House, d24 1/2.

DOOLEY'S YEAST POWDER stands unequalled for making light, healthy and nutritious rolls, biscuits, griddle cakes, etc. The ingredients are not only chemically pure, but so proportioned that the results produced are the same each time. In this respect it possesses superiority over all others in the market. Only two teaspoons are required for a quart of flour. For sale by grocers generally. Use DOOLEY'S YEAST POWDER only. DOOLEY & BROTHER, Prop'rs, 69 New St., N. Y.—d24.

THE MEDICAL SUCCESS OF THIS AGE—Leading druggists who have been in the business for half a life time, state that they have never known a medicine to enlist the entire and universal confidence of the public, as rapidly as HALE'S HONEY OR HONEYMOON AND TAR. Although it has only been a few years in use, it has already taken precedence of all other medicines advertised as remedies for Coughs, Colds, and Incipient Consumption, and its annual sales are without a parallel in the history of this class of preparations.

PIKE'S TOOTH-ACHE DROPS—Cure in one minute. d24

ENQUIRE FOR THEM—We feel assured that our friends will thank us for bringing before their notice articles which have no superior among the many that fill our markets. We refer to the celebrated Dr. Price's Cream Baking Powder and Flavoring Extracts. We have used them, and can confidently commend them to the community as the best articles in domestic use. They are the leading articles of their kind in America, and should be on the shelf of every well regulated family grocer. Place them in your list, and when you next order give them a trial. The baking powder cans are as large as other kinds, contain as much in measure, the powder is pure and light, and as two teaspoonsful is as effective as three of most kinds, it is fifty per cent cheaper.

In the good old anti-fire times the "Sherman House" was Chicago's most popular hotel. We are glad to know that this popularity is not less deserved now than it was then. The new "Sherman" even surpasses the old.

HAVE you a bad cough or cold? If so, Dr. C. W. Higgins' Cough Drops will cure you; \$2 per bottle. Sure cure. Try them. Office one door north of Walker House.

They will have a much finer outfit of braces and appliances than heretofore, and will be especially prepared to treat all surgical cases: Paralysis; all kinds of deformities of the Face, Spine and Limbs; Deformed Eyes and Ears; Cataracts; Private Diseases; Piles; Fistula, etc. These Surgeons have been wonderfully successful not only in this part of the country but throughout the whole United States, benefiting and curing thousands heretofore pronounced helpless and hopeless. The success of their former visits here is sufficient guaranty of their ability to do all they promise. Remember the time and place.

THE EVENING NEWS.

Saturday, Oct. 24, 1914.

LOCAL AND OTHER MATTERS.

Thermometer 61 degrees F. in the shade, at 1 p.m. to-day. Some clouds. Breezy.

Fall Weather.—Considerably like fall weather to-day. Cold and storm threatening.

Eclipse.—An eclipse of the moon will be visible to-night, commencing shortly after ten o'clock.

Meetings.—Religious services in the various Ward meeting houses to-morrow afternoon and evening. The tabernacle meetings are discontinued for the Winter.

Will Preach.—It is expected that Elder Orson Pratt will preach in the 16th Ward school room to-morrow afternoon, services commencing at 2 o'clock.

Marriage Certificate Found.—A gentleman left at this office, this morning, a marriage certificate, which he found on the street, of parties married in the parish of Southmolton, Devonshire, England. If this meets the eye of the owner or owners of the certificate they can have it by applying at this office.

Wales.—We have been permitted to peruse a letter from Elder Thomas F. Thomas, now in Wales on a mission, to Major H. Egan, dated Merthyr Tydfil, Sept. 16th. He states that a great deal of out-door preaching was being done, and which appeared to have a good effect, as many were believing the gospel. Twenty-seven had lately been baptized thereabout.

Fight Among Jail-Birds.—Last evening "Sailor Jack" and another City prisoner quarreled while at supper. "Jack" went for the cranium of his antagonist with a big iron spoon, the other retaliating with his fist. When the jailer appeared upon the scene blood, grease, and pieces of provender were flying around in every direction. Peace was soon proclaimed and order restored.

