WASHINGTON LETTER.

From our Empiler Correspondent.

Washinstoney, Feb. 9, 1902....."Giration America," said a member of the Secule controllation on foreign relations, world grow into a popular eliticaletti in the most future, and the party that with the said future, and the party that with the last future in going to be the party that with control this country. Little Hawaii is that the entering wedge, and unless I am a value prophet, the time is almost dipe for the american of Canada, Cala, Mexico, and even Hayti and the Duminger. His more of the strong air rails of human nature to week to add to what one already has, and the only wonders is that the United States fars not long before this generatively into ancessation."

The Hawaiten, emeasaton these plant more in the diplomatic edge, and the attempt is being made to carrierod it with the mystery and accesses a dure to the hearts of the human accesses a dure to the hearts of the humans of the Department of State. The commissioners from the last guerrantee of the care of the plant of the forward heart had consequent of the care of the forward heart had consequent on the care of the forward heart had consequent on the care of the forward heart had care on the section of the care of the forward heart had care of the forward heart had care on the care of the care of the plant of the care of the care of the plant of the care of the care of the care of the plant of the care of

class in the hearts of the bangers-on of the Department of State. The commissioner from the twee government of fixeral have had several conferences with the secretary of shale, who has given up the bles of exagining and given up the bles of exagining and gaing to hisraps as United States—caused before the Refring sea arbitration tributant, in order to give his situation in the Hawaiian matter, but its conferences have nown secret, and about all the profile knows about them is that the idea of a professional commission with the work of the commission with the work of the commission with the work of the department of the work o
