School Convention.

portunities of Teachers Outside  
the School Room Discussed.

## SECOND DAY.

The Sunday school convention met again this morning (Tuesday) at 10 o'clock, with a large attendance of delegates. "Come, join our celebration," was the opening hymn. Prayer was offered by Elder George Teasdale.

Elder H. S. Ensign conducted the musical exercises and singing practice on the following hymns: "Rock of my refuge," and "Kind and gracious Father."

"Importance of home influence in Sunday school work" was the subject of a highly interesting address by Elder George M. Cannon. He said the influence of environment is a great factor in the formation of character, and the condition of the home surroundings of the child is equal to all other influences which have a bearing upon the growth and development of child character. "To obtain the most satisfactory results," he said, "the parent must be a co-worker with the teacher, and the child must be a co-worker with the parent."

PEKIN MAY BE  
AN OPEN PORT.Will be Made Part of Basis of  
Negotiation.

## CHINESE MAKE SUGGESTION.

Decapitation by Imperial Edict Alone  
Is to be Abolished—Unless Ger-  
man Expedition.

Washington, Nov. 13.—In addition to the points said to be agreed upon at Peking as a basis for settlement with China, announced in cable dispatches, it is understood that several other points are likely to receive attention when the matter is taken up with the Chinese envoys. One of these is as to making the city of Peking an "open port," for while it is not on the sea coast, the purpose is to extend to it freedom of commerce and intercourse with foreigners which now applies only to those open ports designated by treaties with China. The suggestion that this action be taken has been made in high Chinese quarters and its advisability is being discussed by the Chinese envoys. The Chinese question was discussed in a general way. It was stated by one member that there were no advisers in the hands of this government tending to confirm the story called by Dr. Morrison to the London Times to the effect that the ministers had formulated demands on the Chinese government which included the execution of eleven of the high officials, the raising of the Taku forts, and the prohibition of future importation of war material into the empire. Another member, discussing this dispatch, said that previous advice to this government indicated that Dr. Morrison's dispatch was a very fair exposition of the demands that had been formulated by the ministers. He said, however, there was considerable doubt as to the ability of the Chinese government as now constituted to enforce the execution of the eleven powerful officials indicated in the dispatch.

London, Nov. 13.—A special dispatch from Tien Tsin, dated Nov. 10, says a force of Russians has captured the arsenal northeast of Yeng Tsin, with killing 200 Chinese and capturing a quantity of armament treasure.

Queen Draga Not Dead.

Paris, Nov. 13.—Inquiries made by a representative of the Associated Press at the Serbian legation here show there is no truth in the report published by the Echo de Paris today that Queen Draga of Serbia is dead. The legation officials have not even heard that the queen is ill.

More Bubonic Cases.

Calcutta, Nov. 13.—Two fresh cases of bubonic plague are reported in Alexandria.

Devery Indictment Dismissed.

New York, Nov. 13.—Recorder Goff, in an criminal court today granted the motion of Deputy State Attorney General Hedges to dismiss the indictment against Chief of Police Wm. S. Devery, charging violation of the election law.

"SMALLPOX" AT CENTURYVILLE.

[SPECIAL TO THE "NEWS"]

Centerville, Nov. 13.—It was rumored around yesterday that there were several cases of "smallpox" at Centerville. When this report reached the health officers, Dr. Gleason of Kaysville was sent at once to investigate. He reported that several members of the late P. J. Gann's family were afflicted, and one quite seriously so; that there was one of Joel Parrish's daughters and one of W. H. Smith's daughters also afflicted.

BURGERS AGAIN AT WORK

Gold Watch and \$30 Stolen From the Residence of J. H. Simister.

The residence of J. H. Simister, 714 west First North street, was entered by burglars last night, who made a fairly good haul.

The family was away from home at the time the thieves or thief called, and there was nothing, therefore, to disturb their operations. The house was thoroughly ransacked, and was in a sorry state of confusion when Mr. Simister and family returned. A gold watch and chain, \$45 in gold and \$5 in silver was taken. Entrance was made by means of a skeleton key. The matter was reported to the police, who are investigating the case.