Theatre.—Last evening the drama of "Christie Johnstone" was played for the benefit of L. H. Stevenson. It was well set, especially the fine scene, and in many places, especially the more humorous, drew the applause of the audience, the heroine chattering broad Scotch like a native.

This evening "Christie Johnstone" will be repeated and L. H. Stevenson will appear for the last time.

Sabbath-Breakers Fined.—Six lads were before Justice Pyper to-day, charged with running foot-races, betting, shouting and other lawless conduct on the Sabbath day, on Union Square. The case was clear against four of them and they were fined \$2.50 apiece. The other two were discharged.

It is high time something was done to stop the shameful conduct of some of the youthful element of the masculine gender, not only on Sundays but also week days.

Need Elders.—William Hill, of Toms Creek, Surry County, North Carolina, writes that there is great need of Elders thereabout. There are about thirty members of the Church there, a remnant of the branch raised up by Elder E. G. Boyle, while on a mission to the Southern States. The members are firm in the faith, but are in an unorganized condition at present and are therefore desirous of being visited by Elders from Utah that they may receive instructions.

The letter was only received this morning, notwithstanding that it is dated the 27th of June. Very low mail business indeed.

A Small Carnival.—There was a small carnival, "on the side," on East Temple Street, last night. We have it on excellent authority that one of our well known and most prominent newsmen, who has carnival made for sale, donated one and appeared on the sidewalk. This attracted the youthful element of a big dog, who appeared to consider the newsmen a sample of a new species of the genus homo which had no right to a place on terra firma. Quick as thought the enraged canine sprang at him, and then there was a trial for speed between the pursuer and pursued.

The newsmen bounded into the store, and so did the dog. The clerks took in the situation at a glance, and, forming themselves into a solid phalanx, endeavored to beat off the furious brute, which seemed bent upon holding high carnival upon the police exterminator of the newsmen, by inserting his carnivorous fangs therein. After a "long and severe struggle," the dog was compelled to retreat. Be-

fore going it is probable, however, that he was struck with many ideas, as contained in bound volumes of philosophic productions.

Mutual Improvement.—Now that the Winter season is approaching, mutual improvement associations, institutes, lyceums, etc., are beginning to open. This is right, people have generally a good deal of time during the long evenings of Winter, aside from their daily avocations, which cannot be better spent than in improving the mind by engaging in intellectual pursuits. The young especially should seek to improve themselves in this way, and well conducted improvement societies are an excellent aid in that direction. Occasional innocent entertainments should be mixed with the other exercises, to render them more attractive to the young than they would be otherwise.

Sevier County.—This morning we were called upon by Brother C. Anderson, of Monroe, Sevier County, from whom we learn that about two-thirds of the people of that settlement have joined the United Order. Good crops have been raised, and since the people have been organized in a united capacity they have opened a new canyon road to a body of good timber and made other material improvements. Active steps are being taken with a view to the establishment of a woolen factory for the county, and also a tannery, by the United Order. The people are greatly encouraged, and feel much better than they did previous to the united organization. Elder Joseph A. Young, President of that Stake, is foremost in every enterprise, the material advancement of the County being greatly due to his example as well as counsel.

The British Mission.—A conference of the Durham and Newcastle Conferences was held, Sept. 18, in the Lecture Hall, Newcastle, Elder Archibald McFarland presiding. Present on the stand—Pres. Jos. F. Smith, Elders A. McFarland, David McKenzie, Henry Hughes, Hugh S. Gowan, and L. H. Brooker. The audience was addressed by the above mentioned Elders. Meetings were held morning, afternoon and evening. The Hall was well filled at each meeting and the congregation was very attentive.

On Monday evening, Sept. 14, at a meeting held in the class room of the Mechanics' Institute, Jarro, Elder McKenzie and Pres. J. F. Smith addressed the people. There was a large attendance of strangers, many of whom could not gain admittance, owing to the hall being too full.

A lecture on plural marriage was delivered at the same place, Sept. 15, by Elder D. McKenzie, when a remarkably attentive audience assembled.

