

and proceeded down the bay to meet the released patriots. They took them on board at the quarantine station, and a scene of the most striking character took place. The exiles were warmly embraced by their fellow-countrymen, who had assembled to welcome them to America. Both Condon and Melody looked wonderfully strong and healthy considering their recent release, after an imprisonment of eleven long years. They were delighted beyond measure at the cordial reception which was granted them. They were soon landed at the Battery, and thence conveyed in carriages to Sweeney's Hotel. The news of their arrival quickly spread, and throughout the day the hotel was thronged with persons desirous of grasping the hands of the exiles. The committee of Nationalists, through Michael Davitt, presented them with a long address of welcome.

Both Mr. Condon and Mr. Melody made a brief address and returned their cordial and heartfelt thanks. No public demonstration or parade will be given, but a substantial purse is being made up for the parties.

Detective Reeves, of Cleveland, Ohio, arrived at the central police office at noon, to-day, with Norman C. Martin, alias Geo. Warren, who was arrested in Youngstown last Saturday on suspicion of being one of the forgers who obtained the \$64,000 from the Union Trust Co., last January, by forging the names of the president and vice-president of the New York Life Insurance Company.

#### WASHINGTON, 29.

Ex-Governor Shepherd and John T. Mitchell, Esq., who left here last night, for St. Louis, took with them 50 packages of various goods and \$1,500 in cash, with which to begin a cargo of supplies for the suffering people along the line of the Mississippi River, who are cut off from railroad communications and in great need of assistance. It is hoped that a full steamboat load can be shipped by Thursday of this week, through the co-operation of the St. Louis committee and other bodies that have agreed to contribute.

CHICAGO, 29.—Gen. Sheridan has a dispatch from Gen. Pope, stating that a detachment of the 4th cavalry, under command of Capt. Mauck, had an engagement with the Indians on the 28th, in the cañons of the Famished Woman's Fork, near Fort Wallace, Kansas. Lieut. Col. W. H. Lewis, of the 19th Infantry, and three men were wounded. Only one Indian was killed. Col. Lewis died of his wounds on the 29th, while en route to Fort Wallace. He was a graduate of the military academy in 1849, a native of Alabama, and about 50 years of age.

NEW ORLEANS, 29.—The weather is clear and pleasant. The deaths for the 24 hours ending noon were 52; cases reported, 264; total cases to date, 9,285; deaths, 2,810. Only 103 occurred since September 25; 143 cases dating from Sept. 7th to 8th, were reported by one physician, of which only 35 were dated since the 26th. Dr. J. Theus Taylor, lately of New York, died at three this p.m. of yellow fever.

NEW YORK, 30.—The *Tribune's* dispatches show the total fever deaths to date to be 7,927. New York has raised \$363,000 for the sufferers.

The Times New Orleans special has the following details of the Acklin affair: To-day the matter was the topic of conversation all over the city. Acklin selected a committee of four gentlemen, Duncan F. Kenner, Judge Albert Voorhees, Gov. Penn, and Major Hearsey, editor of the *Democrat*, to examine all the documents among Smith's effects and the testimony possessed by himself in the matter. Smith's house and effects were under seal of the public administrator, but Judge Tissot granted an order to remove all the seals and have the documents examined. All over the city the charges are considered so atrocious as to be almost beyond belief. The affidavit among Smith's effects, set forth that the mother of Miss Pelfrey helped Acklin to seduce her daughter, and gave an affidavit afterwards to clear him and herself. Furthermore, that Acklin afterwards employed a physician on Rampart Street, in this city, to procure an abortion. Other details are elaborated which make the story horrible and revolting beyond measure. The visit of Acklin's agent to Smith is considered to have been but little

short of sheer murder, and is so commented on freely by everybody.

SAN FRANCISCO, 30.—Two of the Mexicans who recently murdered ex-Sheriff Adams and ex-County Clerk Finley, of Santa Clara County, near Tucson, Arizona, were captured in Sonora, and shot by order of Governor Marescal.

#### FOREIGN.

LONDON, 27.—A telegram from Constantinople says: The British fleet will come up to Constantinople on Saturday to salute the Sultan before withdrawing to Arkaki.

A dispatch from Vienna says: According to the latest news, 30,000 insurgents have concentrated in the neighborhood of Vichegrad.

