

## ISIDORE RUSH SWEEPED OUT TO SEA.

The Star of the "Glittering Gloria"  
Company Caught by a Mam-  
moth Breaker.

## BROUGHT ASHORE UNCONSCIOUS.

Some Faint Sparks of Life Were No-  
ticed, but the Well Known Ac-  
tress Soon Died.

San Diego, Cal., Nov. 14.—While bath-  
ing in the surf this afternoon Isidore  
Rush, the well known actress and the  
star of the "Glittering Gloria" company,  
which was billed to appear at the La  
Jolla theatre tonight, was caught by a mam-  
moth breaker and swept out to sea.  
Several persons hastened to her assist-  
ance and she was brought ashore un-  
conscious. Two physicians were  
summoned at hand and they exerted  
every known means to resuscitate Miss  
Rush. Once or twice there were faint  
signs of returning vitality, but these  
proved deceptive, and shortly after 6  
o'clock the actress was pronounced  
dead.

The sea during the past few days has  
been unusually high and was danger-  
ous even for the most practiced swim-  
mer. Miss Rush had the reputation of  
being something of an athlete in sports  
of all kinds. She was a fair swimmer,  
but even the most prudent man who had  
been in the water with the surf that  
was running this afternoon.

Notwithstanding these unfavorable  
conditions, Miss Rush, Wilton Heriot,  
a leading member of the company, Miss  
Olney, a niece of former Secy. Olney,  
and several others plunged into the  
surf.

Shortly afterwards, Miss Rush and  
Mr. Heriot were swimming at a point  
about midway between the old pier, just  
below the hotel, and the bath house,  
when suddenly a huge breaker broke  
over Miss Rush, who was some distance  
from Mr. Heriot. The undertow caught  
Miss Rush and, notwithstanding her  
bath efforts to regain her feet and  
buckle with the waves, she was swept  
out toward the sea.

Mr. Heriot immediately perceived the  
accident and hurried to her assistance.  
He swam to her and tried to assist her,  
but she was so far away that he was  
unable to do so.

Within a few minutes Miss Rush's  
limbless body was brought to shore  
by Messrs. Smith and Jaffa. Mr. Heriot  
was also unconscious and his rescuers  
struggled to resuscitate him by rolling his  
body across a log. In a short time their  
efforts were successful and Mr. Heriot  
walked to the hotel.

In the meantime word had been sent  
to the hotel for assistance and Dr. Lor-  
rid, the house physician, quickly re-  
sponded. Word was also sent to Dr.  
Lorrid and within a few moments he ar-  
rived on the scene. The two physicians  
labored over the unfortunate actress for  
over an hour, but in vain.

The supposition is that Miss Rush  
was battling with the breakers suf-  
fering from heart failure, which  
rendered her helpless and caused her to  
drown.

Tonight it was announced that heart  
trouble, and not drowning, caused the  
death of Miss Rush, this being estab-  
lished by the absence of water in her  
lungs. The remains of the unfortunate  
actress will be held here pending ad-  
vice from New York.

## LIVESTOCK INTERESTS.

### National Convention to be a Congress to Consider Them All.

Denver, Nov. 14.—The annual con-  
vention of the National Livestock as-  
sociation, to be held in this city on Jan.  
1, 1905, is to be a congress of all  
livestock and allied interests. Assur-  
ances have been given the officers of  
the association by representatives of  
the railroads and big packers that they  
will have their agents in attendance  
with power to make concessions and  
readjustments of rates and charges.

President E. J. Hagenbath has just  
received from an extended trip in the  
west and reports that cattle raisers  
and shippers are everywhere showing  
an unusual degree of interest in the ap-  
proaching convention. There is a pos-  
sibility that the differences which have so  
long divided these interests will be set-  
tled and that they will come together  
in an amicable agreement as to the use  
of the range.

Tonight President Hagenbath leaves  
for Omaha and for the next few weeks  
he will devote his efforts to securing  
the cooperation of the railroads stock-  
ing men and the packers in that city,  
Chicago, Kansas City, St. Joseph and  
all points where cattle are shipped.

