BAKER IS COMMITTED

To the Industrial School and the Perry, Daniels and Sanborn Boys

REMANDED TO THE POLICE COURT.

Lee Wood Wants Discharge—Chapman, the Lock Trick Man, Given His Liberty.

Thomas Baker, a lad of 14, who was recently convicted in the police court of petit larceny and who was sent to the Third district court for commitment to the State Industrial school, was this morning remanded to the police court by Judge Miles. Addison B. Perry, Goldie Daniels and William Sanborn, all three implicated with young Baker in the theft of some trousers from Midgley's pawnshop, were also up for similar treatment but his honor, being assured by the parents that they would control the boys in the future and taking the groups of the boys that they would mend their ways, remanded them back to the original trial court with instructions to the magistrate to take such action with reference to their sentence which he might see fit.

The three boys who were remanded back appeared to be very much pleased with the proposition, but young Baker took his late very much to heart.

N. V. Jones appeared for the boys and Mr. Richmond for the State.

WILL BRING MAUD HOME.

An Officer, Accompanied by Deputy Sheriff Montgomery, Will Leave for Butte This Evening.

Deputy Sheriff Montgomery will leave for Butte, Montana, on this evening's train to secure Miss Miller from the executive of the Jarvis woman into whose company she mysteriously fled. Mr. Miller, the girl's father, will accompany him for the purpose of acting as an escort and protector to her child on the return trip.

Montgomery will take requisition papers with him for the return to Utah of Mrs. Jarvis, who is charged with being a procuress. The latter has a hard reputation to live down, and is credited with having a number of aliases. Various schemes of which she is the reputed author have come over the wires privately during the past few days, including an attempt to have the girl marry a young Salt Laker now in Butte. All these have been thwarted and the prospects for Miss Miller's happiness are very promising. County Attorney Whitemore says that he has ample proof to establish her guilt and now that he is sure of getting him to the county. The feeling against her is very strong in this city.

PRIESTHOOD MEETING.

Practical and Inspirational Instructions Given by the Presidency of the Stake.

The Priesthood of the Salt Lake Stake of Zion convened in the Assembly hall at 11 a. m. today, President Angus M. Cannon presiding; Counselors Joseph E. Taylor and Charles W. Penrose present.

The meeting commenced with singing and prayer, after which the roll was called showing as follows: Three High Priests' quorums, two Patriarchs, one Elders Mercy and William Dalton, one of the presidency of the High Priests' quorum, eighty presidents of Seventies and eight home missionaries.

All the wards in the Stake were properly represented except the Fourth and Eighteenth city wards, Big Cottonwood, Crescent, Hunter, Granger, Hunter and Pleasant Green of the county.

The Second, Third, Fourth, Fifth, Tenth, Twelfth, Thirteenth, Fifteenth, Eighteenth, Nineteenth, Twentieth and Twenty-second quorums of Elders were represented by their presiding officers. The seventy presidents were represented by members from the First, second, Third, Fourth, Fifth, Seventh, Eighth, Eleventh, Twelfth, Twenty-second, Twenty-seventh, Forest Dale, Big Cottonwood, South Cottonwood and Pleasant Green wards.

Upon the recommendation of their respective Bishops twenty-eight young men received substitutes on having their credentials to the effect of Elders each of whom promised to honor and magnify the office and calling of Elder to the best of his ability, it so declared.

Elders Angus M. Cannon, Joseph E. Taylor and Charles W. Penrose addressed the meeting in a very explicit manner, the burden of their remarks being the great necessity there is for pressing engagement for the morning, noon and night and responsibility resting upon the Saints who would receive one day's work or more in time willing and anxious to work. The very heavy drain resting upon the Church for funds in support the unity was enforced by, and very much regretted, and the way pointed out whereby all able bodied men could labor with their hands, secure and families, etc. by going to the country where there was an abundance for all if they would but put forth their best efforts to labor will sustaining. The teaching, the pulpit the principles of the Gospel was also strongly advocated and exhibited upon the Priesthood.

Elders Thomas E. Ricks, president of the Bannock Stake of Zion; William D. Johnson Jr., Bishop of Oneida Stake; Rudger D. Woolley, president of Kane Stake, and Clinton H. Baker, president of Maricopa Stake, were present to be present in the Priesthood meeting and to see the manner of conducting the business thereof. They expressed the power over which they and the house presided as being faithful Latter-day Saints as a body. Their people had very many and also very hard obstacles to overcome, but were doing nobly. Fasting for tithes, and were getting over these things rapidly, so that now all were in very good condition and free as regards the tithing. It was the feeling of many faithful Latter-day Saints to make homes among them, if they had the will to overcome the evil and obstacles which were in their way of living.

Adjourned until the first Saturday in November at 11 a. m., when the usual testing exercises.
