MRS. S. A. BLAIR'S FUNERAL.

The remains of Mrs. Samuel A. Blair were laid to rest yesterday afternoon in the family burial ground in the Ogden city cemetery, after impressive funeral services had been held at the family home, 245 Washington avenue, under the direction of Bishop R. F. Jarline. The services were very largely attended, and a wealth of beautiful floral tributes were laid on her casket, all bestowing love and esteem.

WEBER COUNTY FRUIT ALL RIGHT.

County Fruit Tree Inspector Robert H. Wilson, was seen last evening with reference to the report that the severe wind and hailstorm of Wednesday evening had greatly damaged the fruit crop of Weber county. He states that the storm did not do very little damage here, and that the fruit crop in this county of all kinds is going to be excellent. The crop will not be so heavy as last year, but the quality and size of the fruit will be much better. The cherry trees are loaded with fruit, as are also the apple and pear trees. There will be a bountiful crop of strawberries and all kinds of small fruits. Mr. Wilson is perfectly satisfied with the horticultural outlook, and thinks the fruit growers will have no cause to complain this year.

WANT TO PLEAD GUILTY.

It has taken but a few days' confinement behind iron bars in the city and county jail to bring C. C. Chambers and T. J. Malone to a realization that the state is not to be trifled with in sending them to the penitentiary, and both are now ready to plead guilty to the charge of burglary. They were arrested last week on the charge of burglarizing the conductors' room in the Union depot building and carrying off \$60 worth of coats, caps and other things which they took to their home yesterday afternoon, consulted with Dist. Atty. Halverson and confessed their guilt as they had done

and by conversation sanctioned and promulgated charges against the Church of Jesus Christ of Latter-day Saints and the leading authorities thereof. In this he declares that the manifesto respecting polygamy is a covenant with death or agreement with hell; thereby sowing the seeds of dissension in the church and district in the leading authorities thereof.

A number of the points in said letter and answer were discussed at length in the council, but the accused still maintained his position and the stand he had first taken.

The president rendered his decision, which confirmed the action of the Bishop's court and excommunicated John T. Clark from the Church of Jesus Christ of Latter-day Saints. The council sustained the decision unanimously.

DEATH OF J. T. McLAUGHLIN.

John T. McLaughlin, an aged miner, died at the county infirmary yesterday from kidney trouble. He was born May 1, 1829, in Green county, Tennessee. He was unmarried. The funeral took place today from Berg & Sons undertaking parlors under the direction of Rev. T. H. Scruggs of the Baptist church, the deceased being of that faith.

ARRESTED ON SERIOUS CHARGE.

Charles Meason, of Lake Shore, a married man about 45 years of age, was arrested yesterday by Deputy Sheriff Barnett and taken before Justice Francis on a charge of felony, committed with a 16-year-old girl, Percie McKee. He waived examination and was bound over to await the action of the district court in \$1,000 bail. The officers think they have other cases of a similar nature against Meason. Both he and the girl were witnesses in the case against Earl Brooks in the Fourth district court, which was held yesterday.

GARDEN CITY NOTES.

Salt Lake parties are erecting an artificial ice plant on the Smith mill site, north of the city. The state board of insanity were in session here yesterday, transacting usual routine business at the state mental hospital.

S. A. Keimer was down from Salt Lake yesterday.

Dr. H. M. Hardy medical superintendent of the state mental hospital, who has been seriously ill for some time is convalescing.

The Goshute band and the Provo football team will play here on Memorial day.

The pupils of the public schools are taking great interest in the contest in track and field sports to be held between the schools on May 31.

Forced to Starve.

R. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At Z. C. M. I. Drug Dept. Only 25c.

NEPHL

SCHOOL COMMENCEMENT.

Fourteen Out of a Possible Forty Refuse Proffered Certificates of Graduation.

Nephli, Utah Co., May 17.—The commencement exercises of the Nephli schools were given in the stake house last night. The exercises were very pretty, but developed a surprise.

The class is 40 strong and has been preparing the exercises for some time past, all the members taking part with the expectation that most of them would pass the examination and be required for entry into the high school.

The numbers of the program consisted of class songs, original papers, recitations, and the valedictory, and were of extra merit.