Elder E. N. Freeman wrote from Sheffield, Sept. 18th, to the *Millennial Star* that he and Elder Peter Barton were well. They held meetings at Beighton and Normanston on the Sunday previous and had very good and attentive congregations. "On Brother Parkin telling the people at Beighton that the season for out-door preaching had expired, and we must discontinue our meetings there, one man spoke up, saying we were welcome to his house for that purpose. We thanked him, telling them that we would continue coming to see them."

Elder B. H. Watts wrote from Bristol Sept. 21. His health was good. Meetings were being held with good results. The Saints felt alive to their duties, and a lively interest was felt in the work by the young people.

Elder R. T. Burton wrote from London, Sept. 23—"We are all well and are endeavoring to do the best we can to forward the great cause of truth in our conference, wherever we think our labors will be the most available. I am much pleased to learn that we are soon to have more help from Zion; the field is large and the laborers are few. Our meetings in the laboratories are well attended, especially Sabbath evenings, and some are being added to the Church by baptism almost every Sunday, and thus, if not making such rapid strides, the cause of truth is steadily marching onward; the Saints are rejoicing in the gifts and blessings of the Gospel as enjoyed by the ancient people of God. On Wednesday, 23d, we organized a branch of the church at Deptford, and expect soon to organize another at Croydon. Elders Hardy and Carrington are now out preaching, and working with much zeal, earnestness and joy at the bright prospects of the latter-day kingdom."

A Free Seminary at Hoytsville.—The enterprising citizens of Hoytsville, Summit Co., have taken the initiative steps for the establishment of a free seminary at that place. Messrs. Samuel P. Hoyt, and Alonso Winters, of Hoytsville; Elias Asper, of Echo City; Ross R. Rogers and Henry Reynolds, of Waship; and Ward E. Park, James McCormick, Jesse Burdette and John Lemon, of Kanab City, have been chosen trustees. Mrs. Emily S. Hoyt has been appointed manager and principal, with Mr. Hiram E. Hoyt as assistant; and Wm. Ryan teacher of penmanship, and John W. Blinster teacher of vocal and instrumental music.

Mrs. Hoyt is a lady of culture and refinement, a graduate of the St. Lawrence Academy, New York, and is an experienced and competent teacher. Of the others we have abundant assurances of their qualifications for the position assigned them.

The Seminary Building is a commodious two-story rock structure. The location is one of the healthiest and most eligible natural sites in the Territory, nearly in the center of Summit County and only eight miles from Echo City, one of the most noted sections on the Union Pacific Railroad. The Summit Co. Railroad brings the traveler within three miles of the Academy.

The friends of education throughout the country are solicited to aid in the laudable object.

Contributions addressed to Mrs. Emily S. Hoyt, Hoytsville, Summit County, Utah, will be gratefully received and duly acknowledged. A free library has been commenced also in connection with the Seminary, for which Mr. Hiram E. Hoyt has been appointed solicitor. Open subscription, please copy.

NEW BOOKS.

"Epochs of History" is the title of a series of most excellent historical works now being issued by Scribner, Armstrong & Co., of New York, designed especially to supply to those who have but limited opportunities to study history, with the salient points and facts of the great historical epochs of the world. Each volume of the series is complete in itself, and upon those already issued the highest encomiums have been pronounced by the American and English press.

The following are now ready—"The Era of the Protestant Revolution," "The Crusades," and "The Thirty Years War." Others are in press and will shortly appear, among which will be found—"The Beginning of the Middle Ages," "The Norman Kings and the Feudal system," "The Stuarts and the Puritan Revolution," "Frederick the Great and the Seven Years' War," "The War of American Independence," and others equally important and interesting.

The price of each volume is one dollar, for which sum it will be sent, post paid, by the publishers to any address in the United States. They are printed on good paper, in clear type and are bound in stout cloth boards. To all who desire to make themselves acquainted with the leading facts of the history and progress of the past, and to trace the influence and relation which the deeds and struggles of those who have preceded us have had in preparing for and making the present, these beautiful little volumes will be invaluable, and to such they can scarcely be too highly recommended. They can be obtained in this city at the book store of Mr. James Dwyer, to whom we are indebted for the first three volumes of the series.

