Among the documents found in the box were proclamations which, though bearing the Trieste imprint, were printed in Venice. Several Italian subjects have been expelled from this city.

Vienna, 19.—The situation in Roumania becomes very disquieting. The Russians have apparently commenced their old outrages. Russian officers are frequently found on the Lower Danube studying passages of the river and noting the Roumanian garrisons of Moldavia and the Dobrukscha, which are the chief headquarters of Russian outrages.

Disturbances have broken out in the Montenegrin districts of Kalaschin and Piva. The leader of the movement of the Montenegrins, named Ivanovic, was formerly a captain in the Russian staff.

Rome, 19.—A letter from the Pope to the Irish Bishop, dated Aug. 1st, is published here. His Holiness expresses his profound regret that tranquility has not yet been restored in Ireland, and that murderers continue to be committed, and says: "The Irish people, by following the advice of their prelates may escape the ills from which they now suffer. A just cause must be upheld by just means, and secret societies must be abandoned. In the words of St. Augustine the first characteristic trait of liberty is noncommission of crimes. The priests ought to be active supporters of public order during the present troubles." The letter concludes by expressing a hope that the British Government will remember that the pacification of Ireland constitutes a tranquility in the whole empire.

Dublin, 19.—Lord Mayor Dawson in a letter in which he incloses ten pounds towards paying Gray's fine, says he is prepared to take all legal steps as a member of the court which sentenced Gray to evince his want of concurrence in its decision.

It is stated that Earl Spencer, Lord Lieutenant of Ireland, has received authority to act as he sees fit in the case of Gray. It is generally anticipated that Gray will shortly be released.

Port Said, 19.—Just before sunset the gunboat *Falcon* went out apparently to reconnoitre Fort Ghemel. She is now anchored off the fort. Two French gunboats entered the canal to-day, said to be bound for Ismailia. It is also said that some of the British troops will leave here to-night for Ismailia. H. M. S. *Tourmaline* is apparently retained for duty at Ismailia.

Portsmouth, 19.—The troopship *Malabar* with 26 officers and 1,083 men, drafted for various regiments in Egypt, sailed to-day. There was great enthusiasm on her departure. The Queen will inspect the ship from her yacht as she passes through the channel.

Constantinople, 20.—It is said Assym Pasha has prepared a draft for the convention embodying mutual concessions by the English and Turkey. The new project will be submitted to Lord Granville and afterwards to the Sultan for ratification. It is thought probable the conference will meet again Monday.

The Italian representative has obtained the signatures of the ambassadors to a protocol relating to the international protection of the Suez canal. Lord Dufferin, in signing, reiterated his previous observation as to the Mejeure clause, which provides for the non-interference by the international police with military operations. A committee of naval officers of all the states concerned will meet at Port Said to superintend the measures necessary for the protection of the canal.

LONDON, 21.—Admiral Hewitt telegraphs from Suez at four this morning, as follows: Yesterday, Capt. Hastings, in command of seamen and marines of the gunboats *Sea Gull* and *Mosquito*, assisted by 200 Highlanders under Major Kelsey, proceeded to Shalief by way of the maritime canal, and found 600 of the enemy strongly entrenched behind the station. The English force landed and defeated them, taking forty-five prisoners, a small cannon and a quantity of ammunition and stores. Our loss was two Highlanders drowned and two seamen wounded. The enemy's loss is about 100 killed and wounded.

The bank of the freshwater canal at Shalief was cut by the enemy, but it has been repaired. A brigade reconnoitred in force at the

same time and in the same direction.

The transport *Merton Hall* with the Seventh Bengal Infantry has arrived at Suez. The French troop ship *Shamrock* entered the canal this morning.

Suez, 21.—Gen McPherson, commander of the Indian contingent and his staff, arrived here this morning.

The Highlanders carried the entrenchments at Shalief at the point of the bayonet.

St. PETERSBURG, 21.—Corville Skobeloff left Cronstadt yesterday. The *Nova Vremya* says: He is going to Alexandria.