Mr. Rutner, the musical director of the "Gipsy Vaders" company, is an organizer of decided ability, and this morning, on the invitation of Professor McCellan, he spent two hours at the Tabernacle organ. He was immensely pleased with the instrument, as Professor McCellan was with his playing.

Emergency Rations Test Successful.

Washington, Nov. 13.—Captain Foster, who is in the Indian Territory testing the emergency rations for the United States army telegraphs Acting Commissary General Weston that he has just returned from making the test of the rations prepared by the board of army officers, and the test was highly satisfactory. There are two rations manufactured by supply concessions yet to be tested and it probably will be some time before the result is known.

Roberts Reports Skirmishes.

London, Nov. 13.—Under date of Johannesburg, Nov. 12, Lord Roberts telegraphs to the war office as follows: "Rundie reports skirmishes with small parties of Boers in the Harpersburg and Vrededistricts recently. The commandoes appear to be acting independently, and with no object except to give as much annoyance as possible to the British. Our casualties in these skirmishes were two killed and seven wounded."

"Douglas arrived at Ventersdorp Nov. 11 from Zerst, capturing during the march 21 prisoners and a quantity of cattle and sheep. Ventersdorp, which has been depot of supplies for the Boers, will now be cleared out."

There was an unusually big house at the Grand last evening, for a Monday night audience, to witness the first production here of Hoyt's "Days and Nights." It is a lively sketch, fashioned very much on the lines of his latest productions, the central figures being a number of clever men, with various ladies in a state of more or less distress—principally more. The main prize belongs to Mr. Martin, who has the role of a crowd of girls in his search for a church choir. The specialties of the evening were immensely enjoyed, the best work being done by Mr. Hoyt, whose whistling is phenomenal. All the ladies belong much to the same grade; there is no startling ability among them in the singing line, but in the way of dancing, gymnastics, and their dress—no undress—work they would be hard to excel. The same bill goes again tonight and tomorrow night, with a Wednesday matinee.

Thursday evening the noted "Brownies in Fairyland" open an engagement of three nights and a matinee.

There was a closing hymn and the benediction was pronounced by Elder Brigham Young.

TUESDAY AFTERNOON.

Order was called at 2 o'clock by General Superintendent Cannon. "Hope of Israel" was sung for the opening. Prayer was offered by Elder John Henry Smith.

Prof. Evan Stephens directed the musical practice for this session, and the following selections were sung: "Improve the Shining Moments," "The Primary March," "Our Mountain Home So Dear."

Elder Thos. A. Clawson briefly discussed the "Study of the Scriptures," urging the importance of a better acquaintance with them. To obtain a knowledge of the laws of God, and of His dealings with the children of men, an acquaintance with the Scriptures is not only desirable, but necessary. Faith in the Gospel, and in the purposes of the Lord in respect to mankind depends in a great measure upon an acquaintance with the teachings of the truths contained in the Scriptures. Familiarity with the Bible and other holy books is a fortification against evil, and a means of inspiring faith and confidence in our Heavenly Father and love for Him.

"Kind Words are a Sweet Word of the Heart," solo and chorus, was beautifully rendered by Elder Horace S. Ensign and the assembly of delegates.

President Lorenzo Snow was the next to address the assembly. He expressed delight at what he had heard in the convention. He said that if he, now in his 77th year, could receive instruction in this grand Sunday school work, as he had done at these meetings, he felt that there were none too old to become men, and that the Lord would bless the instruction in the Sunday school. In speaking to the subject assigned, "Fidelity," he said he desired to impress upon his hearers the great importance of this principle. He said that the Lord had given to the children of the Doctrine and Covenants, and it was a singular thing that the land of Zion could be sanctified by the observance of the law of fidelity, but such was the fact, and in no other way, he said, could the Lord bless the land of Zion, to the people of the Lord, and it was of the utmost importance that this law be observed. The principle should be taught in the Sunday school, to teachers and pupils. Referring to the land of Zion, he said the spirit of returning to the land of Zion was not a new thing, but it was a new thing in the hearts of the people, and he said that the people were offering large contributions towards the purchase and redemption of that land. The day was near at hand, President Snow said, for the return of the Saints to the land of their first inheritance. This land is not our home, he said, and the majority of those who were before him would live to see the return of the children of the Saints, the sons and daughters of those who were appointed to the land of their first inheritance. This land is not our home, he said, and the majority of those who were before him would live to see the return of the children of the Saints, the sons and daughters of those who were appointed to the land of their first inheritance.

