Of old age, at 7 o'clock yesterday (Fourth of July) at his residence in this city, **SHADRACH KOUNDY**, aged 83 years, 6 months and 4 days.

The life of the deceased, since joining the Church of Jesus Christ of Latter-day Saints, has been an eventful one. He resided in the State of New York when the church was organized. Hearing of the work, and learning that the Prophet Joseph Smith had moved to Kirtland, Ohio, he visited that place, made the acquaintance of the Prophet, became convinced that the doctrines were of God and was baptized by him. He then returned to his home and emigrated with his family to Kirtland. From Ohio he moved with the Saints to Caldwell county, Missouri, shared in the mobbing and drivings to which the people of the church were subjected, and when they were expelled from the State, he was appointed one of a committee, Brother Heber C. Kimball being also one, whose duty it was to look after the poor and see that all were moved out. With the bulk of the people he remained at Quincy, Illinois, until Nauvoo was selected as the new point at which the Saints should gather, when he removed thither. At Nauvoo he was one of the prophet Joseph's guards, was with him whenever danger threatened, and was trusted and honored by him with marks of great confidence, which confidence was never weakened by any act of the deceased. For some years he acted as Nauvoo as captain of the city police. In the exodus from that place he was with the leading companies; and, afterwards, when the Pioneers left Winter Quarters, under the leadership of the prophet Brigham, early in 1847, to find a home for the people at some point in the great wilderness embosomed in the Rocky Mountains, he was an active member of the company, and was the first man to break the sod of Great Salt Lake Valley with that great emblem of civilization, the plow. When the Pioneers returned, he accompanied them until they met the companies which were traveling on the trail of the Pioneers, guided by the stakes which the latter had carefully marked and driven every ten miles of the road between the Missouri River and the place where this city now stands. In one of these companies he found his family, and journeyed with them to this valley. In 1849 he took a mission with President J. M. Grant to the States, to assist in gathering up the poor saints, and returned here the next year. When the city was divided into wards he was appointed Bishop of the 16th Ward, which position he filled until failing health required relief from its duties. For some years his health has been feeble; but, though weak in body, he was always strong and cheerful in spirit. He never appeared in better health than about ten days ago, and thinking himself stronger than he was, exerted himself in his garden, caught cold and was prostrated. His passage from the world was like the falling asleep of a child. He has gone to meet the reward for which he has so diligently and steadfastly labored, and stands in need of no eulogium from the living.

EUROPEAN.

LONDON—A Paris special asserts that a threatening conspiracy of royalists, under the lead of the Duc De Broglie, for the overthrow of the Republic, was recently discovered by the government. Thiers at once took energetic action for its suppression and it is believed the dangerous movement is defeated.

The Invalid—A Pen Picture.—See her, palled countenance, but a short time ago the picture of ruddy health, the envy of the school and the pride of the household. She was always welcomed by her schoolmates, for her lithe form and pleasing disposition carried cheerfulness into their ranks. Diligent, punctual and exemplary, obedient and graceful at home, she won the hearts of all. But alas, we are sorrowed. The rosy cheeks and ruddy lips are blanched by consumption. The voice once so enchanting in laugh and song is feeble, husky and supplanted by a hollow cough. Let us approach her couch gently, and take her hand. Do not shudder because of the feeble and passionless grasp. The hand once so hearty and plump is emaciated, and shows bony outlines, while the cords and tortuous veins are plainly mapped upon the surface. The pulse that bounded with repletion, carrying vigor to the whole system and imparting life, beauty, vivacity, health and strength, is delicate to the touch. The feeble heart cannot propel the thin, scanty blood with force. Must we lose her while yet in her teens? Companions and friends gather around with words of cheer and consolation, and depart with moistened eyes and silent steps. Must we lose her? No! there is a relief! We can stay this destroyer of our happiness, and not suffer the loss of so bright a gem. Something more is required now than dietary and hygienic observance, for nature calls for aid, and she shall have it. Take this pleasant medicine. It is invigorating. How it allays the irritable cough, improves the appetite and digestion, and sends a healthy tingle through the frame. The blood is enriched, nervous force increased, and the heart bounds with a new impulse. See her face brighten by degrees; the color is returning, her voice is getting clearer, and pleasant words are spoken. The strength falters yet, but is gaining. Let us take her out in the warm sunshine. In a short time she will be able to go without our aid, a cheerful girl. This delightful medicine must be God-blessed. It is restoring health to our loved one. She is emerging from her sickness sweeter and nobler than before, and Dr. Pierce's Golden Medical Discovery must have the credit. It has raised her. Sold by all first-class druggists everywhere. #45 w23 lwe

THE CELEBRATED

HOME STOMACH-BITTERS.

