SEMI-WEEKLY NEWS

The actual, bona fide circulation of the Semi-Weekly edition of the News, (separate and apart from the daily) was, on the last issue,

12,212 COPIES

The largest circulation of any paper between Denver and the coast. Books open to advertisers.

The following figures give the number of the Semi-Weekly News printed on the first and fifteenth of each month since the paper changed hands on January 1, 1899:

January 1, 1899	10,280
January 15, 1899	10,375
February 1, 1899	10,475
February 15, 1899	10,600
March 1, 1899	10,750
March 15, 1899	11,000
April 1, 1899	11,325
April 15, 1899	11,550
May 1, 1899	11,850
May 15, 1899	12,212

LOCAL BRIEFS.

W. W. Freeman, Press representative of Ringling Bros. circus, has arrived in town ahead of the show.

I. M. Waddell, of Waddell & Adams, is back from the Provo country. He says new settlers continue to arrive in that section and that all are pleased with the crop outlook.

Evanston News-Register: Mr. and Mrs. Joe Rosso left Friday for a two weeks' visit with relatives in Salt Lake City, and also to attend the wedding of Mr. Rosso's sister.

The Ruskin society of the First Congregational church will meet tonight at the church to debate the question as to whether or not the government is justifiable in its Philippine policy.

On Wednesday next Mrs. R. K. Thomas, Miss Kate Thomas and Ethel and Randall Thomas will leave this city for an extended European tour. They will attend the Paris exposition.

Once more Mail Carrier S. H. Skidmore has been removed from the hospital to his home. His condition is just about the same, yet the physicians think it will do no harm to send him home.

An order has been issued by Postmaster Thomas to the effect that hereafter there will be no city mail delivery on holidays except at the carriers' windows. These will be open from 9 a. m. to 12 m. This rule will not apply to Sundays.

The regular monthly meeting of the Woman's Press Club will be held Wednesday in room 205 Templeton. The program is as follows: Sentiments from Miss Adams, Mrs. Lyon; Press Election Ballfour, Mrs. C. . . . R. Wells; Current Events, Mrs. Schiller.

The wife and daughter of Dr. Iliff will leave tonight for Minneapolis, Minn. They expect to visit friends and relatives in Denver and Kansas City, Mo. Mrs. Iliff's condition is just about the same, yet the physicians think it will do no harm to send him home.

Mrs. Elmira S. Taylor then delivered a short address of welcome and congratulation, after which Susan Stohl, superintendent of the Forester Stake reported the condition of the Mutual Improvement work in that district, saying that it was very satisfactory. He exhorted for hearers to new diligence and extended his hand pledge that there was no weakness within labor.

Mrs. Ann Cook reported the condition of Box Elder Stake which she said was flourishing. Bessie Edmonds also sang sweetly the new story to God. George Cervantes of the Bannock Stake said Mutual Improvement work was making rapid strides in his section. The same report came from Mrs. Angel of Utah Stake. Short addresses and from John L. Herrick of Weber who said that great good had resulted under his jurisdiction from the efforts of the special missionaries who had been sent out by the general superintendency. Mrs. Ida Bigelow expressed herself as feeling great good resulted from the association together of the young men and young women in mutual improvement work.

Apostle F. M. Lyman said that the association of young people would be known in history as the founders of mutual improvement work. This work he declared would be carried on throughout all future generations until it had accomplished the purposes for which it had been instituted.

The choir then sang the closing number after which Bishop John R. Winder announced that Admiral Schley would address the meeting. A hymn was sung by request and prayer was offered. He then pronounced the benediction and the meeting came to an end.

Afternoon Session.

At 2 p. m. the Tabernacle was filled above and below. Admiral Schley, Admiral Beardslee and staff were accompanied by Mrs. Schley and by Senator and Mrs. Manderson and the escort of honor, the Governor's staff, occupying positions on the stand. The audience rose and the great organ monotonically thundered forth its power and majesty, followed by the singing of the "Star Spangled Banner." All the congregation joined with the choir in singing the first and fourth stanzas of the national anthem.

