XLIX CONGRESS.

SENATE.

WASHINGTON, 28.—In the Senate today Mitchell submitted the memorial submitted by the conference of the New York Methodist Episcopal Church, praying for the protection for Chinese in the United States.

He read the statements of the memorial referred to, which charged among other things that Chinese subjects had been put to death in Oregon and the property of Chinese subjects destroyed. No such thing had happened in Oregon, Mitchell said.

He said the statement of the memorial, so far as Oregon was concerned, was an entire misapprehension. Eastern newspapers and Eastern men, even Mitchell himself, had misinterpreted Oregon and the whole Pacific Coast on the question. The press of the country was in the main, he said, honest and entitled to the confidence of the country, but there were no exceptions.

Mitchell attributed the misapprehension to a newspaper in Oregon, whose editor was a man whom he characterized as a "distorted politician." Referring to the alleged fact that Chinese subjects had been put to death in Oregon, he said it would be found on investigation that no such thing had happened in Oregon.

There was a large Chinese population in the Pacific coast, he said, but the people of the Pacific coast were not well disposed to the Chinese. There had been a large Chinese population in the Pacific coast, he said, but the people of the Pacific coast were not well disposed to the Chinese.

also offered a resolution, which was agreed to by the President, to furnish to the Senate a copy of any report in the possession of the government made by any officer of the United States relative to the condition of affairs in the country.

The following nominations were made to-day:

Consul—R. H. Jones of New Mexico, at Chihuahua; Samuel H. Keedy of West Virginia, at El Paso; E. H. Bryan of California, at Los Angeles; G. G. Newmark, at New York.

The report submitted to the House to-day by Representative Hatch from the Committee on Agriculture, recommending the passage of the bill to tax oleomargarine ten cents per pound, says that the power of the Federal Government to impose an interference tax upon counterfeit butter, is well established by a long line of precedents.

As to the property of legislation, the report says that the House has four million American citizens engaged in the dairy business, and that they must all abandon it and be driven into some other already overworked branch of industry, unless they can be relieved from the burden of the tax.

Such limitations, say the legislators, are not only unjust, but they are also a direct injury to the health of agricultural industries.

My friends: It would be vain if I should attempt to express to you the deep gratification which I feel at this demonstration, but I know that it is not personal and therefore I feel more deeply gratified, because it is a sentiment far dearer to me than myself. You have passed through the terrible scene of a war, which Alabama did not seek, and you have seen the things too grievous for further toleration. The sought a peaceful solution. That being denied, you have seen the things too grievous for further toleration. The sought a peaceful solution. That being denied, you have seen the things too grievous for further toleration.

The case against the East St. Louis deputy sheriff, charging that he had been guilty of a crime, was dismissed in the Court of Criminal Correction today, the grand jury having already indicted them. Prosecuting Attorney Claiborne, who appeared for the deputy sheriff, stated that he had been indicted for murder, but that he had only been indicted for manslaughter in the third degree and could be released on a small bond with nothing preventing their forfeiting their bonds and escaping. He immediately had another warrant issued, charging them with being fugitives from justice, and they will be tried on this charge so that the testimony in the case against them, in the case of the deputy sheriff, will be used in the case of the deputy sheriff.