Beauvais to be Banished.

CHICAGO, 24.—New York special says the fallures which have been announced on "Change have from day to-day, begin to excite some apprehension among the timid, but sound business men look upon these outbreaks as the legitimate postscript of the last panic.

The reasons for them do not lie deep. Men who were embroiled in the panic of 1907, and who have been obliged to confess their weakness, and firms which failed during the panic and recovered an extension have been unable to meet their paper, and their notes have again gone to protest. None of these failures have resulted from transient distress since last Fall. To-day's contribution to the black list was the old auction and commission house of Wilmerding & Month. The firm once stood at the very top of the auction trade.

The explanation is that they have been receiving consignments of merchandise upon which heavy advances were required, and after the goods were sold the price which was given in payment had to be guaranteed by the auctioneers for a consideration of 5 per cent. This is a very serious business loss. A similar movement is taking place in other cities, and a hearing of the joint committee of New York, Boston, Philadelphia, and Baltimore is promised before Congress meets.

CHICAGO, 24.—Lt. Genl. Sheridan, now in Indian Territory, telegraphs Adjutant General Drum, of his staff, from Fort Smith, Oct. 19, as follows: "Lt. Col. Buel struck a small camp of hostile Indians on the headwaters of the Salt Fork of Red River, near the Staked Plains, on the 6th of October, destroying it and killing one Indian; he then continued pursuit up the river, destroying camps of 150 lodges and 75 lodges, and finally a camp of about 400 lodges, driving the Indians farther west to the end of the Staked Plains, when they turned north to the headwaters of McCellan's Creek and to the north fork of the Red River, still following."

A large amount of Indian property was destroyed and a large number of ponies abandoned by the Indians. A small party came in here last night and asked terms for the surrender of the Comanches and their people. No terms will be given except a surrender of arms, persons and property. The Indian terms for the morning of the 21st, taking a course due west. Forty days' rations for men and animals have been sent to Col. Buel. (Signed) "R. H. SHERIDAN, Lt. Genl."

MEMPHIS, 24.—In Panola County, Mississippi, on Wednesday last, a party of young men were out hunting deer, and becoming separated in the cane brake, one of them, seeing the cane shake thought it was caused by a deer, and he fired both barrels of his gun loaded with buckshot into the brake, killing one, mortally wounding another, and severely wounding the third of his companions.

Carpenters the Same Everywhere.

MOBILE, 24.—During the trial of Colonel Wetmore, one of the Sumter County prisoners, before the U. S. Commissioner, Hester, the U. S. detective and the chief prosecutor and witness for the government, was instantly recognized by the prisoner, Raphael Semmes, who was present at the trial, as one of his crew of the steamer *Sumter*. Hester came forward at once and confessed that the Captain Semmes stated that Hester shot and killed his measmate, who was lying on his bunk, it was supposed, asleep, and subsequently recognized the trial to-day was developed the point that the subpoenas for the witness were issued by Commissioner Gillette, of Mobile, September 30th, two weeks before the offence alleged to have been committed.

Swindlers Arrested.

LONDON, 24.—A Constantinople letter to the *Globe* says that Smyrna has made a splendid haul of suspected persons, named Jordan, Becker, and Maguire, who have been arrested on a charge of forging letters of credit on Holtzinger & Co. of Paris; it is said they will also be called to account for various legal operations connected with the firm. A telegram to Paris brought an answer which confirmed it. By this time, however, Jordan and his two friends, provided with American passports, had left in the *Mare* for Smyrna, as the wires were again set to work to inform the U. S. Consul at Smyrna that he might expect some gentlemen; consequently they found on their arrival the staff of the American consulate on the watch for them, and they were, at the latest mail, left in charge of the English prison till it is decided where they will be sent. About 1200 pounds and a large quantity of jewelry and other valuables were found in their possession, but their luggage has afforded no clue to their further identification, and they were discreetly silent as to their relations and acquaintances.