It is asserted that Musurus Pasha the Turkish ambassador to England, has intimated that English financial aid might be hoped for.

A correspondent at Constantinople states that the project of the treaty proposed by Russia for enforcing those portions of the treaty of San Stefano which were not abrogated by the Berlin congress, fixes the amount of war indemnity to be paid by Turkey, exclusive of territorial concessions, at 310,500,000 francs.

MONTREAL, 27.—Edward H. Goff, ex-president of the Boston, Montreal and Portland Railway, has absconded, the grand jury having found a true bill against him for forgery on the Canadian Agricultural Insurance Company.

BERLIN, 27.—The parliamentary committee has completed its first reading of the socialist bill and adopted the clause providing that the final court of appeals, for cases arising under the bill, shall consist of four members of the federal council, selected by their colleagues, and five judges from the supreme courts of the empire, or individual states, the Emperor to appoint the president and vice-president of this court.

The Emperor William, in the course of a written reply, thanking the Reichstag for its address of sympathy, says: The gravity of the time is clear to all. We must each, according to his power, strive to avert the dangers threatening the safety of the state. The bill submitted to the Reichstag is intended to serve this end. My firm trust accompanies the labors of the Reichstag.

ST. PETERSBURG, 27.—The *Norve Vremia* reports that Lord Salisbury has asked what is the object of the Russian mission to the Ameer of Cabul, and what position Russia intends to assume regarding Afghanistan. The *Golos* says the report is probably correct, but needs confirmation. It thinks Russia will reply that she does not feel bound to explain the object of the mission, and that in the event of a war between England and Afghanistan she will observe the same degree of neutrality that was observed by England during the late war between Russia and Turkey.

MADRID, 28.—Intelligence has been received here that numbers of the inhabitants are dying from starvation at Fez and Mequinez, Morocco.

LONDON, 28.—A dispatch from Constantinople under date of the 26th, says: The Russians continue to retreat on Kirk Killissa and Adrianople, where they expect to arrive about the 2d of October.

Yesterday, Gen. Skobelloff, with the fourth corps, was at Tchataldja, and was about to move to Tchorlu, where he will be joined by the ninth corps, which lately occupied the country between Rodosto and the northern shore of the Gulf of Saros, and a large part of which was concentrated before the Bulair lines.

It has been arranged that the Turkish infantry shall advance, keeping at a distance of 25 kilometres. The intervening space will be, in great part, occupied by small bodies of cavalry, in the hope of preventing disorders.

Gen. Skobelloff has issued public notices that a court martial will be formed, and all persons convicted of certain specified crimes will be punished by death.

Steps are being taken to create a financial commission in which there will be an Ottoman president and two foreign vice-presidents, one English and the other French.

ST. PETERSBURG, 28.—It is officially denied that Russia had anything to do with the Ameer's rejection of the British mission. It is stated in official quarters that the conjectures of the English press to that effect are merely the outcome

of the antagonism existing during the late war, when it was admitted, in consequence of the report that England was attempting to create difficulties in Bokhara and elsewhere, that Russia took various measures and contemplated several expeditions to reconnoitre the neighboring territories, which, however, were countermanded at the first sign of the congress resulting in peace.

VIENNA, 28.—The Duke of Wurttemberg telegraphs that Liono surrendered on Saturday morning. After the place was completely invested it was bombarded by thirty guns, which greatly damaged the fortifications. The Turkish quarter was besieged, and the insurgents made several unsuccessful attempts to break out.

VIENNA, 29.—Gen. Philippovich, replying to an inquiry from the war department, states that three divisions can be recalled from Bosnia by the end of October. The reserve force of the corps of observation will also be furloughed, and a number of horses sent home.

A dispatch from Belgrade says the Albanians are concentrating on the Mitrovitz and Taconia railway, and are moving slowly, but apparently with a definite purpose, towards the Bosnian frontier.

General Joanovich telegraphs that on Saturday, after five days violent bombardment, Klobuk, the last refuge of the Herzegovian insurgents, surrendered, having made a brave defence. The destruction of the fortified rock was immediately commenced. The Austrian loss was trifling.

LONDON, 30.—Telegraphic dispatches from India leave little room for hope that the Afghan difficulty will be arranged peaceably. Government is hastening military preparations. Troops are being collected from all sides and sent to various points on the northwest frontier of India.