The congregation was called to order by President Joseph F. Smith. The choir sang, with Eno at the organ, the anthem of the Hallelujah chorus: "The Lord God Omnipotent Reigneth."

A prayer was offered by Elder Charles W. Penrose.

The choir sang:

"Noble Chief, Thou We Hail!"

JAMES E. TALMAGE.

Dr. Talmage was the first speaker. He said that on the occasion of one of the previous conferences of former years on the present occasion his heart was stirred by the sight of these great numbers that had come together for the purposes of this conference. He recalled a remark made by the late President . . . Wilford Woodruff, that all men and all women who were not far from ninety-five were young men and young women. "There are in this community many young old men and women. Old in years, but young in heart in the world." The speaker bowed to see the attention of youth preserved to old age and to see grey hairs mingling with the young, when the old and young united in a common purpose assembled at these gatherings. There is inspiration, indeed, in the very name of mutual improvement. Improvement is nature's hymn. The Church of God must needs be a church of improvement, its destiny is that it shall forever advance and shall eternally grow. Improvement is the hymn, the anthem of nature, sung by such blade of grass as it grows and by the planets in their orbits. We are associated with a work to which there can be no end. What is not possible to that which goes on forever, to that which is stamped with the power of eternal improvement? I have heard many doctrines of the gospel set forth to which God has not attained to that perfection to which He has attained and that to which He invites His children to aspire. We are not perfect. We need to purify our minds and to know what true greatness is. Every son of God may see and feel that there is but one kind of greatness recognized of God, and that is holiness!

"We may be called the great; but we should understand that greatness consists in doing one's duty in whatever line we are called to labor. Whether in the theory paths of war or in the quiet vocations of peace.

"In every age and in every kind soul, we can recognize the supremely great. To improve we must have some ideals, and I think that the lives of eternal greatness in an ideal sufficient to inspire any soul with the hope of greatness.

"When I consider what has been accomplished in these valleys in one-half of a century, I am not discouraged that we have not attained to the ideals that has been planted here in a virile, fertile soil, that will grow forever. God has set His hand to build up a glorious race. Our parents had but few of the opportunities we have for improvement, but do what we may we shall never surpass the record, never dim the glory of their achievement. They were inspired with true hope, and they builded that they knew to be the word of God, they are striving to carry that good word into the world.

At the conclusion of his address Col. John R. Winder escorted Admiral Schley and Senator Manderson up the centre aisle of the tabernacle to the front. Here introductions to President Snow, President Jos. F. Smith and others followed. Mr. Winder, on the stand, then said: "I have the honor to introduce Admiral Schley."

A rising ovation into a volley of applause followed this announcement as the admiral came forward.

ADMIRAL SCHLEY'S ADDRESS.

Then the admiral, whose calm face was flushed now, at the unexpected ovation, stood and said:

"My Friends:—Next to living in the love of God is that of living in the love of His people. This is the best time of my life. I have never been in the interior of this great empire of ours, and I have abundant proof and reason now to be glad that I came, for I have never given into such a mighty nation.

"I believe that the fundamental principle underlying that rule of confidence upon which the republic is built has been the respect and love for its women. In the hearts of the people and beauty of life and their strong character that have made us the great and enduring nation that we are. In no way in our profession, the man who serves behind the guns lest in the main as to that of the woman serving behind him. (Applause.)

"I thank you very much for this very cordial reception that you have extended to me, and it is all the more acceptable when I feel that it is intended for the great service that I represent, for a service that has been my highest field with honor in enlisting the nation's glory; that has always stood of the highest type of service and for which I have lived and for which I have labored. It has been their doings largely which has made our fleet in little act beside the fact that has made us a little bit more proud of being American.

"In the war through which we have just passed, I think it has been worth all the blood that has been shed and all the sacrifice that has been spent to have learned our own power and the glory that it is to other people. (Applause.) Our impressive lesson has been that the Dons which divided our hearts heretofore have all been obliterated, and in the war just ended the North and the South and the East and the West have stood in that brotherhood and in that readiness to die for the best flag in the world, and I am grieved and grieved by the best people, because they believe in God and God's presence in everything."

SENATOR MANDERSON.

