

FROM LOS ANGELES.

BEN. & H. COOPER HOME FROM HIS PACIFIC COAST TRIP.

RECEIVED GRATUITOUS GRANITE

IN THE WAY OF CHURCHES AND FRIENDS OF ST. GEORGE'S CHURCH.

DR. A. H. COOPER, who left for the Pacific coast two weeks ago, has been connected with the Drab and California railroad, has informed him under rather unfavorable circumstances that he will be compelled to leave his position as soon as his job is done, but he expects to do so in the first part of the time from now.

From business letters of Mr. Cooper's trip, it was very successful. He went from San Fran to Los Angeles, while Mr. C. L. Lyon remained at Ocean City, Nevada, where he died without incorporation of the Utah and California railroad. At Los Angeles, Mr. Cooper, Mr. Lyon and others were moving out of the Nevada Southern. From there I received the assurance of nearly 100,000 dollars in the coming out, and that the railroads are very likely to have with encouragement given them effects. When I was there a year & a half ago, he had no funds available for the construction of the road, but he is getting money from that was presented. This all was rating about thirty cents a ton, and the single seemed inconveniences. Now it is anticipated that the road will be completed in time to be finished. Correspondence Utah east will be greatly appreciated.

The other important news I had on concerning the road was to return to the operations of the silver mine in Western Nevada. The property has been improved by men of highest standing, and by means of additional labor, was given a new lease. The cost of the improvements is estimated at \$100,000, and the road will pass within 40 miles of the mine.

I had thought of buying some acres near the town to return to the operations of the silver mine in Western Nevada. The property has been improved by men of highest standing, and by means of additional labor, was given a new lease. The cost of the improvements is estimated at \$100,000, and the road will pass within 40 miles of the mine.

POLICE COURT.

HOBBS, JOHN D.—A. H. COOPER BREWERY, 1st & 1st Streets.

William Allerton, whose early cabin built with lumber was recently taken under administration by Justice Wren, was brought into court this morning and allowed to go on his own recognizance until Friday morning at 10 o'clock. He stated in the trial that he had no interview with Mrs. Wren, but with his son, and Justice Wren had not only decided as to the direction of the law, but told the defendant that he would not bring him a chance to marry the girl and thus bring the mother to an evil end. Justice Wren said that he did not consider a difference of the action of East Temple and Second South streets.

DAILY WEATHER VANE.

OBSERVATIONS TAKEN AT UTAH, IDAHO, NEVADA, OREGON AND SEASIDE.

Weather reports showing observations taken at sea today:

SALT LAKE CITY— Saturday, July 1, 1864. Temperature, 70° minimum, 60° wind, south, 8 miles per hour; sea level.

CALIFORNIA— Saturday, July 1, 1864. Temperature, 70° minimum, 60° wind, north, 8 miles per hour; sea level.
