

# Today's Ogden News

## COUNCILMEN MUST RESIGN

Or Proceedings Will be Instituted For Their Removal From Office.

## OGDEN CITY SCHOOL AFFAIRS.

Prizes Awarded to Owners of Best Kept Lawns—Light Sentence for Passer of "Queer" Money.

Ogden, Aug. 4.—The principal topic of conversation on the streets since its announcement is the verdict of the state supreme court sustaining the lower court in removing Fred W. Chambers from the city council, and reversing the decision in the case against William Craig. The parties directly interested do not care to express themselves until they have read the full text of the opinion. Atty. J. D. Sken, the prime mover in the case, who filed the information against Chambers and Craig, said:

"You may say for me that this council won't have a chance to pass another franchise like that (referring to the waterworks franchise). I'll have them all out of there before that time. I am still determined to carry out what I started out to do—remove those five members of the council. Besides, after examining the opinion of the supreme court, if I find that it is broad enough to cover other franchises which exist with other officers of the city, I will not hesitate to institute for their removal."

Dist. Atty. Halverson stated that the council left for the other offending councilmen to do was to resign, Fred W. Chambers and William Craig, when approached had nothing to say about the matter. "It's finished," said James Kimball, one of the leading attorneys for the prosecution. "There never was any question as to the result."

## CENTRAL SCHOOL CORNER.

Will be Sold by City School Board—School Notes.

Ogden, Aug. 4.—The board of education decided last night to sell the Central school corner located on the southwest corner of Grant avenue and Twenty-fifth street, and the clerk of the board has been instructed to do so. This is one of the most valuable pieces of business property unoccupied in the city and will no doubt bring a good price.

The following teachers were elected: J. E. Thompson, High school; Ethel Kimball, Ellen Baker, Jennie Lund, Ellen Knapley and Miss Swanson for the grades.

The special committee appointed to

Manager, E. A. Larkin. 446 24th St. Telephone 124-K.

Advertisements for the Daily, Saturday and Semi-Weekly News accepted on the same terms as at the Salt Lake Office.

Circulator, John J. McGregor. 254 Wash. Ave. Ind. Tel. 154. Office with Lambert Paper Co.

Payments for the Daily, Saturday and Semi-Weekly News should be made to the circulator. Delivery made by carrier on the same terms as in Salt Lake.

consult with the city officials in an endeavor to purchase the Emerson school property reported that it had been unable to arrive at any satisfactory terms, and believes the school will have to vacate the building so it can be again occupied for a fire station.

The sale of the Brecon Bench school building and property to Henry H. Butler for \$275, was made.

The buildings and grounds committee reported that the work of remodeling and enlarging the Lewis school building is moving along rapidly and will be completed by about Sept. 1. A warrant for \$1,900 in favor of Contractor G. A. Whitteyer was ordered drawn. The purchasing of new desks was referred to the supply committee.

A loan of \$5,000 for three weeks was ordered made by the board to meet immediate obligations. The finance committee reports no overdraft of \$115.

The report of the school census enumerators for 1905 was presented to the board and showed one of the greatest increases in the history of the city. The first and third wards showed especially strong, with an increase of 104 and 109 respectively. The report was as follows:

	Boys	Girls	Total	Inc.
First	628	670	1,298	164
Second	560	540	1,100	88
Third	688	695	1,383	199
Fourth	700	680	1,380	42
Fifth	774	713	1,487	42
Total	4,350	3,331	6,531	395

## PRIZES FOR BEST KEPT LAWNS.

Committee Makes Report to Civic League of Winners in Contest.

Ogden, Aug. 4.—The following report was submitted to the Civic Improvement League yesterday afternoon by the committee appointed to inspect the lawns of the city with a view to awarding prizes for the best kept in each ward:

"We, your committee appointed to inspect the lawns in the city with a view to awarding prizes for the best kept lawns in each ward, beg to report that we have toured the city twice (through the courtesy of Mrs. Joseph Scovcroft and her magnificent auto, and after careful consideration, and after we have reached the following conclusions, viz:

"That Mr. Moroni Docket, 267 Twenty-seventh street, is entitled to the first prize in the First ward.

"Mr. W. E. Quilliam, 2264 Lincoln avenue, in the Second ward.

