WORLD'S RECORD BROKEN AT FAIR.

Athletes From Many Nations Take Part in Great Olympic Games.

FLANNAGAN THROWS HAMMER.

Standing Broad Jumps Brought Out A Wonderful Field—Emery Beat Them All and Broke Record.

St. Louis, Aug. 29.—One world's record was broken, two Olympic records were lowered and one Olympic record was equalled as results of the first day's event in the Louisiana Purchase exposition revival of the famous athletic classic, the Olympic games. Athletes from many nations met the pick of American sprinters, jumpers, distance and weight men in the first events of the card that will furnish entertainment to the lovers of sport next week. There were also four handicap events that resulted in more even competition and gave several close finishes. The weather was fine, the attendance, 5,000.

A burst of cheering followed the announcement of the time in the first heat of fifty metre, seven seconds, as it equalled the record obtained at the Paris revival of the Olympic games in 1900. The second heat was also run in record time, as was the final.

The first Olympic record to go was broken by John Flannagan of the Greater New York Irish Athletic association, the holder. His first essay with the 16-pound hammer resulted in a throw of 168 feet 1 inch, exceeding the record made by him in Paris by nine inches.

The standing broad jump brought out a field that has never been equalled in the history of American athletics. The first jump, that of C. M. King of McKinney, Tex., exceeded the Olympic record by three-fifths of an inch. Ray Ewry of the New York Athletic club holder of the Olympic and world's records followed, and on his first jump beat the Olympic record and came within two inches of equaling the world's record with a jump of eleven feet two inches. King proved to be a consistent performer, and on each essay did better than on his previous appearance. His best jump was ten feet eight and one-half inches. This mark was also made by John A. Biller of Newark, N. J.

Ewry, however, demonstrated that his championship form had not deserted him and established a new world's record of eleven feet four and seven-eighths inches. His jumps were as follows: Eleven feet two inches, eleven feet two and one-fourth inches, eleven feet four and one-fourth inches, breaking his own world's record of eleven feet four inches andeleven feet four and seven-eighths inches.

While the record established at Paris by G. W. Ortin of the University of Pennsylvania for the 2,500 metre steeplechase was not seriously endangered, that event proved one of the most interesting of the day's sport, John J. Daly of Ireland got off in the lead and ran a magnificent race, but was headed by James D. Lightbody of the Chicago A. A. on the last lap and beaten to the tape by a scant margin.

NEWS OF FIGHTERS.

What Battling Nelson and Aurelio Herrera Are Doing.

Next Monday afternoon Battling Nelson and Aurelio Herrera will step into the roped arena at Butte for a 20-round battle. The Anaconda Standard says:

The result of the battle means much to the little fellows, as the winner will be in line to tackle Young Corbett or Jimmy Britt. Naturally then neither man will leave a stone unturned to get himself into the best possible condition. That is evident from the fact that both are training hard, and there can be no chance for either to be able to say after the battle that he did not have an opportunity to get himself into shape.

As the men are to meet at 130 pounds, or rather are to weigh 130 pounds at 10 o'clock in the morning, they will be pretty evenly matched. The Mexican claims he can do 126, and perhaps he can, but he does not like such a weight. Nelson admits that he is no featherweight and has no claim to make that he can do anything like the limit weight. He says he is all right at 130 pounds, however, and he believes he can beat Herrera at that weight.

Herrera says he is just as confident of winning over Nelson as he was of defeating Broad and Yanger. He relies on his terrific punch, and believes he will find an opportunity to land it. Nelson says that is where the Mexican is mistaken. He says he will fight the Mexican at his own game; will stand up with him and crouch with him and then beat him to it with the punch. Nelson has a punch in either hand, as is known. He knocked out Martin Canole and Eddie Hanlon with his left, and that is sufficient proof, as there have been several who went down before the right hand. Nelson says he can take more punishment than the Mexican and can punch harder than Herrera with either hand. It is because of that, that he figures he can win. He does not expect to win easily, but thinks he will have to go about 15 rounds before giving Herrera his quietus.

Nelson is training at Gregson Springs with Mose and Sid Lafontise and Doc Flynn. Several persons have journeyed from Butte and Anaconda daily to watch him work, and they like his style. Herrera is training at Pete Teague's place on the flat, and his quarters are crowded whenever he does his work. Maurice Thompson is working with Herrera.

THE GIRL AND THE BEE.

A Story of the Ignorance of a City Girl.

The city girl coming down to breakfast at the farm house and observing a plate of honey on the table said, "Oh; I see you keep a bee."