Senator Manderson was then introduced, and said:

"This is a holy day. When the lightning flashed and the thunders rolled above Sinai, the law was given down from the great Creator. Remember the Sabbath day to keep it holy. This is a holy day. On this day upon which the great valley builded this Tabernacle to the worship of Almighty God, a multitude of people gathered from all the ends of the earth to worship in their own manner for which it was erected (ban any other where people gather to worship. It is a holy day.

"Is there veneration of this holy day? Is there disregard for the principles of the Lord Jesus Christ? Is there a nation here to pay tribute to courage, to love of country and to love of man? Our flag stands for these very things, makes a creed to which every American citizen can bend the knee.

"When the gallant sailor who stands before you arrived in acquiescence with my invitation to come out west of the Rocky mountains, it was the first time the great States and look into the faces of its magnificent people, but that was not the first time I myself, that there should come to him upon every step of his journey that loud acclaim that he has received, how hearty, how genuine, how full of love for him and love for him happiness, and in paying this tribute to him, he is but paying this tribute to the flag and the principles of all that it implies to take it to himself. In paying your need of appreciation to him, you are paying your appreciation of the great service to which he became implicated; that navy of the United States, that has been built up from the birth of this great Nation; that added to it in number with foreign powers and with great results and in the Porter, the teachings of that man added fresh glory to the flag of the Republic. (Applause.)

"That you pay tribute not only to him, but you pay tribute to that other branch of the service to which he belongs and to that navy which has never permitted it to sink to the ground in disgrace, and you recognize the officers and you recognize the good to bring to the conquest, but one of the brightest of the stars in our galaxy, and you pay tribute to the men who have aided in that last seen, and add new glory to America, and will make the name of every member of the Utah artillery a name to inscribe upon monuments and live in history.

"That above all, in this tribute to Admiral Schley you pay tribute to American institutions and to this great Republic, and I say that it is your youths patriotic ardor and love of country, and when you have successfully fought for freedom and have secured that which you have brought to the cause of freedom, you have brought a tribute to God, to country and to home."

Upon leaving the stand the guest was introduced again with many persons along the line, the whole audience arising again as he left the building.

Mrs. Wilford Woodruff then said: "I am glad to see all women who were not far from ninety-five were young men and young women. The Church of God must needs be a church of improvement, its destiny is that it shall forever advance and shall eternally grow. Improvement is the hymn, the anthem of nature, sung by such blade of grass as it grows and by the planets in their orbits. We are associated with a work to which there can be no end. What is not possible to that which goes on forever, to that which is stamped with the power of eternal improvement? I have heard many doctrines of the gospel set forth to which God has not attained to that perfection to which He has attained and that to which He invites His children to aspire. We need to purify our minds and to know what true greatness is. Every son of God may see and feel that there is but one kind of greatness recognized of God, and that is holiness!

"We may be called the great; but we should understand that greatness consists in doing one's duty in whatever line we are called to labor. Whether in the theory paths of war or in the quiet vocations of peace.

"In every age and in every kind soul, we can recognize the supremely great. To improve we must have some ideals, and I think that the lives of eternal greatness in an ideal sufficient to inspire any soul with the hope of greatness.

"When I consider what has been accomplished in these valleys in one-half of a century, I am not discouraged that we have not attained to the ideals that has been planted here in a virile, fertile soil, that will grow forever. God has set His hand to build up a glorious race. Our parents had but few of the opportunities we have for improvement, but do what we may we shall never surpass the record, never dim the glory of their achievement. They were inspired with true hope, and they builded that they knew to be the word of God, they are striving to carry that good word into the world.

At the conclusion of his address Col. John R. Winder escorted Admiral Schley and Senator Manderson up the centre aisle of the tabernacle to the front. Here introductions to President Snow, President Jos. F. Smith and others followed. Mr. Winder, on the stand, then said: "I have the honor to introduce Admiral Schley."

A rising ovation into a volley of applause followed this announcement as the admiral came forward.

ADMIRAL SCHLEY'S ADDRESS.