A correspondent at Calcutta telegraphs as follows: "The government will make Lahore their headquarters for the winter, and will not return to Calcutta. The foreign office has received orders from the camp at Lahore. This looks as if the Viceroy entertained no hopes of peace. The government are anxious to avoid acting harshly. The Ameer has still the choice of submission open to him. In any event it is doubtful whether an attempt to invade Afghanistan on a large scale, will be made until spring. Accurate information regarding the Ameer's strength is wanting, but it is known that he has a well-equipped standing army after the European model, besides irregular levies. The most difficult question to be encountered is the possible hostile attitude of the border tribes. The faintest mistake, in tact, or error of judgment, might excite a blaze of warfare along the whole frontier for 800 miles. It is estimated that these tribes can easily turn out 100,000 fighting men."

"Junction" Items.—The examination of O'Neil, the man arrested on suspicion of burglary, before Justice Middleton, closed on Saturday, resulting in the prisoner's being committed to await the action of the grand jury.

The Union Pacific Railroad commission, including Charles Francis Adams, of Massachusetts, passed through Gden last Thursday evening.

Apostle Wilford Woodruff and President J. D. T. McAllister, of St. George, passed through Ogden, Saturday morning, on their way to Wellsville.

Brother Jonathan John, of North Ogden, died on the 24th inst. He was a son of Elder John John, by whom he was baptized in the year 1854. He emigrated to Utah in 1861.

Tabernacle Services.—The congregation, yesterday afternoon, was addressed by Elders James H. Hart, Edward Stevenson and Joseph F. Smith.

The first speaker had been connected with the Episcopal Church and afterwards with the Baptist Church, before he heard the fulness of the gospel as taught by the "Mormons," and was favorably disposed to the truth, on reading the prophecy of Daniel, regarding the setting up of the Lord's kingdom in the latter days. He adduced proof to the effect that the "Mormon" Church was the only system which answered the term and meaning of the prophecy, the only organization under the whole heaven that was a faithful counterpart

of the ancient Christian Church, established by Jesus Christ, and that it seemed strange that the world's people, who professedly believed in the Bible, should be such strenuous opposers of its literal fulfillment.

Elder Stevenson felt thankful to be home again among the Saints, after fulfilling another mission to the United States. He felt prouder of his religion every day, as the evidences of its truth and divine authenticity became more and more apparent. He gave some account of his recent experience in the world as a missionary, and concluded with a testimony to the truth of the gospel.

Elder Joseph F. Smith bore a strong testimony to the divine mission of Joseph Smith, the Prophet, and enlarged upon the subject started by the first speaker, regarding the doctrine and practice, and the similarity of experience taught and endured by the ancient and modern Saints.

The choir, led by Professor E. Beezley, rendered the anthem, "Arise and Shine, for thy Light is Come," after which the services ended.

#### What Might Have Been Heard.

Almost any day during the Centennial, a knot of physicians might have been seen gathered around the elegant glass case, standing in the Main Building in which Benson's Caprine Porous Plaster was exhibited, discussing its merits and superiority over other porous plasters, and the listener might have heard words of warm praise fall from their lips as they spoke of the revolution it would likely effect in remedies for diseases treated externally, such as rheumatism, lame and weak back, spinal and kidney disease, sciatica, lumbago, sprains and bruises, and all aches and pains of a local nature. With these opinions the Centennial jurors, who were also learned physicians, were in perfect accord, and awarded the manufacturers of Benson's Caprine Plaster the only medal given to porous plasters. To avoid fraud, see that the word Caprine is out through each plaster. Sold everywhere. Price 25 cents.

#### BENSON'S CAPRINE POROUS PLASTER

was invented to overcome the great objection ever found to the old style of porous plasters, that of slow action in bringing relief. Benson's Caprine Porous Plaster relieves pain at once and cures quickly. It imparts a sensation of gentle and stimulating warmth and brings rest and comfort to the sufferer. d&w lm

#### Spring Wagons.

Parties wishing to purchase Spring Wagons are requested to call and examine my stock of Spring and Top Wagons, made with special reference to this market.

