TWENTY-FOUR BILLS PASS.

In Record Run Through Three Sesstons Upper House Transacts Much Business in Clearing Calendar,

Laying aside all merely idle thoughts and a great per contage of the visible supply of idle words, the state senators yesterday took their coats off for record day's work. There were three essions, and the final one did not adjourn until after 11 o'clock p. m. The bills passed were 24 in number Appointements suggested by Gov, Cutler were confirmed in executive session for membership on the state fair board. and the state board of medical examiners. The insurance commission for Utah went up into the thin blue smoke at midnight, when the clashing forces combined to send the bills to the tablo

Trouble on insurance bills was numer

Trouble on insurance bills was numer-ous. Hollingsworth had a set and Benner X. Smith had another set. Both had their defenders, and neither side would give in through a long evening of debate at the end of which the bills went to the table on motion of Law-rence. The attack of Hollingsworth was centered on Smith's bills, which he sought to amend till they looked like his measures, on which the committee had spent very little time. The difference between the two insur-ance regulation ideas is that Benner X. Smith's bills sought to create a commis-sion, and Hollingsworth's sought to create a deputy to the secretary of state, who should act as commissioner. The latter measure went at insurance regulation in a much more modest way than the former, and was calculated to save the state considerable expense. SMELTERMEN REST EASY.

SMELTERMEN REST EASY.

SMELTERMEN REST EASY. Smeltermen may now rest easy on the matter of legislation in their favor, so far as the senate is concerned. The senate yesterday passed a bill giving them eminent domain over ands within the state needed for their purposes, pro-viding that the bill shall not apply 4n counties having a population over 35,000. It also cannot apply within four miles of a city or town, unless the smelters own 75 per cent of the land. The bill was discussed once before but did not go to final passage. It passed last night by a vote of 12 to 4. Sugar factories will not be compelled to hire med in eight-hour shifts, as a bill to limit the bours of employment in such places was killed by the adop-tion of a committee report against it. Senator John Y. Smith declared that it wasn't a case of paying the men wag-es, but of getting men at all to do the work under present industrial condi-tions. The limit of bills passed is as follows:

Three Youthful Robbers Visit State Street Grocery in Dramatic Style.

Three hold-ups belonging to the amateur class made a "waterhaul" last night about 8 o'clock when they ennight about 8 o'clock when they en-tered the meat and grocery store of Sherwood & Moskinson, 749 south State street, and held up those in the store. They secured a bread ticket, 35 cents in real money, and a 31 watch. They also assaulted David Peck, one of the fellows hitting him on the head with the butt end of a revolver because Peck was not quick enough in elevat-ing his hands.

Peck was not quick enough in elevat-ing his hands. Hoskinson and Peck were in the store when one of the men entered. He was not masked and did not attract any particular attention. He asked for a loaf of bread but before he could be served, two others, masked, en-tered and ordered Hoskinson and Peck to throw up their hands. Hoskinson quickly complet with the demand but Peck was a little slow and was struck on the head. on the head.

To the Sisters in all the Stakes of Zion, Greeting: Beloved Sister-We your sisters and officers of the General Relief Society wish to gently remind you that the approach ing anniversary, the 17th of March, will be the 65th anniversary of this great and grand society organized by our beloved Prophet Joseph Smith.
