Charlie Griffin, from Kangarooland,

Expects to Beat Attell.

Another fighting kangaroo champion has just trippel in on us from Australla, writes Igeo. His name is Charlie Griffin. He is the featherweight champion of Australia. Chawles took in Lon don first, and succeeded in knocking out clever Joe Bowker, and loosing to Jem Driscoll in the twentieth on a foul Griffin says that this fight is the one decided against him in a record of 35 knockouts. Griff doesn't look it in his stret clothes. From his appear-ance, one wouldn't think he was husky enough to punch his way out of a paper bag. But beneath that English-cut jacket he is as hard as steel. His arms are as big and errours as these of a are as big and strong as those of a well terweight

And by that Griff means that he is a crackerjack. "You never say such a fast man with 'is two 'ands. 'E comes at you like a cloud of dust. You sim-ply cawnt get away from 'im. Gloves gets in your eyes, your mouth, and ply cawni get away from 'im, Gioves gets in your eyes, your mouth, and over every inch of your 'ead and body. But HI was beating 'im. They'll all tell you that. 'E was tall, and Hi made up my mind to get in close. "When 'e started off Hi thought that 'e was baxing to feel me out. When

ing and important in every respect than ever before. In no former year has the route been laid out through so much beautiful scenery, so many points of summer attractiveness, and so many large cities. Never before has so many large cities. Never before has tehre been planned a tour and a daily schedule that would offer such a thor-ough-going and wholly fair and satis-factory criterion for judging the merits of a touring car. There never has been, either, any former contest in which the cars of manufacturers could be entered with such assumance that there would rienne King, Wasatch; Myrtie Chap-man and Bessie Harris, Wasatch; Cla-rissa Barlow and Nellie Vincent, Wash-ington; Helen Oberndorfer and Thelma Solomon, Bryant. 220-yard dash, boys, 6th, 7th and 8th grades-Roy Bates, Lafayette; Harry Williams, Lafayette; Frank Stevens, cars of manufacturers could be entered with such assurance that they would travel strictly on their merits, under an adequate and impartial set of rules making it fair for all. The introduc-tion of observers and the allowance of time for tire troubles will eliminate most of the element of luck in the re-cords made, and everybody will know that a car that gets through with a good score, not to say a perfect one, must be a fine piece of automobile building. Does not Color the Hair must be a fine piece of automobile building. The work of laying out the route is now nearly completed. This important preliminary work is being done by Dal H. Lewis, secretary of the association's touring board, under the direction of Chairman F. B. Hower. The pathfind-ers have had hard luck in running from one rainy section into another. In spite of all, the route is now near-ly measured, all the turns and land-marks noted, and the arrangements for hotel accommodations for 500 per-sons made for nine nights, and there are only four more nights after Bos-ton, two of them at Poland Springs, Maine, where Sunday, July 19, will be spent. spent. The run for each day, and the stop-The run for each day, and the stop-ping places at night and Sundays, as arranged, are: July 9, Buffalo, N.Y., to Cambridge Springs, Pa., 117.4 miles; July 10, Cambridge Springs to Pitts-burg, Pa., 110.2 miles; July 11, Pitts-burg to Bedford Springs, Pa., 106.4 miles; July 12 (Sunday), at Bedford Springs; July 13, Bedford Springs to Harrisburg, 107.3 Miles; July 14, Har-risburg, Pa., to Philadelphia, 133.5 miles; July 15, Philadelphia, 133.5 miles; July 16, Milford to Albany; July 17, Albany to Boston. From Boston the tour will go up into Maine, back into the White mountains, and probab-ly disband at Saratoga on July 12 or 23.

It will be remembered that Mad; dock's men went to Boulder to play that team rocently, but the Colorado-ans raised an absurd protest and the meet was called off. **MUST BE RIGHT TO** WIN IN TRY-OUTS