At the conclusion of the exercises Principal Christiansen, in an impassioned speech declared that the examination board, which is composed of the county superintendent of schools, and the principal of the Nephli high school, had that afternoon determined to pass only 14 out of the 40 examined, and as a result the class had met and un-

The "News" is delivered in Murray and vicinity from the branch office every night. J. B. Barlow, Branch Manager. Orders for Church works and advertisements received. Telephone: Office, 8; residence, 8-A Independent.

The sentiment expressed in the citizens' mass meeting held Thursday night proved clearly that Murray wishes to control her own schools, independent of county superintendents. The county superintendent of schools was present defending his side of the question, but the city officials were prepared to counteract any argument that might come up.

PRIEST OFFICIALS NOMINATED.

The citizens of West Jordan met May 12 in a caucus for the purpose of nominating officials for Jordan city, consisting of mayor, councilmen, city marshal, treasurer, and recorder. It is supposed there will be three tickets in the field: Citizens, Independent, and Socialist, each party anticipating a victory.

MURRAY COUNCIL PROCEEDINGS.

The city council met Monday night, May 15, at 8 o'clock, to plan boxes for the fire extinguishers was reported by councilman Powell. The company's lowest figure is \$12.

BEAVER.

TWO DIVORCES GRANTED.

Memorial Services in Honor of Student Moses Wilson.

Special Correspondence. Beaver City, Beaver Co., May 17.—A short session of the Fifth judicial district court was held here yesterday. About the only business done was to grant divorces. Sarah Jane Thompson secured a divorce from J. H. Thompson; cause, desertion and failure to support. Amelia Ann Johnson was divorced from Thomas Johnson, for drunkenness and non-support. A few minor affairs were attended to and court adjourned until October, 1905.

MEMORIAL SERVICES.

Special memorial services were held at the Beaver branch of the Fifth judicial district court yesterday in honor of the late Moses Wilson, who was killed by a runaway horse at the depot here last week. The exercises were very impressive, the class of 1905 taking part in the services. Moses was a member of that class and he would have graduated at commencement with high honors.

The weather at present is beautifully warm and crops are getting finely.

Rest Her Dilemma.

"I knew no one, for two weeks, when I was sick with typhoid and kidney trouble," writes Mrs. J. H. Hunter of Pittsburgh, Pa., "and was in a desperate condition. I had one of the most doctors I could get. I was bent double, and had walked. From this terrible affliction I was rescued by Electric Bells, which restored my health and strength, and now I can walk as strong as ever. They are sold everywhere. Guaranteed to cure stomach, liver and kidney disorders; at Z. C. M. I. Drug Dept. Price 50c.

PETERSON

Stockyard built by Railroad—Ex-territory of Milton Hunt in a.

Special Correspondence. Peterson, Morgan Co., May 17.—The railroad company has built a stock yard at the depot for convenience of stock men. In shipping stock, it is getting quite a shipping point. Alfred Bohman, an aged resident here, is critically sick with a complication of stomach troubles.

The farmers' prospects for crops are favorable. The range and hills are looking well.

On last Monday John Ekstrom, Milton, while scraping with team, A on the scraper and broke some of his ribs.

Mrs. Joseph Jensen, Mrs. Howard Randall and Mrs. Charles Tucker are critically ill.

Not a cent wanted, unless you are cured. If you are sick and ailing, take Hollick's Rocky Mountain Tea. A great blessing to the human family. Makes you well—keeps you well. 35 cents. Teas or Tablets. Ask your druggist.

Special Correspondence. Garland, Boxelder Co., May 15.—Prof. Lucien Marie Cristol, ex-lightweight champion wrestler of the world and the best fighter in the Pacific, giving a course in boxing and fencing to a number of young men at this place. The professor gave an exhibition Tuesday night, of his methods of boxing and fencing, which drew quite a large crowd of the young men.

Mosiah Evans and his son, M. D. Evans, returned from their vacation, which was spent in Los Angeles, Cal., where they accompanied the Commercial club. They were both very much taken up with the country, and report having had a thoroughly delightful trip.

TOQUERVILLE.

