THE Circular issued by the First Presidency of the Church of Jesus Christ of Latter-day Saints to the Presidents of the various States of Zion, the Bishops of the different Wards, and the officers and members of the Church, is now for sale at this Office, price 5 cents. Also, the Epistle of the Twelve Apostles and Counselors to the Church of Jesus Christ of Latter-day Saints in all the world, price 5 cents.

In a recent issue of your paper there appeared an article over the signature of M. R. Davies, "dealer" in sewing machines, in which we find an implication (not an assertion) that the agent of The Singer Manufacturing Company, in this city, has been palming off on the people of Utah, old machines for new. In justice to our patrons, we will say that our instructions from the home office in this matter are imperative and are as follows: "You are in no case to sell second-hand machines for new, but sell them for what they are, and at reduced rates." In no case do we depart from these instructions.

A Company, which by its combined energy and skill through nearly 30 years of experience, has placed upon the market a machine unequalled, whose factories are turning out 6,000 machines per week, whose sales for the last three years nearly equal those of all other companies combined, and which to-day, stands head and shoulders above all of its competitors is certainly not driven to sell old machines for new, much less to practice any kind of deception.

Again, this implication becomes much more absurd when we consider that this "dealer" gets his machines from a firm in Chicago, which every one in the sewing machine business knows has been for years dealing in second hand and inferior machines, highly finished and sold throughout the country by irresponsible parties.

The machine built by the Singer Manufacturing Company, and which has won a world-wide reputation, may be known by the patented trade mark on the side of the arm, and is found only in the hands of responsible agents.

LOCAL AND OTHER MATTERS.

From Ogden.—This morning we had the pleasure of meeting our friend Mr. Joseph Parry, of Ogden, who is on a visit to the city.

In Hosts.—The grasshoppers are absolutely in hosts in Parry's Park, being as numerous there as at any previous time in the history of the Territory.

Killing Them.—The grasshoppers in this city have been doing an active business in late. The demand has been caused by a number of farmers using it in the Cottonwood wards, in destroying grasshoppers.

Religious Services.—Religious services will be held in the Tabernacle to-morrow afternoon, commencing at 2 o'clock, and in the meeting house of the several wards at the usual hours.

No Fence.—The waving fields of grain that are not environed with a fence, in many parts of the Territory, are causing the popular sentiment to largely preponderate in favor of the "no fence law."

Grasshoppers, Coal, Etc.—Brothers C. H. Wilken and R. J. Hadbury have been on a visit to Provo Valley. They report that the grasshoppers, being in immense numbers, are doing great damage to crops in that part of the Territory. Notwithstanding this, the people feel cheerful, and are making many improvements in the erection of new buildings, etc. The new County Court House, at Heber is progressing slowly.

The coal claims, eight miles from Heber, in Centre Canon, are being developed, and the parties interested expect to have an excellent market for the product in Park City, from which point the mine is distant only about fourteen miles.

From South.—This morning we had the pleasure of meeting Elder Henry Hunt, of the Presidency of the Iron County Stake of Zion. He states that the crops at Cedar City, where his home is, were never more promising. Besides field vegetation there will probably be an unprecedented large yield of fruit, such as apples and peaches, but no apricots.

Sheep shearing has commenced and it is expected that the yield of wool from the co-operative herd will reach 40,000 pounds for the season. It is situated in the canon about 15 miles from Cedar.

Deseret University.—The academic year of the University closed yesterday. The exercises were pleasing, interesting, and of such a character as to show the system of training pursued by the institution, its flourishing condition, and the favorable progress made by its students. Besides the good attendance of pupils, a large number of visitors were present, among whom were President John Taylor, Superintendent of District Schools, Prof. Lewis, Salt Lake County Superintendent, Messrs. Joseph F. Smith, O. H. Riggs, David McKenna, Wm. Jennings, Geo. Reynolds, James Dwyer, C. W. Stagner and the president and faculty of the University.

