BUILDING AND SAVINGS COMPANY

Placed in the Hands of a Receiver As the Result of J. J. Driver's Suit.

WEBER COUNTY COMMISSIONERS

Sandford Estate Complications to be Adjusted in Court—Happy Wedding Chimes.

George J. Kelley was yesterday appointed receiver of the Ogden Building and Savings company by Judge Rolapp. The receiver was appointed at the request of Jesse J. Driver, a stockholder in the company. Mr. Driver filed a complaint in the district court against the Ogden Building and Savings company setting forth that he is the owner of five shares of capital stock of the defendant company, valued at \$500. That the company has assets amounting to \$5,000 and liabilities amounting to \$7,500. Plaintiff prays for judgment in the sum of \$500 and costs of suit.

SUIT FOR \$500.

In the district court J. H. Hamner, through his attorneys, Henderson & MacMillan, has brought suit against Ogden State bank and H. Goodfriend for the recovery of \$500 and damages and costs. The complaint sets forth four causes of action, viz: First—A defendant bank gave said Goodfriend a certificate of deposit for \$250 which Hamner cashed for Goodfriend and later when he presented it at the bank, payment on it was refused. The second cause of action is the same, viz, the bank gave Goodfriend a couple of cashiers' checks for \$150 each which Hamner cashed and which the bank also refused payment on. The fourth cause of action alleges that Goodfriend gave C. H. Smyth a check for \$150, which Hamner cashed for him and the bank also refused payment on. Hamner prays judgment for the amount of the four causes of action.

COMPLICATIONS OF SANDFORDS.

A petition has been filed in the probate division of the district court by George Marsh, as attorney for Edwin F. Sandford, a boy 14 years of age whose parents died some time ago. The petition prays that Simon Sandford, uncle of the boy, be appointed his guardian instead of Timothy Kendall who was appointed by the court a short time after the boy's father's death. The case promises to be quite interesting before settled. At the time of Jonathan Sandford's death, his brother J. T. Sandford took possession of his estate, consisting of a small store valued at \$100 and run the same for a considerable time without giving any accounting until required by the court, and then he was removed from possession of the store and Mr. Kendall appointed administrator of the estate and guardian of the boy. George Halverson represents Mr. Kendall. The case will come up for hearing Nov. 17, 1903.

COMMISSIONERS' MEETING.

At the meeting of the board of county commissioners the following business was transacted:

The Daily and Saturday News delivered by carrier. Any complaints as to service will be promptly rectified by the circulator.

R. Wilson submitted his estimate of \$1,500 as the amount necessary for the purpose of paying his salary, institute expenses, etc., for the school year of 1903 to 1904. The matter was referred to the finance committee.

Joseph Manning was appointed constable of Hooper. Commissioner Fowles in recommending Mr. Manning's appointment stated that it is alleged that liquor has been sold to miners in that precinct, and is called "Aunt Ann's Best," a homemade wine manufactured by a Mrs. Lowe. That recently at a dance in that town several young boys were staggering drunk as the result of drinking such beverages. County Attorney Hulaniski stated that the sale of intoxicants to these miners would be investigated and the violators of the law prosecuted.

Some routine matters were disposed of and adjournment taken for one week.

WEDDING PERMITS.

Marriage licenses were granted to the following couples: John C. Turner, 21, and Miss Eva Jane Ellis, 19, both of Pleasant View, Weber county. Christian Bonhwe, 23, and Miss Marie Hogruter, 27, both of Ogden.

RICHFIELD.

DISTRICT COURT HEARINGS.

Nelson-Bird Nuptials—Little Boy Breaks His Arm—Quiet Election.

Special Correspondence.

Richfield, Sevier Co., Oct. 31.—The district court was in session here yesterday and today. Business was transacted as follows: Case of J. B. Ivie vs Sheriff W. H. Clark, judgment rendered in favor of defendant. In this case suit was brought to recover goods and damages on alleged illegal attachment and sheriff's sale.

BONDS OF MATRIMONY.

