All parties are committed to jail and will have a hearing next Friday.

Lynching is threatened if they are not taken from town before night.

CLEVELAND, O., 26.—The first commercially successful electric railroad in America was started in operation in this city to-day by the East Cleveland Street Railroad Co., who have just completed a mile of road and run cars on it for the first time. The experiment was so successful that the company expect to change their entire system, comprising over twenty miles, into electric railroads. The system used is a combination of the Brush and Knight & Bentley systems, and the current was carried on underground conductors laid in conduits like those of the cable roads. The cars were started, stopped and reversed with the greatest ease and without the disagreeable jerking incident to cable and horse roads. The cost of running is claimed to be greater than that of cable roads, and the cost of construction less than one-third as great. Any number of cars up to fifteen can be run at one time on a single circuit, and from one machine, which is a result not attained by any European system now in operation. The success of the new road has made a great sensation in both street roads and electric circles, and is expected to greatly extend the field of electrical development and enhance the value of street railroad property.

WASHINGTON, 26.—Surgeon General Hamilton received to-day a copy of a letter dated July 19th, from Dr. J. B. Pease, who attended the supposed cholera case of Katie P. Silver, and who warned the authorities of Nashville. Dr. Pease says the family arrived at the city of New Orleans five days since (July 14th) from San Luis, Spain. The vessel had been at Bordeaux, Toulon and Vera Cruz. Though the father did not speak English, Dr. Pease says he learned that he had been detained at Toulon. The doctor says further "the child died with every symptoms of cholera. Whether this was a case of Asiatic or sporadic cholera, I will not positively assert, but cholera it certainly was."

NEW YORK, 27.—The following details from the log of the steamship *Lochgarry*, of the Greely relief expedition, are furnished by Ensign W. C. Rambers, who was in command of the vessel during its cruise to the polar regions:

In our first day out from St. Johns a heavy fog set in and we encountered large icebergs. In steering we lost sight of the *Thetis* and could only resume our position by the sound of her whistle.

May 18, when we were off Cape Farewell, we met the first great quantity of ice, and were obliged to forge ahead slowly.

May 26, we sighted Disco, but had much difficulty in finding a harbor. The island was covered with ice and snow, and landmarks invisible. We left Godhaven, May 29th, at 8 a.m., and steamed through ice along the coast to a point about 10 miles below Hare Island. Here we found the ice so thick that we were compelled to lay to.

Lieut. Schley signalled for me to go back to Godhaven and wait for a favorable opportunity with an east wind to proceed to Upper Navik. We left Godhaven the second time May 27th and encountered more ice, through which we pushed our way, and found the *Thetis* lying off Hare Island, having been unable to blast a passage through.

Next morning the *Wales*, *Arctic* and *Wolf* joined us and we started ahead. The sea was heavy and very hummucky. We experienced great difficulty in making progress, and several times narrowly escaped collision with the *Wolf*. We finally succeeded in gaining the lead and the *Wolf* followed in the opening we made. The *Thetis* was now out of sight and we set out course for Oomenak Ford. Here we sighted the *Thetis* ten miles ahead. We overhauled the *Thetis* May 28th. Captain Schley hailed us and said, "Go to Upervik, calling at Proven. If you meet the *Bear* coal her with dispatch." During a fog which came on we got into a false lead, and while returning to open waters to try another, the *Alert* and *Thetis*, proceeded together in the midst of a blinding snowstorm which lasted all night to Upervik. On our arrival there we found the *Bear* and coaled her. The vessels remained in that vicinity for nearly a week, when the *Thetis* and *Bear* proceeded northward while we waited for the *Alert*, which arrived June 14. The Governor of Upervik told us there was no hope of getting through Melville Bay as the season was unusually close. We left with the *Alert* on the 21st of June, and reached Berr Island June 23d. We went ahead pushing through ice all the way, and June 25th, reached Horse's Head. Here the *Alert* got nipped in the ice and, in trying to get her out, we lost so much time that the neck had become impenetrable. We lay jammed in the ice off Duck Island till June 29th. We worked all the night of the 28th blasting and sawing ice, and finally got away into open water June 30th. We were off Wilcox Head where we had more hard pushing to get open water beyond Devil's Thumb. While busy here we sighted the *Thetis* and the *Bear* coming toward us and knew at once from the signaling that the Greely explorers had been traced and the survivors found. We returned to open water, and a thick fog set in. It was some time before I could go on board and learn of the rescue. We then pushed south with all haste possible and arrived at Upervik July 2. Captain Schley there dispatched the *Alert* and *Lochgarry* to Godhaven while the *Thetis* and *Bear* put into Upervik, the former to shift a broken rudder and the latter to get coal at Godhaven. The latter's machinery was repaired and we buried there one of the Esquimaux of Lieut. Greely's party. We left Godhaven with the *Alert* in tow. Off the coast of Newfoundland we encountered a gale and the steel cable parted three times. The *Alert* was finally cast adrift July 15th. We dropped anchor at St. John's at 9 a. m. on July 17th.

