## Beauty and Fragrance

Are communicated to the mouth by SOZODONT, which renders the teeth pearly white, the gums rosy, and the breath sweet. By those who have used it, it is regarded as an indispensable adjunct to the toilet. It thoroughly removes tartar from the teeth, and prevents their decay.

MANY a dollar formerly spent on expensive Sulphur Baths is now saved by substituting therefor GLEN'S SULPHUR SOAP, which is just as beneficial but infinitely cheaper. Local diseases of the skin, rheumatism and gout are all relieved by this standard remedy. Complexional blemishes are eradicated by it, and it imparts to the cuticle a pearly whiteness and velvety softness which greatly enhances the effect of female charms. Its soothing, antiphlogistic action constitutes it a prime remedy for sores, ulcers, cuts, sprains, scalds, bruises, and in fact every abnormal condition of the cuticle attended by inflammation, swelling or itching. Ladies moving in our best society speak of its beautifying properties in enthusiastic terms, and give it a decided preference to cosmetics which merely conceal but do not, like GLEN'S SULPHUR SOAP, eradicate defects of the complexion. The use of ointments for eruptive complaints is to be deprecated because of their having a tendency to clog the pores and in some cases to aggravate rather than remedy the disease. They are, besides, seldom thorough enough in their effects to prevent the recurrence of eruptions of an inveterate type and have the disadvantage of soiling the linen of persons who use them. GLEN'S SULPHUR SOAP, on the contrary, radically cures the diseases to which it is adapted and still further recommends itself on account of its cleanliness. It is, besides, an admirable disinfectant of clothing which has been worn by persons afflicted with diseases of a contagious nature. As a specific preventative and promoter of the general health, it presents advantages of the most unequivocal description. Sold by all druggists.

Hill's Hair and Whisker Dye, black or brown, 50c.

TWO OR THREE HUNDRED Bushels of wheat in the southern settlements, can be had in exchange for same in Salt Lake City or vicinity. Enquire at this office.

## What Might Have Been Heard.

Almost any day during the Centennial, a knot of physicians might have been seen gathered around the elegant glass case, standing in the Main Building in which Benson's Caprine Porous Plaster was exhibited, discussing its merits and superiority over other porous plasters, and the listener might have heard words of warm praise fall from their lips as they spoke of the revolution it would likely effect in remedies for diseases treated externally, such as rheumatism, lame and weak back, spinal and kidney disease, sciatica, lumbago, sprains and bruises, and all aches and pains of a local nature. With these opinions the Centennial jurors, who were also learned physicians, were in perfect accord, and awarded the manufacturers of Benson's Caprine Plaster the only medal given to porous plasters. To avoid fraud, see that the word Caprine is cut through each plaster. Sold everywhere. Price 25 cents.

## BENSON'S CAPRINE POROUS PLASTER

was invented to overcome the great objection ever found to the old style of porous plasters, that of slow action in bringing relief. Benson's Caprine Porous Plaster relieves pain at once and cures quickly. It imparts a sensation of gentle and stimulating warmth and brings rest and comfort to the sufferer.

GILLET'S LAUNDRY CASTILE SOAP is the cheapest, as it takes less.