Bonds of matrimony were dissolved between Henrietta Crawford and Frank Crawford.

SARAH A. ALLEN vs OSCAR D. NILSEN.

H. N. Hayes appointed guardian ad litem for said Oscar D. Nilsen, a minor.

Court adjourned to Nov. 4, at 7:30 p. m.

NIELSEN-BIRD NUPTIALS.

Marriage license was issued yesterday to John H. Bird, 26, and Annie Nielsen, 22, both of Salina.

Yesterday the teachers of Salina district school paid Richfield schools a pleasant visit and today have been in attendance at the Teachers' institute held here.

BREAKS HIS ARM.

The little son of Mr. and Mrs. Geo. Charlesworth of this city had the misfortune to break his arm this morning while running and playing about the deer yard.

Richfield is the quietest town in the state this year on election matters. People seem to be too busy to give much attention to politics.

SCROFULA THE CAUSE.

Eczema, catarrh, hip disease, white swelling, and even consumption have their origin in scrofulous conditions. With the slightest taint of scrofula in the blood, there is no safety. The remedy for this disease in all its forms is Hood's Sarsaparilla, which goes to the root of the trouble and expels all impurities and disease germs from the blood.

The best family cathartic is Hood's Pills.

CEDAR CITY.

FOUR TICKETS IN FIELD.

Old Folks and Monarchs Feted and Entertained.

Special Correspondence.

Cedar City, Iron Co., Oct. 30.—As foreshadowed in the writer's last com-

munication to the "News," the Democratic party of this city held its primary meeting and endorsed the "Citizens' prohibition municipal ticket," so that while we have four tickets in the field for Tuesday, next, there will be but two sets of officers to be chosen from by the voters, viz, the Citizens' Prohibition ticket and the straight Republican ticket. I observe, in reading the "News" that some of my Republican friends have taken issue with me and charge me with unfairness toward the Republican party of this city, and claim that in my letter to the "News" I did them an injustice, by not stating that they endorsed the prohibition movement and made it a plank in their platform of principles. I did not attend their primary, but learn that such action was taken.

Old folks day was observed here yesterday. Although the air was rather cool many of the aged were treated to a carriage ride through the principal streets of our city, visiting the Branch Normal en route, where they were kindly received and entertained for a short time. At 5:30 p. m. the honored guests were driven to the ward hall, where a sumptuous repast was prepared and partaken of, free to all over 65 years of age. As the shades of night came on the infirm were driven in carriages to their homes, while the remaining portion of the company with a large number of the married people of the town were entertained with dancing, singing, recitations and short speeches until midnight. Much credit is due the general committee for their efforts to entertain the company so successfully. Several of the early pioneers of Iron county residing at Parkview favored the old people with their presence and added to the evening's enjoyment in relating early reminiscences of life and experience in the first settlement of Cedar City and Parowan.

DO YOU BELIEVE IN SIGNS?

A mark, note, token or symptom, indicates that by which anything may be known, that is, we are forewarned if evil is to befall us, or we have the pleasure of anticipation if the signs betoken a fortunate occurrence. Accidental occurrences have the same, every disease has its symptoms. The points is to heed the former, and counteract the effect of the latter. Spells of the sick headache, indigestion and stomach disorders, belching, biliousness and dyspepsia are signs of sickness. People that believe in these signs and know that they are true from experience, can get immediate relief and a speedy cure by the use of Dr. Gunn's Improved Liver Pills. Sold by druggists for 25c. per box. Only one for a dose. For sale by Z. C. M. I. Drug Department.

BEST LINIMENT ON EARTH.

I, M. McHany, Greenville, Tex., writes, Nov. 24, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a jar of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend this Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be greatly benefited. A speedy and effective cure. 25c. 50c and \$1.00 at Z. C. M. I. Drug Dept.

THATCHER, ARIZONA.

PIONEER HONORED.

Seventieth Birthday of William D. Johnson—Wedding at Pima.

Special Correspondence.