CALDWELL, Kas., 27.—C. Rogers, of Muskego, Indian Territory, representing the Interior Department has arrived here. He formally notified Capt. Marshal to be taken to Fort Smith, Kansas. New offenders will be turned loose.

PARIS, 25.—A pitiable case is reported from Marseilles. A woman, aged 70 years, was missed for several days. The police at last forced an entrance into her lodging, and found her body upon the floor in such a condition that she must have been dead some days. An examination proved she was a victim of cholera. She had lived almost exclusively on fruit.

The corvette, *Argentine*, recently at Marseilles, desired to take on coal at Gibraltar. The English authorities forbid this, and threatened to fire unless the vessel departed. The *Argentine* then proceeded to a port in Portugal and began coaling, but the inhabitants became panic stricken and compelled the authorities to order the immediate departure of the unfortunate vessel. Where the *Argentine* will find fuel enough to return to LaPlata appears to be an insoluble problem.

Precautions against the spread of cholera have been slackened and the work of disinfection is not sufficiently thorough. The police have arrested a great number of undertakers for selling clothing and bedding belonging to victims of the epidemic. Only 300 persons are at work in the arsenal at Toulon; several thousand workmen are usually employed. At the Lazaretto in Lugano, Italy, the attendants secreted the keys to the wine cellar, Wednesday night. After they got at the spirits, and becoming drunk, they assaulted the Sisters of Charity and the inmates of the institution, but a fierce persistence was offered them. The soldiers were called and suppressed the outbreak. Several travelers who were there under quarantine regulation, were wounded during the disturbance. An order has been published at Metz that all persons arriving from France in Alsace and Lorraine without having certificates of health will be expelled the country.

THE COUNTY CONVENTION.

THE PEOPLE'S TICKET FOR THE AUGUST ELECTION.

The Salt Lake County Convention of the People's Party met, pursuant to announcement, at the County Court House in this city, at 10 o'clock this morning, for the purpose of nominating the party ticket to be voted for at the election on August 4th. The convention was called to order by Junius F. Wells. He nominated for temporary chairman, George M. Ottinger, who was chosen accordingly by unanimous vote. Henry Wallace nominated Junius F. Wells for secretary pro tem, and he was elected in like manner. William Fuller moved for the appointment by the chairman of a committee of five on credentials, which motion was carried, and the following were selected and unanimously sustained: William Fuller, of the First Precinct; Joseph H. Dean, of the Third; Francis Platt, of the Fifth; O. D. Hendrickson, of Mill Creek, and Caleb D. Brinton, of South Cottonwood.

This committee having retired, Wm. W. Taylor moved for the election of

Ezekiel Holman, of Sandy, as First Vice President, and S. B. Young made a motion that Mrs. Catherine M. Anderson, of the Second Precinct, be sustained as Second Vice President. Both motions were passed unanimously. C. B. Felt was chosen Assistant Secretary on motion of James H. Anderson; Thomas F. Howells was elected Sergeant-at-arms on motion of Eli A. Folland, and on motion of A. W. Carlson, Joshua Midgley was chosen chaplain.