Then the admiral, whose calm face was flushed now, at the unexpected ovation, stood and said:

"My Friends:—Next to living in the love of God is that of living in the love of His people. This is the best time of my life. I have never been in the interior of this great empire of ours, and I have abundant proof and reason now to be glad that I came, for I have never given into such a mighty nation.

"I believe that the fundamental principle underlying that rule of confidence upon which the republic is built has been the respect and love for its women. In the hearts of the people and beauty of life and their strong character that have made us the great and enduring nation that we are. In no way in our profession, the man who serves behind the guns lest in the main as to that of the woman serving behind him. (Applause.)

"I thank you very much for this very cordial reception that you have extended to me, and it is all the more acceptable when I feel that it is intended for the great service that I represent, for a service that has been my highest field with honor in enlisting the nation's glory; that has always stood of the highest type of service and for which I have lived and for which I have labored. It has been their doings largely which has made our fleet in little act beside the fact that has made us a little bit more proud of being American.

"In the war through which we have just passed, I think it has been worth all the blood that has been shed and all the sacrifice that has been spent to have learned our own power and the glory that it is to other people. (Applause.) "We may be called the great; but we should understand that greatness consists in doing one's duty in whatever line we are called to labor. Whether in the theory paths of war or in the quiet vocations of peace.

"In every age and in every kind soul, we can recognize the supremely great. To improve we must have some ideals, and I think that the lives of eternal greatness in an ideal sufficient to inspire any soul with the hope of greatness.

"When I consider what has been accomplished in these valleys in one-half of a century, I am not discouraged that we have not attained to the ideals that has been planted here in a virile, fertile soil, that will grow forever. God has set His hand to build up a glorious race. Our parents had but few of the opportunities we have for improvement, but do what we may we shall never surpass the record, never dim the glory of their achievement. They were inspired with true hope, and they builded that they knew to be the word of God, they are striving to carry that good word into the world.

YOUNG PEOPLE'S CONFERENCE.

Splendid Attendance at the Two Days' Meeting Ending Tonight.

SCHLEY AT TABERNACLE.

Given a Grand Ovation and Speaks to the Multitude of People Present.

GEN. MANDERSON SPEAKS.

Official Report Shows That the Cause of Mutual Improvement is in a Flourishing Condition.

The work of Mutual improvement seems to be flourishing as never before. The reports that have been presented at the meetings yesterday and today are most satisfactory to the general superintendency and many of people under their direction.

The conference was treated to an unusual indulgence yesterday when Admiral Schley, who ranks next to Admiral Dewey in the estimation of the American public as a naval hero, attended the meeting and was made a special guest of honor and distinction. The scene when the admiral, General Manderson and Governor Wells and party entered the great Tabernacle was a most inspiring one. At a given signal—just as the party crossed the threshold—the mighty audience arose and a solemn hush fell over the assembly as the admiral and party were escorted to their seats in the centre of the building, which had been specially reserved for them. Probably not a dozen persons present imagined for a moment that the admiral would speak to them from the stand but he did so and most interestingly as told in the proceedings of the meeting.

Sunday Morning Session.

The Sunday morning session of the conference convened at 9 o'clock and was called to order by President Snow. The opening prayer was offered by Elder John Smith, and after the singing exercises by the Gentlemen's M. I. A. chorus, President Snow addressed the congregation.

"The President briefly referred to his trip throughout the south and stated that each member of the party had looked upon it as one of the most pleasant and profitable trips he had ever experienced. He congratulated the young people on the advancement and progress in mutual improvement work, and said their advantages were much greater than those their parents had enjoyed. He said there is room for glory in young people who were called upon to stand before audiences from time to time. He said above all things they should not naturally and not attempt the flights of oratory but should depend entirely upon the spirit of the Lord in which event they should not sit down without having benefited themselves and those whom they addressed.

Mrs. Elmira S. Taylor then delivered a short address of welcome and congratulation, after which Susan Stohl, superintendent of the Forester Stake reported the condition of the Mutual Improvement work in that district, saying that it was very satisfactory. He exhorted for hearers to new diligence and extended his hand pledge that there was no weakness within labor.