The names of those who passed examination and were awarded certificates in the normal course, as well as the graduates in the academic course were read to the school by Dr. Park, as follows:

NORMAL GRADUATES.
 R. H. Roberts, Archibald Geddie, Sarah Teasdel, Henry J. Wallace, Mary Mitchell, Wealthy Rich, C. C. Higgins, W. M. Egao, Hyrum Bartoo, A. H. Snow, Clara Gleason, Vinnie Clayton, Cecelia Sharp, James M. Harlow, C. T. Stewart, Geo. M. Cannon, Alma Smith, Maria Luke, Emily Stagner, Philia Ming, Ed. B. Thorne, Petrus H. Moyle, Sarah Elderbeck, David L. Evans, Lucy Evans, Deenie Christensen, Sarah A. Taylor, son.

GRADUATES IN ENGLISH LANGUAGE AND LITERATURE.
 Frank J. Cannon, D. C. Dunbar, Geo. M. Cannon, J. H. Moyle.

GRADUATES IN CHEMISTRY.
 J. R. Cook, Martha H. Paul.

After this an appropriate address was made by Mr. Roberts, one of the graduates, in which he expressed the good feelings of the pupils toward the teachers, and evidenced in his own language and sentiment the excellence of the training received at their hands.

This was followed by remarks from President Taylor, Prof. Lewis, Regent Geo. Reynolds, and Professors Toronto and Kingsbury. At the close of the day's exercises a committee of the students, of which Mr. Frank Cannon was spokesman, presented to Professors Park and Toronto an agreeable surprise in the shape of two pairs of beautiful engravings, and in a neat and happy speech, portrayed the appreciation of himself and fellow students of the efforts and fidelity of the recipients, who responded in language equally feeling and appropriate.

After dismissing a large majority of the pupils with their professors, remained, in a body, to Lindsay's garden, where, until shortly past 6 in the evening, the time was pleasantly spent in the various amusements which the place afforded and which were thrown open free to the party, by the proprietor.

New Meeting House.—We learn from Bishop Schoenfeld, of Brighton Ward, that an effort will be made to erect, as soon as possible, a new meeting house there, the foundation of which is already constructed. The present actual residents of Brighton are comparatively few, but there is quite a large number of persons who own land in the Ward and who purpose some time making it their home. From the latter class of people, as well as those living in Brighton, the Bishop would be pleased to receive such donations as they may feel led to make for the purpose indicated. Brick, lumber, shingles, and other building materials will come handy as donations. The Bishop can be found at H. Dinwoodey's furniture store.

Lyman's Historical Chart.—On Monday, Mr. Powers goes north to deliver Lyman's Historical Chart to subscribers, and also to do some canvassing by the way. He will visit Corinne, Brigham City and Logan. The following is an abstract of the work by a gentleman well qualified to judge of its merits.

BROTHAN YOUNG ACADEMY.
 Provo, April 27, 1877.
 By request of Mr. R. M. Powers, agent for Lyman's Historical Chart, I state that I have perused carefully said chart, and am using it for reference in my historical lessons in this Academy. I can conscientiously recommend this historical chart, especially to teachers, as it is one of the best works of comparative history I have seen.

KARL G. MAMM, Principal B. Y. A.

Cattle Stealing.—An old, experienced citizen of this Territory was conversing the other day upon the immense loss yearly sustained by farmers and stock raisers by the depredations of cattle thieves. He expressed the opinion that the only effectual remedy for the evil was for the people of the settlements to combine and select co-operative herds and form a paid guard, men, well armed, to look after the animals. By taking this course he thought the people would save many thousands of dollars. The opinion appears to be sound, practical, and therefore worthy of consideration.

Removing It.—The rails, ties, etc., which composed the Abertoean Fork Canyon Railroad are being removed to the vicinity of Sandy. The proprietors have not yet come to a definite decision as to what use will be made of the material. The advisability of laying it from Sandy to the vicinity of a point called the Stairs, in Big Cottonwood Canon, is under consideration.

