Last Night's Dispatches.

EASTERN.

WASHINGTON, 30.—The commissioner of internal revenue contemplates a change in the whisky regulations on the first of January, under which alteration an allowance of one fermenting period, but in no case more than forty-eight hours, will be made upon the opening of additional tubs, before those additional tubs are included in arriving at the producing capacity. Heretofore additional tubs have been included from the moment they were opened. The new ruling will be prospective from the first of January, but in no case will they be retro-active, or in other words, will relate entirely and only to products of January and future periods.

The President will give the first State dinner on the eighth of January, the guests being members of the Cabinet and their wives, the vice President and Mrs. Colfax, Gen. and Mrs. Sherman, and Admiral and Mrs. Porter. State dinners will be given at the White House every alternate Thursday during the season.

BALTIMORE.—The brig *Echo* has arrived and reports the loss of Captain Henry Wells, of the brig *Tempest* which was sunk in a collision with the *Echo*.

NEW YORK, 30.—A large crowd gathered at Central street ruins to-day, where a force of 100 men are at work removing the ruins. The intention of employing workhouse prisoners is abandoned and poor laboring men are engaged. The belief seems to prevail that the remaining bodies are buried beneath the ruins of the stairway. Alderman Gilsey has contributed $500 toward the expenses of removing the ruins. Judge Dowling and Morgan Jones have promised to increase their donations, and coroner Herman has offered $500. No other remains have been yet discovered, but pieces of shawls, stockings, &c, have been found. Comptroller Green has written to coroner Herrman that he cannot put the expense of the work in the tax levy as that is already made up, but he will see that it is paid.

Burglars entered Trinity Church last night and robbed the contribution boxes. They were evidently in search of the communion service, which was locked up in a safe.

The residence of John Conner was robbed of three thousand dollars worth of jewelry last night in 74th street.

A hundred prisoners from the workhouse have been put at work to-day to clear the ruins of the Centre St. fire. A jury has been empanelled this morning to hold an inquest upon the bodies in the ruins.

Bergh's officers to day stopped all stages bound down town with less than four horses attached.

J. U. Adams, collector of the Port of Pensacola, has disappeared from Taylor's hotel, Jersey City. As he had a large amount of money with him foul play is feared.

BROOKLYN.—Fire Marshal Ready has examined the hotels of that city and reports three leading hotels insecure in the matter of fire escapes.

Mail advices from Washington report that Secretary Boutwell has prepared his resignation to take effect February 10th. The names of Henry Clews and ex-Governor Morgan are most prominently mentioned as successor.

The *Tribune's* Washington special states that the President visited the Treasury department yesterday morning and was for two hours in conference with Assist. Secretary Richardson. The President is reported to have the fullest confidence in Richardson as a man of sound judgment and great financial tact, and his frends have often conjectured since the election that he would attest his friendship and respect by inviting the Assistant Secretary to take charge of the department, after the fourth of March next, in case Boutwell resigns. On the other hand it is stated that Richardson recently said he did not desire the place, but should retire with his chief and engage in the banking business in Europe. In such event many believe the President's choice would fall upon one of the prominent bankers of the country, with whom he is on intimate personal terms.

RICHMOND.—Col. Edward Loraine, chief engineer of the James River and Kanawha canal, has died, aged 55.

CONCORD.—This afternoon a train from Montreal ran into an up train awaiting its arrival here in the yard. The upright rod on the switch, being full of frost, broke, when the engine struck the rail and threw the train on the track where the other train was standing. The baggage car struck the engine and demolished it. The baggage car and two cars following were somewhat smashed. No one was seriously hurt. The escape from a general smashup was wonderful.

CHICAGO.—A Logansport dispatch says two trains on the Logansport and Wabash valley collided, killing Mr. Wolf, a brakesman, and injuring several others. The cars were badly smashed. The locomotive ran through three grain cars.

FULTON, N. Y.—The knitting factory of H. S. Corde & Son was burned this afternoon. Loss of building and stock and machinery $72,000. Insured $40,000.

WASHINGTON.—The truth of the statement telegraphed here that Boutwell has written a letter of resignation as Secretary of the Treasury to take effect February 15. It is denied at the Treasury Department. No one at the Executive Mansion has heard anything of the kind.

ST. LOUIS, 30.—Edward Heris, agent of the Grover and Baker Sewing Machine Co., St. Joseph, has been arrested here on a charge of embezzlement.

BOSTON.—Extreme cold weather still prevails throughout the New England states.

HARTFORD.—The stockholders in the Aenta Fire Co. have unanimously voted to reduce their capital stock from $3,000,000 to $2,000,000, and afterwards voted to increase it to the original amount and assess the stockholders 33⅓ per cent.

NEW YORK.—At a late hour this afternoon a workman found among the ruins of the Centre street building a human skull, with hair several inches long, a pair of women's shoes, and fragments of female apparel.

EUROPEAN.

BERLIN, 30.—The journals of Konigsberg and Posen have been threatened with confiscation if they publish insulting references to Germany.

In the recent Papal allocution the charge d' affairs of the German legation at the Vatican, will probably be instructed not to attend the reception of the diplomatic body by the Pope on the first of January, on account of the allocution.

ST. PETERSBURG, 30.—The Czarowitch slept six hours last night. His fever is diminished.

ROME.—The German charge d'affairs informed Cardinal Antonelli last week that he had been instructed to take unlimited leave of absence. He has since closed the legation for Berlin.

MADRID.—A rising of the Alphonsists is expected. The government is prepared to suppress it. The citizens of Madrid are opposed to Amadeus, who is greatly excited.

A London dispatch states that two two more failures are announced there on the stock exchange.

AFRICA.

ZANZIBAR, 18.—The U. S. steamer *Yantic* arrived on the 10th. Capt. Wilson, with U. S. Consul John F. Webb, visited the Sultan on the 11th and were received by troops and met by the Sultan from the palace. Captain Wilson represented to the Sultan the sentiment of the American people in regard to slavery and requested the abrogation of the clause of the treaty with England. The Sultan's reply was received on the 17th. He says:

"Thirty-three years ago I was forbidden by my father Said Said to export slaves to Muscat. The slaves now carried there are stolen by Arabs and tribes from the Persian Gulf. I will make strong efforts in future to prevent the kidnapping these slaves. I will make an effort."

THE PROGRESS OF TYRANNY IN LOUISIANA.

There is no new feature in the Louisiana trouble to day, but the longer the outrage is permitted to live the more hideous and revolting it becomes. Judge Bradley is not to go to New Orleans; at least that appears to be the present decision at Washington, and it is announced by the Republican organs as a partisan triumph. The people asked that he might be permitted to do so, in order that the alleged illegal and arbitrary action of Judge Durell might be subjected to his calm and fair revision; but their reasonable request is refused. They are to be left under the heel of a Judge who has trodden on the neck of the State, and now holds it helpless under his foot, with a federal bayonet at its throat. With a refinement of tyranny, the people of Louisiana are told that they have their remedy in an appeal from Judge Durell's final decision when that shall be reached, while at the same time it is announced that the proceedings hitherto had before that convenient Judge are only interlocutory, and hence not subject to appeal! Meanwhile the press—the only remaining safeguard of the liberty of the citizen—is suppressed at the will of those who have already overthrown the government, outraged the laws and defied the constitution, and the administration at Washington looks approvingly on and issues its edicts that the usurpers shall be regarded as the only lawful authorities of the State. Could these things have happened before the Presidential election?—*N. Y. Herald.*
