

COMMITTED TO THE COUNTY JAIL.

President of Denver Gas Co. and Ex-Chairman of Denver County Republican Committee.

MUST ALSO PAY FINE OF \$500.

Are Sent up for Contempt of Court In Refusing to be Sworn.

Denver, Aug. 8.—Refusing to swear in the franchise election contest case in the Denver county court, George N. Ordway, president of the Denver Gas & Electric company; Fred A. Williams, former chairman of the Republican county central committee, and J. Cook, Jr., a real estate dealer, were committed to the county jail today by Judge Ben B. Lindsey until they pay fines of \$500 each for contempt of court.

William Ladd and Theodore Griffin, watchers by the election commission, who forcibly prevented Sheriff Alexander Nisbet last night from getting the ballot boxes which Judge Lindsey had ordered him to bring into court, were fined \$25 each, and their fines paid.

The ballot boxes wanted were delivered to the sheriff today after Justice George W. Bailey of the supreme court refused to interfere with the contest proceedings in the county court. The ballot boxes will be opened and the ballots examined.

On the face of the returns the Denver City Tramway franchise had a majority of 185 votes and the gas and electric company's franchise a majority of 412. In the contest suit filed by William Wadley, supported by the Interstate Elections and Municipal Ownership leagues, it is charged that hundreds of votes to whom tax receipts had been fraudulently issued.

Three of the boxes in ward 14, precinct 3, were opened in Judge Lindsey's court this afternoon. One contained the ballots for candidates, one those of the tramway franchise and the third those of the gas company franchise. Only the ballots on the franchises were counted. While the poll books showed 234 votes were cast, 29 ballots were found inside the boxes. The ballots were counted and the result showed a slight loss for both corporations, four for the tramway and seven for the gas company.

The difference in the number of votes cast and the number of votes reported by the poll books has not been explained and will be examined into later.

The opening of the boxes will continue tomorrow.

HELIUM AND RADIUM.

Lord Kelvin Protests Inference That Former Comes From Latter.

London, Aug. 8.—Lord Kelvin has written a letter to the Times concerning recent discussions before the British Association for the Advancement of Science. He protests against the inference that helium may be produced from radium and the idea of the gradual evolution of one metal from the other. He also expresses himself as against the hypothesis that the heat of the sun or the earth is due to radium. He believes it to be mainly due to gravitation.

MOUNT HYNDMAN.

Oklahoma Professor and Idaho Student Climb to the Top.

Boise, Ida., Aug. 8.—News has just reached Boise of the successful ascent of Mount Hyndman, near Ketchum, 12,498 feet in height, and the highest peak in Idaho, by T. C. Bacon of Boise, a student of Baker university, and Prof. Ray Green of the Guthrie (Okla.) high school. This is the second time this peak has ever been scaled, the first ascent having been made by officials of the geological survey over 19 years ago. The peak, which is not excessively high, is especially hard to scale, the last 1500 feet being hard over hand, climbing up precipices and over jagged and treacherous crags.

FIVE CHILDREN PERISH IN THE FLAMES.

Omaha, Aug. 8.—Thomas Daniels' five children perished this evening in a fire which destroyed the family residence at Oak Park, a suburb of this city. Mrs. Daniels was seriously burned and may not recover, and her husband was badly burned in an effort to save his family. The dead children are: Lillie, aged 15; Ernest, 13; Bertha, 11; Earl, 8; Florence, 3.

FRANCE AND ROME.

Paris, Aug. 8.—La Croix, the semi-official organ of Cardinal Richelieu, archbishop of Paris, referring to the pope's decision regarding the attitude of the clergy toward the law providing for the separation of church and state, says it is not an approval of church associations nor of the formation of canonical associations conformable with the law.

The announcement of La Croix, which appears to be authoritative, has caused much comment and some solicitude as a continuation of the report of the Vatican's decision to this end probably would intensify the controversy. The accuracy of the announcement, however, is open to some doubt.

MOSCOW POLICE CAPTURE ARMS.

Moscow, Aug. 8.—The police have captured a store of Mauser rifles and automatic pistols and a number of revolutionary proclamations and posters issued by the revolutionary fighting league. Several members of a new revolutionary committee also were captured and 24 suspects have been expelled from the city.

JAPS CANNED HORSE MEAT.

Victoria, B. C., Aug. 8.—The Tosa Maru brought news of a Japanese cannery scandal similar to Chicago's exposure. As a result of an official investigation into the canned meat industry at Hishima, consequent on the United States agitation, it was found that cans purporting to be holding beef contained horse flesh, which had been prepared in some ingenious manner and could not be identified by careful chemical analysis.

MURDERED BY PEASANTS.

Warsaw, Aug. 8.—Peasants of the village of Teleniewka, province of Lublin, today murdered four Socialists upon their arrival in the village, for the purpose of inciting the peasants against the landlords.

F. B. COYNE BANKRUPT.

Chicago, Aug. 8.—F. B. Coyne, formerly postmaster and a well known figure in political affairs, filed a voluntary petition in bankruptcy today in the Chicago Title & Trust company taking charge of the bakery and lunch room business in which he was engaged. The petitioner's creditors were the Eckhart and Swan Milling company, A.