Mrs. Ann Cook reported the condition of Box Elder Stake which she said was flourishing. Bessie Edmonds also sang sweetly the new story to God. George Cervantes of the Bannock Stake said Mutual Improvement work was making rapid strides in his section. The same report came from Mrs. Angel of Utah Stake. Short addresses and from John L. Herrick of Weber who said that great good had resulted under his jurisdiction from the efforts of the special missionaries who had been sent out by the general superintendency. Mrs. Ida Bigelow expressed herself as feeling great good resulted from the association together of the young men and young women in mutual improvement work.

Apostle F. M. Lyman said that the association of young people would be known in history as the founders of mutual improvement work. This work he declared would be carried on throughout all future generations until it had accomplished the purposes for which it had been instituted.

The choir then sang the closing number after which Bishop John R. Winder announced that Admiral Schley would address the meeting. A hymn was sung by request and prayer was offered. He then pronounced the benediction and the meeting came to an end.

Afternoon Session.

At 2 p. m. the Tabernacle was filled above and below. Admiral Schley, Admiral Beardslee and staff were accompanied by Mrs. Schley and by Senator and Mrs. Manderson and the escort of honor, the Governor's staff, occupying positions on the stand. The audience rose and the great organ monotonically thundered forth its power and majesty, followed by the singing of the "Star Spangled Banner." All the congregation joined with the choir in singing the first and fourth stanzas of the national anthem.

The congregation was called to order by President Joseph F. Smith. The choir sang, with Eno at the organ, the anthem of the Hallelujah chorus: "The Lord God Omnipotent Reigneth."

A prayer was offered by Elder Charles W. Penrose.

The choir sang:

"Noble Chief, Thou We Hail!"

JAMES E. TALMAGE.

Dr. Talmage was the first speaker. He said that on the occasion of one of the previous conferences of former years on the present occasion his heart was stirred by the sight of these great numbers that had come together for the purposes of this conference. He recalled a remark made by the late President . . . Wilford Woodruff, that all men and all women who were not far from ninety-five were young men and young women. "There are in this community many young old men and women. Old in years, but young in heart in the world." The speaker bowed to see the attention of youth preserved to old age and to see grey hairs mingling with the young, when the old and young united in a common purpose assembled at these gatherings. There is inspiration, indeed, in the very name of mutual improvement. Improvement is nature's hymn. The Church of God must needs be a church of improvement, its destiny is that it shall forever advance and shall eternally grow. Improvement is the hymn, the anthem of nature, sung by such blade of grass as it grows and by the planets in their orbits. We are associated with a work to which there can be no end. What is not possible to that which goes on forever, to that which is stamped with the power of eternal improvement? I have heard many doctrines of the gospel set forth to which God has not attained to that perfection to which He has attained and that to which He invites His children to aspire. We need to purify our minds and to know what true greatness is. Every son of God may see and feel that there is but one kind of greatness recognized of God, and that is holiness!

"We may be called the great; but we should understand that greatness consists in doing one's duty in whatever line we are called to labor. Whether in the theory paths of war or in the quiet vocations of peace.

"In every age and in every kind soul, we can recognize the supremely great. To improve we must have some ideals, and I think that the lives of eternal greatness in an ideal sufficient to inspire any soul with the hope of greatness.

"When I consider what has been accomplished in these valleys in one-half of a century, I am not discouraged that we have not attained to the ideals that has been planted here in a virile, fertile soil, that will grow forever. God has set His hand to build up a glorious race. Our parents had but few of the opportunities we have for improvement, but do what we may we shall never surpass the record, never dim the glory of their achievement. They were inspired with true hope, and they builded that they knew to be the word of God, they are striving to carry that good word into the world.

At the conclusion of his address Col. John R. Winder escorted Admiral Schley and Senator Manderson up the centre aisle of the tabernacle to the front. Here introductions to President Snow, President Jos. F. Smith and others followed. Mr. Winder, on the stand, then said: "I have the honor to introduce Admiral Schley."

A rising ovation into a volley of applause followed this announcement as the admiral came forward.

ADMIRAL SCHLEY'S ADDRESS.

