

Jas. B. Weaver, greenback candidate for President, spent Sunday in this city. He is enroute to Scottsboro, Ala., where he speaks to-morrow, inaugurating the canvass in that State. He was interviewed by a *Times* reporter and spoke very candidly of the coming campaign. He is confident of his ability to carry Alabama, Tennessee, Texas, Mississippi, West Virginia, Missouri, and Arkansas, and says he will make heavy gains in Maryland, Iowa, Michigan and Minnesota. He says if he does not receive a majority of the electoral votes, neither of the other candidates will, and the matter will again go to the House of Representatives. If thrown into the House he will stand an equal chance with the rest. De La Matyr he claims has the balance of power there, and no concession will there be made by his partisans, favorable either to the democrats or republicans. In the event that no agreement is reached there the matter becomes a constitutional question, and it will be with the Senate what disposition to make of it. He says he will stump every State he can before election, but confine himself to no section. Kearney he says will lend him all his support and give him California beyond doubt.

SAN FRANCISCO, 11.—A great crowd was at the Sand Lot to-day in anticipation of a row between the opposing factions of the workingmen. Kearney failed to appear. A large force of police formed in line between the rival meetings and no disturbance of a general nature occurred. Some personal encounters took place and in one case the police clubbed a crowd rather freely to restore order.

A Port Townsend dispatch says: the bark *Henry Buck* 15 days from Ounalaska arrived here to-day with the revenue cutter *Corwin's* mail. The *Corwin* left Ounalaska June 8th, after taking 70 tons of coal from the *Henry Buck*, she was well furnished with provisions from the Alaska Commercial Company. Everybody on board was well and quite sanguine in their expectations of the ultimate success of the expedition. The *Corwin* was bound first for Saint Bules Island thence to Michaelofsky to await a chance to enter Behring Straits as Captain Erskine of the steamer *St. Paul* reported that ice was not yet open. The winter had been very mild with a late spring.

The *Times* says: The republican split in the first congressional district of Minnesota, is generally deplored by members of the party in that State. Warder the bolter's candidate would be acceptable to many democrats, and as the district has a large republican majority it is feared the Bourbons may endorse and elect him over Dunnell. Efforts are making to effect a compromise. It is possible another convention may be called.

WASHINGTON, 13. Last night a party of excursionists from the Wesley N. E. Church, who had been down the river, was landed at Seventh Street wharf, in this city. The wharf not being lighted, a gentleman named Hoeffinger and a lady named Mrs. Sarah E. Rollins walked over the side of the wharf into the water. Mrs. Rollins was drowned, but Hoeffinger was saved.

A Washington special to the *Tri-bune* says: Secretary Schurz has sent instructions to the agent of the Poncas to inform the Indians that there is no objection to their leaving their reservation in Indian Territory, but they cannot be fed anywhere else. From other sources it is ascertained that a division exists among the Poncas on the subject of removal, a part preferring to remain where they are, as intimated by Standing Buffalo, the second head chief, during his late visit to Washington. Unless fed by the Government, it is believed the number who will elect to return to Dakota will be very small.

CHICAGO, 13.—The *Times'* New Orleans' special says: Yellow fever appeared to-day. A young seaman of a vessel from Rio Janeiro died at the hospital. The rest of the crew were sent into quarantine.

Honk, of Tennessee, predicts that Garfield will carry the State by a large majority.

Robert Hanna, ex-confederate, has filed a petition at Washington for a pension, on account of a wound received during the war in 1864.

Captain Lincoln, of the 10th Infantry, who shot and killed a drunken private soldier who insulted him, has been acquitted by a court martial.

WICHITA, Kansas, 13.—White has gone to Fort Smith to get *habeas corpus*, so they can arrest the military in Indian Territory by

United States marshals, if they arrest Payne. Parties are leaving here daily to join Payne. Braddock and John Barlow go in the morning to Chicago to work up interest in the scheme there. Parties are going in from all the northern part of Texas.

TERRE HAUTE, 13.—Secretary Thompson leaves in the morning for California on a six weeks' tour of inspection.

KANSAS CITY, 13.—One Bassham for being concerned in the Glendale express robbery, was arrested to-day six miles from Independence. The chain of evidence is said to be very complete.