ENOCH N. NAEGLER DEAD.

Busy and Brilliant Career Cut Short in Death.

Special Correspondence. Toquerville, Washington Co., May 15.—The many friends and acquaintances of Elder Enoch N. Naegler will read with surprise the announcement of his death, which occurred here Sunday, May 7, of septemia-malarial fever, after an illness of 40 days.

Elder Naegler was born in Toquerville, Utah, Aug. 11, 1875, and is the son of Patriarch John C. and Regula B. Naegler.

The death of Naegler was a great loss to the community. He was a man of great energy and ability, and his death was a great blow to the church.

The funeral services will be held at the church on Monday, May 22, at 2 o'clock p. m.

The burial will be in the cemetery at Toquerville.

LEWISVILLE, IDAHO.

NEW BISHOPRIC.

David Kinghorn Succeeded Bishop R. F. Jarline—Work Begun on R. R. Branch. Special Correspondence. Lewisville, Fremont Co., Idaho, May 17.—After numerous showers, the weather seems to be settled again, with an inclination to be warm and sunny.

The days are getting ready to begin work on the beet, which will soon be ready for them.

Lewisville has put up a house on the south side of town, and some of the Marysville to move his family down.

Work has begun on the branch railroad, which has been surveyed through Lewisville.

Miss Leola May has gone to Henry's Lake to teach the summer school there.

Bishop R. F. Jarline, who has been Bishop of the ward ever since his organization 20 years ago, has resigned the office, and David Kinghorn has been chosen to fill the vacancy.

Our best wishes go with them both. The one for faithful service performed, the other for what lies before him.

Mr. Hutton's family has returned to Lewisville, thereby furnishing work with another blacksmith shop.

We now have two teams, two blacksmiths, and one or two cream perils and one pastured in operation.

Before the wife of D. C. Gardner, a baby girl to Mr. and Mrs. A. R. Whitehead a baby girl to Mr. and Mrs. Joseph Oxborrow, a baby boy.

LUND, IDAHO.

Visit of the Stock-Outlook Promising For Farm Crops.

Special Correspondence. Lund, Nev., May 15.—Fine weather prevails here now. We have had five storms here this spring. Crops are looking fine, and a good prospect is before us.

Excursion to Ogden Sunday, May 21st, via Oregon Short Line. Round trip only \$1.00. Take any train up to 1:40 p. m. inclusive.

LA GRANDE, ORE.

Most Promising Crop Prospects—Farmers' Show Well Feet Good To Farm.

Special Correspondence. La Grande, Union Co., Oregon, May 15.—Crops of all kinds look well. The prospects for small grain were never better. The fall grain is coming in good and is about three feet high. The ground is well filled with moisture and old timers say that the crop will mature without any further rain. The spring grain is well rooted and very promising indeed.

The apple crop is also very promising. Many thousands of trees have been planted this spring. One field of 100 acres has been set to winter apples. One man is credited with having set about 1,000 apple trees. Small orchards of 10 acres are seen on all sides. This industry is becoming profitable and whereas there are now about 300 acres of apples shipped from here each year according to present indications within the next five years there will be at least 1,000 acres and in 10 years 2,000 acres sent out each year.

The beet crop was never so good. The stand is perfect all over and the average greatly increased over any previous year. This year the average is 1,200 acres more this year than at any time in the history of the factory here, and we are informed that a great deal of money following will be done ready for next year and at least another 1,000 acres added. Last season proved conclusively that the beet crop is a profitable one, and many who have heretofore fought the proposition on account of it calling for much work are warming up to the question and will plant new plantations. One old timer stated the other day that he had fought beet culture for five years, but that he had now seen his mistake. He plants 10 acres this year and says he will plant 200 acres next season. This is a fair sample of conditions generally. It is only a matter of time when the factory will have to be enlarged.

The sugar company has already contemplated this move. The advent of the "Mormons" here has revolutionized things in farming practices. Hitherto the beet crop has been made with no soil and almost no work. The new method is to plow and harrow the soil and then plant the beets. This method has been made with no soil and almost no work. The new method is to plow and harrow the soil and then plant the beets. This method has been made with no soil and almost no work.
