

## AWFUL DEATH OF H. W. WATTERSON

Younger Son of Editor of Louisville Courier-Journal Falls  
Hundred and Ten Feet.

### BODY REDUCED TO A PULP

Is Thought He Went to Raise Window  
In Office, Stumbled Over Radiator,  
Pitched Forward and Fell.

New York, Nov. 11.—Harvey W. Waterson, a lawyer and younger son of Henry Waterson, editor of the Louisville Courier-Journal, plunged to his death from the nineteenth floor of his office building at 37 Wall street late this afternoon. His body shot downward for 110 feet and landed on the roof of a 10-story building adjoining. Almost every bone was broken and the head crushed and death was practically instantaneous.

While there were no eye-witnesses to the tragedy, evidently it was entirely accidental. Mr. Waterson's hat and coat were on his closed desk. Presumably he had attempted to lower the window and other stumbling over the radiator, which was in front of the low sill, or losing his footing in some manner unknown, pitched forward and down to death on the roof of the building below. Mr. Waterson was 30 years old and married. He was junior member of the law firm of Wing, Russell & Waterson.

Shortly before 4 o'clock, after having discussed business matters with a clerk Mr. Waterson remained that he was going home, and passed from the library through the room of P. H. Hagg, the managing clerk, into his own private office, the door of which closed and locked automatically as he entered. Hagg was the last person to see the young lawyer alive.

A few minutes later the superintendent of the building rushed in and informed Thomas E. Wing, senior member of the firm, who believed Mr. Waterson had fallen from the window. He looked down from the window and the mangled form was seen lying on the roof below.

The body was removed to the Waterson home after the coroner had declared that the death of Mr. Waterson was due entirely to accident. A peculiar feature of the case was that Mr. Waterson's watch and a pipe in another pocket were not damaged by the fall. Mrs. Waterson was prostrated when informed of her husband's tragic death. Mr. Wing said that Mr. Waterson had been a member of the firm about three years. He was sure, he said, that death was accidental, since Waterson had no financial or domestic troubles. The firm's business was in good condition. Mr. Wing said, and Waterson had been very successful.

Waterson was born and reared in Louisville, Ky. When about 21 years old he came to New York and entered the Columbia law school. During the time he was a student there he taught in a night school. Shortly after becoming a member of the Wing, Russell & Waterson law firm he ran for the assembly on the Tammany ticket in the upper west side district, but the district was strongly Republican and he was defeated.

### HIS FATHER INFORMED

Louisville, Ky., Nov. 11.—News of the tragic death of Harvey W. Waterson, first communicated to the friends of Henry Waterson, editor of the Courier-Journal, created a profound impression in Louisville, and there was immediately formed a pathetic little conspiracy having for its purpose the breaking of the news to the veteran editor as gently as possible. Telephone communication with his country home, four miles from the city, was immediately stopped, and the editor was told by Mrs. Benjamin Hildy, widow of the consul general to Mexico, the difficult task. Mrs. Hildy, suddenly bereaved a few weeks ago, of the husband who had been Mr. Waterson's protegee and intimate friend, has accomplished her mission, and tonight the editor is sitting at his home, surrounded by hundreds of telegrams from men of national prominence already are pouring in offering condolence and sympathy.

The bond between Mr. Waterson and his son was an unusually strong one. Their interest in politics and national affairs being mutually keen, and the father's satisfaction at the rapidly widening career of the son was very great. It was decided by the family that Mr. Waterson would not be able to undertake a journey to New York, and Mrs. Harvey Waterson was therefore asked to bring the body to Louisville, which probably will be done on Friday or Saturday. The funeral will probably be held on Sunday, but this has not been definitely decided on. Harvey Waterson was 30 years of age. He leaves no children. His wife, before her marriage, was Miss Alice Burrows of New York.

### ATTEMPTED BLACKMAIL CAUSES MAN'S SUICIDE

Chicago, Nov. 11.—J. Edwin Stein, the supposed victim of alleged blackmailers, who were arrested yesterday committed suicide in a room at a prominent South Side hotel. The deceased was 25 years of age and a son of David A. Stein of the wholesale clothing firm of Edelheimer, Stein & Co. The men arrested in the alleged blackmailing plot were Charles Gerbaud, Jacob Maroney and Joseph Rankin. Their plan, according to Maroney's story to the police, was "to gather information" about young Stein and then to demand \$50,000 of the young man's father on pain of having scandalous stories spread.

