

## NEWS OF THE STATE

## BEAVER.

## FARMERS INSTITUTE.

Educational Lecture—Fatalities Among Children—New Opera House.

Special Correspondence.  
Beaver, Beaver Co., March 27.—Prof. Ball and Merrill, and Miss Love, of the Utah Agricultural college have been here this week and held a successful farmers' institute. Miss Love taking up the domestic science part of the course, and the gentlemen devoting themselves to instruction on arid farming and kindred subjects. Nine sessions were held and much good information was left with those who attended. A number of deaths have occurred recently, children being the victims. Measles are still very much in evidence.

## EDUCATIONAL LECTURE.

Supt. Horace H. Cummings of the Church schools delivered a stirring lecture last Monday night, his theme being in the interest of the new Church school building for Mr. and Mrs. W. H. D. V. U. The two bands from the school (one a ladies' band and the other the regular band) entertained the audience in a delightful manner. The meeting was marked by enthusiasm.

The excavation for the new Opera House is under way, and hopes are entertained that the building will be ready for the next winter's festivities.

## RICHFIELD.

## DREADFUL ACCIDENT.

Little Child Explodes Giant Fire-cracker With Dire Results.

Special Correspondence.  
Richfield, Sevier Co., March 26.—A serious accident happened here yesterday afternoon to little 6-year-old Monte Anderson, son of Mr. and Mrs. W. H. Dalton. Mr. Anderson conducts a meat market in this city, and last Fourth of July had on sale a lot of fireworks. Yesterday forenoon he ran across three giant firecrackers and put them away behind the counter. During the afternoon little Monte came to the store and while his father was in a back room for one of the firecrackers and ignited it. The resulting explosion was heard for several blocks. The father rushed into the room and found his boy in a pool of blood. Gathering the child in his arms he hurried to the office of Dr. Herbert only a half block away where an examination was made. It was found that the boy had a number of bruises upon his body, but the principal wounds were just between the right eye and the nose and in the right temple. The wounds were dressed and sewed up, and at last reports

the little patient was resting quietly and is considered out of danger.

## FAVOR SCHOOL CONSOLIDATION.

There has been considerable agitation of late regarding the consolidation of the various county school districts. Meetings have been held in nearly all of the districts to discuss this subject and today representatives are meeting in Richfield to report the result of the meetings in the various districts. The matter is to be brought before the county commissioners at their regular session in April and from what can be learned regarding the situation at the present time the sentiment is decidedly in favor of the move.

## PAROWAN.

## JOS. A. WARREN ACQUITTED.

Farmers' Institute—Creamery Proposition—Wedding Bells—Briefs.

Special Correspondence.  
Parowan, Iron Co., March 26.—A telegram was received today stating that Jos. A. Warren, who has been on trial before the superior court at Bakerfield, Calif., for the killing of H. A. Dwight last November, has been acquitted and that he is now on the way home, the message was from his brother, who has been there during the trial as was also the wife of the defendant.

After three days of high wind it has commenced to snow and the farmers are in hopes it will continue until the ground is well soaked as at present it is too dry to bring the grain up.

## FARMERS' INSTITUTE.

Prof. E. D. Ball, Lewis A. Merrill and Miss Love of the Agricultural college at Logan held two meetings here on the 21st and lectured to the farmers and others interested, on subjects connected with agriculture and horticulture, also domestic science and kindred subjects. The talks were practical and well received.

Besides her husband, G. and Maud Dalton was made happy by the appearance last week of an 11-pound boy. The question of a creamery is being agitated. Whether to start a county creamery in some central place or to have one in Parowan and one in Cedar is at present the question under consideration.

## WEDDING BELLS.

Edward Rowley and Estella Mortensen have procured a marriage license and will start for Salt Lake next week where they will be married in the temple.

The steam plowing outfit belonging to the Parowan Steam Plow company is at work plowing for E. M. Owens at Paragonah.

S. A. Matheson has assumed charge of the Equitable Co-op. as superintendent.

## This is the Way to Keep Well without Cascarets

Live outdoors, and let your work be exercise. Else walk ten miles a day. Eat little meat, no white bread, no rich pastries. Eat many green vegetables, plenty of fruit, and bread made of whole wheat.

Do that, and you'll have little need of a laxative while you keep young. But when you grow old, and the bowels become less active, you will need this help anyway.

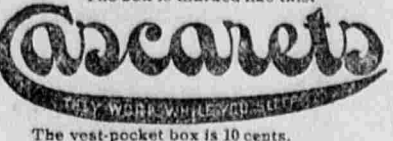

Cascarets are for those who live indoors, who eat rich foods, who eat and drink too much.

This vegetable laxative does for them exactly what proper living would do. It causes no irritation, as pill cathartics, salts and castor oil do. Its action is

just as natural—just as gentle—as the action of laxative foods.