That's about the way some people talk about the blight of baldness—just as if a bald head was something one got all at once instead of being the result of long depletion by an insidious germ which thrives upon the roots of the hair and succumbs to only one known remedy Newbro's Herpicide.

Newbro's Herpicide is not a tonic any more than electricity is a fluid. It is an exterminator, pure and simple.

GARDNER-FLYNN MATCH.

Former Gets Ready for Contest With Jimmy at Denver on the 10th.

(Special to the "News.")

Butte, Mont., Aug. 30.—George Gardner will be the opening card offered in Denver for the fall season, Sept. 16. Gardner has accepted a match with Jim Flynn the Pueblo middleweight, who has been defeating all comers recently, and lost to Jack Root, Gardner's old enemy, on a foul. Flynn, though a beginner as compared with Gardner, is a comer with a good (?) reputation. Gardner has also been offered a guaranteed purse of $3,000 to meet Kid McCoy at Spokane on Sept. 15, but will take on Flynn first and endeavor to postpone the McCoy date to Sept. 25.

PROTEST AGAINST FIGHT.

Jim Corbett and Jack O'Brieu Are Having Sad Time.

Philadelphia, Aug. 29.—The proposed six-round contest between James J. Corbett and Philadelphia Jack O'Brien, in this city, Sept. 7, has been called off by the management of the Tuxedo Athletic club, before which organiaztion the men were to have met. The reason given is that Mayor Weaver had informed the promoters that he would not permit the contest to take place.

RESULTS OF TENNIS MATCHES YESTERDAY

Contest Between the Roberts Brothers Was a Battle Royal.

FRANK WINS CLOSE VICTORY.

It Was a Splendid Exhibition of the Popular Game and Was Hard Fought All the Way.

That was a great contest in the tennis match yesterday afternoon between Carl and Frank Roberts.

The contest was watched by a large crowd of enthusiastic tennis devotees who were about evenly divided on opinion as to which of the brothers would come off victorious. Both players were in excellent form, but Frank had a slight advantage in the breeze. He played a dashing game, while Carl's work was of a more steady order. But Frank managed to carry off the honors, with 19 against Carl's 17. The first set was won by a score of 7 to 5, and the second by a score of 4 to 2. The last set was the hardest fought of the day, and resulted in a score of 8 to 6 in favor of Frank.

The summary follows:

James Salisbury beat W. Yale Henry; score, 6-1; 6-0.

Frank Roberts beat Carl Roberts; score, 7-5; 4-6; 8-6.

W. K. Conrad beat W. L. McLeod; score, 6-2; 7-5.

ON THE RACE TRACK.

Without Aid of Peacemaker, Dariel Breaks World's Record.

Providence, R. I., Aug. 29.—Four thousand persons attended the opening of the Grand Circuit meeting in Narragansett park today. While all of the events were decided in straight heats, most of them were exceedingly interesting. One world's record was smashed—the pacing record for mares without a pacemaker in front. Dariel, the handsome little mare owned by C. H. Chapin of Rochester, N. Y., lowered her own record of 2:03¼ by half a second.

After a false start, the word was given, and she went to the quarter pole in 31 seconds. The next quarter she increased her speed so that she reached the half in 1:03¼. At the three-quarters the watches clicked at 1:32½. Without apparent effort she maintained her speed to the wire, the final quarter being made in 30½ and the mile in 2:02¾. Summary.

2:18 trot, purse $2,000, three in five heats—Aristo won three straight heats in 2:13, 2:12¾ and 2:12½. John Mac, The General, Boreaselle and His Boy also started.

2:06 pace, purse $1,500, two in three heats—Frank Roberts beat Carl Roberts; score, 7-5; 4-6; 8-6.

W. K. Conrad beat W. L. McLeod; score, 6-2; 7-5.

George Badger and S. A. Whitney won by default from B. W. Raymond and Smith the latter meeting with an accident and being unable to play.

TONIGHT'S BIKE RACES.

Main Event Will be Match Race Between Samuelson and M'Farland.

Manager Heagren has arranged a great program for the race fans at the saucer this evening.

The professionals will have a two-mile lap race, there being no qualifying heats for this event. The amateurs will have a three-mile handicap lap race, and a half-mile open. There will also be another novice race.

But the big event, the main feature of the evening's entertainment will be the much-talked-of match race between Floyd McFarland and W. E. Samuelson. These speedy riders will compete in a mile race of three heats, best two out of three.

BALL GAME AT GARLAND.

Willard Team Defeated in Contest for Silver Trophy Cup.

Special Correspondence.

