

HOUSE COMMITTEE TO PROBE CHARGES

Speaker Cannon Designates
Members to Investigate Elec-
tric Boot Lobby.

REPORT CITES ALLEGATIONS.

Leaves Proof, However, to Representa-
tive Lilley of Connecticut,
Who Filed Charges.

Washington, March 6.—A resolution providing for an investigation of the charges made by Mr. Lilley of Connecticut that members of the naval affairs committee had been unduly influenced in recommending certain submarine torpedo boats was reported to the house of representatives today by Mr. Dalsell of Pennsylvania, from the committee on rules and adopted by the house.

Accompanying the resolution was a report declaring it to be due to the house and its members that an investigation be made.

Speaker Cannon announced the following as the committee to conduct the investigation: Boutwell, Illinois; Stevenson, Minnesota; Olmsted, Pennsylvania; Howard, Georgia, and Broussard, Louisiana.

Without a dissenting voice the resolution was adopted.

REPORT OF COMMITTEE.

The committee report accompanying the resolution says:

"There was nothing on the face of the resolution that charged corruption or even improper methods on the part of the electric boat company in connection with legislation or proposed legislation, but on next succeeding days newspaper articles appeared in which Mr. Lilley was quoted as charging corrupt practices, and thereafter numerous alleged interviews of Mr. Lilley appeared in certain newspapers of the country, coupling the names of members of the house with the Electric Boat company and legislation in its interests. Following upon these publications, Mr. Lilley at his own instance appeared before the committee on rules and admitted the authenticity of the interview in the Washington Post, but repudiated all the others, and made a statement which is submitted herewith as a part of this report.

LILLEY'S CHARGES.

"In that statement charges are made of corrupt practices on the part of the Electric Boat company in influencing members of Congress and legislation, and of such character, taken as a whole, as to lead your committee to conclude that it is due to the maintenance of the dignity and integrity of the house and its members that an investigation into the charges made by Mr. Lilley should be had."

Hungry As a Bear And Can't Eat

If, When Mealtime Comes, You
Suffer from a Yes-Not Kind of
Hunger, You're a Dyspeptic

How to Cure All Stomach Troubles.

A good many people get mad when you tell them they've got dyspepsia, but way down deep in their stomachs they know they've got it.

"I'd love to eat it but I can't," is one kind of dyspepsia.

"I hate to think of it," is another kind. There are thousands of people today who hate their meals and love them at the same time. They haven't that fine empty-hungry eat-every-thing-in-sight kind of feeling which goes with every good, strong, healthy stomach. That's because they have dyspepsia. And then there are others whose mouths don't water at meal time or at any other time. They sit at the table and go through the motions, only because it's time to eat. These people, too, are dyspeptics.

Every possible kind of stomach trouble can be cured by taking something which will just take right hold of all the food in your stomach and digest it alone without the help of the stomach and let the stomach take a rest.

Stuart's Dyspepsia Tablets do this very thing. They are composed of the best digestive known to science, and are absolutely safe. One ingredient alone of one of these tablets will digest 3,000 grains of food! These tablets do exactly the work that a good, strong, healthy stomach does.

Stuart's Dyspepsia Tablets cure all cases of dyspepsia indigestion, burning or irritation, loss of appetite, bloating, belching, aversion to food, fermentation and gas on the stomach.

Stuart's Dyspepsia Tablets will make you feel "full" before and after each meal and make your stomach strong and healthy again. They will make you happy.

Send your name and address today and we will at once send you by mail a sample package, free of charge.

Stuart's Dyspepsia Tablets are sold at every drug store for 50c a box.

COULDN'T MOVE ARMS OR LEGS

A Detroit Contractor, Believed
to Be Dying of Rheumatism,
Cured by Dr. Williams'
Pink Pills.

Mr. George M. Glading, a contractor, of 16 Dumontier street, Detroit, Mich., and a member of the Modern Woodmen of America, Camp 957, of Custer, is certain that Dr. Williams' Pink Pills saved his life.