So choose your own way. Give Nature the aid of proper food and exercise, else the help of Cascarets. One way serves as well as the other. But some way is essential. For one cannot keep well unless the bowels move freely once every day.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with C.C. on every tablet. The box is marked like this:

The vest-pocket box is 10 cents. The month-treatment box 50 cents. 12,000,000 boxes sold annually.

tendent and L. N. Marsden, who has occupied that position many years, and who asked, is now looking after his sheep and farming interests.

## HYRUM.

Sad Death of Young Mother, Mrs. Elmo Jensen.

Special Correspondence.  
Hyrum, Cache Co., March 31.—Myra Ljungquist Jensen, the wife of Elmo Jensen and daughter of Theodore N. Ljungquist, died on the 25th inst. at St. Joseph's hospital. Deceased was 23 years of age, after three weeks' illness. The remains were brought here on the 28th for interment. The deceased was born in Hyrum, 26 years ago, and her married life has only been of ten months' duration; her husband was in Denver street car company's employ and thither she went with him directly after marriage. Besides her husband and three weeks' old baby, she leaves her parents. Six inches of snow fell last night.

## PANGUITCH.

## HOMESEEKERS' OPPORTUNITIES

Fatalities Among Children—Good Crop Prospects.

Special Correspondence.  
Panguitch, Garfield Co., March 26.—Much sickness has prevailed among the little folks, especially the babies, there being five deaths inside of three weeks. One of these, a son of M. W. Roy, Jr., was 9 years old, he died of kidney trouble, the other four were babies of Samuel Lesters, Hyrum Proctor, Jesse Le Foyre and Wm. Le Foyre. There are a few cases of measles.

Considerable snow is piled up in the mountains, thus insuring a good supply of water for coming season. The winter has been mild, stock has wintered well, some have ranged the entire winter, something unusual for this country.

## OPPORTUNITIES FOR HOMES.

It is reported that work is to be started on the Hatch town reservoir at once. Contractor Brinton is again on the ground. It is to be hoped that work can be crowded and thus start a little money in circulation. When the state has completed this enterprise, this valley will rush homes for hundreds of families more. There is no need of going to far away Idaho, but here are opportunities that are unequalled for maintaining a family. Some of the best land in the valley will cover under this canal which the state is constructing, offering good opportunity for homemaking.

## SPANISH FORK.

## PIONEERS HONORED.

Echoes Given Pleading Program in Honor of Veterans.

Special Correspondence.  
Spanish Fork, Utah Co., March 25.—Yesterday afternoon, under the guidance of Supervisor Rowe, "Pioneer day" was celebrated here by the district schools. All above the second grade met in the city pavilion, those under that in the Central school. Pioneers and early settlers were on the stand with one pioneer of 47. The settlement of Palmyra and Spanish Fork was given by George A. Hicks, his father and family came from Nauvoo, and settled here in 1852. Samuel Cornaby gave a sketch on the "Growth of Education." An old time "Dulcimer" was well handled by Fredrick Lewis, on which dance music was played before the advent of this piano. "Amusement and Cooking" was given by Mrs. Emma Reese in a racy and humorous way. Elias Lewis gave a sketch of the hand cart emigration from personal experience in Edward Hunter's company. Mrs. Anna Hughes was attired in a bonnet, a skirt, and an old time polonaise as worn 50 years ago. Truman Johnson was a pioneer coat, the wool for which was taken from his own sheep, prepared, and woven by his wife, and made by himself in the early 50's. Members of the original choir, established by W. R. Jones in 1856, gave some selections in the good old style, some of the singers being over 80 years old. The old martial band played several pieces, all by old men.

Sylvester Bradford, one of the 1847 pioneers, was chaplain.

Schools will close in four weeks.

Creel Bros. have shipped five car loads of choice fat beavers to Los Angeles.

Several saloon men have lately been fined \$5 each for selling intoxicants to minors. The city officers are determined to stop that in the future. The saloons here are all closed on Sunday.

On the 24th a son came to gladden the home of Mr. and Mrs. Lawrence L. Hales.

The farmers are all smiles on account of the snow and rain which fell here yesterday.

## Harvest of Reaper—Vital Statistics For March.

Special Correspondence.

Spanish Fork, Utah Co., April 1.—Boaz Anderson, who was born in Iceland 51 years ago, died March 28, at St. Mark's hospital, Salt Lake. He leaves a wife and six children.

Margaret, the 5-year-old daughter of John Braithwaite, died of bilious fever this week.

Mrs. Martin Rebecca Chappel, 30 years of age, wife of Aselbert Chappel, died at her home on Tuesday, March 21, of Bright's disease. Besides her husband, she leaves a baby 3 weeks old.

Sophia Elizabeth Johnson, the 14-year-old daughter of Markus O. Johnson, died March 30 of pleurisy.

