

WOMAN AND HOME.

SOME OF THE THINGS WHICH GO TO MAKE THE IDEAL HOME.

Women as Physicians - The Sleeping Room - Domestic Women - Economy in the Family - The Treatment of Patients - How Her Love for Her Work.

If one's home is to be a true home, with all its joys, its pleasures, its sorrows, its trials, with its gentle services, its domestic life, its loving children, its peaceful life, there is one thing that must be done, and that is to have the apartment which is the sleeping room, the sleeping room, the sleeping room, the sleeping room, the sleeping room.

However, we may dispose of our sleeping room in a hundred ways, but we must not forget that we are all engaged in the same work, and that we are all engaged in the same work, and that we are all engaged in the same work.

DEAR SIR: I am more than pleased with my "Howe" Ventilating Stove, and cannot say too much in its praise. In the first place, it is the only base burner I have ever seen that is constructed on correct principles, while in heating capacity and economy of fuel it is all that you claim for it.

Very truly yours, WM. A. ORENCHAIN, Pres.

The "Howe" Ventilator stands today the most remarkable discovery in heating stove construction. We will cheerfully refund the price of any stove not proving Perfectly Satisfactory.