"Mr. James Mack, 1462 Washington avenue, in the Third ward.

"Dr. A. S. Condon, 2415 Madison avenue, in the Fourth ward.

"Mr. Douglas J. Watson, 1116 Washington avenue, in the Fifth ward.

"It is pleasing to note the great improvement being made in all parts of the city, and we predict more arduous duties for a similar committee in the future. We feel that we would be falling short of our full duty if we chose to close this report without calling your special attention to the fact that in many places in our city, where

parked and where lawns are nicely kept, unsightly bunches of dead weeds and grass are allowed to remain in the middle of the streets. It is desirable very much from the neatly kept surroundings and should have the necessary attention. Respectfully submitted,

"MRS. J. G. PAINE.  
"MRS. J. G. SCOVROFT.  
"MRS. C. A. NELSON.  
"Committee."

## LIGHT SENTENCE IMPOSED.

For Passing Queer Money Edward Lloyd Gets But 30 Days.

Ogden, Aug. 4.—Edward Lloyd, the sure thing man and a passer of the queer, pleaded guilty to a charge of obtaining money under false pretenses in the police court yesterday and was given the extremely light sentence of thirty days in the city jail.

During the past two weeks there have been a great number of bad cases based on local business people. Lloyd passed a \$10 worthless greenback bill on Norman Moyes, a 13-year-old boy at Ward's confectionery, Tuesday night, and Wednesday was identified by the boy and arrested by Officer Hendrick. The sentence given by Judge Murphy is considered very light because of the fact that the law provides that one who obtains money under false pretenses may be fined \$100 and sentenced to three months in the county jail, or may be given both fine and imprisonment.

## FUNERAL OF MRS. OGDEN.

The mortal remains of Mrs. Jane Ogden, wife of William G. Ogden, who met her death Wednesday evening by being thrown from a load of hay, were laid peacefully to rest in the family burial plot in the Enterprise cemetery yesterday afternoon. Impressive funeral services were held at 2 o'clock at the home, Bishop Parish presiding. The services were held at the home of Mrs. Ogden, which was crowded to the doors by a large number of friends. The casket was covered with floral tributes.

## BRIEFS AND PERSONALS.

The first case of filing a trademark or brand, under the law, was done when the Standard Bottling company of Ogden filed its brand with County Clerk Matteson yesterday.

A marriage license has been issued to Frank D. Huntsman, 26, and Minnie Jackson, 26, both of Ogden.

The steam roller went into the ditch on upper Twenty-fourth street yesterday afternoon. The machine was too close to the curb where the street had been newly graded, and the recent rains had softened the earth to such an extent that the roller went down.

A delivery team belonging to Kosoda & Co. got beyond the control of the driver yesterday at the corner of Twenty-fifth street and Grant avenue and collided with a wagon belonging to J. M. Proshaw, a baggage and express driver. The wagon was operated upon by a team of four horses.

At a slight extent, which will be made good by the Jap merchant firm, Elder Louis A. Kelsch, author of "Kelsch's References," who spent some time in missionary work in Japan, will lecture in the First ward.

Mr. W. E. Quilliam, 2264 Lincoln avenue, in the Second ward.

"Mr. James Mack, 1462 Washington avenue, in the Third ward.

"Dr. A. S. Condon, 2415 Madison avenue, in the Fourth ward.

"Mr. Douglas J. Watson, 1116 Washington avenue, in the Fifth ward.

"It is pleasing to note the great improvement being made in all parts of the city, and we predict more arduous duties for a similar committee in the future. We feel that we would be falling short of our full duty if we chose to close this report without calling your special attention to the fact that in many places in our city, where

## TWENTY YEARS AGO TODAY

### DO YOU REMEMBER?

Hon. Samuel J. Tilden died in New York.

TEN YEARS AGO TODAY.

Bob Thompson, pugilist, was held to the district court for killing in a knock out blow, Carter, in a match before Salt Lake Athletic association.

FIVE YEARS AGO TODAY.

John M. Wilson, an inmate of the mental hospital at Provo, jumped into a blazing furnace and was burned to death.

L. Huber, a nephew of Albert Fisher of Salt Lake, was run over and killed by a R. G. W. train at Lehi.

count of so many people being in attendance at Ephraim at the state reunion of the Black Hawk Indian war veterans. Fully two-thirds of the people of the town were gone.