## Gov. Elect Higgins III.

Buffalo, Nov. 14.—Gov. elect Frank  
Higgins arrived in Buffalo last even-  
ing. He has been indisposed since the  
election. Today he consulted Dr. Ros-  
s and Dr. Park who had treated him several  
times ago. Dr. Park stated that he  
had not been called upon to treat Mr.  
Higgins.

## Will Meet Russian Squadron.

Taken, Nov. 14.—The emperor presided  
at an extended conference of the mili-  
tary and naval staff in the palace today.  
While the proceedings were secret, it is  
understood that plans were discussed  
for dealing with the Russian second  
fleet squadron when it arrives in the  
Pacific.

## COMMISSIONER WARE.

Head of Pension Bureau Has  
Tendered His Resignation.

Washington, D. C., Nov. 14.—Pension  
commissioner Ware has tendered his  
resignation, to take effect on Jan. 1. He  
was except to state that the new ap-  
pointment of the country had been "re-  
sisted" him for the past two years. For a  
time at least it has been definitely

## Consult your doctor about your cough

At the same time ask him  
what he thinks of Ayer's  
Cherry Pectoral. He will  
know all about it, for we  
send doctors the formula.  
For over 60 years doctors  
have endorsed it for colds,

chitis, asthma.

known that Mr. Ware would resign  
from his office soon after the fall elec-  
tions and return to his home in Kan-  
sas to resume his law practice.  
It is believed here that Commissioner  
Ware's action was not due to any sug-  
gestion that the severance of his rela-  
tions with the pension office would be  
agreeable to the president. On the con-  
trary, it has been no secret that Com-  
missioner Ware, soon after assuming  
his duties, found the duties of his office  
distasteful to him and that this dis-  
taste steadily increased. There is no  
intimation tonight as to who his suc-  
cessor will be.

## Fifth Trial for Dr. Ames.

Minneapolis, Nov. 14.—The fifth trial  
of Dr. A. J. Ames will begin Nov.  
28. The case was set today on motion  
of Assistant County Attorney C. E.  
Jolley and the work of preparing a  
special venire of 100 men began at  
once. The trial will probably be on the  
indictment charging that Dr. Ames ac-  
cepted a bribe of \$20 from Jessie Lee.

## TELLURIDE MILLS.

Post Notice that Eight-Hour Day  
Is to Prevail.

Denver, Nov. 14.—Notices were post-  
ed at the mills of the five big mines of  
the Telluride district tonight that in  
the future the eight-hour day would  
prevail in the mills. The mines con-  
cerned are those of the Smuggler  
Union, Liberty Bell, Tom Boy, Nellie  
and Alta.

It was the demand for this concession  
in the mills of the state that precipi-  
tated the strike in the mills and mines  
of Colorado and caused the bitter strife  
between unionists and mine owners in  
the Telluride and Cripple Creek dis-  
tricts.

A minimum wage was promised under  
the new arrangement is \$3 a day. At  
one time the Western Federation of  
Miners offered to accept \$2.75 for an  
eight-hour day.

While no authorized announcement to  
that effect has yet been made, the gen-  
eral opinion is that under the new or-  
der no discrimination will be made  
against the employment of union men.

When seen tonight Secy. Haywood  
expressed the most complete satisfac-  
tion with the news from Telluride.

## Committee Sails for Colon.

New York, Nov. 14.—The congress-  
ional committee, headed by Congress-  
man W. B. Hepburn as chairman,  
which was appointed to inspect the lo-  
cation of the Panama canal, sailed to-  
day on the United States transport  
Sumner for Colon.

## Indorse Hemenway for Chairman.

Evansville, Ind., Nov. 14.—Members  
of the legislature recently elected from  
the first district met here today, and  
unanimously indorsed James A. Hemen-  
way, chairman of the appropriations  
committee in the national house of rep-  
resentatives, for the senate, to suc-  
ceed Vice President-elect Fairbanks.

## A LONE HIGHWAYMAN.

Hold Up Placerville and Au-  
burn, Cal., Stage.