Brief speeches were made by the chairman, Vice-President Holman, S. B. Young, Junius F. Wells, Joseph F. Simmons and W. W. Taylor.

The committee on credentials returned and reported a quorum present of the delegates holding credentials. On motion of Joseph F. Simmons, the temporary organization was made permanent. The roll call showed forty-one delegates present, the only precincts not represented being Granite, Hunter and North Point. Prayer was then offered by the chaplain.

A motion prevailed that nominations for the offices to be filled at the coming election, be made from the body of the house. Thereupon, nominations were made as follows, and unanimously sustained:

For Probate Judge: Elias A. Smith, nominated by James H. Anderson.

For Selectman: Jesse W. Fox, Jr., nominated by W. W. Taylor.

For County Clerk: John C. Cutler, nominated by Rulon S. Wells.

For County Assessor: W. S. Burton, nominated by C. B. Felt.

For County Collector: N. V. Jones, nominated by A. W. Carlson.

For Sheriff: John A. Groesbeck, nominated by S. B. Young.

For County Surveyor: J. D. H. McAllister, nominated by Henry Wallace.

For County Coroner: George J. Taylor, nominated by Eli A. Folland.

For County Recorder: George M. Cannon, nominated by Joseph F. Simmons.

For Prosecuting Attorney: Isaac M. Waddell, nominated by Leonard G. Hardy.

Nominations of candidates were then made for Justice of the Peace and Constable in each precinct represented, by delegates from the same, respectively, and on motion of F. S. Richards they were ratified by the convention, and the present incumbents of those offices in the precincts not represented, viz: Granite, Hunter and North Point were nominated for re-election.

The following were elected the County Central committee: John Sharp, John R. Winder, Feramor Little, Theodore McKean, I. M. Stewart, Joseph S. Rawlins, A. M. Cannon, John T. Caine, Samuel R. Bennion, John F. Snedaker, Mrs. E. B. Wells, Mrs. S. M. Kimball, Mrs. M. I. Horne, Thomas E. Taylor and F. S. Richards.

The only change in the old committee is the substitution of the name of F. S. Richards, for that of David O. Calder, deceased.

It was stated by Joseph H. Dean that the Deputy Registrar of Herriman Precinct had moved the voting place of said precinct from Herriman, where it was located for over twenty years, to a point six miles up the cañon, for the apparent purpose of accommodating a mining camp, to the detriment and inconvenience of the majority of the voters of the precinct, and he offered the following resolutions which were passed unanimously by the convention:

RESOLUTIONS.

WHEREAS, The voting place of Herriman Precinct, for over twenty years previous to the advent of the Utah Commission, was at Herriman; and

WHEREAS, The deputy registrar has arbitrarily removed said voting place six miles up into the mountains, for the apparent purpose of accommodating a mining camp, though the voters of said mining camp are in the minority; and

WHEREAS, It is almost impossible for the more aged of the voters to climb the mountain to said voting place; therefore,

Resolved, That we, the representatives of the People's Party, in County Convention assembled, do hereby earnestly protest against this unjust action of the deputy registrar; and,

Resolved, That this convention respectfully instruct the County Central Committee to wait upon the Utah Commission and use their influence to have the voting place again established at Herriman.

Caleb D. Brinton, delegate from South Cottonwood, stated that the majority of the voters in his precinct had a similar cause of complaint in the removal of the voting place from its former central location, to Haines store on the State Road, and he hoped this grievance would also be remembered and its redress asked for. Another gentleman present informed the News reporter that the South Cottonwood voting place was now next door to a whisky saloon, the proximity of which was very distasteful, to say nothing of the inconvenience of such an out-of-the-way location, to the majority of the voters who were compelled to go there to cast their ballots.

On motion of W. W. Taylor a unanimous vote of thanks was tendered to the officers of the convention. F. S. Richards reminded the convention of the apathy exhibited among voters of the People's Party in some of the precincts, and suggested that each delegation be constituted a committee to assist the precinct committees, who were appointed for that purpose, in