Then the admiral, whose calm face was flushed now, at the unexpected ovation, stood and said:

"My Friends:—Next to living in the love of God is that of living in the love of His people. This is the best time of my life. I have never been in the interior of this great empire of ours, and I have abundant proof and reason now to be glad that I came, for I have never given into such a mighty nation.

"I believe that the fundamental principle underlying that rule of confidence upon which the republic is built has been the respect and love for its women. In the hearts of the people and beauty of life and their strong character that have made us the great and enduring nation that we are. In no way in our profession, the man who serves behind the guns lest in the main as to that of the woman serving behind him. (Applause.)

"I thank you very much for this very cordial reception that you have extended to me, and it is all the more acceptable when I feel that it is intended for the great service that I represent, for a service that has been my highest field with honor in enlisting the nation's glory; that has always stood of the highest type of service and for which I have lived and for which I have labored. It has been their doings largely which has made our fleet in little act beside the fact that has made us a little bit more proud of being American.

"In the war through which we have just passed, I think it has been worth all the blood that has been shed and all the sacrifice that has been spent to have learned our own power and the glory that it is to other people. (Applause.) Our impressive lesson has been that the Dons which divided our hearts heretofore have all been obliterated, and in the war just ended the North and the South and the East and the West have stood in that brotherhood and in that readiness to die for the best flag in the world, and I am grieved and grieved by the best people, because they believe in God and God's presence in everything."

SENATOR MANDERSON.

Senator Manderson was then introduced, and said:

"This is a holy day. When the lightning flashed and the thunders rolled above Sinai, the law was given down from the great Creator. Remember the Sabbath day to keep it holy. This is a holy day. On this day upon which the great valley builded this Tabernacle to the worship of Almighty God, a multitude of people gathered from all the ends of the earth to worship in their own manner for which it was erected (ban any other where people gather to worship. It is a holy day.

"Is there veneration of this holy day? Is there disregard for the principles of the Lord Jesus Christ? Is there a nation here to pay tribute to courage, to love of country and to love of man? Our flag stands for these very things, makes a creed to which every American citizen can bend the knee.

"When the gallant sailor who stands before you arrived in acquiescence with my invitation to come out west of the Rocky mountains, it was the first time the great States and look into the faces of its magnificent people, but that was not the first time I myself, that there should come to him upon every step of his journey that loud acclaim that he has received, how hearty, how genuine, how full of love for him happiness, and in paying this tribute to him, he is but paying this tribute to the flag and the principles of all that it implies to take it to himself. In paying your need of appreciation to him, you are paying your appreciation of the great service to which he became implicated; that navy of the United States, that has been built up from the birth of this great Nation; that added to it in number with foreign powers and with great results and in the Porter, the teachings of that man added fresh glory to the flag of the Republic. (Applause.)

"That you pay tribute not only to him, but you pay tribute to that other branch of the service to which he belongs and to that navy which has never permitted it to sink to the ground in disgrace, and you recognize the officers and you recognize the good to bring to the conquest, but one of the brightest of the stars in our galaxy, and you pay tribute to the men who have aided in that last seen, and add new glory to America, and will make the name of every member of the Utah artillery a name to inscribe upon monuments and live in history.

"That above all, in this tribute to Admiral Schley you pay tribute to American institutions and to this great Republic, and I say that it is your youths patriotic ardor and love of country, and when you have successfully fought for freedom and have secured that which you have brought to the cause of freedom, you have brought a tribute to God, to country and to home."

Upon leaving the stand the guest was introduced again with many persons along the line, the whole audience arising again as he left the building.

Mrs. Wilford Woodruff then said: "I am glad to see all women who were not far from ninety-five were young men and young women. The Church of God must needs be a church of improvement, its destiny is that it shall forever

SALT LAKE STAKE CONFERENCE.

The quarterly conference of this Stake will be held in the Tabernacle, Salt Lake City, Sunday and Monday, June 11th and 12th, at 10 a. m. and 2 p. m.

A full attendance of officers and members is desired.

Your Brethren,
ANGUS M. CANNON,
JOSEPH E. TAYLOR,
CHARLES W. PENROSE,
Presidency of Stake.

SALTAIR BEACH

Will Open Decoration Day.