Garland, Utah, Aug. 28.—The last cup game of the season, also the hardest fought, was played at Willard yesterday between the Willard and Garland baseball teams. The beautiful silver trophy cup given to the champion baseball team of the county at the strawberry festival at Brigham last June belongs to Garland this season. A week ago yesterday Willard played her first game for the cup at Garland. The score was 11 to 10 for Garland. Yesterday a large and enthusiastic crowd was out at Willard to see the game. Garland boys say that it was the hardest game of the season. The score was 6 to 5 in favor of Garland. The line-up was as follows:

Garland.		Willard.
Cluff	C	Madison
Smith	P	Lowe
Wallace	1B	Morgan
Scalley	2B	Dial
Miller	3B	Rock
Campbell	S. S.	Shadrach
Wells	L. F.	Shaw
Call	C. F.	Ward
Evans	R. F.	Herald

Catcher Smith was there with the goods whenever occasion required, as usual. In the eighth innings, with three men on bases and no one out, he prevented any runs. Evans and Scalley did the batting for Garland.

Plans are on foot to have a big excursion of the Utah Sugar company employes at Lehi and Garland at the Lagoon about Sept. 10. If successful the co-workers will meet at the favorite resort and contest in baseball and other athletics, besides having a general good time.

"PENNY" GOSSIP.

Big race this evening at saucer, Floyd McFarland vs W. E. Samuelson.

According to a "flash" to the "News" from New York, Jack O'Brien has challenged Jim Jeffries. Foolish Jack!

The effort of Manager Wilmot of the Butte team to dispose of Lally and Swindells to Portland, will be blocked if it is within the power of President Lucas to do it. The latter does not approve of the proposition.

In view of the fatal accident during the automobile races at St. Louis because of dust clouds obscuring the view of the competing drivers, plans are being made to obviate the same danger in the Vanderbilt cup race over a Long Island course Oct. 5. This will be done by sprinkling the course with kerosene oil at the approaches to railroad crossings and turns. The course is 30 miles in length and, owing to the cost, only the danger points will be oiled. The same plan has been followed successfully in France during recent races.

"Munroe never had a chance to show what he could do against Jeffries last night. The first punch that the champion landed, a fearful left hook to the jaw, nearly knocked Munroe out. As it was, it knocked out one of Munroe eye's teeth. The first punch so put Munroe to the bad that he could never do himself justice. At that he could not beat Jeff. The latter is undoubtedly the greatest fighter that ever put up his hands. In my opinion they will have to get a detachment of infantry to lower his colors. Munroe is not going to retire by any means. He can beat all the other heavyweights in the business for dollars or doughnuts. I promised Billy Madden that win, lose or draw with Jeff, Munroe would fight Ruhlin. If Ruhlin wants a match with Munroe he can get it.

Munroe showed he was game as they make them, which is more than can be said of some others who faced the champion. My faith in his ability to best the balance of the heavyweights is unshaken.

HARRY POLLOK."

The Butte News:

There was one clause in the articles of agreement for the Herrera-Nelson fight that should be inserted in every set of fight articles drawn up. The clause reads that the fighters are to remain in their training quarters until the day of the fight and they are not to be seen on the streets for any reason whatsoever. In the past when Herrera has fought here he would spend about as much of his time on the streets as he did in his training quarters. This would leave the impression with everybody who saw him that he was not observing strict training rules. It would hurt the fighter's reputation, but worst of all, it would hurt the gate receipts. Let the fighters stay where they belong until time for the fight.

"The sporting editor of the Deseret News, of Salt Lake, after publishing the prediction of the (Butte) News sporting editor to the effect that Herrera would whip Battling Nelson in 12 rounds says:

The writer on the Butte News has always been sweet on Herrera. He has picked the Mexican to win in almost every battle Herrera has had for the past two years, so it is but natural that he picks him to beat Nelson. But here's another prediction: If Herrera does not take Nelson's measure within the 12 rounds, the dark skinned lad will get the worst beating he ever received, and he will be beaten, too.

The writer agrees with the Mormon writer of sports in that Herrera must stop his man in 12 rounds to win, but that's just what the Mexican is going to do. No man ever lived who could slug with Herrera for 12 rounds. Nelson is a slugger. See the point?" Butte News.

Yes, we see the point, said point being that if Nelson and Herrera 'slug' for 12 rounds it will be pay day in Denmark. If Nelson makes an aggressive fight against the Mexican; keeps going all the time, and forces Herrera on the defensive, he will whip him. Herrera has a terrific wallop—in his right. He can not land that wallop from any old position he might be forced into, while on the other hand, the Dane can hit like the kick of a mule, with either hand and from almost any position. As to cleverness, Aurello has it over Battling; there is no question as to that. But when it comes to taking punishmen, strength, punch and gameness, Nelson has the better of it.