Elder Heber J. Grant was the next speaker, his subject being "Keeping the Law of the Lord." He prefaced his address by singing Brother George Goddard's favorite song, "Who's on the Lord's Side." One of the means of keeping pace with the children is for superintendents, officers and teachers to meet together often to study up and devise ways and means of making the work of the Sunday school more attractive, interesting and profitable to the children who attend. Make the school interesting, and take part in all the work of the school, and the children will be glad to learn anything that the officers and teachers are unwilling to do themselves.

Elder Benjamin Goddard followed in an interesting talk on "How to induce the return of the Saints to the land of their first inheritance." THE MESSAGE  
TO CONGRESS.Cabinet Meeting Discusses it at  
Length.

## REDUCE WAR REVENUE TAX

May be Some Recommendation to  
That Effect—Chinese Question Con-  
sidered in a General Way.

Washington, Nov. 13.—The cabinet meeting today was devoted largely to the forthcoming message to Congress. Each of the cabinet members furnished a forecast of his annual report, but none of the reports was in shape for formal presentation. It was practically decided that the recommendation in the message on the subject of war revenue taxes would advocate a small reduction, scaling down the total revenue about \$15,000,000. Just where this decrease will be made has not been determined.

Considerable attention will be devoted to the Nicaragua canal in the message, but the President's recommendations are not yet clearly formulated.

The Chinese question was discussed in a general way. It was stated by one member that there were no advisers in the hands of this government tending to confirm the story called by Dr. Morrison to the London Times to the effect that the ministers had formulated demands on the Chinese government which included the execution of eleven of the high officials, the raising of the Taku forts, and the prohibition of future importation of war material into the empire. THIS IS GETTING  
VERY CLOSE.Only One Vote Difference at Most  
Between Barnes and Ellison.

## KING GAINS 18 IN DAVIS.

Doubt is Increasing Over Some Offices  
—The Sheriff's Case Is Now  
Settled.

The canvass of returns in Davis County today made some very interesting developments. In the way of getting figures very close on some of the candidates, by the vote of this county Judge King gains 18 more over the official returns, thus reducing further the majority credited to Mr. Sutherland, which is now left at about 150, with several counties to hear from in an official way.

One of the close features in Davis county was the office of sheriff. Mr. Barton was credited in the official returns with a majority of one, but the official canvass cut this off, and brought votes to Mr. Abbott, the Democratic candidate, until now the latter is declared elected by a majority of 12 votes.

The race between E. P. Ellison, Republican, and J. G. M. Barnes, Democrat, is so very close as to be decidedly perplexing. By the canvass today in Davis county, Mr. Barnes has a majority there of 194. By the returns as telegraphed from Rich and Morgan counties, Mr. Ellison has a majority of 89 in Rich and 15 in Morgan, making 104. This would leave the vote a tie. But the dispatch from Morgan gives Mr. Ellison a majority there of 15. This would place Barnes one ahead.

Beyond this, however, is the claim of illegal votes, cast for the Democratic ticket at Farmington. It is said there are 12 of these—enough to settle the case in Mr. Ellison's favor. On the other hand, it is asserted that the charge of illegality against nine of those is unfounded, but it is admitted that in one case the challenge should be sustained. With this one vote eliminated, Mr. Ellison has a majority of one on one of the counts given, and has a tie on the other. So a contest seems to be the best, and indeed the only way to settle it, when all the votes will be recounted, and illegal votes be excluded. It is a close shave.

CANVASS IS RESUMED.