Thatcher, Graham Co., Ariz., Oct. 23.—The St. Joseph stake officers, under auspices of the Relief society, fittingly celebrated the 70th birthday anniversary of Elder William D. Johnson, first counselor in the stake presidency, yesterday evening, in the academy chapel, which was well filled with appreciative friends. The evening was devoted to a pleasing program of songs, recitations and speeches followed by refreshments.

A sketch of Elder Johnson's life in verse, by Sister S. T. Foley, was read by Sister Josie Cluff. President Kimball briefly reviewed 19 years of the veteran's life as a member of the stake presidency. Elder Johnson was chosen first counselor to President Christopher Layton in 1884, when the St. Joseph stake was organized. He was chosen to succeed himself in the position in the present organization, making 19 years of faithful service.

The President of Relief societies in a fitting speech, presented our worthy friend, and presented our worthy brother with a gold watch and chain.

Mrs. Anderson, Jacksonville, Fla., daughter of Recorder of Deeds, West, who witnessed her signature to the following letter, praises Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—There are but few wives and mothers who have not at times endured agonies and such pain as only women know. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any I ever knew and thoroughly reliable.

I have seen many cases where women doctored for years without permanent benefit, who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it."

Mrs. R. A. Anderson, 233 Washington St., Jacksonville, Fla. \$1000 forfeit if original of above letter proving genuineness cannot be produced.

No other medicine for women has received such widespread and unequalled endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

with the inscription: "Presented by the Officers of the St. Joseph Stake to William D. Johnson, on his 70th Birthday, Oct. 23, 1900."

The evening's entertainment closed with a laughable farce, "Your Turn Next," presented by members of the Arizona Comedy company. Brother Johnson is hale and hearty, well preserved in life, though having passed through nearly all the hardships incident to pioneer days. He was born in Haddam, Conn., and went to Nauvoo in 1846. He went to Utah in the early days, and lived in Springfield. He was a pioneer colonist in Arizona, aiding in the organization of all the wards and branches except four which constituted the stake at its organization.

WEDDING BELLS.

The little city of Pima was the scene of a happy wedding last evening, when Karl V. Cluff of Thatcher, son of Benjamin P. Cluff and Miss Josie Follett, daughter of Isaac A. Follett of Pima, were united in marriage. President Andrew Kimball performed the ceremony in the presence of a host of relatives and friends.

RAYMOND, CANADA.

INITIAL RUN OF SUGAR PLANT

Best Crop a Partial Failure—Strenuous Times—New Towns.

Special Correspondence.

Raymond, Alberta, Canada, Oct. 29.—If there was ever a busy time for Raymond it is at the present. Not a man, woman or child in the district but is busy. Harvesting the beet crop and thrashing are on in earnest, and it keeps the farmers on the move to get his crops in.

The initial run of the big sugar plant will be made about Oct. 23. Already much of the machinery has been in motion as a test of its reliability, but it has been so far from the work, that talking with Field Superintendent O'Brien, a "News" man learned that only about 100 tons of beets are so far as the course of the beet harvesting is only begun. The amount planted to beets in this district was about 1,600 acres, but about 1,000 acres only of that amount was thinned. The beet crop in this district was a partial failure—not that the soil is unfit to grow them, but because the land was not in proper shape. It is estimated that thousands of dollars this season in cultivating sugar beets that now will not pay for grinding. Few beets in the district will pay for the work put on them, and it is a severe blow to those who have most of their summer's work in that crop.

The sugar company has about 50 Blood Indians in the best fields. Aaron Johnson, the local tragedian, is in from the new towns of Tabor and Bellevue. He reports some activity in building line in those districts. There are now at Tabor about 20 families. At Bellevue only three families, but many are preparing to locate there immediately, and next spring fully 50 households more will be established.

Many new fine residences are going up in Raymond.

There is talk of soon having a daily mail.

Presidents S. H. Allen and Will Knight have returned from Salt Lake, and report a glorious spiritual feast at the late conference.

Many of the old settlers of Raymond are moving out to their farms, and disposing of their city property to newcomers.

