On Wednesday last a meeting of
the citizens of this city was held for the purpose of organizing a co-opera-tive Park Association, quite an amount was subscribed and a board of trustees elected. The company propose the improvement of what is known as the Duck Pond, planting fish, making drives and planting out trees and shrubbery for a park. I have just returned from a trip to the herd south of this place and have come to the conclusion that stock raising in this country is a science. Some six of our boys have been out too weeks for the purpose of gathering stock and they corralled about forty head. The Cedarare thicker than the stock and it is

to Issee an animal catching a cedar tree in some cases instead. We kept our distance while the branding was going on and took notes, and after traveling over the rough roads through Mokiac Pars and arriving home without any bones broken, though somewhat bruised coming over the rocks, we felt satisfied to all rocks, we felt satisfied to eit under our own vine and fig tree and let the boys look after the stock. EEELYVILLE, Vigo Co., Ind., August 50, 1883. Editor Desert Noise:

I, in company with Nathaniel Hawker, of West Weber, Utah, first visited this place last Decem-ber, and we were in this vicinity about a week which we spent in holding meetings and explaining the principles of the gosp-1 at the fireside; and on leaving were requested to call again. I returned to this place early in April lasti and have labored in this and adjoining stuce, in connection with Elder Hawkes, Lapisn and Anderson, the latter being with me at present We have beld many meetings which have been generally well attended Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or vestigating our principles. Further "And they will tell you explicitly and that we have accomplished much, aside from removing prejudice from the minds of the people. We have considerable opposition to meet and in many places we cannot get houses to preach in and therefore contemplate holding out door meetings, when the weather will permit.

About seven miles to the west of this place, is the city of Terre Haute, which is about the size of, and in some respects resembles Salt Lake City. It is the cleanest and best ordered city of its size or larger, I have seen since leaving Utah, and it is the home of Judge Carlton of the Utah Commission. I have met and talked with many who are personally acquainted with him, and they all have a good word for him and say he is a gentleman in the and say he is a gentleman in the strictest sense of the word. On July 1st we attended a meet-

ing held by the Seventh Day Adventists, in the town of Farmersburg, Sullivan County, and were surprised to hear them preach such plain Bible doctrine as they did. The discourse was upon the final condiion of the earth and its saved inhabitants. They have been holding meetings there for some weeks it, and according to report have won over about six y persons, which would be about half the inhabitants of the place. From what I could learn from those who attended their meetings regularly, they depart far from the Bible teachings in many instances, and many of their ideas were very amuseing to me. According to accounts given by some of of the newly made converts, new nambers are taken or received into

the church and are afterwards bap-tized. They believe in and practice the laying on of hands for ordina-tion to office, etc., but not for the gift of the Holy Ghost. They ob-serve Baturday as the Sabbath and hold that the keeping of this one of the tell commandments is one of the ten commandments is really the seal of (skd, or having the Father's name written in their foreheads, or as they say in the mind, and those who keep Sunday for the abbath have the mark of the beast hey hold to at the signs of the sound coming of Christ are all fulfilled but the last great one in the east. They claim that the sun has been darkened and the stars have alkn from heaven. They refer to he shower of shooti g star- r meteors which took place in 1833, an

Oh, My Back!

That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, -cold, rheumatism, dyspepsia, over-work, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as BROWN'S IRON BITTERS, and it does this by commencing at the foundation, and making the blood pure and rich.

> Wm. P. Marshall; of Logansport, Indiana, writes: " My wife has for many years been troutiled from pain in her back and general debility incident to her sex. She has taken one bottle of Brown's Iron Bitters, and I can truthfully say that she has been so much benefited that she pronounces it the only remedy of many medi-

Leading physicians and clergymen use and recommend Brown's Iron Bit-TERS. It has cured others suffering as you are, and it will cure you.
