You will never find our Doctor out. He is here to give advice without charge to those who need him-to those who don't, sometimes. He doesn't always recommend the Aver medicines, because the Aver medicines are not "cure-alls."

Perhaps if we tear a leaf from his correspondence it will show you what we mean. Here is a letter which came last March.

DEAR DR. AVERS

I want your advice for my little boy. He is getting very thin. He has no appetite. He is fifteen years old, When he was four years old he had lung fever, but his health was good until two years ago, Since then he is failing fast. The doctors here say he has the bronchitis. He spits all the time awful bad. The spits are big. thick, and white. Yours truly, Mrs. MAEGARET MURPHY,

March 30, 1900. Kinbrae, Minn."

And this is the way the Doctor answered Mrs. Murphy:

DEAR MADAM:

We enclose our book on The Throat and Lungs, in which we trust you will find just the information you desire.

"You should begin at once the use of this Cherry Pectoral for your son, giving it in moderate doses. Then procure some good preparation of cod-liver oil, as Scott's Emulsion, and give him that, as well. Pay particular attention to his diet, giving him such neurishing foods as rare steak, lamb chops, good milk, eggs, etc. Above all, keep him out of doors all that the weather permits. There is nothing that will do him more good than plenty of fresh air. Let him live out of doers all that is possible. By carrying out these general suggestions we shall hope to hear soon that your son is improving in every way. Very truly yours, April 5, 1900. J. C. AYER."

You see, it wasn't only the Ayer medicines that we recommended. The first idea of the Doctor was to cure that boy. The result is told in this letter:

DEAR DR. AVER:

write and tell you how thankful I am.

"When I first wrote you, on March 30, he only weighed 50 pounds, but now he weighs 82 pounds; and all this gain since the 8th of April, when I first began to follow your direction

Thorne Perhaps it was the codliver oil; perhaps it was the Cherry Pectoral. Probably it was both. But, more than either, it was the good, sound advice the Doctor gave in the first place. I remember well how curlously those who were with him gazed at me, and I am sure that it must have struck for the holding of the next art exhibit, which will occur this coming winter, The place of holding the fine art exhibit

SALTAIR WILL NOT CLOSE UNTIL SATURDAY NIGHT.

Manager Bateman says the Salt Lake & Los Angeles railroad will run trains to Saltair beach every day this week the same as they have been run during the entire season, with the exception, perhaps, of the evening trains. The fare for the round trip will also be the same as usual. On next Saturday night the senson will close with a ball and as this will be the last time the public will have an opportunity to enjoy the pleasures of a dance on the big pavilion, there is no doubt but that a large crowd will go out to the lake that doy.