Northwest Irrigation company is surveying for a branch of its canal to the new district, about 30 miles east of Sterling. Indications are that there will be a saving of the younger beets from the old hive in the mountains.

The sugar beet industry is giving evidence of success. Wherever the land was in the proper condition at planting, and the thinning done in time, the yield has been from eight to 15 tons to the acre, and the quality of beets such as to justify the price of \$5 per ton. Even those of little faith in the enterprise are being convinced that "it will pay to raise beets."

The labor problem in beet culture has been solved by the services of the Irishmen, who came 100 strong from the reservation and engaged in piling and topping sugar beets, with striking skill and speed. They seem to be natural knifers, and the evolution of their race from the use of the scalping knife to that of the beet sickle seems a fulfillment of the prophecy concerning the turning of swords into reaping hooks, and spears into plowshares.

When the Lamanite laborers leave

their reservation they do so by permit only, and are under the supervision of one or more "deeds." "Day Chief," a venerable tribesman, had general oversight of all who came. Before work on the contract for \$5 per acre for cleaning and topping was begun, he stipulated that the Indian village of tents should be guaranteed freedom from molestation and that no firewater should be given or sold to any Indian. This precaution was wise, but quite unnecessary in this community. At all events, there has been no indication of any form of outlawing among the pale faces or their dusky brothers during the sojourn of the latter among us.

The machinery of the sugar factory is in motion, and at night the electric light from the many windows stream far out, on the prairie, like the illumination of what has many times caused consternation before the great ocean of grass was broken by railroad tracks, canals and plowed fields. The day of destructive prairie fires is, in this locality, past.

The September frost that cut the corn in Utah, one week later blighted some of the late wheat here, but no early grain suffered. Today the reaper is cutting and binding a large field of oats planted from July 10 to the 15, and it will make first class feed, hay and grain combined. Had it been planted in June, a good grain crop would have been harvested as the early frosts do not seriously affect oats.

Jack Frost has not yet locked the lakes and ponds that fairly swarm with ducks and geese. The prairie chickens are forming into greater winter flocks, the kip fox and coyote are growing more daring as the squirrel has gone to his burrow. An occasional antelope is seen on the prairie. The professional hunter does a lucrative business and the amateur Nimrod always bags something when he "goes a hunting."

We are always in a building boom. The Knight sugar company's new brick office and five new residences are the immediate additions to Broadway buildings. In various other parts of the town new buildings are in the erection, prominent among which are the new meetinghouse and tithing granary.

The health of the people is generally good. The schools are attended beyond the comfortable capacity of the buildings. Night school will soon be opened.

Local M. I. A. associations are arranging to furnish the public with a series of lectures.

Under the auspices of the B. Y. academy organization, the community had a rare musical treat last Wednesday evening. The attraction was Elder Oscar A. Kirkham, who has been studying under the masters in Berlin and London for over three years. Raymond congratulates herself on having this artist give her his first professional service and she showed her appreciation by filling every seat in the auditorium and asking for more room.

New homebuilders come with almost every train and all are led to the conclusion that there is ample room and opportunity here for any one who can, and is willing, to work.

Those who attended the late general conference bring the spirit of the gathering, and the instruction heard by them, and we all are thus benefited by their going and coming.

IT IS UP TO THE POLICE.

Vandalism and Hoodlums Rampant In Twenty-Second Ward.

To the Editor:

Apologies of what you said editorially in last night's "News," I wish to add a few facts about the vandalism that prevails in this part of the city.

There is a band of youthful hoodlums who rendezvous on the corner of Third North and Fifth West streets, which, if not broken up, will sooner or later do some irreparable mischief in the community. They have been organized now two or three years, and have committed all sorts of depredations. They are of the same class, though younger, as the young men who so shamefully abused a Chinaman a year or two ago.