Head Ache Sometimes?

If so, it will interest you to know that it can be stopped with Dr. Miles' Anti-Pain Pills; and without any bad after-effects, and this without danger of forming a drug habit or having your stomach disarranged. They positively contain no opium, morphine, cocaine, chloral, ether or chloroform in any form. Dr. Miles' Anti-Pain Pills relieve pain, and leave only a sense of relief. The reason for this is explained by the fact that headache comes from tired, irritable, turbulent, over-taxed brain nerves. Anti-Pain Pills soothe and strengthen these nerves, thus removing the cause. They are harmless when taken as directed.

"We used Dr. Miles' Anti-Pain Pills for the cure of headache, and we think that there is nothing that will equal them. They will cure the nervous headache, the headache which comes in a very few minutes, the headache of nervous temperament, and occasionally have spells when my nerves seem to be completely exhausted, and I tremble so I can scarcely write myself. At these times I always take the Anti-Pain Pills, and they quiet me right away. It is remarkable what a soothing effect they have upon the nerves."

MRS. F. E. KARL, Detroit, Mich.
Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk.

Miles Medical Co., Elkhart, Ind.

doubt. It is declared in the highest decision will not become public until after deliberation by the French bishops who probably will assemble in Paris before the end of the month.

SOLD UNFIT MEAT.

Swift and Co. Fined a Hundred Dollars for Doing It.

Vicksburg, Miss., Aug. 8.—In the city court here today Swift & Co. were fined \$100 on a charge of selling meat unfit for food. Officer McKee testified that the meat in question was being delivered to a grocer when he discovered it. The meat, it is alleged, was bought with the understanding that it was in good condition and was to be sold to the consumer at 5 cents a pound.

Judge Dickson, who presided at the trial, after imposing the fine, agreed to hold up the sentence until the arrival of officials of the company.

THERE WILL BE A DOUBLE HANGING IN BOISE TOMORROW.

Boise, Ida., Aug. 8.—Gov. Gooding has declined to interfere to save the neck of William Henry Bond, and in consequence there is now no appeal and no chance that has not been exhausted to save either Bond or Rudolph Wetter, and it is certain there will be a double execution at the state penitentiary on Friday morning. Wetter made his last appeal to the state board of pardons on Monday, but without avail.

That body refused to further extend his reprieve beyond Friday, and he must hang on that day. Bond's attorneys made to move until the pardon board had adjourned, but on Tuesday they asked for reprieve for their client. This was today refused by Gov. Gooding. The judgment has been affirmed in both cases by the supreme court.

Bond was sentenced to be hanged for the murder, in complicity with Mrs. Jennie Daly, of Charles Daly, the husband of his accomplice, in October, 1904. The crime was one of the most brutal ever committed in Boise.

Wetter was sentenced for the murder of Christ Long and L. D. Wall, near Seesh Meadows, Idaho county, in July, 1904. Following some trouble over placer mining claims, Wetter went to the cabin of Long and Wall and shot them down in cold blood, also wounding Long's twelve-year-old son and driving him into the brush, where he spent the night.

NEW PIPE LINE.

Tulsa, I. T., Aug. 8.—With the completion of the pipe line from the tanks west of Tulsa to Glenpool today, the mid-continent field is in direct pipe line communication with the Standard Oil company's eastern terminals at Tidewater, N. J. In the presence of Standard officials and oil operators the new line was christened with a bottle of native wine. The event marks the end of congested conditions in the western oil territory.

THREE PEOPLE DROWNED.

El Paso, Texas, Aug. 8.—Word was received here today that a cloudburst and flood at Durango, Mexico, yesterday, caused the death of three persons. Water was six feet deep in the streets of the town and many houses were badly damaged. At Alameda a heavy rush of water damaged the parks, the military barracks being flooded.

MUTUAL MUST FURNISH LIST

Ordered to Supply a Correct One Of Policyholders to International Committee.

COL. A. M. SHOOK SECURED IT.

Application That Circulars be Sent on Stencils Prepared by Company Denied.

New York, Aug. 8.—The Mutual Life Insurance company was ordered by Justice Giegerich today to furnish a correct list of its policyholders to the international policyholders' committee and to file a similar correct list with the state insurance department at Albany within 10 days. The order was issued in response to an application for a writ of mandamus made by Col. A. M. Shook of Tennessee, a member of the committee, and was opposed by counsel for the Mutual Life Insurance company. Justice Giegerich denied the application of the policyholders' committee that their circulars be sent to policyholders on the stencils prepared for the company.

In his argument on behalf of the petition, Samuel Untermyer, counsel for the committee, said that they had employed 12 postoffice experts to assist in getting the committee's circulars out to policyholders, and that 18 per cent of the envelopes were returned to them undelivered. On the other hand, he said, the company, having a correct list, are sending circulars to the policyholders without delay in an effort to influence votes in favor of the trustees nominated by the present administration ticket of the Mutual. He described this as infamous, saying:

"We are in peril of not being able to nominate a ticket unless the facilities which demand are granted us." Mr. Brewster, of counsel for the Mutual Life Insurance company, in opposing the motion, said that the company was not bound to supply the list week by week, as Mr. Untermyer contended, but to supply one list, which had been done.