The grain crop this season looks promising, but the alfalfa seed crop will be very light, on account of the water raising so near the surface, which is something never known before in the history of Gunnison. A great many wells have caved in and cellars are filled with water. The water in the reservoir is higher at present than it has ever been any season before and the tunnel gate is almost closed as the water cannot be used.

Lu Deen Christensen has just returned home after an absence of over two years in Paris, where she has been studying painting.

and make an exchange with the farmers.

## DEMOCRATIC COUNTY CONVENTION.

The Democrats of the county met in county convention on the 28th ult. and elected delegates to the state convention, but it is very doubtful if they will be allowed to vote in that body, as they are not in harmony with the A. B. C. machine, and it is thought will refuse to endorse him and his anti-Mormon plank, which no doubt will deprive them from their seats in the convention.

## COLONIA DIAZ, MEX.

SAD FATE OF FRANK SCOTT.

Killed by Lightning While Traveling With His Family.

Special Correspondence.

Colonia Diaz, Chihuahua, Mexico, July 29.—The rainy season is here again and it is accompanied by terrific electrical storms. This is certainly the land of thunderstorms and the result of one last Wednesday evening brings sadness and sorrow. On that date Frank Scott of Colonia Oaxaca, who had been visiting in Diaz with his wife and family, was returning home. The family was accompanied by Miss Lily Norton and C. Ray. When in the hills about 25 miles from the Ojitos ranch, they camped for the night. While Mr. Scott was putting away the provisions box he was struck by lightning and instantly killed, his wife was paralyzed on one side, Miss Ray was rendered unconscious, and all the rest of the party more or less stunned. They were about 10 miles from help.

Miss Lily Norton bravely undertook to ride a horse through the darkness and storm to the Ojitos ranch 25 miles, to summon help. The horse gave out, and she was obliged to wait part of the way, reaching the ranch at 2 in the morning, where she telegraphed her relatives in Diaz and Oaxaca. Getting Mrs. Lizette Thayne and some Mexicans they returned to the scene of disaster, reaching there at 6 o'clock p. m., where they found Miss Ray much better. Mrs. Scott still paralyzed, sitting by the side of her dead husband, where she had been since 8 o'clock the evening before. Friends soon reached them from Oaxaca, who conveyed the body and the injured members to the colony, where Mr. Scott was buried.

Mr. Scott was a fine young man, well respected by all. He leaves a wife, four children, a mother, and several brothers and sisters. A peculiar coincidence is that his father was killed by lightning just four years ago, both of them being struck in the back of the neck.

## MOAB.

ARID FARM CONDITIONS.

Agricultural Experts Looking up Possibilities in South Eastern Utah.

Special Correspondence.

Moab Grand Co., Aug. 2.—Prof. P. A. Yoder, director of the Utah agricultural experiment station, with Prof. R. S. Northrop, who represents the horticultural department in the Agricultural Bureau and C. S. Schofield, the two latter representing the interests of the horticultural and agricultural departments of the government at Washington, D. C., passed through Moab last evening enroute for the state capital.

Prof. Yoder stated that they were traveling with a view of scientifically examining the soil and conditions of the country in that section.

The government has certainly selected an excellent field in southeastern Utah for dry farm experiments, as this section of country contains vast tracts of excellent farming lands, the only drawback being the lack of water.

Everybody is busy at the present time picking, crating and shipping fruit. The crop is excellent this season, almost free from worms.

## TOOELE.

MISS NELLIE SHIELDS DEAD.

Splendid Returns From Arid Wheat Fields—Good Year For Farmers.

Special Correspondence.

Tooele, Tooele Co., Aug. 2.—Miss Nellie Shields died at the local hospital here yesterday. She was operated upon Tuesday by Dr. F. A. Phillips for acute obstruction of the bowels. She stood the operation well, but died from the general shock to her system. Miss Shields was the daughter of Archie Shields and wife Ellen G. and was a sister of Bishop John G. Shields of Lake View, Tooele county, at which place she was born 44 years ago. Funeral services will be held at the Tooele ward meetinghouse today, interment at the city cemetery.