Since the public announcement of the law against making bonfires at night, they have presented a bold and defiant front. Almost every night a bonfire was lighted on the corner where they meet supplied with fuel from the neighbors' fences. Saturday night last whole panels of fences were torn down and burned, as also were a number of gates. And worst of all these acts of destruction are done against those who can least afford them—widows who have little means of support. If there is no man about the house, that is a sure sign that the property will be destroyed by these cowardly boys.

I may add that these boys at their meetings on the corner spend their time in gambling, in smoking and chewing tobacco, and worst of all in the use of the most vile and filthy language. If there were were subjects for the reform school, here they are.

These facts have, I am informed on reliable authority, time and again, been reported to the police department. But it has been to no purpose whatever. Only the other night two or three of these boys beat an old man in the most unmerciful manner, and when the matter was reported to the officers, they declared that nothing could be done because two days had elapsed since the act was committed. And the man was lying, it was thought, at the point of death.

Yours for order, E.

PERSONALS.

President R. E. Curry of the Utah Federation of Labor has gone to Boston as a delegate in attendance on the annual meeting of the American Federation of Labor.

President L. G. Huck of the Annie Laurie mine, and Mrs. Huck, are at the Knutson from Chicago. Mr. Kimberly will be on later in the week.

Colonel and Mrs. Holmes are now in New York, and are expected home on the 15th inst.

F. B. Hammond of Moab is a guest at the White House.

William Budge and Jesse R. S. Budge of Paris are guests at the Wilson.

Capt. Ham of the quartermaster's department has returned from Indianapolis.

THE SECRET OF IT.

Miss Skreesh—Although my father is an invalid he takes a deep interest in my musical education. He always encourages me to practise my singing at home, even when he is in greatest pain.

Miss Pepprey—Well, they do say that a great pain will make one forget a lesser one.—Philadelphia Press.

SOZODONT.

BETTER THAN GOLD.

for the teeth. It prevents decay. It hardens the gums and purifies the breath and mouth.

SAVES YOUR TEETH.

ASK US ABOUT

It contains ALL the medicinal elements of cod liver oil, actually taken from genuine, fresh cod-livers, with organic iron, and other body building ingredients, in a deliciously palatable and easily digested form. It is therefore recognized as the

GREATEST MODERN STRENGTH CREATOR

known to medicine—the original GUARANTEED REMEDY FOR

Chronic Colds—Hacking Coughs.
Sure signs of danger ahead. VINOL is the exact medicine needed. It does not upset the stomach, and it surely heals and renews the irritated, diseased surfaces that cause the cough. Try it at our risk.

Bronchitis—Sore Lungs.
There is no medicine so valuable for restoring strength to the throat and lungs as VINOL. It is the grandest lung medicine known. This we guarantee.

Debilitated—All Tired Out.
It is not natural to feel continually tired. We guarantee VINOL will bring life, strength and vigor to the debilitated, run-down system.

To Gain Flesh—To Get Strong.
We know VINOL will make flesh faster than any preparation containing grease. We can prove that VINOL quickly creates strength.

Old People—Weak People.
Need a strengthening and invigorating rebuild. VINOL is of exceptional value in such cases. VINOL positively rejuvenates old folks. Money back to those not satisfied.

Nervousness—Irritability.
Diseased nerves are due to overwork, insufficient nourishment or slow breaking down of general health. VINOL actually rebuilds the entire body and heals ragged nerves.

Pale Women—Pale Children.
Pale, haggard faces show that the blood is poor and thin, also indicate imperfect digestion. VINOL will correct such troubles as surely as the sun shines.

Nursing Mothers—Weak Mothers.
You know the life and future development of the child depend upon proper nourishment. VINOL helps nature change food into body material. VINOL costs nothing unless it benefits.

THIS WARRANT IS PRINTED ON EVERY VINOL PACKAGE.

THIS BOTTLE OF VINOL IS

WARRANTED

TO HELP YOU

If you take it for any of the ailments for which it is recommended. If it does not, bring it back and get the money you paid for it—it's yours and we want you to have it. We want you to have it. We want you to have it. We want you to have it.

VINOL

SYRUP OF FIGS

To sweeten,
To refresh,
To cleanse the
system,