Board Has Not Yet Concluded One Precinct.

The board of county commissioners resumed the canvass of the vote of Salt Lake county in the recent election at 2 o'clock this afternoon. The attendance was much larger than that of yesterday, a number of the candidates being in attendance. Up to 3 o'clock only two more districts had been canvassed—the sixth and the eighth, in the First precinct. Two discrepancies in the eighth were found, one of which gave Elchon, Republican candidate for district attorney, 232 votes instead of 238. H. W. Lawrence, Democratic candidate for the State Senate gained one vote. The published account gave him 145 instead of 144.

The board adjourns at 5 o'clock and will meet again at 8 o'clock.

At the present rate it is thought fully two weeks will be consumed in the canvass.

LACE MAKERS DEPORTED.

They Came Over to Establish a Lace Factory at "Zion," Near Waukegan, Ill.

Were Twenty-five in Number—Their Coming Was in Violation of Contract Labor Law.

Philadelphia, Nov. 13.—Twenty-five immigrants, who came here as saloon passengers on the American line steamer Wausland yesterday were denied admission to the country by a board of inquiry of the United States immigration commissioners, on the ground that they violated the contract labor law. The party consists of six men, two women and seventeen children. Under examination the men and women admitted that they were lace makers and came from Beaton, a small manufacturing town near Nottingham, England.

It was proved that first class passage had been paid for them by John Alexander Dowie, the "divine healer" of Chicago, who is about to found a city called "Zion" near Waukegan, Ill. where he intends to establish a lace producing plant. The board learned also that a complete lace-making plant is also on its way here. The board decided that the immigrants shall be deported.

Gale in English Channel.

London, Nov. 13.—A fierce gale swept over the English channel last night causing a number of wrecks, including the Hildegarde bound for Shields near Weymouth. There were no fatalities.

The ketch Georgia was lost off Hayling island. All on board were drowned. The Hildegarde mentioned in the above dispatch is probably the British steamer of that name. She is of 135 tons and was built in 1886 at Newcastle. She is owned by Dunford and Elliott, of Newcastle.

Hayling island is off the south coast of England, in Chichester harbor, near the island of Portsea. Off the south coast is an extensive shoal.

LYNCH AND KING  
WANT NEW TRIAL

Their Attorneys File Motion in the  
District Court Today.

## ARGUMENTS THIS EVENING.

James Lynch and Robert L. King, convicted on Thursday last of murder in the first degree for the killing of Col. Godfrey Proctor at the "Sheep Ranch" gambling den on the night of September 15th last, were to have been sentenced at 10 o'clock this morning, but owing to the fact that one of their attorneys, Will F. Wanless, was engaged in a case in Judge Hiles' court, Judge Booth continued the matter until 4:30 this afternoon.

Messrs. Wanless & Lea, the legal representatives of the two men, filed with the clerk of the court this morning a motion for new trial. The motion is based on a number of different grounds, chief among them being an alleged error of the jury in the killing of Proctor in an attempt at robbery was murder in the first degree; also that the information was insufficient to sustain the verdict.

The affidavits of two inmates of a Wilson's house on Commercial street, contradicting the testimony of the messengers who were filed along with the motion. The women say that no dishes were taken from Miss Wilson's table on the night of the shooting; neither was there any messenger by called to the house.

There was quite a crowd of people in court this morning, when Judge Booth took his seat on the bench, and much sympathy was made manifest when the court ordered a continuance. Fully a hundred hung around the corridors after the adjournment, a fact that very much displeased the defendant King, who was overheard to say, "I suppose someone would get me out of this place, and I would be a club to drive that crowd away."

Both men appeared in the best of health and spirits, and joked with the officers while waiting for court to open. Before leaving the court room, King asked Deputy Sheriff Johnson to allow him the privilege of rolling a cigarette, before he was handcuffed. Johnson readily consented, after which the prisoners each pulled a sack of tobacco from their pockets and proceeded to roll cigarettes. "You know," said King to Johnson, "we must smoke all we can now, for we won't be allowed to smoke after a while."