Auburn, Cal., Nov. 14.—Word has  
reached this city that the stage run-  
ning between Placerville and Auburn  
was held up by a lone highwayman  
three miles east of Cool today. The  
robber did not molest the passengers,  
but took the sacks of registered mail  
which the stage always carries.

## WOMEN MUST WORK.

President's Directions Concerning  
Their Employment Violated.

Washington, Nov. 14.—It appears  
from developments today that Presi-  
dent Roosevelt's directions regarding  
the employment of sewing women at  
the Schuykill arsenal in Philadelphia  
have not been carried into effect.  
Michael Francis Doyle, of Philadel-  
phia, representing the sewing women,  
called on the president today and in-  
formed him that his orders had not  
been carried into effect.

He pointed out that the making of  
trousers, which amounts to about \$90,  
a year, had been withheld from the  
women in direct contravention of the  
president's order. After hearing Mr.  
Doyle's statement the president sent a  
note to the war department asking for  
a report on the matter and calling at-  
tention to the fact that he had directed  
that the work be given to the women.

He indicated his intention of ascertain-  
ing who had violated his instructions  
and why they had been violated.

## Not Booking Steerage Passengers

London, Nov. 14.—The agents here of  
the North German Lloyd Steamship  
company have been telegraphically or-  
dered to cease booking steerage passen-  
gers to New York.

## WEBER MURDER CASE.

Local Feeling Runs High Against  
The Son.

Auburn, Cal., Nov. 14.—The Weber  
murder case is progressing slowly, as  
nothing can be done until the entire  
ruin has been run through the min-  
ers' strike-box. Up to noon today the  
weapon which was used to commit the  
murder has not been found. The gen-  
eral local feeling is running very high  
against young Weber, but as he is in  
the county jail, there is no fear of any  
unlawful act on the part of the citi-  
zens. Only his relatives and lawyers  
are allowed to see him. The debris will  
have all been worked over by tomor-  
row.

## GOOD ADVICE TO NEGROES.

Booker Washington Points Way  
To Peace and Prosperity.

Birmingham, Ala., Nov. 14.—In an  
address to the colored citizens, deliv-  
ered here tonight, Booker Washington  
said:

"Not a few have predicted that an  
account of the recent election many  
members of our race would lose their  
heads, would become unduly pompous,  
self-assertive and generally offensive.  
With all the earnestness that I can  
command I want to urge our people in

row and if the 22 caliber revolver is not  
found, there will be proof that Julius  
Weber, the father, did not commit the  
crime. The officers are in possession of  
evidence that points very strongly to-  
ward Adolf Weber as the man who  
robbed the Placer County bank here  
last May. The coroner's inquest will  
be resumed on Wednesday.

## THAW THAWS OUT.

Says Stories from Pittsburgh  
About Him Are All False.

Chicago, Nov. 14.—Henry K. Thaw,  
who has been in St. Louis visiting the  
exposition, stopped in Chicago today  
on his way east. He said to an Asso-  
ciated Press reporter:

"No member of connection of my  
family in Pittsburgh has stated any-  
thing or has written anything to state con-  
cerning recent newspaper stories about  
me. All rumors and reports purport-  
ing to emanate from Pittsburgh during  
the past month concerning me are ab-  
solutely and unqualifiedly false. The  
\$250,000 story is a deliberate fake.

"Miss Neah is a young American  
actress studying her profession, and  
now home to see her family and  
friends. She has neither asked nor  
demanded anything from anybody in  
any way and the \$250,000 story is a  
fabrication from beginning to end."

## UTE INDIANS.

Must Return to Their Reserva-  
tion Immediately.

Denver, Nov. 14.—Unless the Ute in-  
dians who have been running wild  
after game in Rio Blanco county return  
to their reservation in Utah within the  
next few days, the federal troops will  
be sent out after them. Capt. G. G.  
Hall, of the Fifth cavalry, has been  
notified by the department of the in-  
terior to have his troops in readiness  
to go out after the Indians as soon as  
Capt. Clark, chief of the Indian police,  
calls on him for aid. The game com-  
missioner received a telegram from  
D. C. Beaman, counsel for the Colorado  
Fuel & Iron company, who is out on  
a hunting trip, in which he says the  
Indian police have gone after the Utes  
and expect to drive them back to their  
reservation. The chief game warden is  
co-operating with Capt. Clark and no  
trouble is expected.