Blue Front,

L. B. MATTISON.

HONEY!—Why is it the purest sweet in the world? It is, and has been, used in the healing art, to the satisfaction of thousands, who can say aught of white, beautiful honey, gathered from the countless thousands of the splendid flowers that adorn our fields and gardens. Horehound! What mother lives that is not acquainted with its virtues in banishing coughs and colds from the family; why is it so well known that every candy shop would lose its custom unless Horehound candy occupied a place, and the most prominent position in every showcase. Tar looks black, and ladies raise their skirts for fear of getting their clothes soiled; yet it is the vegetable production of the beautiful pine tree that grows in our southern forests; and by the aid of chemistry it is found to contain medicinal qualities universally admitted by physicians of the highest standing. Its preserving qualities are well understood by every shipowner, and when contagion, disease and death infect their vessels, they fumigate the polluted ship from stem to stern with tar, thus removing the demon of disease and death, insuring the health and life of every passenger on board. Honey, Horehound and Tar combined together, aided by science and the highest chemical skill, form a remedy admitted by the most experienced physicians as the best, most certain and harmless preparation ever made for the radical and speedy cure of Coughs, Colds, Hoarseness, Influenza and all Bronchial Affections leading to Consumption, from which thousands are suffering. This valuable remedy is known as

Hales Honey of Horehound and Tar.

Prices, 50 cents and \$1. Great saving by purchasing large size. Depot, Crittenton's, 7 Sixth Avenue, New York City.

Pike's Toothache Drops cure in one minute.

#### They All Take It.

When the system is run down to that extent that you pass sleepless nights, are nervous and irritable, have gloomy forebodings, sour stomach, sick headache, and coated tongue, do not enroll yourself as high private, in the rear rank, under General Debility, but cheer up and try White's Prairie Flower, The Great Liver Panacea, now for sale in every city and town on the continent. No medicine ever compounded is half its equal for the cure of DYSPEPSIA and LIVER COMPLAINT. It has a specific power over the liver, and by curing the liver Dyspepsia and all other diseases arising from it, vanish as if by magic. Sample bottles are sold at the small price of 25 cents that will convince you of its merits. Large size bottles 75 cents, for sale everywhere.

For sale, wholesale and retail, by the Z. C. M. I. Drug Department and Moore Allen & Co., Salt Lake City. d226 w29

THE Rock Island 10, 11 and 12 in. Stirring Plows, Harrows and Cultivators are made of the very best material, constructed to meet the wants of the country and are in every sense strictly first-class goods.

PHIL MARGETT'S establishment will be furnished with chairs and tables, during the Fair, for the accommodation of the proprietor's friends from town and country. All who wish to rest and refresh themselves with "a bit of bread and cheese" and a glass of ale or lager, will find these commodities at Phil's, opposite the Fair grounds south.

THE Rock Island Gangs and Sulky's are made entirely of iron and steel. They have the draft direct from the beam. Can be easily changed to or from the land, set to run any depth, and be either locked, or run loose when working over clods or rough ground. They have no equal for strength and durability. s&w

#### A CHALLENGE.

I challenge any party in Utah, Montana, or Nevada, to inform me of any breakage that has occurred in the new patent Steel Skein of the Mitchell Wagon. They are acknowledged by all who have used them to be the best wagon in Utah. Parties coming to Conference should examine these wagons at my yard.

L. B. MATTISON,

General Agent for Utah, Montana, and Nevada. s&w

#### The Mirror Tells

a flattering tale to those who are sensible enough to beautify their mouths with SOZODONT, which makes the teeth as white as alabaster, besides rendering the gums rosy and the breath sweet. No toilet service is complete without this famous dentrifice. d&w

FARMERS make note of it.—A carload of the famous Buford Rock Island Gang and Sulky Plows, Stirring Plows, Harrows, Cultivators, Shovel Plows, Road Scrapers, &c., just received by

A. J. JOHNSON,

s w General Agent for Utah.

THE SCHUTTLER is acknowledged to be the standard wagon. Mr. Geo. A. Lowe has just received a full supply of these wagons, also a stock of South Bend Chilled Plows, Garden City Clipper Plows, Buckeye Grain Drills, Corn Shellers, Cider Mills, Fanning Mills, Horse Hay Forks, Hay Knives and every description of farm machinery, at greatly reduced prices. Call and see him at his office, half block south of Theatre.