James E. Boyack, son of Mr. and Mrs. Joseph Boyack, died at Twin Falls, Idaho, a few days ago, and the body was brought here for interment. Deceased was 40 years of age. His wife and eight children, also his father and mother, survive him. He was born and spent his life here up to six years ago, when he went to Idaho to make a home.

There were seven deaths and 16 births here in March.

## VERNAL.

## DISTRICT COURT.

Offenders Get Heavy Sentences—Measles Claims Father and Child.

Special Correspondence.

Vernal, Utah Co., March 25.—Judge Booth has been holding court at Vernal during the past week. Roy Hodg-

kinson, a young married man, but who has been separated from his wife for some time, was convicted of a statutory offense against Minnie Patsy, and sentenced to three years in the state prison at hard labor.

Will McCannel, charged with robbery, pleaded guilty and was given three years, while Marion L. Woods, for complicity in the same case, was charged with grand larceny, he pleaded guilty and was sentenced to one year in the state prison.

These two young men, both of local families, held up young Will Peirson, Dec. 31, and robbed him. It was quite a sensation at Vernal at the time as it was a new thing. But the officers soon had the boys in hand and they confessed.

A young soldier, Charles Miller, has spent nearly three months in the county jail awaiting trial for grand larceny, that of stealing a horse. The jury brought in a verdict of not guilty. Several citizens were disposed of by Mr. Monte Roberts, court reporter, had to leave before court closed on account of sickness at home.

## MEASLES FATALITIES.

Thomas Smuin, Jr., died on the 18th as a result of measles. On the 18th, his youngest child one and a half years old died of the same disease. Mr. Smuin was 34 years old, born in Oxford, Idaho, in 1874, and came to Vernal in 1889. In 1901, he married Miss Lucy Johnson. He leaves a wife and two children, besides many relatives to mourn his death.

A lazy liver leads to chronic dyspepsia and constipation—weakens the whole system. Doan's Regulents (25 cents per box) correct the liver, tone the stomach, cure constipation, superior.

## THE MORNING BREAKS.

The beautiful duet composed by Prof. Evan Stephens, and sung by the two Pratt boys, is at last in print, and available to singers in general. It has been handsomely gotten up in music sheet form by the News. We carry all of Stephens' music. DESERET NEWS BOOK STORE, 6 Main St.

## RICHMOND.

## LOCAL OPTION OR PROHIBITION

The Slogan is Cache—Municipal Water System Bond Election.

Special Correspondence.  
Richmond, Cache Co., March 31.—At the regular priesthood meeting of the Benson stake, held here on Saturday, March 28, the temperance question was the principal theme discussed. It was the prevailing sentiment that the time is now ripe for action and all were willing to join any movement that would be the means of driving this evil from the state. The liquor traffic has so increased in this vicinity that the people are becoming alarmed, and it is quite probable that the candidates for the legislature this fall will be compelled to stand on a platform pledged to prohibition or county local option.

## CITY WATER SYSTEM.

The people are agitated over the water question. The mayor and city council have called a special election for Thursday, April 2, to vote on the question of bonding the city for \$20,000 for the purpose of installing a city water system. The strong opposition to the project is now abating as the citizens become more familiar with the proposition. At a meeting held on Monday night the proposed system and its probable cost were presented by Mayor J. W. Funk and city council. There are some four or five private systems, and it has been difficult for the city to harmonize all interests and bring them under one system owned and controlled by the city.

The Y. M. C. A. association of this ward having completed its work for the year, met on Tuesday night with the Young Ladies in a social festival. After rendering their last program, refreshments were served and the balance of the time spent in games and dancing.

The management of the Utah Condensed Milk company met with the people of Smithfield on Monday night to consider the advisability of establishing a branch or station at that point.

## WOODRUFF.

Old Folks Honored—Flourishing School—Propitious Outlook.

Special Correspondence.  
Woodruff, Rich Co., March 31.—On the 24th inst., the old folks had their annual party in the opera house; all the married people of the ward were invited. A most excellent time was had during the day and evening.

A company of people gathered in and surprised Bishop Youngberg at his home on the 26th inst., it being his birthday anniversary. Mrs. Wesley K. Walton entertained a company of their friends at their home Saturday evening, the 28th. Mr. and Mrs. Walton leave for Salt Lake City in a few days, when the former will enter upon his duties as chairman of the state Republican committee.

William Buck, Jr., is very dangerously ill, due to heart trouble.

Stock of all kinds has done well during the past winter, and will, in a few days, be turned on to the summer ranges in fine shape.

There is plenty of snow in the mountains to insure sufficient water for irrigation during the summer; in fact, everything seems propitious for reaping a bounteous harvest this fall.

The district school maintains its usual high standard as an educational institution, and is the pride of the people of the district. Prof. Benjamin Fowler of Ogden is the principal. Miss Gertrude Wilkins of Provo and Miss Vera Hedges of Heber, have charge of the intermediate and primary departments respectively. All are doing very efficient work.
