If that was the practice in Utah, what a howl would go up all over "this broad land."

The earth itself is the best of all disinfectants. This is owing to its antiseptic and deodorfzing properties; it is porous in the highest degree, and readily transmits air through its surface, and so changes to healthy action the otherwise obnoxious fermentations. It does not act so rapidly, or rather its results are not so instantly apparent as those plurality of wives. following the use of the chlorides; but its effect is more widespread and lasting.

It is a significant fact that the demand for labor in the South is not only stable but constantly increasing. The inducements offered are in most cases very strong, especially in Louisana and Alabama. At Castle Garden numerous applications are daily received from Bouthern of the clerical dogmatists. As time rolls on, the nings. number of its supporters increases until at the last vote on a bill with this object in the House of Lords, it was only defeated by a majority of four out of a total of 860.

The greatest opposition comes from the "Lords spiritual." The Bishops and clergy are vehemently against it, as they seem to suppose, on scriptural grounds. But their arguments are as baseless as those that are brought forward by religious people against plural marriage. There is nothing in the Bible that condemns either marriage with a deceased wife's sister or with a liv-ing wife's sister. Strange to say scriptural authority sustains both. The ancient patriarchs sometimes married two or more sisters without the divine disapproval, and the condemns either marriage with a the divine disapproval, and the only coriptural passage which seems Music - Ogden Fourth Ward to condemn the practice is that to condemn, the practice is that which Dr. Newman tried so hard to ring in on the occasion of his disto ring in on the occasion of his dis-cussion with Apostis Orson Pratt on polygamy; namely, Lovitions inches and orchester having volum-
