TRYOUT FOR CELT.

New York, June L-Celt, the James R. Keene race horse, which has been liber-ally supported for the Brooklyn handi-cap to be run Thursday, had his final tryout for the big race vesterday at the Sheepshead Bay track. With his regular exercise boy up and carrying about 130 pounds, he ran the mile and a quarter under a strong gull in 2:073-5. On this performance racing men believe that Celt will be a heavy odds-on favorite when the bugie blows for the big handicap.

Nearly every vacant lot was the scene of a ball gime yesterday and contests waged nearly all day. Down at Murray there was a good game between Bert Margetts' bunch and the Murray ag-gregation in which the Smelter City team won by a score of 8 to 6. The Idlewild team proved to be good sluggers and batted out a victory from the Mill Creek boys on the latter's grounds, wining by a score of 14 to 9. The Burrell's walloped the Occidental Juniors, 21 to 7, on the Liberty Park grounds.

Juniors, 21 to 7, on the Liberty Park grounds. The lift Sunday school club team went to Garfield yesterday and crossed bats with the Utah Copper team. The local boys proved too much for their rivals and won by a score of 7 to 2. The Fort Donglas team which is mak-ing a trip through Idaho went down to defeat again yesterday, the Idaho Falls team whining by a score of 20 to 6. It was a bything day for the Idahoans as they knocked three soldiers out of the box.

HEIN MAKES DENIAL.

HEIN MAKES DENIAL. The "News" received this morning the following communication from Hein, one of the runners in yesterday's Y. M. C. A. "Marathon" race: "Having read your account of the Y. M. C. A. Marathon in Monday's edition of your paper, I note that you have made a statement, intimating that I was car-ried by an automobile for part of the course, and consider that you have done me a gross injustice, as the statement is absolutely false. I am willing to de-posit \$25 with any responsible person to be given to any one who can prove same to be true. Knowing that you are a reputable paper I feel confident that you will recall your statement in a future edition, and put things right before the rublic. Trusting that my request may be granted and thanking you in advance for your consideration in this matter. I am. very truly yours. F. G. HEIN."
