

ANOTHER BEGGAR.—Begging to build churches appears to be getting popular. What has become of that committee of one African gentleman and the \$600, etc., which he collected to build a church for the "cullud pussons" at Salt Lake City. Where are you, Sambo? Verily, these begging committees will bear a heap of looking after.

NOT YET.—Says the New York Star.

"It has usually been supposed that the Mormons have 'caved in,' but this is by no means the case."

Has the Star ever heard of the motto, "Never Surrender?" We have.

BELIEF AND KNOWLEDGE.—Mrs. Woodhull says she knows some things that are going on, as see the following—

"If I am asked, 'Do you believe in promiscuous intercourse for the sexes?' I reply, I don't believe any thing about it, I know that it exists to an alarming extent; and more, I know that a great many of those editors who write me down, are among its best representatives. But if you ask me if I believe such a condition a high one, I will say I think it to be that which the Times calls 'nastiness.' I hope it does not view my doctrines through colored glasses. I believe promiscuity to be anarchy."

NOT SO HERE.—In a veto message of the Governor of Wyoming Territory, a portion of which appears elsewhere, his excellency contends that rights once acquired and exercised cannot be taken away. His excellency can not have visited Utah, at least not of late, or he would hardly have had the temerity to make such an assertion, for citizens here are systematically deprived of rights "once acquired and exercised" by officials who profess a wonderful regard for the law, though they have very little to say in favor of the constitution, and they do not hesitate to twist the law all manner of ways to suit their prejudices.

CAN SUCH THINGS BE?—Among that lady "committee of First Presbyterian Church, Salt Lake City," who sent the begging letter to their Presbyterian sisters in the East for a five dollar subscription to build a church for the conversion of the "poor, deluded, down-trodden women of Utah," is found the name of Mrs. Etna Ewing. Now can it be possible that this Presbyterian Etna Ewing is the identical lady who was fined by Justice Clinton on a prostitution charge the other day, and then *habeas corpus* by Judge Hawley? We merely ask for information, though we may venture the observation that Presbyterianism and prostitution may be very good alliteratively, but can hardly be considered a delectable compound otherwise. Is it possible that Etna has fallen from grace so soon?

Can such things be,
And overcome us like a summer's cloud,
Without our special wonder?

THE MORMONS.—The Bridgeton (New Jersey) Pioneer is pretty near the truth in the following—

"There is an erroneous sentiment prevalent that the people called Mormons are heathenish, barbarous, and oppressive to the Gentiles, or any differing with them in sentiment. This is a great mistake. From their prophet down to the humblest citizen of Utah Territory, they grant the largest liberty of views, and permit them to be expressed even in their tabernacle by Gentiles who differ with them in doctrine. They are firm in the belief of their system of religion into which is incorporated polygamy, and as that is in conflict with the laws of this government, that is what is causing most of the troubles in Utah. The Mormons say that Judge McKean is not dealing fairly or honestly with them—that they cannot get an unprejudiced judge and jury to try their cases."

"WHAT A SENSATION!"—The Cleveland Herald, commenting upon the proposed return of the "Mormons" to Missouri, thus concludes—

"If the Mormons propose returning to Missouri it is probably by way of Nauvoo, and after re-establishing themselves in Missouri they will naturally desire to retrace the path of the Prophet through Ohio as far as Kirtland, and redive the Temple in that first New Jerusalem, which has been waiting for them. What a sensation that reappearance would make in quiet little Lake!"

The Herald need not alarm its readers upon that interesting subject—the "Mormons" have not started from Salt Lake on their return yet. When they do return, they expect to be received with open arms and words of cordial and hearty welcome. The prejudice against the "Mormons" is not destined to prevail for ever.

SINGER SEWING MACHINES

WERE SOLD DURING THE PAST YEAR.—Scientific American, June 10, 1871

The Singer Manufacturing Company,

AT THE

WORLD'S FAIR.

Constituted by the homes of the people,

Received the Great Award of the Highest Sales! and have left all

Rivals far behind them! As the following article shows:

"SEWING MACHINE SALES FOR 1870.