During a sharp exchange between Mr. Untermyer and Mr. Brewster, Mr. Untermyer said:

"My friend has made the statement that the personnel of the company is not the same as it was during the legislative investigation. Not a few agents were sacrificed by the main power, but the men who are responsible for all the scandals and thievery of this company are in power today."

Justice Giegerich said he would issue the order desired except in so far as it applied to the use of the company's stencils.

RELIGION IN SCHOOLS.

Question Becomes More or Less Acute In England.

London, Aug. 8.—A decision given by the court of appeals today touches the question of religious instruction in the voluntary schools that led to the notorious "passive resisters' movement under which numbers of non-conformists refused to pay the rates levied to cover this expenditure for church schools. The education bill which recently was under discussion in parliament is intended to remedy this state of affairs. In the meantime the county council of West Riding of Yorkshire had refused to pay teachers for the time devoted by them to religious instruction. The board of education then sought the assistance of the courts in the matter with the result that the court of appeals decided in favor of the Yorkshire council.

If this decision should be upheld by the house of lords, whether the case now will be carried, it will be practically accomplished what the bill of Augustine Birtrell, president of the board of education, aims at, and, furthermore, it may possibly enable a large number of "passive resisters" to bring action for false imprisonment.

The entire trouble appears to be due to careless drafting of the bill of 1902.

GERMAN BUTCHERS.

They Want Protection Against "Unscrupulous" American Export.

Koenigsberg, Prussia, Aug. 8.—At a meeting of the German Butchers' association held here today it was decided to apply to the imperial government to take precautions to protect the trade of German butchers from unscrupulous American export. The minimum demanded is the introduction of a provision for a declaration on foreign lard and suet and goods manufactured therefrom, the prohibition of the importation of meat in cans, and that no foreign lard meat be used for the army or navy. In consideration of the fact that the increase in the prices of meat has caused a limited production, the government is requested to admit Danish, Dutch and French livestock into the districts of Germany adjacent to those countries.

The German Butchers' association has 38,000 members.

A COLD-BLOODED MURDER.

Coyote, Cal., Aug. 8.—Jacob Fred, who supplies Coyote with snow to be used in place of ice, left his home 16 miles from here, for Coyote with a pack of snow about 1 o'clock this morning, and at about 8 o'clock he was found near Farrington's schoolhouse, a half mile from his home, by school children. dead. He had been shot under the eye, the bullet passing through his head, causing instant death. Mr. Fred was leading one of his pack horses and when found still had a death grip on the rope.

The indications are that he was shot from ambush.

JAPS CANNED HORSE MEAT.

Victoria, B. C., Aug. 8.—The Tosa Maru brought news of a Japanese cannery scandal similar to Chicago's exposure. As a result of an official investigation into the canned meat industry at Hishima, consequent on the United States agitation, it was found that cans purporting to be holding beef contained horse flesh, which had been prepared in some ingenious manner and could not be identified by careful chemical analysis.

MURDERED BY PEASANTS.

San Francisco.

Prompt and careful attention given to correspondence

T. Hemstreet & Co., and Irwin Bros. company, who have claims aggregating \$30,000.

It is said that the embezzlement of a large amount of money by a former employee while Mr. Coyne was postmaster was indirectly responsible for the failure.

SOLDIER ACCIDENTALLY KILLED.

Austin, Tex., Aug. 8.—Another enlisted man in the regular army was killed during the maneuvers at Camp Mabry today. Jesse Cantile of Fort Worth, attached to troop K of the first cavalry, U. S. A., was shot during the maneuvers in the mountains today and died shortly after noon. Immediately after his death the maneuvers were called off. All the men are supposed to have had blank cartridges in their guns at the time and it is not known how the killing occurred.

"DRUNKENNESS"

Cigarette and Tobacco Habits Cured by

TRIB

"Big Lew" Foster, owner of many race horses and known all over the Pacific coast writes on July 16, 1902, and verifies the first letter on February 2, 1905. Read them:

"I was a slave to whiskey and cigarettes for 11 years. I commenced in June taking 'TRIB'. When I commenced I weighed 275 pounds, and was almost helpless. 'TRIB' has surely cured me of both habits."

February 2, 1905, Mr. Foster writes again. Here it is. This is only one of the many letters we have—voluntarily sent to us.

Please send draft for \$150. Send me one dozen treatments of TRIB. I took TRIB myself and never felt better in my life than I do now. I have gone down in weight to 195 pounds, and never think of using either liquor or tobacco any more. I know of 35 cures. You can get references from most of them if you care to write. I enclose names. Sincerely yours,

Investigate this remedy while we are offering you an absolute guarantee with every treatment. Price \$12.50 per treatment.