## BEATEN INTO INSENSIBILITY.

Pretended Patient Nearly Kills  
An Aged Physician.

New Orleans, Nov. 14.—Dr. Waldemar  
Bille, aged 70 years, a well known phy-  
sician, was beaten into insensibility and  
seriously injured today in his office  
in the busiest part of St. Charles street  
by a young man who came in to ask for  
a prescription. Occupants of the other  
portions of the building heard the com-  
motion. When they tried to enter the  
office the supposed burglar appeared  
and said the doctor was busy with a  
patient. After beating Dr. Bille into  
unconsciousness the burglar rifled his  
pockets and his desk, getting a small  
sum of money and a number of checks.  
Later, the doctor was discovered un-  
conscious in a pool of blood and taken  
to a hospital.

## THE FRANCOIS AIRSHIP.

An Accident Brought Its Test  
Flight to a Quick Close.

St. Louis, Nov. 14.—An accident  
brought the test flight of the Francois  
airship to an abrupt termination today,  
after the flying machine had been in the  
air 15 minutes, during which its  
dirigibility was not satisfactorily dem-  
onstrated, owing, the inventor stated,  
to the absence of the rudder.

The ascension was made at the end  
of 1000 feet and it was announced that  
the principal object of the flight was to  
test the balance of the car and to as-  
certain whether the airship could be  
guided by means of the fans or propellers  
without the use of the rudder.

## TWELVE NEGROES DEAD.

They Ate Poisoned Ice Cream at  
A Church Festival.

Decatur, Ala., Nov. 14.—Twelve ne-  
groes are dead at Cedarlake, a negro  
settlement in the suburbs of this city,  
from the effects of poisoned ice cream  
which they ate, it is said, at a church  
festival.

## CHANGE OF BOUNDARIES.

Supreme Court of California Re-  
versed by U. S. Supreme Court.

Washington, Nov. 14.—In an opinion  
by Justice Day, the supreme court of  
the United States today reversed the  
decision of the supreme court of the  
state of California in the case of Caro-  
line W. Dobbin against the city of  
Los Angeles. Mrs. Dobbin sought an  
injunction to prevent the violation of  
her rights, threatened by an arbitrary  
change of the boundaries of the dis-  
trict of the city in which she had been  
authorized to construct gas works after  
she had made a large outlay for that  
purpose. The supreme court of Cal-  
ifornia refused by a divided court to  
grant relief, but the supreme court of  
the United States held that Mrs. Dob-  
bin's right had been violated under the  
terms of the fourteenth amendment to  
the Constitution of the United States.

## NORTHERN SECURITIES CO.

Meeting Called and Adjourned  
Till Monday, Nov. 21.

New York, Nov. 14.—The meeting of  
the Northern Securities company was  
called to order today in Hoboken and  
after receiving a protest from C. H.  
Verner, president of the Continental  
Securities company, adjourned until  
Monday, Nov. 21. Very few stock-  
holders were present. The protest  
presented by Mr. Verner was an ob-  
jection to any attempt to hold a meet-  
ing of the stockholders on the ground  
that the time fixed for the annual meet-  
ing was noon and that since more than  
an hour had passed without holding the  
meeting or any attempt to hold or re-  
form the same no meeting could be  
held, and any action taken would be  
null and void.

## APPEAL TO RICH MUSCOVITES

Gen. Stossel's Wife Asks for  
Money to Aid Wounded Man.

St. Petersburg, Nov. 14.—M. Perloff,  
the millionaire merchant of Moscow,  
has received a pathetic letter from  
Mrs. Stossel, wife of Gen. Stossel,  
dated Port Arthur, Oct. 24, appealing  
to the rich Muscovites for money to as-  
sist the helpless wounded defenders of  
the fortress, some of which have lost  
both arms, others either an arm or a  
leg, some of them being blind and others  
suffering from wounds in the spine,  
and who will be crippled for life. There  
are, she adds, very many such unfor-  
tunates.