"In my younger days I was in charge of men getting out timber in northern Michigan and was exposed to all kinds of weather and for years had never spared myself from work or exposure, as a result of this and stomach trouble, I was completely run down during the spring of 1905 and fell an easy victim to an attack of rheumatism. I had the services of two doctors in Detroit, who, after attending me for several months, said I could never get well. By this time I was helpless, my entire body seemed to be paralyzed and I couldn't move my arms or legs.

"The doctors advised me to go to my old home in Custer, where I could be cared for during the remaining few days of my life. I had to live. My lodge met me and I went home, where I had a nurse and employed our family physician to give me what he could, although he agreed with the doctors of Detroit, that I could not live.

"As I lay in bed I thought there must be something radically wrong in the treatment I was getting. I had no desire to quit life at my age and decided to try Dr. Williams' Pink Pills, which I had heard some relatives say they had used. I bought one dozen boxes and commenced to take them at once, following the directions in every particular. For two weeks it was a life and death struggle, but Dr. Williams' Pink Pills finally won, for I began to have some feeling in my feet. After using the pills steadily for six weeks I could walk across the room and six weeks later was doing light work. My friends and doctors were dumfounded at my recovery. That was nearly four years ago and today I am employing more men than I used to and am working longer and harder than any of them."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

CHANCELLOR DAY ACCUSED OF EVIL

Rev. George A. Cooke Charges
That He Assailed Roose-
velt's Character.

REV. WATTERS FOR TRIAL.

Methodist Clergyman in New York
Will Have Case Submitted to Him
To Determine the Facts.

Brandon, Vt., March 6.—Charges have been preferred by Rev. George A. Cooke, pastor of the Methodist Episcopal church in Brandon against Rev. Dr. J. R. Day, chancellor of Syracuse university, on the ground that Dr. Day defamed the character of President Roosevelt. The charges have been presented to Rev. Dr. P. M. Watters, presiding elder of the New York church conference of the Methodist church, to which Chancellor Day is ecclesiastically attached.

DR. COOKE TALKS.

When interviewed tonight concerning the allegations, Rev. Dr. Cooke said it was true he had brought charges against Chancellor Day. He said that in a book entitled, "A Bait on Democracy," written by Chancellor Day, President Roosevelt was severely criticized and that in his opinion Dr. Day has violated the rules of the Methodist Episcopal church in thus assailing the president. Mr. Cooke stated that the specific charge preferred was defamation of character. He considered that "although Syracuse university is under obligations to the Standard Oil people by reason of large money gifts," Chancellor Day was not justified as a minister of the Methodist church in assailing President Roosevelt. The university itself is non-sectarian.

It is expected the charges will be passed upon at the April conference of the New York district.

Dr. Day is charged with having spoken "evil of magistrates" in violation of paragraph 20 of the general rules of the Methodist church, which warns against "uncharitable and unprofitable conversation, particularly speaking evil of magistrates or of ministers."

DAY'S OFFENSE.

In an interview on May 8, 1905, Chancellor Day is credited with saying:

"Anarchy of the sort practiced by President Roosevelt is the most dangerous kind of anarchy. Anarchism in the White House is the most perilous anarchy that has ever threatened our country. It means anarchy if the judges are to be set aside and their verdicts held up to criticism by the president."

None of the prominent Methodist clergymen of the city would discuss the Cooke charges for publication tonight, though in one instance it was pointed out that "speaking evil of magistrates" in the generally accepted sense of the term and as probably intended in the discipline, could hardly be construed as forbidding criticism of the public acts of an elected executive.

POUND OF FLESH HELD FOR UNDERTAKER'S DEBT

Los Angeles, March 6.—The body of Mrs. Charlotte L. Noyes, who was shot and killed by W. P. McComas in her apartment last Friday morning, is held by the firm of undertakers, which prepared the body for burial. A relative in Newburyport, Mass., has asked that the remains be forwarded to that place, but a request for funds to defray the undertaker's expenses has met with no reply.

The effects of Mrs. Noyes were auctioned off today in her apartments where the tragedy occurred.

Mr. McComas has been formally charged with murder and will appear for hearing next Tuesday morning.
