**Thrilling Description of the Horrors
of the Disaster.**
The Damage to Property Estimated
at \$10,000,000.

NEW YORK, 1.—The earthquake
Tuesday evening, which carried de-
struction and death to Charleston, was
preceded by other shocks, beginning as
early as last Friday, which were felt
both in South Carolina and Georgia.
The Sunday issue of the Charleston
News and Courier contained two col-
umns describing the earthquake and its
effects. Summaries, which, accord-
ing to these accounts the earthquake
was first and most severely felt, is the
health resort of Charleston, where the
evidence is worthy of note that the
earthquake in Greece probably occurred
on Friday, and that the news of it
was received on Saturday.

ANOTHER ACCOUNT.
Charleston, 1.—There was a terrible
earthquake here last night at 9:30 p. m.
The principal business portion of the
city was destroyed, and a large number
of persons rendered homeless. Men were
frantic, women were weeping, and
children were crying. The main station house,
the city hall, the customhouse, the
other well known public buildings, in-
cluding St. Michael's Church, are irre-
parably damaged. Many people were
killed, and many others injured. The
city is in a state of confusion. The
main station house, the city hall, the
customhouse, the other well known public
buildings, including St. Michael's Church,
are irreparably damaged. Many people