Constantinople, 21.—Said Pasha has abandoned the idea of re-convening the conference. He promised Lord Dufferin that he would strongly urge the Sultan to accept the conditions of the military convention. The British declare several indispensable principles, one of which is that Turkey shall not undertake any operations in Egypt without the assent of the British commander.

Alexandria, 21.—Arabi Pasha is constructing extensive earth works in the direction of Aboukir. The Khedive, in a decree charging Cherif Pasha with the promotion of a ministry, says that in a troubled time like the present the direct action of the sovereign authority should become more sensible and manifest. I shall therefore use the right to assemble the Council of Ministers under my own presidency as supreme chief of the Egyptian forces. I also intend to render my command effective, without, however, restricting the power which the Minister of War holds from me.

Constantinople, 21.—Said Pasha, minister of foreign affairs, has sent to Turkish representatives abroad a strongly worded denial of the report of anti-Christian disturbance in Syria. He attributes the reports to the existence of general disorder, to malevolence and to the arrival of foreign men-of-war at Smyrna. He says it is exactly what is calculated to provoke the uneasiness. Many of the inhabitants have apprized the Porte of their apprehensions caused by the arrival of two Italian war vessels.

WIS HONESTLY OR NOT AT ALL

Editor Deseret News:

Through the columns of your widely circulated paper I desire to call the attention of all candid, fair-minded people to what appears to me to be the dishonorable methods resorted to by the D. M. Osborne & Co.'s agent in this city as exhibited in his advertisement in your columns. He has so worded one article that almost every one who reads it is led to believe that he claims that the Osborne Twine Binder had a field trial with the McCormick at Alpine, Utah County, and beat the McCormick; sold some machines in place of the McCormick, which he represents as not working well, etc.; every word of which is false, as the Osborne agent knows. The Osborne has never had a trial with the McCormick at Alpine, the only trial it ever had with the McCormick in this Territory was at Payson last year, when the Osborne was the challenging party and was beaten badly according to the unanimous decision of the committee. The attention of the agent of the Osborne Co. was called to this matter a week ago, but as he has failed to correct the misrepresentation in his advertisement, I feel compelled to expose the matter in justice to the McCormick and myself. Your's very truly,

JOHN W. LOWELL.

SELF-BINDER,

Master of the Harvest.

READ THE VERDICTS:

July 26th, 1882.

We, the undersigned, farmers of Alpine, Utah Co., having this day witnessed the operation of the Osborne Twine Binder, in Wheat and Oats, do affirm that it did the most perfect work we ever saw done by any Self-Binder. The cutting was absolutely clean and the grain was tightly bound.

We do not see that any imperfection exists in this machine.

ALPINE, Utah, July 26, 1882.

We proposed to D. M. Osborne & Co., that if they could, by actual field trial, demonstrate to our entire satisfaction that their Twine Binder would do better work and tighter binding than the Wood or McCormick Binders are doing, then we would purchase an Osborne.

This proposition was readily accepted by D. M. Osborne & Co., and we are pleased to state that their Machine has demonstrated its superiority to our fullest satisfaction and we have purchased an Osborne through L. P. Lund, Agent at Pleasant Grove.

C. M. BECK,
W. T. BROWN,
HYRUM HEALY,
J. S. BECK.

At the trial above mentioned three Osborne Binders were sold on the field, two of which were purchased by parties who had taken McCormick Binders on their merits, and condemned them on account of the very bad work performed.

SALT LAKE CITY, UTAH,
July 24th, 1882.

We started our Osborne Twine Binder to-day in heavy oats on the farm of Fredk. Reich, and after testing it thoroughly we find it without a single defect. The cutting is clean, binding tight, and the knot perfect. It does the best work we ever saw.

B. ADAMS,
DANL. ADAMS.

We witnessed the working of the Osborne Binder above referred to, and freely bear testimony that we never saw its equal. The bundles are tightly bound and every knot perfect.