It's pretty hard to attend to duties  
with a constant aching back.  
With annoying urinary disorders.  
Doan's Kidney Pills make work

They cure backache.  
They cure every kidney ill.  
E. Madson, plumber, employed at the  
Salt Lake Hardware company, resi-  
dence 364 West Fourth South street,  
says: "Twenty-one years ago I was  
run over by a horse and then my  
back has been weak and my kidneys  
caused me no end of annoyance. In  
following my occupation, fitting fur-  
naces, heaters, etc., I have to stoop a  
great deal, and most of the work ne-  
cessitates strain on the muscles of the  
back. This, of course, aggravates the  
cause, and when in the acute stage I  
frequently suffer. Knowing from the  
irregular action of the kidney secretions  
that the kidneys were responsible for  
my annoyances, led me to try remedies  
when the trouble was very pronoun-  
ced. None of them ever brought such  
lasting relief as Doan's Kidney Pills,  
procured at the F. J. Hill Drug com-  
pany's store. Satisfied that one box  
did its work thoroughly and well, I  
purchased a second, and when I had  
completed it the last aching stopped."

## SCOTT'S EMULSION

We don't put Scott's Emul-  
sion in the class of advertised  
cure-alls; it doesn't belong  
there. We hardly like to use  
the word "cure" at all, but we  
are bound to say that it can be  
used for a great many troubles  
with great satisfaction. Its  
special function is to repair  
the waste of the body when  
the ordinary food does not  
nourish, and this means that  
it is useful in many cases  
which are indicated by wast-  
ing.

property, intelligence and high char-

friendly relations with our neighbors  
of all races, that we must look for our

## BOYS FOR THE NAVY.

New System for Training Them  
In Eight Months.

Newport, R. I., Nov. 14.—Capt.  
Charles M. Thomas, in charge of the  
government training station here, has  
introduced a new system for training  
boys for the navy in eight months. The  
plan is expected to overcome much of  
the difficulty experienced by the navy  
in getting full crews for vessels. Capt.  
Thomas proposes to give the boys  
eight months of thorough instruction  
in seamanship and gunnery at the sta-  
tion and also to send them on short  
trips to sea. At the end of eight months  
they are to be rated as ordinary sea-  
men. Hitherto boys have been obliged  
to spend six months in the station and  
another six months aboard a vessel be-  
fore they could be rated as ordinary  
seamen.

Oregon City, Or., Nov. 14.—Ed Tu-  
cholsen was killed today by falling in  
a well at Courtney, four miles north of  
Oregon City. He got out of bed at 6  
o'clock, put on his trousers and slip-  
pers and went outside. Half an hour  
later his brother, with whom he lived,  
discovered his absence and, searching  
for him at the bottom of a well  
which contained no water, Tuchsolsen's  
skull was fractured and he lived two  
hours after being taken out. He may  
have been walking in his sleep.

questing him to pardon State Repre-  
sentative Thomas Curley of this city

are in the Charles street jail, was put  
into circulation today. The Curleys  
were sentenced by the United States  
district court a week ago to serve sixty

was re-elected and his brother is again

county this year shall be sold for no  
more than 23 cents, and a rise to  
30 cents a pound is expected next  
week.

the Atlantic to the Pacific. A strong  
delegation comes from territory east  
of the Missouri river.

## A WHALE ASHORE.

Pierce Gale Lands One on the  
Coast of Maine.

Boston, Nov. 14.—The fierce southern  
storm which started off the Florida  
coast on Saturday and swept up the  
Atlantic seaboard today and tonight had  
its center off Cape Race, Newfoundland.  
The storm in the provinces, particu-  
larly along the peninsula of Nova  
Scotia, was attended with terrific gales  
and an unusually low barometer, the  
gale at Halifax today showing a mark  
of 2.9.

One of the most singular effects of  
the gale was reported from Penobscot,  
Me., where a whale 30 feet long was  
beached ashore. Unable to get back into  
deep water the great creature lay help-  
less on the beach and a bullet from a  
hunter's rifle ended its life.