Dry farm grain is all harvested, and threshing is in progress. Some wonderful crops are reported, probably the largest is that of State Senator Peter M. Clegg, whose grain is four feet long. It is expected he will have close to 4,000 bushels of dry farm wheat, and there are quite a number of others who expect almost as much. The yield per acre ranges from 20 to 35 bushels. Corn and potatoes are looking good. It has been an exceedingly prosperous year for the farmers and fruitgrowers in Tooele county.

## MONTPELIER, IDAHO.

WATERWORKS BUT NO WATER.

Problem Confronting City Salons—Democratic Convention.

Special Correspondence.

Montpelier, Idaho, Aug. 1.—Having had an ample supply of water this season, the prospect for an abundant harvest is excellent.

The scarcity of farm help is still a perplexing problem. It being almost impossible to find help of any kind. Building is still being pushed rapidly, but is somewhat retarded by the scarcity of material.

## WATER PROBLEM.

About a year ago the city officials submitted to the voters the question of whether or not the city should issue bonds in the sum of \$50,000 for the purpose of installing and maintaining a waterworks system, which carried by a large majority vote. The bonds have been sold, the contract for the installation of the plant let and the work commenced, but the question now arises, where and how is the city going to obtain water. It has none of its own, and the farmers who have appropriated all of the waters of the Montpelier creek, have no more than they need, and do not feel disposed to sell it; they are, however, willing to allow the city the use of water for culinary purposes, but object to furnishing water for the railroad for shop use. The city is trying to enter into some kind of an agreement with the farmers and users of the water for a continuous flow of 20 inches, which is estimated to be sufficient for the needs of the city for several years to come. The problem, however, is a very intricate one, and it is thought by many will not be settled out of court unless the city will purchase water from some other source.

# Hamilton's SMART SHOP

## Clearance Sale

We have a few gowns and shirt waist suits left that we will place on sale this week for less than cost of material.

## Waists

To close out all our summer waists, we have put them on the tables for 75c and up (values \$1.98 and up) making them less than one-half off. They are beautiful fresh waists and the materials could not be purchased for the prices we are selling them.

## Walking Skirts

All of our summer skirts and petticoats have been reduced to one-half off and they won't last long, so don't wait or you won't get one of these bargains.

## Hats

All of our 5 and 6 dollar hats have been reduced to 98c each.

## MURRAY DEPARTMENT

The "News" is delivered in Murray and vicinity from the branch office every night. L. E. Lauritsen, Branch Manager, Orders for Church Works and advertisements received. Office with Watson & Lyon, Jones Block, Ind. Phone 87; Bell 16-12.

## VOLUNTEER FIRE DEPARTMENT

Organized and Equipped in First Class Manner—Council Session.

Last June a volunteer fire department was organized to operate under the direction of the city fathers. The movement had its inception in the minds of a few young enthusiasts who deemed it necessary that Murray have a volunteer fire department, to battle against the flames to save property, and prevent the loss of life. A meeting was called and the people generally acquiesced in the proposition. The organization was completed and a committee, whose duty it is to get assistance, was appointed to meet with the city fathers who, after due consideration, liberally appropriated \$3,000 which has been expended for apparatus. One chemical engine has been purchased, two hose carts, one hook and ladder truck and 1,500 feet of hose. The equipment, while not as complete as desired, is good as far as it goes, and more assistance is assured, and in time Murray will have a fire department that will be classed among the best in the state. The first annual ball of the organization will be given Saturday evening, Aug. 11. In connection a select musical program will be rendered.

## DEATH OF AUSTRIAN.

George Stene, an Austrian, died here Thursday morning of cancer. The deceased was 50 years of age and has been a resident since 1902. His countrymen managed the funeral, which was held from the Banks undertaking parlors. Interment was in the South Cottonwood cemetery. He leaves a family in Austria.

## M. T. A. PROGRAM.

A fine program will be rendered Sunday evening under the auspices of the M. T. A. association. Following is the program:

Organ solo.....William Robinson Song.....Lydia Klinik Recitation.....Afton Warburton Quartet.....David France and Company Address.....Prof. John Henry Evans

## SESSION OF THE CITY COUNCIL.

The following business was transacted at the last session of the city council:

The city engineer presented a sketch showing the way in which he would