Writ Issued.—The Justice states that Tom Heller, through his attorney, has obtained from Judge Emerson, a writ of Habeas corpus, returnable on Monday.

The grounds upon which the writ was granted are stated to be that Heller was arrested in Nevada, brought to Utah and placed in prison, without a requisition from the Governor.

Home Missionaries.—Home missionaries have been appointed to preach at the several ward meetings to-morrow evening.

A Good Time.—The good folks of Sugar House and Farmers' Wards had an excellent time at Calder's Farm yesterday. One of the features of the day was that the poor were provided with an excellent dinner.

Escaped and Captured.—The other day a penitentiary prisoner, named Jones, who was convicted for committing an outrage upon an aged woman, took "French leave" of his prison quarters. He was subsequently captured by the guards.

Benefits of Advertising.—To-day we received an advertisement to the effect that a sum of money had been found, and stating where the owner could get it.

Subsequently the owner, a poor woman, called with an advertisement stating that she had lost the money, and requesting its restoration to her by the finder. The woman thus received her lost property through an appreciation of the value of printer's ink, although it was unnecessary to actually apply it.

Greatly Improved.—The Amateur, a semi-monthly paper published at Ogden by the Mutual Improvement Association, has undergone a complete change in appearance and make up. It is now a four-page journal 16 1/2 by 11 1/2 inches. It is well edited, printed on good paper and in clear type. It has a scientific department, treats on topics of special interest, gives the general and local news and has a good show of advertisements. The improvement takes place with the first issue of volume two. A feature of this creditable little journal is a neat and tasteful ornamental heading, bearing the title of the paper.

Mr. Joseph A. West is managing editor and Mr. Richard Ballantyne, business manager. Success to the Amateur.

Correspondence.
 Another Veteran Gone.
 BEAVER CITY, U. T., June 4, 1877.

Editor's Deseret News.
 Barnum B. Messenger departed this life in this city, on the 25th of May, 1877, after an illness of five days.

When first taken he told his family he should not recover. Brother Messenger was born in Stoddard, Cheshire County, New Hampshire, December 23, 1811; was baptized by Elder J. C. Little in Walpole, New Hampshire, March, 1844; was ordained a Priest on the 20th of April, 1844; an Elder by President Brigham Young, on the 13th of July of the same year, and presided over the Walpole branch while he remained in that country. He was ordained a High Priest on the 6th of April, 1850, and presided over the Kanawville branch of the Church in Fottawatomie County, Iowa, over one year. Then emigrated to Utah, where he taught common school over 14 years. He was also singing master and music teacher for several years. He had been for several years assessor and collector and coroner of Beaver City. The most of his useful life has been spent in the noble service. He leaves a wife and 11 children, several grandchildren, and numerous friends to mourn his loss.

The funeral services were held in the Beaver meeting-house on the 30th of May, at 2 o'clock p.m. There was a good attendance of the relatives and friends. After a short, spirited address on the subject of the resurrection of the dead by Elder Daniel Tyler, his remains were conveyed to their last resting place.

Unless you manage to enjoy a little bit of heaven here, you will not be likely to have very much of it hereafter.

BORN.
 To Eliza, the wife of Richard Smyth, on the morning of the 6th of June, a daughter.

DIED.
 At Southfield, Cache County, Utah, September 14, 1877, MARTHA DULOP, wife of John Gardner, aged 39 years, 10 months and 5 days.

She was born in Lancashire, England, November 24, 1837; baptized into the Church of Jesus Christ of Latter-day Saints at Southfield, Lancashire, England, in 1856; emigrated to Utah in 1860; and lived and died in full faith of the gospel. She leaves a husband, five daughters and thirteen grandchildren to mourn her loss. Memorial Stars, please copy.