Young Stein's suicide came as an

### CARMACK'S SLAYER.

Robin Cooper Will be Charged With Murder.

Nashville, Tenn., Nov. 11.—A state warrant, charging him with murder of Senator Carmack, was served on Robin Cooper at the hospital today and he will be removed to the county jail when his condition permits.

Tomorrow morning the judge of Davidson county will begin the investigation of the killing of Senator Carmack. One of the chief topics of conversation on the streets today was the alleged presence of ex-Sheriff John D. Sharpe at or near the scene of the killing. The ex-sheriff was seen in the arcade with the two Coopers a few minutes before the killing and was seen to leave them with them, and was seen with them at Union and Fifth avenues. It was up Union avenue the Coopers came before they met Carmack on Seventh avenue. Today it develops from the statement of Mrs. Ellen Morgan, who saw Senator Carmack fall, that the ex-sheriff was at the scene of the killing within a few moments after it occurred.

### PEOPLE HONOR THE MEMORY OF SEN. CARMACK

Columbia, Tenn., Nov. 11.—Business was entirely suspended and the people of this city and county, together with many from other Tennessee counties, turned out today to do honor to the memory of the late Senator Edward Ward Carmack.

The public buildings and there was immediately formed a pathetic little conspiracy having for its purpose the breaking of the news to the veteran editor as gently as possible. ## S.S.S. THE REMEDY FOR SORES AND ULCERS

The combination of healthful vegetable ingredients of which S. S. S. is composed, makes it an especially desirable and effective remedy in the treatment of sores and ulcers of every kind. Since an impure condition of the blood is responsible for the trouble, a medicine that can purify the blood is the only hope of a successful cure; and it should be a medicine that not only cleanses the circulation, but one that at the same time restores the blood to its normal, rich, nutritive condition. S. S. S. is just such a remedy. It is made entirely of healing, cleansing vegetable properties, extracted from nature's roots, herbs and barks of the forest and fields. It has long been recognized as the greatest of all blood purifiers. It has long been necessary to remove every impurity in the blood. When S. S. S. has purified the circulation, and strengthened and enriched it, sores and ulcers heal readily and surely, because they are no longer fed and kept open by a continual discharge into them of irritating disease-laden matter from the blood. S. S. S. brings about a healthy condition of the flesh by supplying it with rich, nourishing blood and makes a permanent and lasting cure. Book on Sores and Ulcers and any medical advice mailed free to all who write.

## PREPARING FOR TARIFF TINKER'S

Democratic Members of House  
Ways and Means Committee  
Favor Some Increases.

### REPUBLICANS OPPOSED IT.

Related to Duty on Barytes Large Deposits of Which Are Found in Southern States.

Washington, Nov. 11.—The Democratic members of the house ways and means committee favoring an increase in the rate of duty, and the Republican members assuming an attitude against a protective rate on barytes, an article listed in schedule A of the tariff, was the unusual situation which developed at today's hearing before the committee. Former Representative M. E. Rhoades, A. G. Nelson, S. M. Evans of North Carolina, and Charles J. Staples of Buffalo, spoke in favor of increasing the duty on crude barytes, and when Mr. Evans took up the argument speaking of the barytes deposits in Tennessee, the members of the ways and means committee became interested.

Representative Pon of North Carolina, a Democrat, told Mr. Evans that if he could show that the mining of barytes was made unprofitable because of the prevailing tariff, he would have the support of the minority members of the committee in the recommendation for an increase in the duties.

Despite the assertion of Mr. Rhoades that Missouri was carried in the last election for tariff reasons, the belief that a higher protective tariff would be enacted, the Republican members of the committee, led by Chairman Payne, Representative Longworth and Representative Boutwell, apparently desired to bring out the fact that no higher duty was necessary on barytes. The hearing on the proposed revision affecting the schedule on chemicals and paints was completed at 9 o'clock, and the members of the committee left the hearing of schedule H of the tariff, covering spirits, wines and other beverages, will begin.

The arguments presented today were in the main technical and in favor of the retention of the present rates of duty. The prevailing attitude with regard to schedule A is that the tariff should be lowered. The tariff on barytes, a paint and color manufacturer of New York who submitted the brief.

"It will be seen that the duty at present levied is but moderate and is necessary to equalize European and American conditions. It is not necessary to submit that the present rate of duty on our products should be left undisturbed by the delegates to the convention."

The invited guests decided that if President Roosevelt wanted to do anything in the interest of labor it must be done through the organization (the American Federation of Labor) recognized as the parent body of all unions in the country.