The magnitude to which the manufacture of sewing machines has attained is shown by the "SWORN" returns (to which anyone can have access,) of the manufacturers for the year 1870 to the owners of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

The Singer Manufacturing Company.....	127,833.....	Difference.
Wheeler & Wilson Manufacturing Company.....	83,208.....	44,625
Howe Machine Company.....	75,156.....	52,677
Grover & Baker Sewing Machine Company.....	57,402.....	70,431
Weed Sewing Machine Company.....	55,002.....	72,831
Wilcox & Gibbs Sewing Machine Company.....	28,890.....	98,943
American Buttonhole & Overseaming Company.....	14,873.....	113,260
Florence Sewing Machine Company.....	17,660.....	110,173
Gold Medal Sewing Machine Company.....	8,912.....	118,921
Albina Sewing Machine Company.....	5,806.....	122,027
Empire Sewing Machine Company.....	3,580.....	124,273
Finkle & Lyon Manufacturing Company.....	2,420.....	125,413
Parham Sewing Machine Company.....	1,766.....	126,067
Wilson.....	500.....	127,333

And several other Companies who sold a few Machines.

It will be seen by this table that the popularity of the Singer Machines far exceeds that of all others, their sale being one-half greater than even that of the famous "Wheeler & Wilson" Machine. This is owing to the fact that the Singer Company have lately commenced making, besides their old and well-established manufacturing machine, what is known as their "New Family Machine," which is selling at the rate of nine to one better than the old style. Their total sales for 1869 were 86,781 machines against the 127,833 of 1870, showing an increase of one half in the latter year.—New York Sun.

The total Sales of "Singer" Machines are very nearly

THREE QUARTERS OF A MILLION!!!

Two Thirds of which were Sold within the Last Three Years, and all are in

SUCCESSFUL DAILY USE!

And still there are Agents, for even the poorest Machines, who persist, in the most "unblushing manner," in decrying ours, as if it were possible for the "Overwhelming and Rapidly Increasing Majorities of Singer Purchasers" to be mistaken.

We are not so vain as to suppose that these large sales are due to superior business capacity so much as to the superior merits of the Singer Machines, as well as the

OBSERVATION OF THOSE WHO BUY AND USE,
And are personally interested in comparing the merits of the different Machines before making a selection.

THE

'NEW FAMILY SINGER' SEWING MACHINE,

WITH ATTACHMENTS FOR ALL KINDS OF WORK,

We claim and can show is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the INTERLOCKED-ELASTIC-STITCH, alike on both sides of the fabric sewn.

The only STITCH that is Universally Approved, or is at all adapted to FIRST-CLASS WORK.

Thus, beaver cloth, or leather may be sewn with great strength and uniformity of stitch, and, in a moment, this willing and never-wearying instrument may be adjusted, even by a child, for fine work on gauze or gossamer tissue, or the tucking of tatarian, or ruffling, or almost any other work which delicate fingers have been known to perform.

All Machines Sold Guaranteed to give Entire Satisfaction!

Terms to Suit All!

OTHER MACHINES THOROUGHLY REPAIRED AT REASONABLE RATES!

WE MAKE NO CHARGE FOR CARTAGE WITHIN SALT LAKE CITY!

BEWARE of Spurious Needles, Poor Silk, Twist, Linen and Cotton Thread, Bad Oil, etc., Which may render the Best Machine Useless. The Singer

Company manufacture their own Needles, Silk and Twist; furnish

Linen and Cotton Thread and Oil—all of Superior Quality—

but which can be relied on only when obtained through their

Principal or Branch Offices.

THE SINGER COMPANY have, for the past three years, been unable to supply the demand for their machines, though much has been done to increase their manufacturing facilities. Much more is being done at home and abroad in enlarging their present manufacturing, building new ones, availing of the best machinery, and the services of the most skillful artisans, in the hope of being able to accept propositions for agencies, where such are not already established, though they are now tolerably well represented throughout the civilized world.

Be Sure to get the Best. Before you Purchase be sure to see the "Singer" at the Central General Agency, Singer Sewing Machine Depot Z. C. M. I., EAST TEMPLE ST., second door South of Eagle Emporium, SALT LAKE CITY.