Are indorsed and prescribed by more leading Physicians than any other tonic or stimulant now in use. They are a SURE PREVENTIVE for Fever and Ague, Intermittents, Biliousness, and all disorders arising from miasmatic causes. They are highly recommended as an anti-dyspeptic, and in cases of indigestion are invaluable as an Appetizer and Recuperant, and in cases of General Debility they have never in a single instance failed in producing the most happy results. They are particularly BENEFICIAL TO FEMALES, strengthening the body, invigorating the mind and giving tone and elasticity to the whole system. The HOME BITTERS are compounded with the greatest care, and no Tonic Stimulant has ever been offered to the public SO PLEASANT TO THE TASTE, and at the same time combining so many remedial agents, indorsed by the medical fraternity as the best known to the Pharmacopoeia. It costs little to give them a fair trial, and

Every Family should have a Bottle.

We ask every one to read the following Certificates from many of the most eminent physicians in the country: St. Louis, July, 1870.—JAMES A. JACKSON & CO., Gentlemen:—As you have communicated to the medical profession the recipe of the "Home Bitters," it cannot therefore be considered as a secret or patent medicine, no patent having been taken for it. We have examined the formula for making the "Home Bitters," and unhesitatingly say the combination is one of rare excellence, all the articles used in its composition are the best of the class to which they belong, being highly Tonic, Stimulant, Stomachic, Carminative and slightly Laxative. The mode of preparing them is strictly in accordance with the rules of pharmacy. Having used them, seen its effect in our private practice, we take pleasure in recommending them to all persons desirous of taking Bitters, as being the best Tonic and Stimulant now offered to the public. I. CH. BOISLINIERE, M. D. F. G. PORTER, M. D. ALFRED HEACOCK, M. D. C. GERICK, M. D. DR. J. C. McDOWELL, M. D. C. A. WANE, M. D. J. C. WHITEHILL, M. D. E. A. CLARK, M. D. DR. C. V. F. LUDWIG. S. G. MOSES, M. D. W. A. WILCOX, M. D. HUBERT PRINCE. U. S. MARINE HOSPITAL, ST. LOUIS, Mo., Oct. 8, 1870.—JAS. A. JACKSON & CO.: I have examined the formula for making the "Home Stomach Bitters," and used them in the Hospital for the last four months. I consider them the most valuable tonic and stimulant now in use. L. MELCHER, ST. LOUIS, July 6, 1870.—JAS. A. JACKSON & CO.: Having examined the formula from which your celebrated "Stomach Bitters" are prepared, and having witnessed the method of combining the different ingredients, we can safely recommend them as the best tonic with which we are acquainted. From the great care with which they are compounded, and from the choice materials which enter into them, we have no doubt that they will prove, as they deserve to be, the most popular tonic and stimulant in use. Respectfully yours, T. J. VASTINE, M. D. T. G. COMSTOCK, M. D.

We cheerfully concur with every word contained in the above testimonial. JOHN CONZELMAN, M. D. JOHN HARTMAN, M. D. CHAS. VASTINE, M. D. JOHN T. WELLS, M. D. G. S. WALKER, M. D. E. C. FRANKLIN, M. D. CINCINNATI, Oct. 19th, 1870.—Messrs. W. R. KENNEDY & Co., Agents "Home Bitters": Gents:—Agreeable to your request, I have examined the formula of the "Home Stomach Bitters," and find the formula contains such as are in general use by the Medical profession. They are very scientifically and pleasantly combined, and as stimulating tonics will be found especially adapted as corroborators to the treatment of low or debilitated stages of the system, whether arising from impaired digestion, or from malarious diseases.
